Ottawa, December 7th, 1892.

My Dear Sir John,

With reference to the Hon. James Baker's letter of the 15th ultimo, addressed to you, on the subject of increased aid to the Kootenay Industrial School, I was glad to be able to inform Mr. Baker, in a letter which I have to-day written him, that the Church authorities in charge of the school may increase the number of pupils from 25 to 50, at the per capita rate of \$130 per annum each.

The Indian Superintendent at Victoria has been duly advised of this.

Yours sincerely,

(192) L. M. Daly

The Honourable

Sir John D. Thompson, K.C.M.G.,

Exd.

Ottawa, December 7th, 1892.

Dear Mr. Baker,

Sir John Thompson has handed me your letter of the 15th ultimo, in which you express a desire that greater assistance may be given the Kootenay Industrial School.

I am glad to be in a position to inform you that provision has been made for an increased number of pupils. The Church authorities may therefore increase the attendance to 50 pupils, at the per capita rate of \$130 each.

Mr. Superintendent Vowell of Victoria has been instructed to notify the School authorities accordingly

Yours sincerely,

(Sg^o) J. Mayne Daly

Hon. James Baker,

Victoria,

B. C.

Sir:-

I have the honor to inform you that one of the pupils of the Industrial School who left the School early in the spring and who settled at the Columbia Lake (Kootenay) Reserve called on me today and requested me to write you on his behalf, he is most anxious to get a set of carpenters tools so that he can do some work for his people on the Reserve, when at the school he learned a little of the carpenter trade, and succeeded very well for the opportunity he had.

His name is "Ignatius" he was at school about four years, and was very well behaved and attentive to his studies. Hoping that you will give *the* matter your earnest attention.

I have the honor to be

Fort Steele, *Oct. 21st* 1897

I may say that the lad has done fairly well and promises to be useful among his people.

"Francis" the boy on whose behalf I have applied for a set of Carpenter's Tools is one of the most successful pupils at the Industrial School, and has been an industrious, obedient and an attentive pupil.

Have the honor to be,

Sir,

Your obedient servant,

R. L. Galbraith
Agent

A. H. Forrest Esq

Superintendent Indian Affairs B.C.
Victoria

R. L.

Fort Steele, Oct 21st 1897

Sir,

In reply to your letter of the 7th ult. asking for further information about "Ignatius" I have the honor to inform you that when he left the School he had a fair knowledge of Shoemaking as well as Carpentry, and he had work for a short time at Fort Steele at the former trade as the sedentary life did not suit him. The Rev^d Father Cicola O.M.I. gave him some outdoor work excavating for the basement of the New Mission Church at St. Eugene's. When the contract for the Church was let I saw the foreman Mr. Green and asked him to give "Ignatius" employment as a carpenter at the Church, this the foreman consented to do and the lad had steady employment during the summer which gave him an opportunity of improving his knowledge of the trade, his wages at first were \$1.50 per day and with board and afterwards \$1.50. When there was some difficulty about getting dry lumber to complete the work, the foreman had to dispense with his services, and he went to Tobacco Plains to assist with the harvest.

Fort Steele, *Oct. 1st* 1897

Sir,

Have the honor to inform you that "Francis" one of the pupils at the Industrial School has applied to the Rev. Principal for his discharge as he wants to return to his home at Tobacco Plains. During his stay at the School he was one of the most attentive pupils at his studies and made satisfactory progress. He has a good knowledge of Carpentry and I take pleasure in recommending him to the consideration of the Department for a set of Carpenter's Tools so as to give him a fair start in life and an opportunity of doing some work for his hand when he returns to his home.

In the meantime I hope to secure him some work at the New Church at St. Eugene's Mission where he will have a chance of still further gaining a good knowledge of Carpentry.

Have the honor to be,
Sir,

Your obedient servant,

A. H. Forrest Esq
Superintendent of Indian Affairs

Mr. A. W. Vowell
Supt of Indian Affairs
Victoria B.C.

Dear Sir

I take the liberty to send to you enclosed letter from the Victoria Land Registry office to which I applied for registration of land at St Eugene Mission East Kootenay.

The portion of Lot I Kootenay Dist. excepted from the conveyance is the land that was given and deeded to the Government for the Indian Ind. School. Please read what the Registrar suggests if you should think advisable to have the deed to the Government registered.

An answer will oblige

Your obedient servant
Sgd. J. M. Fayard Omd.

Land Registry Office
Victoria 27 Dec. 1897

Dear Sir

Re Lot 1 Kootenay Dist.

When writing to you on the 14th inst in this matter I did not notice that in the Convey^{ce} (enclosed) a portion of Lot 1 Kootenay Dist. is excepted from the Conveyance of the lot to the Order. This piece has, I presume been sold, but if so, the purchaser has not registered his title to it. If this is so, and the purchaser can be persuaded to register his title now, the present would be the best time to do so, as all the necessary title deeds are here in connection with your applications. If this cannot be managed, it will be necessary for you to attach a plan or append such a description to your deed which will show accurately the position and dimensions of the excepted portion. I regret that I did not notice this defect in ~~the~~ title when writing to you on a former occasion.

Yours truly
S. Y. Wooten
Reg. Genl.

Sir

In reference to the portion of Lot 1
Kootenay district which was given and deeded
to the Government for the Indian School
I am sorry to say I am unable to give you
a copy of the Instrument, all I can find
is that the deed was made some time in
May or June 1889 and signed by:

Francis J. M. Joyol.

Alphonse Carion

James M. McGuckin

The land conveyed is situate in the north-west
corner of Lot 1 Group 1 Kootenay District
containing 24 1/2 acres.

I would be much obliged to you
if you could have said deed mailed to
the Victoria Registry Office as soon as
possible in order to enable the Registrar to go
through the registration of our own deeds

Respectfully yours

W. R.

Sir

I have the honour to submit for your consideration the following copies of correspondence relative to that portion of Lot 1 Kootenay District which was conveyed or to be conveyed by the Corporation of the O. M. J. Roman Catholic Missionaries to the Department for the use of the Kootenay Industrial School

- A "Copy" of letter dated 29th Dec. 1897 from Rev^d J. M. Fayard O.M.I. to Superintendent
B " " do " 27th Dec 1897 from Registrar Gen^l to Rev^d J. M. Fayard O.M.I.
159 B³ C " " do " 30th " " " Superintendent to do do
D " " do 10 Jan^y 1898 " Rev^d J. M. Fayard O.M.I. to Superintendent

I beg to state that the latest Departmental letter on record at this Office connected with this subject is dated 25th Sept 1889 from which it would appear that the deed of Conveyance for the land mentioned did at that time require some rectification.

The Rev^d Father Fayard now applies on behalf of his Corporation to have the deed Registered at the British Columbia Registration Office and I would recommend that his request may meet with your approval. I may state that there is neither copy of the deed nor any of the particulars thereof at present on file at this office excepting those mentioned in Father Fayard's letter dated 10th instant

Ottawa, 27th May, 1898.

Sir :

Referring to your letter No. 267 B 3, of the 11th January last, informing the Department of the request of the Rev. Father Fayard on behalf of the O. M. I. corporation that the deed of the land occupied by the Kootenay Industrial School be registered, in order that his corporation may be enabled to register adjacent land, I beg to say that on looking into the matter of the deed referred to it was found that the document was defective, and it was transmitted to the Department of Justice with a request that a new deed be prepared. No deed was ever received from that Department, however, and on the 16th February attention was drawn to the matter and the necessity for a deed being prepared and registered was explained.

A reply has now been received from that Department to the effect that, though it appears that a deed was prepared, no trace of it can be found, and a request is made for a description of the property.

I have to request, therefore, that you will be good enough to obtain a proper description and forward it. Upon receipt of this information, I shall at once transmit it to the Department of Justice with a request that that Department prepare the necessary deed.

Your obedient servant,

A. W. Vowell, Esq.,
Indian Superintendent,
Victoria,

OTTAWA, 16th February, 1898.

Sir,

J.M.L.
HER

The attention of this Department has been drawn to the fact that the deed of certain land in connection with the Indian Industrial school at Kootenay, B.C., has never been registered. On turning to the file containing the correspondence in this matter, I find that on the 25th September, 1889, the document in question was sent to your Department with the request that a new deed be prepared to take the place of the one then enclosed, the latter having been found to be irregular in some respects. Along with the deed was transmitted a description of the land intended to be conveyed, as the instrument was incomplete in the matter of description of the property, a sketch being substituted therefor.

As the authorities of the Roman Catholic church, from whom the land referred to was obtained, are now pressing for the registration of this deed, to avoid difficulty in the registration of adjacent land, I should be glad if you would give instructions for the preparation of a new deed as requested in the letter from this Department above referred to.

Will you be so kind as to acknowledge the receipt of this letter in order that the Department may be able to advise the authorities of the Roman Catholic Church that the matter is

A. W. Vowell Esq.

Indian Superintendent.

Dear Sir:-

It was only when looking over a second time the letters I received during the last four weeks, during which I was away in the Interior, that I became aware that you expect an answer to yours of the 21st ult. I first wish to thank you for a copy of the plan of the Kootenay Ind. School property which you were so kind as to send to me. Now, as to the amount of land contained, Father Coccola when going over the measurements, last Spring realized that the ground ceded contained more than 24 1/2 acres. He estimated that it was a little over 30 acres. Mr. Green's platting must be correct. By saying that the parcel contains 33 1/3 acres, more or less, the parcel is, I should think, sufficiently described as to its area

and

Description of parcel of land abstracted from
Lot No. 1, Group One (1), Kootenay District, B. C., con-
taining Thirty-three and one-third ($33 \frac{1}{3}$) acres, more
or less and conveyed to the Dominion Government by the
order of the O. M. C. in B. C. for Indian Industrial
School of St. Eugene Mission.

This parcel is the North-west corner of Lot
1, Group 1, and is bounded as follows:- All that piece or
parcel of land containing $33 \frac{1}{3}$ acres, more or less,
situated on the right bank of the St. Mary's river, East
Kootenay, and more particularly described as follows:-

Commencing at the North-west corner of Lot One (1)
Group One (1) Kootenay District, and running South
Seventeen (17) chains; thence East sixteen (16) chains,
thence North to the St. Mary's river an approximate
distance of $22 \frac{25}{100}$ chains and thence following the
right bank of the said St. Mary's river, in a Westerly
direction to the place of commencement.

Sir

I have the honour to acknowledge the receipt of your letter dated 27th May 1898 having reference to the plot of land occupied by the Kootenay Industrial School and requesting me to forward a proper description of the same

In accordance with your request I beg herewith to enclose a correct description of the ground in question together with a plan of the same and copy of a letter dated 23rd instant from His Lordship Bishop Coutenwill O.M.I. approving of the plan and description. I would also explain that the delay in rendering this information arose from the difficulties experienced in obtaining the same so correctly from the Rev^d Fathers and I trust that the documents now submitted may be found sufficiently comprehensive for the purposes intended.

I have the honour to be

Sir

Your obedient servant

A. W. Vowell

Re Site for Industrial School, Kootenay:

I have the honour to enclose herewith deed of
 Enc. conveyance from the Order of Mary Immaculate, in the
 Province of British Columbia, to Her Majesty the Queen, of 33 1/2
 acres more or less of land situate in Kootenay district,
 which has been granted to Her Majesty, represented by the
 Superintendent General of Indian Affairs as the site for the
 establishment of an Industrial School for Indians. The
 following documents are included :-

29 Oct 1898, Reverends Jayol, Carion and McGuckin to the Order
 of the O.M.I. in the Province of British Columbia, deed of
 Conveyance.

19 Dec 1898, Her Majesty the Queen, Certificate of Title,
 1516 K.

The other deeds remain in possession of the grantor as
 other property is comprised in them. The title of the land
 is now duly registered and vested in the Crown.

Customs Department, Canada,

IN YOUR REPLY REFER TO
FILE NO. 41999.

Ottawa, 27th February, 1899.

J. D. McLean, Esq.,

Secretary, Department of Indian Affairs,

O t t a w a.

Sir,

I have the honour to advise you that a communication has been received at this office from the Customs Inspector, British Columbia, to the following effect:-

"I am in receipt of a letter from the Sister Superior of the Indian Mission School, at St. Eugene Mission, East Kootenay, a government institution, asking permission to import an Organ for the use of the Boy's School. Some two years since an Organ was imported for the Girls School on which duty was paid, and a refund of such duty was made by the Department."

I am informed that the School in question is known as the Kootenay Industrial School, and that it is under the control of your Department.

If the Organ in question is being imported by and for the use of the Department of Indian Affairs, and is to remain the property of that Department, free entry may be permitted, provided a duly authorized official of the Department signs the certificate prescribed by Order in Council of 29th October, 1892, and enclosed herewith.

I have the honour to be,

Sir,

Your obedient servant,

John McPargall

Commissioner.

Sir,

I have the honour to advise you that Sister M. Conrad, Superior of Saint Eugene Mission, Kootenay, writes this Department asking for the free admission of an Organ for their Hospital.

On 27th February last I wrote you respecting the free admission of an Organ for the Boys' School at St. Eugene Mission, and on 22nd April you furnished a certificate for the free entry of the instrument.

If the Organ for the Hospital is being imported by and for the use of the Department of Indian Affairs, and will remain the property of that Department, free entry will be authorized on the necessary certificate being duly signed and forwarded to this Department. I enclose blank form of certificate herewith.

Fort Steele, B.C.

April, 12th. 1904.

257700

Sir:-

I have the honor to acknowledge the receipt of your letter of the 18th March K.4.656 requesting specific information as to the cost of the ~~material~~ laid down on the ground for the proposed water supply for the Kootenay Industrial School, I therefore enclose herewith a new sketch of the dam, and an estimate of the cost of the work and piping, in connection with the same.

I may mention that I spoke to the Revd. Principal Coccoia about the farm instructor and his assistant and the older pupils doing the work of excavating, laying the pipe (if wooden pipe was used) and he told me that they would do all they could to assist with the work, when not engaged at farm work, which required a good deal of their time, and he was willing himself to superintend and direct the work, so anxious was he to see it go ahead, but he reminded me that a skilled workman would be necessary for the dam, to build it properly and make it secure.

I may mention, that I recently went over the line with a practical man who has had experience in such work, and we ^{shortened} ~~the~~ the distance between the dam, and the Industrial School, taking a more direct course than the one adopted by the Revd Principal.

I have the honour to be,

Sir,

Your obedient servant,

A.W. Vowell Esqr,

Indian Superintendent B.C.

POOR-COPY

Kootenay Industrial School,

257700

March, 4th. 1904.

Sir:-

I have the honor to inform you of the difficulty under which we labor in regard to the water supply for our School, the Two wells about thirty feet deep are completely dry, and large boulders prevent us from sinking farther.

The only way to secure water would be by gravitation, in building a dam six feet high in Joseph Creek at a point, two thousand feet above the houses and sinking four inches pipe five feet below surface, we could rise the water up to the roof; thus protecting ourselves against fire.

The said pipes having to be laid through the Indian Village we could supply both School and Village by means of taps, I enclose a sketch of the dam to give you an idea of the possibility of success.

Material and workmanship according to my estimation would amount to \$1500. but to reduce expenses the boys under the direction of a practical man could do the work.

I have the honor to be,

Sir,

Your obedient servant,

N. Coccola,

Principal.

R. L. T. Galbraith Esqr.,

British Columbia,

Fort Steele,

March, 7th. 1904.

257700

Sir:-

I have the honor to inform you that for some time past the supply of water at the Industrial School from the wells has been very unsatisfactory and when visiting the institution recently, I carefully looked into the matter with the Revd. Principal Coccoła, and found that during the cold weather the water got very low, just at a time when it was most required for domestic and other purposes.

To give a better system, we agreed that the supply should be taken from Joseph Creek, a short distance above the Perry Creek trail, with a dam put at that point, so as to raise the water, a good and sufficient supply could be given both to the Industrial School and Indian Village.

I herewith enclose a report from the Revd. Principal and a sketch of the proposed dam, together with an estimate of the probable cost.

Should the Department agree to do the work or assist, I would suggest wooden pipes for the purpose, they are now being generally used through the country, and I understand, have proved equally as good as iron, and are much cheaper and will last for years.

I might say that the pupils at the School could assist with the work, thus reducing the cost.

I have the honor to be,

Sir,

Your obedient servant,

J. L. Galbraith
Indian Agent.

L. 4. 339. Indian Office,

Victoria, April 20th 1904.

Sir,-

I have the honor to enclose herewith for the consideration of the Department a letter, dated the 7th ultimo, received from Mr. Agent Galbraith of the Kootenay Agency relative to an application made to him by the Reverend Principal of the Kootenay Industrial School for an improved water supply for the institution, the present supply being inadequate for the purpose. The enclosures mentioned by the Agent are likewise forwarded as well as a communication of the 12th of the present month and documents therein referred to explanatory of the application. This second letter from the Agent was rendered necessary for the reason that in his first particulars as to cost (estimated) were not supplied nor was more than a vague allusion made to the part the pupils and staff would take in the project if authorized by the Department. in excess of what it should be, the figures quoted being \$1500.00 whereas I consider that \$1000.00 at most should suffice, with the aid of the boys and instructors at the institution, to install the needed service. I would therefore recommend that an outlay in the last mentioned sum be authorized to be expended in the direction indicated.

I have the honor to be

Sir,

POOR-COPY

OTTAWA, 29th April, 1904:-

524 The Mc. Approp. is in such a position that this sum must be secured. It seems necessary.

The Deputy Superintendent General:-

Mr Supt. Vowell forwards under date of the 20th instant an application from the Principal of the Kootenay Industrial school for a grant for the purpose of installing a permanent water supply in the institution. Mr Agent Galbraith endorses the application and says that the present source of supply is most unsatisfactory.

The scheme proposed by the Principal and Agent would entail an expenditure of \$1500.00 as shown by the estimate submitted, but this amount could be considerably reduced by utilizing the labor of the staff and pupils of the school. Mr Vowell considers that \$1000.00 would be sufficient.

In addition to supplying the school, the work contemplated would afford a water supply for the Indian village through which the pipe line would pass. The intention is to dam a creek and lay a pipe line to the school. An eight-foot dam would give sufficient head to reach all parts of the building by reavitation.

In the present water supply is uncertain, as stated, another plan should be adopted, and the one of drawing water from a reservoir with sufficient fall would be the best and most economical in the end. If funds can be found I do not see that the money could

Indian Affairs (RG 10 Volume 6452, file 884-1, part 1)

be better spent than in overcoming this difficulty.

The scheme proposed is similar to the one adopted for the McDougall Orphanage at Morley for which the Department has agreed to pay, although the buildings are the property of the Methodist Church, while in this instance the school is owned by the Government.

Sir,

I have the honor to submit a statement in connection with the Water Works system put in at the Industrial School recently;-

Fraser & Co. Victoria. piping	\$364.75
C.P.R.R. freight on same	168.54
sundry payments by the Rev.N.Coccola O.M.I.,for material and work done as per account under separate cover.	<u>466.50</u>
	\$ 999.79
Grant by Department	<u>\$ 1000.00</u>

I learned from the Sister Superior that the work done cost about \$750.00 which does not include the labour by the pupils of the school.

The work inside the buildings for fittings for the lavatories,&c.,cost about \$900.00 so you can see that the system is a very complete one.

I have suggested to the Revd.Principal that,before high water in the spring,that,the Dam should be further strengthened and cleaned out. This will cost about \$200. and will make it safe and give an abundant supply of good clear water.

There is still coming from the C.P.R.R. the sum of \$2.29 for Drayage,paid twice,which when collected by Messrs. Fraser & Co Victoria,should be sent to the Revd. N.Coccola O.M.I.

FORT STEELE B.C.

DEC 7 1905

No. 45th

Sir,

I regret to inform you that, on the 9th of the last month, August 11th 1905, a pupil attending the Industrial School got drowned whilst skating on a Lake on the St. Mary's Prairie.

On my return from Kimberley I drove over to the Industrial School and found the particulars in connection with this sad accident to be as follows:—

It is customary for the Sisters to have the cattle belonging to the School turned across the St. Mary's River to graze and to tend for them in the afternoon by one of the older pupils. On the afternoon of the 9th, the Sister Superior asked Augustus No. 35 to go and bring them in and instruct him to return as quickly as possible. He went on horse-back and in some way managed to take his skates with him. As he did not return within a reasonable time, the Sisters concluded that something might be wrong, so they sent out Indians and others employed at the Institution to make a search. When his horse was found near a lake on the Prairie and on looking round they observed a hole in the ice on the Lake, where the boy had gone skating, and dropped through. When the body was recovered every effort was made to resuscitate it, but without success.

I investigated the case carefully and found that no blame could be attached to those in charge of the School.

The boy was a promising pupil and the only son of an Indian named Lame Joseph of the Columbia-Kootenay Band!

JAN 19 190

Sir,
I have the honor to inform you that, I am in receipt of a letter from "Francis" an Indian of the St. Mary's Band and an ex-pupil of the Industrial School, in which he says:-

I am sorry to tell you what happened some
about two weeks ago, on my place,

On Sunday I went to Mass, which is about 6 miles from my home, when I left the house. I did not put out the fire because there was an old woman left in the house, for she is too old, she cannot go to Church. The old woman was in the house when the house was burned, she came pretty near losing her life. But one thing was burned up, a Box of Carpenters' tools which was given to me as a present by the Government after my Education, was destroyed, and also thirty dollars left in the house, all burned up, which I had stored for.

I am sorry for losing all the stuff, because I am only a poor fellow that is just starting a ranch.
Signed, F. Francis.

As stated in his letter, He received the tools as a present from the Department when leaving the Industrial School.

He has been most useful amongst his people building Cottages at the St. Eugene Village and has aided greatly in bringing about the improvement in the dwellings which have been put up from time to time.

I would therefore recommend that a sum of \$5.00 be granted for the purpose of buying him a new set of tools, so as to enable him to continue his work as a Carpenter amongst his people.

A. W. VOWELL,

Indian Superintendent B.C.
Victoria, B.C.

I have the honor to be,
Your obedient servant.

File No. II6,656/I.

Sir, -

I have the honor to enclose herewith a letter, dated the 19th instant, received from Mr. Agent Galbraith, of the Kootenay Agency, reporting the loss by fire of a house belonging to an Indian named Francois of the St. Mary's band, in which was stored among other things destroyed therein a set of carpenter's tools purchased for him by authority of the Department's letter of the 23rd of November, 1897, File No. II6,656/I, at the time of the pupil's discharge from the Kootenay Industrial School. As the loss of the applicant's property is, to him, quite considerable and as he is quite useful to the Indians of the band by his expert knowledge of carpentry and as he has not the means wherewith to replace the tools lost, I would recommend that an expenditure in the sum named (\$25.00) be incurred in providing him with a new

set

EX-9

Ottawa 5th February 1906.

588 V /4

Sir,

In reply to your letter of the 26th ultimo, I beg to say that the Department regrets to learn of the loss which the Indian Francois of the St Mary's Band sustained owing to his house and its contents being burnt.

I observe that you state that this young man is quite useful to the Indians of the band because of his expert knowledge of carpentry. In view of the fact that he not only lost his tools, but the results of his earnings, when his house was burnt, the Department approves of an expenditure of \$25.00 being incurred in the purchase of a set of tools, with which he may be enabled to continue the practice of his trade.

Your obedient servant.

File No. II6,656/5.

Sir,-

I have the honor to submit herewith for the Department's consideration a copy of a letter, dated the 12th instant, No. I76/O6, received from Mr. Agent Galbraith, of the Kootenay Agency, enclosing a communication, of the 19th ultimo, addressed to him by Dr. Hugh Watt, of Fort Steele, B. C., the Department's salaried medical officer in that locality, in regard to the subject of the dental care and treatment necessary in the case of some of the pupils of the Kootenay Industrial School now and from time to time in future. The doctor's suggestion, in so far as the advisability of having some provision made on behalf of the children for the care of their teeth is concerned, appears to be a good one and were it acted on much suffering would at times be relieved by the timely intervention of a competent and trustworthy dentist. The matter of cost would, however, doubtless, be considerable in the aggregate were the pupils of all the Department's industrial and boarding schools in the superintendency

whose

whose teeth required attention afforded the requisite oversight on the part of a reliable dentist though, as it happens at present, some of these institutions are far removed from the headquarters of any such professional men. As a rule Indians, probably because of the expense involved in filling, prefer to have their teeth extracted than saved to them. If the Department does not see its way clear to giving effect to Dr. Watt's suggestion as to its assuming the cost of such work it would seem only reasonable that the parents of the children, when able to bear the expense, be advised to have the necessary care in this respect bestowed on their offspring. If the Agents missionaries and medical men were to impress on the minds of the parents and children from time to time as occasion offers the advisability of giving the teeth the needed attention it might be that in the course of time the parents would be brought to see the reasonableness of the proffered counsel and act on it without unnecessary delay, at least in localities where the services of a dentist were within comparatively easy reach.

Fort Steele, B.C.

19th February, 1906.

R.L.T. Galbraith, Esq.,

Indian Agent, Fort Steele.

Dear Sir,-

Quite recently, as you will remember, I was required to pull teeth for four of the Indian boys attending the Mission School, who had been suffering from toothache. In some of these cases the teeth might have been saved by the services of a good dentist; & you will recollect I mentioned this fact to you; but you were unable, under the regulations to do anything in that direction, but you suggested that I might bring the matter to the notice of the Department by letter.

I accordingly do so now, & would strongly recommend that in the case of children attending the Mission School, whose teeth require attention, the Department should allow them to be sent to a Dentist, -- of course always after examination by me & on my recommendation. I am quite willing to do all extraction of teeth necessary, under my present agreement with the Department.

I am, Sir, your very Obedient Servant,

(signed) Hugh Watt, M.D.

The Deputy Superintendent General:-

Mr. Superintendent Vowell incloses copies of letters from Dr. Watt and Mr. Agent Galbraith, recommending that a properly qualified dentist should look after the teeth of the pupils in the Kootenay Industrial School. In fact this suggestion would apply to all the industrial and boarding schools in British Columbia.

Under the arrangement with the medical men attending these schools teeth are extracted when necessary, but that is as far as they can go. If we were to turn a dentist loose among the industrial and boarding schools, there would be no end to the expense, and I do not think the Department is called on to adopt this suggestion.

A similar proposal was made some years ago from the West and refused.

Charles Bruce

Dr. Duncan C. Scott,
Deputy Supt. Gen. of Indian Affairs,
Ottawa,

Dear Mr. Scott,

I thinking it might be of some interest to you, to hear about the work being done by the Department in connection with the School, I will say that the temporary shelter is now completed to our satisfaction as being a temporary building.

We are much pleased to have it ready before the winter season sets in.

As for the new water system, it is ready for the pump to be installed, and we are expecting good results when it is complete.

I have asked the Inspector, Mr. McDonald, to get an electric motor installed instead of the Gasoline Engine we have now in the laundry, and to use the Engine for working the pump.

This arrangement was found to be

the less expensive, and is the most convenient for working both, the laundry and the water system.

I trust it will meet with the Department's approval.

The wainscoting in the children's department is finished and it looks very nice. They are now finishing the ciding in the machinery room.

We certainly felt very grateful to the Department for having had those improvements made.

I also wish to thank you, Mr. Scott, for the music book that was sent here some time ago. Nothing could have come more, a propos, as I was wondering where I could get some simple music for the children, when the most welcomed book arrived.

With much obligation for your many kind favors.

I remain

Dear Mr. Scott,

Although we are doing our utmost to economize, especially since the war began, still I am sorry to say that on account of the extremely high prices which prevail at present, it is impossible for us to keep up the School with the same per capita grant we had years ago.

During all these years we have not troubled the Department in any way for an increase; nor would we now, did not the exigencies of the situation compel us to do so.

Dear Mr. Scott, allow me to mention for your information that some years ago we paid 5 cts. a lb. for beef, now it costs us 20 cts. a lb. Our supply of flour for one year, ran from \$500.00 to \$600.00 and this year our supply costs over \$2000.00. Moreover wages for Trade Instructors etc. were \$40.00 a month, We now pay \$100.00 a month

for our Trade Instructor, and it is the same for everything, as you are aware of, Mr. Scott, so that you will not be surprised to hear that the per capita grant, which was considered only reasonable some years ago, is altogether insufficient to keep up the school at the present time.

I therefore respectfully ask that an increase should be given, in order to keep up the school, until such time as prices will again become normal.

I trust this request which the present condition compels me to make will be considered and granted.

Dear Mr. Scott, we missed your visit last year, but we hope to be more privileged this year.

With the confidence,

I beg to remain,

Most Gratefully Yours,

John Justinian, Principal.

Feb. 14th 1918

To The Department of Indian Affairs

508525

Dear Sirs

It is gratifying to state a few problems that is confronting us to-day. As an ex-pupil I would like to draw your attention to a few facts of the conditions of this (Hootenay) Reserve. Which I hope you will not turn a deaf ear. When the Agency was first established did the Government make some agreements with the Indians or did they not.

To begin with we shall start with the school and its surroundings. As I have stated before I am an ex-pupil I shall dwell on a subject that myself had to undergo during the period of my school days. And which I might state nothing was done to better the conditions of the pupils since. It has been known. and it has come to be publicly known. and it is a matter of general

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

talk of the conditions of the pupils.
That they are taken out in the fields and
in the woods a whole day or half a day
as the case may be and there be toiling
doing work that a grown up person
would be paid for doing. And the hired
man who is paid a salary for doing
the work standing right behind them. If
one stops a moment to rest, he is made to
work of course I refer to the smaller boys
six and seven years old. It make one think
of the days of slavery.

And here I might state that the Indians have
come to know it. And for the reason it has
been more of a task to induce the people
to give up their children, to the principal
of the school. And which I have reason
to think will be the case till some-
thing is done to better the conditions
of the pupils.

In 1913 when the school was completed
The biggest school that was ever build.

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

OR-COPY

In the intention of B.C. for the Indians by the Government.

No doubt the Indians were very grateful to those who undertook such a great task at such an expense. They all look at that building as a place where the Indian would go ignorant of the world beyond, and after a few years of education come out of there with a knowledge mental and spiritual which he would be willing to impart to his less fortunate brother. And which would also put the Indian on the same standing as the white man. This was their thought and expression.

But after they saw that nothing was done for the welfare of the pupils they stepped back and waited for the day when a change for the better would sweep over the landscape, which to my regret has not dawned yet.

The next thing I will draw your

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

OR-COPY

attention to is the condition of the pupils after they are graduated. And this I think will appeal to the Indian Agent in Charge of these four Reserves. Did the Department of Indian Affairs during the time of its existence ever state or promise that after a pupil graduated they would give such a pupil a start in the new way that he became acquainted during the course of his school career. Which would be accomplished by giving them a small loan also implements with which to start with. If they did I fail to see where such an agreement was ever put into operation.

And furthermore I hope you will also give this matter your consideration. The people are being misled they are convinced that there is a missing link somewhere who is the responsible party. They do not know.

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

The party that the people regard as the instrument through which their pleas could be heard by the Government seems to be the barrier which obstructs their desperate wails from being heard by the Government.

The people are tired of promises made to them by the Agent. It would have been better that these promises were never made. Did the Government ever send any money for the relief of the poor and aged, if they did. They fail to see where it was ever distributed among them. The words of the people that the compensation made by the Government to the people were broken almost after they were made. Did the Government make these promises or was it someone that just said it, pretending that he was acting in the name of the Government. The people are thoroughly convinced that they are misled by someone which

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

is beyond their power to detect. They know that someone is taking the advantage of the ignorance of the people to lead them astray and therefore reap the benefit which was intended for them and given to others.

What they want is some responsible person that is willing to play square with the people, a responsible party whom they would have no cause to distrust whom they can look upon as their benefactor. In the hour of need and feel that they are being led on the road success and modern civilization.

To be convinced that the Government is doing all in their power to live up to the agreements that it made with the people and that their pleas would receive every consideration in the future, and that there would be no cause of dissatisfaction. The people also demand that something be done to remedy the cause which

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

prevents their pleas from reaching
the Government.

The people also want to know if there
is any "Laws and Regulations" in printed
matter on these matters. If there is, they
would like to know what they are, and
why they are kept in the darkness for
hoping you will give these matters your
full consideration and to reply at
an early date as possible.

I have, Dear Sir

The Honour to be your
Obedient servant

Ed. A. Stanley.

Sir,-

I am sending you herewith a copy of a letter received from Edward A. Stanley, who claims to be an ex-pupil of the Kootenay Industrial School.

I have to request that you will be good enough to furnish the Department with a report on the statements made by Stanley regarding the management of the school and the condition of the ex-pupils, and also with reference to the remarks concerning the failure to carry out the promises which he alleges were made to the Indians. You should also state when Stanley attended this school, and furnish the Department with some information in regard to him.

No. 59.15

116656-1

FORT STEELE, B. C.

MAR 13 1918,

509483

Sir,

I beg to acknowledge your letter of February 23rd No. 116656/1 enclosing one from E. A. Stanley dated the 13th and requesting a report on it, and the statements made by the Ex-pupil regarding the management of the School and the condition of the pupils, &c.

For your information I may explain, that Edward A. Stanley was a pupil at the School about the year 1896, and left in 1902 and whilst he was at the institution, he was considered by those in charge to be a boy of a most erratic character, with a lack of balance, who requires careful looking after.

During his term, the farm and garden consisted of about 22 Acres, a Chinaman looked after the latter, and the farm was in charge of the farm instructor and it was found, that there was not enough work on the place to keep the pupils employed, and to give them sufficient exercise to keep them healthy. The farm was afterwards added to by the Kelly place, and land purchased from the Oblates.

The only time that Edward Stanley could have seen the children on the public road was in going to, and returning from church, which is about 1/2 of a mile from the School, but he never saw them working on the roads, as these are looked after by the Provincial Govt.

As to the farm instructor standing behind the pupils assisting and directing them, it is his duty to do so, as they must be left alone, whether at work or play, and he is with them or one of the Sisters is.

The statement that they are doing more work than a grown up person is not correct, as the prescribed time for work is about three hours daily, and only those seniors who have to look after the horses and cattle in the Stables in the Evening

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

are at work longer.

The present farm instructor Mr. Smith is one of the best workers at the School, and altho' from what he has in charge, is kind and considerate, and would not ask a pupil to do more than he was able.

As to the assistance promised the Ex-pupils, this was made to the Rev. H. Cicotta and myself so as to give them a fair start, and has been in a measure carried out, some getting Carpenter's tools, and others farming implements, and they are still being assisted from time to time, but they are not getting everything they think they should have.

A few years ago Stanton applied for a Wagon, but as he had been out of School for a number of years, it was considered by the Dept. that he must be fairly fixed, as he had not applied before. This was agreed, as his father-in-law had a good farm, cattle and horses. He got the Wagon however from the Trading Co. and has not paid for it yet. He afterwards purchased a sleigh, and it was only by repeated requests, that he paid, leaving a balance still due. He also borrowed from the Department upon my recommendation \$149.00 which he was to pay off by easy instalments, this he has failed to do, making all sorts of excuses.

As to the young Indian's general character, I regret to say, that he is not well liked by his Indian neighbours, and I have had on several occasions to reprove him for threats he made to the Provincial Road men while working on the road thro' the Reserve.

One must conclude, that he is prospering as he stated to the Sister Superior a few months ago, that he had, or intended to purchase an "Antelope" and that he was going to Calgary for the purpose.

I may state for the information of the Department, that he is living on one of the best Reserves in the Agency, and on the death of his father-in-law inherited a good farm, and if he will get down and work it properly he could be one of

(3)

the most profligate young men in the Agency, but I fear he
distills work and wants to farm simply by scheming.

His complaint, that the old and destitute are not being
cared for, the monthly accounts show how very correct his state-
ment is? There are certainly who really are in want, and who
from old age or other causes should have assistance.

I may add, that if the Department expects the School to be
a success it must have the utmost confidence in those in charge
and strengthen their hands in every way so that they can carry
on the good work without dictation from the outside by Indians,
as they would take their children out with most trivial excuse and
thereby destroy its usefulness and the aim which the Department
has in view, viz, to see that those leaving the institution will be
a help and assistance to their people on the different reserves,
having a good and fair knowledge of farming. At this time the
Agency you can see how valuable the Ex. pupils are, and
while some fail others have made good.

As to my own work, the Department and its
Officers can judge.

Your obedient servant.
R. L. J. Galbraith

Sustained April.

The Asst. Deputy Secretary
Department of Indian Affairs
Ottawa.

Ottawa, March 20, 1918.

Sir,-

In further reference to your letter of the 14th ultimo I beg to say that, as a result of the inquiries made into your complaints, the Department has come to the conclusion that they are groundless and that you had no justification for making them.

The Department has, however, good cause to complain of your failure to make any effort to repay the loan of \$149.68 which was made you on the 7th of October, 1915, on the distinct understanding that it was to be repaid in three instalments, all of which are past due, and I have to inform you that unless satisfactory arrangements are made with Mr. Agent Galbraith for the settlement of your indebtedness to this Department legal proceedings will be taken against you. Mr. Galbraith is being so informed.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

SURVEYS

S.P.

Sir,
I learn from the Provincial District Engineer, Mr. J. G. Cummings, that it is the intention of the Govt. of B.C. to abandon the road from St. Eugene Indian Mission, and which follows the St. Mary's River until it reaches Fort Steele. If it is decided not to keep it in repair it will cause a very great inconvenience to the Indians living off the East boundary of the Reserve and also to White settlers on the St. Mary's Prairie as it gives both an outlet south, north to the K. C. R. at Fort Steele.

In connection with the proposed abandonment of the road, I am in receipt of the following communication from Doctor King, the Provincial Minister of Public Works:—

He writes,

" You are no doubt conversant with the petition recently signed at Fort Steele, objecting to the closing of the Mission River road (via the Indian Reserve).

" As Indian Agent you are undoubtedly interested in this matter, and some time ago I advised Mr. Cummings to take this matter up with you. From a Public Works point of view this road is badly located and will be a constant source of expense, and I am of the opinion the public would be better served by a good road between Cranbrook and Fort Steele than improvements on the old road via the Mission, which connects with Cranbrook and Fort Steele Road, but as this road is of great service to your Indians it has occurred to me that you might undertake to contribute a portion of the cost of placing the road in repair, if we should decide.

" I am writing you at this time thinking that you might take the matter up with the Department of Indian Affairs, and with a view of discussing it with you when I come to Cranbrook after the Session and you will probably be in a position when to advise us as to what the Department would do in the matter.

Sgt. J. H. King Minister.

(2)

For the last few years very little work has been done on the road, and of very doubtful usefulness and permanency. Last year the water was extremely high, which brought down drift wood and logs, and changed the channel in the river, very nearly completely destroying the head of the irrigation ditch and the road for nearly a quarter of a mile, both of which will have to be repaired before high water.

When Mr Cummings is prepared with me I will get his views and estimate of the work and will submit the same to the Department with my report, for its consideration.

I think it would be a great mistake to close and abandon the road, as it is one much used by the public and the Indians.

Ottawa, 11th March 1919.

Sir,-

In reply to your letter of the 5th instant I have to say that when you have been able to make or obtain an estimate of the cost of the repairs required to the road from the Eugene Indian Mission to Fort Steele, you may forward for consideration your opinion as to the contribution which might reasonably be expected from the Department. I may however say that as it appears that the road is located on the South side of the St. Mary's River and not on the Indian reserve, the question of making any grant whatever for the said repairs will require especial consideration.

Sir:-

In further reference to official letter to you of yesterday's date, regarding the summer holidays allowed the Kootenay Industrial School, I beg to say that since that letter was written, a telegram has been received from the Superintendent of Indian Education, who recently visited the school. He states that, upon the strong recommendation of the doctor, he authorized the principal to allow an extra month's holidays.

In connection with this matter, I beg to say, in view of the Superintendent's telegram, the Department will approve of the pupils of this school being granted two months' summer holidays. In preparing the quarterly returns for the September quarter, the principal should count the days the pupils are absent on such leave as "Days present", in order that the full amount of the per capita grant can be paid for the two months' holidays.

You will be good enough to inform the principal accordingly.

KOOTENAY INDUSTRIAL SCHOOL

I found splendid work being done at this school at the time of my visit. The classroom teachers had excellent English at their command and their pupils showed evidences of careful training. There was considerable danger of typhoid, due to the temporary supply of water, and I arranged for the closing of the school for an extra long holiday for this summer. The necessary repairs in connection with the water intake, the barn floor and the chapel ceiling have all been arranged for.

The Sisters are making an effort to improve the grounds in front of the building, and when W. B. Anderson, Supervisor of Indian Orchards, requisitions for trees for a lane, the Department should deal favourably. The cement curbing will be done by the school authorities.

Sir,—

I have learned today with regret that the Rev: Sister Justinian has been transferred from the Kootenay Industrial School to the Superiorship of some Hospital in North Battleford.

Sister Justinian, as no doubt the Department will agree with me, is a very valuable woman to have in charge of an Institution such as we have here and her services will be very much appreciated by myself and I think I am correct in adding the Department, if we can only persuade the Mother General in Montreal to re-appoint her to the Principalship.

The new Principal appointed to take her place speaks very little English and has not the managers experience that Sister Justinian has.

I wondered if it would be possible to have the Department write to the Rev Mother Superior General and ask if the Rev Sister could not be allowed to remain as Principal. The position of Superior I know must be passed on according to the order's rules, but Sister Justinian would be quite willing to remain as Principal under the new Superior, and it would be to the Schools advancement I am positive, if this end could be accomplished.

Your obedient servant,

H.F. Helmsing.

August 31, 1922.

Dear Madam,-

The Department has observed with deep regret the report that the Reverend Sister Justinian has been transferred from the Kootenay Industrial School to the Superiorship of a hospital in North Battleford.

K.M. 1
The excellence of Sister Justinian's administration of the school, her long experience and managerial ability have rendered her invaluable there. It is earnestly requested, therefore, that the question of her transference will be reconsidered, and that she will be allowed to remain. It is thought that, as the Department supplies the building and maintenance, and as the Order is not required to incur any risk, some consideration should be shown for the embarrassment of the Department. It is confidently hoped, therefore, that our request may engage your favourable consideration.

get
Yours very truly,

Reverend Mother Amerine,
Superior General,

CONDITIONS.—Approved by Board of Railway Commissioners for Canada, under Order 162, dated March 30, 1916.
It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.
To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the Company shall be liable for damages suffered by the sender to an extent not exceeding \$200.00, due to the negligence of the Company in the transmission or delivery of the telegram.
Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding one thousand miles, and two per cent. for any greater distance.
This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.
No employee of the Company shall vary the foregoing.

Mr. Duncan C. Scott
Deputy Superintendent General
Ottawa

Dear Sir,

Owing to a protracted absence from the city, acknowledgment of your esteemed communication, 116656-1A, dated August 31, 1922, has been unavoidably delayed.

No one more than the writer regrets the law which requires a change of Superiors at stated times, and this is especially so in the case of Sister Justinian, the outgoing Superior of the St. Eugene Industrial School at Kootenay, B.C. I am pleased to inform you, however, that we have designated in place of the present incumbent, a very able successor in the person of Sister Mary Napoleon who has several years of experience to her credit in some of our largest Western Missions on the Pacific Coast. She is thoroughly familiar with the English language, and she has marked technical ability for administration in every detail.

We feel confident that Sister Mary Napoleon will maintain the St. Eugene Industrial School in the high standard of excellence it enjoyed under the efficient management of our good Sister Justinian, and that the Department of Indian Affairs will approve our choice.

Bespeaking your continued interest and patronage in favor of the Kootenay Indian School and its Principal, I am

Very truly yours,

Sister Amaine, f.c. s.p.
Superior General

Sir:-

I have the honour to report that on the 14th. inst., I was requested by H.F. Helmsing, Indian Agent, to escort one John Toby, an Indian Boy to Cranbrook. I asked Mr. Helmsing for written instructions which were received and read as follows:-

"Indian Agents Office
Creston. B.C.
September.14th.1922

"The .N.C.O.
In charge R.C.M. Police Barracks
Creston. B.C."

"Would it be possible for me to obtain your assistance by escorting prisoner John Toby, a runaway boy from the Kootenay Industrial School, to Cranbrook.

I would not have asked you to do this for me but I have several cases coming up in the Court tomorrow which makes it almost impossible for me to leave today.

If you can accomodate me I shall appreciate it very much indeed."

"Yours obediently
(Sgd) H.F. Helmsing
Indian Agent."

On receipt on the above request I left at 1.30 p.m. of the 14th. inst, on the train for Cranbrook, with prisoner John Toby (Indian Boy), and on arriving at Cranbrook I handed him over to the Sister Superior governing the Indian Children.

I returned to Creston by train on the 15th. inst. I would mention that the B.C. Prov. Policeman here was unable also to take this boy, as the cases referred to by Mr. Helmsing were held in the B.C. Prov. Police Court.

All the expenses incurred in this connection have been paid me by Mr. Helmsing, and no expenses were incurred by our department.

I have the honour to be,

Sir,

Your obedient servant,

Duncan C. Scott,
Deputy Supt. Gen. of Indian Affairs,
Ottawa,

Dear Mr. Scott,

Owing to the fact that I have
just left the district of Cranbrook, I beg to
tender my resignation of the position of
Principal of the Kootenay Industrial School.

May I ask that this resignation should
take effect upon Oct. 15th.

I do this with great regret, as the burden
of the position was made lighter, and incidental
difficulties made easier, by reason of your
uniform kindness to me in all my dealings
with your Department.

It was always very gratifying to me, to find
that my recommendations received your
sympathetic consideration.

Moreover I always found that with your
kind consideration was associated ready
help in a material and practical manner.

October 10th. 1922.

Dear Sister Justinian,

I have your letter of the 5th. instant formally tendering your resignation as principal of the Kootenay Industrial school to take effect on October 15th. inst.

I greatly regret that our active association in the Indian work extending over a period of years, has through force of circumstances over which we have not control, been temporarily, at least, severed. I have on several occasions in the past taken opportunity to express my appreciation of the excellent services rendered by yourself and those associated with you to the Indians in the district in which you laboured. Nevertheless the most eloquent tribute to your work is not one of words but the evidence of painstaking training and education as shown in the younger generation of Indians who have been so fortunate as to receive their education in the institution over which you so ably presided.

I can assure you that the Kootenay Industrial school will continue to receive my sympathetic support in every way possible and I trust and expect that the high standard attained

Mr. Scott
To Duncan C. Scott, Esq.
Deputy Superintendent Genl.
of Indian Affairs.
Ottawa.

574767

Dear Mr. Scott:-

From the name and address upon a circular letter, I infer that I have been recognized as Principal of the St. Eugene Industrial School", and will endeavor as far as it lies within my power to comply with the regulations of the Department of Indian Affairs respecting Industrial Schools.

I am pleased to find that I have a Staff to assist me, that has been well trained to manage Indian Children, for I recognise that the psychology of the Indian Child differs very much from the psychology of the White-race Child.- There are certain matters which bring me, as Principal, into business relationship with certain government officials, such as the Indian Agent, the local Police and so forth.- With these matters I am not fully conversant, and would esteem it a favor Sir, if you would please forward to me the regulation dealing with such a matters or the rules and regulations drawn up by the Department guiding such affairs. I trust that I am not causing you any unnecessary trouble.

Now Mr. Scott, if I remember rightly, I have heard it said that you were to come out West in the course of the winter months, you will be very welcome to our School, I would appreciate very highly the pleasure of making your valued acquaintance.

Hoping that our business relations will be as cordial as they have been under Sister Justinian's administration, I beg to remain,

Yours faithfully,

Sister Mary Napoleon
Principal of St. Eugene
Industrial School.

I have received your letter of the 8th instant, referring to your appointment to the principalship of the Kootenay Industrial School, and expressing your willingness to comply with the regulations of this Department. I am indeed pleased to have this communication from you, and I feel that it augurs well for your success in your new work.

There are certain government officials with whom you will come in contact: Mr. R. H. Cairns, Room 42 Post Office Building, Vancouver, B. C., is the Inspector of all Indian schools in British Columbia. At the time of his next visit you might draw from his store of experience in the work. Details, discipline and your relations with local officials are fully understood by Mr. Agent Helmsing, who is quite ready to advise you in any way he can.

When I am next in British Columbia, I trust that I will have an opportunity of accepting your kind invitation to visit the school. May I wish you as useful a career as that of your esteemed predecessor, Sister Justinian.

Yours very truly,

Reverend Sister:-

By

This Department, as you are aware, has authorized heavy expenditure during the past few months in connection with repairs necessary to the water system and other equipment at the Kootenay Industrial School. It is our practice to insist that a competent engineer-caretaker be employed at modern Indian residential schools owned by the Dominion Government.

I know that the engaging of a man qualified to look after all mechanical equipment may cause you some inconvenience, and I regret the necessity of this communication. However, to safeguard against the possibility that the heating, lighting and water systems prove a constant source of heavy expense, I have to request that you will arrange for the services, on your staff, of a competent engineer-caretaker. Kindly inform the Department when such appointment is made.

Your obedient servant,

J. D. McLEAN

sir:

I regret that in giving a list of the staff of the Kootenay Industrial School that I omitted to say that Sister Mary Napoleon is the principal of the school. She was absent in Montreal at the time of my visit and Sister Augusta was Acting-Principal. From what I was told I would infer that there is a lack of harmony between the principal and her staff, however, I did not go into the details of the question.

If there is to be a change of Principal in this school, I would strongly recommend that the Reverend C.E. Evans, a graduate of Oxford University, be appointed to this position. I am quite confident he would stimulate the effort of all the staff and would bring about co-operation.

Your obedient servant,

T. H. Cairns,

Report

Re:-

Trouble amongst Indians - Cranbrook, B.C.

On instructions from Sergt. Hanna I proceeded to Cranbrook by train on the morning of the 13th inst. in connection with the above matter. On my arrival there I reported as directed to Mr. Helmsing, the Indian Agent, who requested me to go to the Indian Mission School, six miles east, as there had been some discontent amongst the Indian with regard to school affairs and the Sisters were afraid of trouble.

From my conversation with Mr. Helmsing and from other sources I found that there had been some discontent amongst the Indians on the reserve over the refusal of the Indian Agent to let certain children, pupils at the school, attend the ceremony of the opening of the Banff-Windermere road at Invermere on June 30th. This coupled with the fact that there is a new staff in charge at the school appears to have caused some friction amongst the Indians, so much so that the Indian Chief, Francis Francois, warned the Sisters on the 12th inst. that they had better leave Cranbrook on the next train to avoid trouble.

I passed the night of the 13th on guard at the school during which I made frequent patrols in the vicinity, but everything passed off quietly and I saw no signs of any Indians. On the 14th I visited the Indian village some distance from the school but saw only two or three Indian men and women, the rest being on their farms on the reserve. The school and village are both on the reserve, being about a hundred yards apart.

As there appeared to be no further signs of trouble I returned to Fernie by train on the night of the 14th.

A. Gunn Const.
Reg. No. 9532.

O.C. Fernie.

Forwarded. I detailed Const. Gunn to proceed to Cranbrook on the 13th as per your instructions

J. Hanna Sergt.
Reg. No. 3802.
In charge of detachment.

IN YOUR REPLY REFER TO
No. 2104-23
ALSO
TO DATE OF THIS LETTER

536924

Sir

I most respectfully beg to submit for your approval a suggestion regarding the Kootenay Industrial School.

At the beginning of the School year which has just closed I promised the girls and boys prizes for the two boys and the two girls who, during the school year, received the least number of bad marks against their respective names.

The competition was well received among the pupils themselves, and they have looked forward to the decision of the Staff, whom I left as judges, they being better able to judge who had been the best.

My suggestion which I have to make is that the Department will authorise me to offer prizes as follows each School year, to be awarded at the commencement of the summer vacation.

1st Prize for best girl	\$5.00
2nd Prize for best girl	\$2.50
1st Prize for best boy	\$5.00
2nd Prize for best boy	\$2.50

When I say best girl and boy, I mean general all round proficiency and good behaviour. This year I have awarded the prizes, and I am sure the competition has been responsible for making the children try to win the prize and consequently made better girls and boys. After all the white schools give prizes and the children have something to look forward to, while the Indian children get no acknowledgement for any signs of improvement, the bad or careless pupils being treated the same as the ambitious.

Your obedient servant,

H. F. Helmsing.

Indian Agent.

The Secretary,

Ottawa, August 9, 1923.

Sir:

I have your No. 2104-23 of the 26th ultimo, relative to prizes for good conduct at the Kootenay Industrial School.

Your suggestion is most commendable and is in harmony with the practice at many Indian residential schools. I regret, however, that the Department cannot authorize you to present accounts for the prizes given, as it is our policy to ask school finances to meet this expense. If you have made a promise to the Sister Superior, an exception will be made this year, and an account not exceeding \$15 will be given favourable consideration.

Your obedient servant,

A. F. MacKenzie

Sir, —

[Handwritten signature]

ack + approve School action

Referring to your letter of the 28th ultimo, regarding the recent trouble at the Kootenay Industrial School, I beg to refer you to my letter No: - 2096-23, July 14th, 1923, reporting the same and my actions in the matter.

I most respectfully submit to you that at present everything is very quiet and orderly.

The trouble we expected I blame the following facts for,

*60511-4 July 14th
Chief Francis Francois
warned Sister that Indians
planning to come armed
take away pupils
K.I.T.*

- a) The celebrations recently held at Windermere
- b) The fact that the pupils were not permitted to leave school for two months vacation this year, as was the case last year, owing to the fact that there was no fresh water in the school
- c) The death of the Rev: Father Lambot, late parish priest and the fact that the Rev Father Evans, who is at present at the Mission and is not used to handling Indians, is a little too excitable and extreme for the Indian nature.
- d) A new staff at the School and the Indians were going to try them out so-to-speak.
- e) I would not permit school to close on June 28th, as requested by the Indians in order to permit their children to go to the celebrations at Windermere

The Secretary,
Department of Indian Affairs.
Ottawa, Ontario

Respectfully submitted,
Your obedient servant,

Sir,

I have been requested by the Rev: Sister Mary Napoleon to write and advise you that she has been removed from the Principalship of the Kootenay Industrial School and she wishes to resign from that position in favour of the Rev: Sister Marie du Cenacle, who is now the new Principal.

It is very regrettable that so many changes keep taking place in the staff of the school and it is not for the making of efficiency. Since the Rev Sister Justinian was removed from the Principalship a year ago this makes the third new Superior and Principal at the Kootenay Industrial School and I am sure the Department will realise what that means to a school, especially as we have also lost through death, the Rev: Father Lambot who was himself a host of influence among the Indians.

Your obedient servant,

[Handwritten signature: H. F. Helmsing]
H. F. Helmsing.

Sir:

I have your No. 2119-23, of the 10th instant, in which you inform the Department of the appointment of the Rev. Sister Marie du Cenacle to the Kootenay Residential School.

I am writing the Superior General of the Order in Montreal in this connection, and you will be advised when the Department approves of the appointment of the new incumbent.

Yours very truly,

H. B. McLEAN

Acting Deputy Superintendent General.

Dear Madam:

It has been reported to the Department that the Rev. Sister Mary Napoleon is to be transferred from the Kootenay Residential School. I should be pleased to have an official intimation from you in this connection. It might be well for you to indicate the qualifications of the new incumbent for this position, if the report which has come to our notice is founded in fact.

Yours very truly,

Dear Sir:

I have the honor to acknowledge receipt of your letter, 116656-1, dated August 20, relative to the transfer of Sister Mary Napoleon from the Kootenay Residential School.

I am pleased to assure you that Sister Mary of the Cenacle, who succeeds Sister Mary Napoleon at the Kootenay School, is amply qualified for the office assigned her. She has several years of successful training and experience to her credit both as Deputy Principal and Teacher in various Residential Schools for Indians in Canada.

Very truly yours,

Sister Amaine, J.C.P.
Superior General

REPORT ON KOOTENAY AGENCY.

Sir:-

x x x x

Through frequent meetings with the Indians, I find that there is a very lively and strongly expressed antipathy to the school. The gist of the Indians complaint is that the boys, that is, the smaller ones, are far too heavily worked at such work as logging for the school supply of fuel in the winter, and that the boys are quite insufficiently dressed to be exposed to the cold weather in such work. The fact that so many boys died there this Spring of pneumonia, has, of course, aggravated and lent colour to their complaints. They also complain of insufficient food. Of course, I have taken their complaints as largely exaggerated. However, there it is, and even under close questioning they persist in it. Mr. Helmsing also informed me of the strong prejudice and the consequent trouble involved in getting the children back to school. I cannot, therefore, believe that there is nothing in it. There is, however, a new Principal, the Rev. Mother Mary du Seneale, and I went into the matter very fully with her, warning her that it is entirely up to her to overcome this prejudice, if the school is to be a success.

I fully explained to her the Indians' complaints, without disguising any of them. She seems to be fully alive to the seriousness of it, and I should think, is a most sensible practicable and kindhearted lady, with previous extensive experience of Indian nature. I feel sure that she will make a great improvement, and extend sympathy and a bit of "Blarney" to the Indian parents, which after all is only what all parents require, whether red or white. I can only think in the past few years there, that this has been missing and is at the bottom of the matter. Perhaps, too, the fact that the outdoor work has to be left in the hands of hired help has not helped matters, particularly over the logging business. I have informed Mother Superior, and she quite sees the point. The school has also been warned against taking timber off the Reserve for firewood, that is merchantable.

In connection with school matters, I would like to point out that in this Agency, as in others, there is a great difficulty in getting the children from distant points to school. One of the principal reasons being that the average Indian finds great difficulty in finding money for fares. I think it would be of great assistance if in all cases of distant travelling advantage was taken of Sec. 9, sub 4, of the Indian act.

x x x x

Yours truly,

(Sgd.) G. S. Pragnell.

Sir:

I wish to refer to a portion of your report on the Kootenay Agency, dated the 13th instant, which is relative to the antipathy of certain Indians for the Kootenay Residential School. I have noted, with approval and satisfaction, your action in discussing this matter carefully with the new Sister Superior, and I trust that the institution will, in future, enjoy more popularity.

With reference to the second paragraph, relative to this school, I have noted your recommendation that the Department meet the expenses of transporting pupils from a distance. I am pleased to inform you that, when we are convinced of the inability of parents to pay railroad fares, favourable consideration is given to the accounts submitted.

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

VERNON, B.C.

File

Kamloops B.C., October 11, 1923.

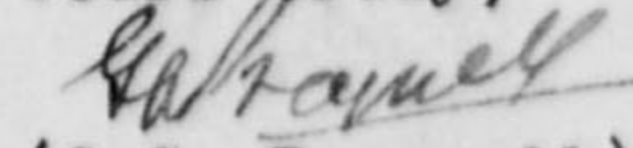

Sir:-

I am in receipt of your 116656-1 of the 26th of September, and note your remarks therein.

With reference to the second paragraph regarding the expenses of transportation of pupils from a distance, your explanation regarding the payment of transportation of pupils from a distance is understood.

I, however, wish to point out to you that one of the main objections many of the Indians have is ^{not} their inability to pay the railroad fares, ^{but} ~~and~~ their objections to paying show that they would prefer to have day schools nearer to the Reserves. This leads, as you can readily see, to a great deal of trouble and extra work for the Agent in trying to find out, when pupils do not arrive in time, as to whether the Indian family in question has not sent the children because of inability to pay the fare, or whether there was some other reason. It means just so many cases of investigation every time school starts, whereas if fares were authorized for all, there would be no excuse.

Yours truly,

(G.S. Pragnell)

MEMO FOR FILE.

Mr. Inspector Cairns, in his report on the Kootenay Indian Residential School, dated the 6th instant, draws attention to the fact that the discipline on the boys' side has been bad. Five boys are in reformatory for misdeeds and others are on suspended sentence. The Rev. Principal, Sister Mary Du Cenacle, appears to be very capable, but a large Indian residential school really needs a male principal to handle the larger boys. Constant change in staff has also contributed to the unrest in the school. The girls' work is excellent. Two boys - accidentally, I believe - burned a warehouse and blacksmith shop. The farm instructor gets along well with the boys, but he should be supervised and supported by a male principal to get the best results.

Insufficient milk at this school also

Ottawa, March 25, 1924.

Sir:

I have to inform you that Mr. Inspector Cairns has reported that there is insufficient milk supplied for the use of the pupils at the Kootenay Indian Residential School. The Department considers that an institution with a pupilage of 80 should have 7 cows milking all the year round. Please discuss this matter with the Sister Superior and explain to her that the Department expects remedial measures without delay.

Your obedient servant,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

March 26, 1924.

[Signature]
Memorandum:

[Signature]
Dr. Scott.

There have been several changes in the staff at the Kootenay Indian Residential School. This has resulted in some unrest, on the part of the older pupils particularly. The Sister Superior in charge last summer had some difficulty with the Indian parents and Mr. Indian Agent Helmsing felt it necessary to call in the Mounted Police to assist.

The work, among the older boys particularly, ~~at~~ ~~this school~~ is suffering because of improper supervision. The blacksmith shop was burned down - quite accidentally, I believe - by two of the pupils. During the past year 7 boys got into difficulties in the neighborhood and 5 of them have been sent to reformatory - 2 being on suspended sentence. Mr. Inspector Cairns strongly recommends, and I concur, that the Department make arrangements for the incumbency of a male principal.

The present Principal, Sister Mary Du Cenacle, is French speaking but is doing as good work as can be expected considering the difficulties. The Mother General of the Order is Sister Amarine, Providence Mother's House, 1271 St. Catherine St., Montreal.

Ottawa, March 27, 1924.

Dear Madam:

I regret to inform you that during the past few months the usefulness of the Kootenay Indian Residential School at Cranbrook, B. C., has suffered because of a spirit of unrest among the older boys of the school. The present responsible incumbent, Sister Mary Du Cenacle, has done splendid work; but I believe the difficulties inherent in the situation would be relieved by the appointment of a Rev. Father as principal. It is this Department's experience that boys in the adolescent period need the supervision of a Christian gentleman, and, if you concur, I should be pleased to correspond with His Grace Archbishop Casey, of Vancouver, with a view to securing a Rev. Father for the post. If such an appointment were made, the school would have not only the benefit of a resident spiritual adviser but would have a principal who could supervise boys' activity and the interests of the institution generally.

Please inform me if this proposal commends itself to you and intimate whether or not the appointment of a Rev. Father would be satisfactory to the Sisters who are responsible for the management.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Very Rev. Sister Amarine,
Mother General,

IN YOUR REPLY REFER TO
No. 2414-4

ALSO

TO DATE OF THIS LETTER

Sir,—

I regret very much having to report that 6 more boys, pupils of the Kootenay Industrial School have been arrested by the Provincial Police Department for burglaries which have happened around here recently, on more than one occasion. The Police suspected Indian boys, but I could not believe this knowing that the boys were all in school at the time the theft they mentioned to me took place.

However, upon being advised of their suspicions by Chief Constable Mortimer, I visited the school in his company with a view to making full inquiries.

From the boys themselves, who made no pretence to hide the fact, rather glorying in their adventures, we ascertained that several of the boys of late had been getting up at about midnight, dressing, going out by way of the dormitory window, taking horses from the school barn and going to Fort Steele, a distance of some 7 miles from the school. Here they broke into the general store of the Fort Steele Trading Co. and stole, food, tobaccos, cigarettes, chewing gum, pocket knives, shoes, clothes etc, some of which Chief Mortimer and I recovered from caches in the school basement. They then returned to the school, climbed up the walls by the help of a rope they had smuggled into the dormitory, went to bed and asleep as though nothing had happened. The two brothers Schelle, the two hired men at the school, sleep, as you are no doubt aware, in a little room between the two boys' dormitories, having an opening on each side of their room into the respective dormitories. How the boys could get up, dress, get out of the windows, and a few hours later, return by the same way, and not wake either of these two men, is beyond my comprehension altogether, yet they claim they never heard any sound.

I might mention here that on more than one previous occasion, Mr Schelle has told me that he heard foot-steps on the school corridors, and he said he thought that someone had broken in from the outside and was in the building. Yet, he apparently never got up to investigate, whether he was afraid or not I cannot say. Evidently as it turns out now, it was some of the school boys themselves walking around the building. When these matters were reported to me, investigations were made which gave us no clues to anybody having broken into the building, and now the whole matter stands out as clear as daylight. It was the boys in the building, who would not leave any trace of having broken in from the outside.

On Saturday last, the 22nd inst, Sister Superior reported to me that on one occasion, Mr Schelle caught some of the boys getting up in the middle of the night and he made them get back into bed again. The matter was not however, reported to me until the 22nd, inst, although it happened some few weeks ago.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

2414-4.

The Sister Superior was away from here on her annual lental "retreat" and Sister Francis was in charge pro tem. Not knowing at that time that the boys had been away by the same process previously, and as they had caught them and prevented them from leaving the school, the matter was not reported to me as it should have been, the school staff thinking they could prevent the repetition of the affair.

Now as it happens, it turns out the boys have done this before and the Superior regrets very much not having reported it to me at the time mentioned.

I spoke very seriously to the Superior on the matter and asked her if she considered the Messers Schelle to be competent to care for the boys, as I had my doubts about it. She assures they are, although I must admit there must have been slackness somewhere.

The 6 boys in question, Jimmy Isaac aged 15 years, and Louie Paul, Skookum Joe, John George, Joe Mission and Joseph Dominic are all around 12-13 years of age.

Skookum Joe is the bad one and leader of the gang, and this is his 4th offence of running away and entering and stealing from houses and stores, and I am strongly of the opinion that it was he that lead the other boys off on these occasions. Only a couple of weeks ago he ran away with John George, and stole horses, going to Canal Flats and Fairmont Springs, some 91 miles away, breaking into stores en route and taking articles. At this time, on the plea of the Rev Father Tedrow, the Judge allowed them both off on 5 years suspended sentence.

Whether this is all being done to test out my stand regarding the Administration of Justice among Indians, which has been very much to the fore of late, vide my letter NO:-2296-23 under date December 29th, 1923, or not I cannot say, but my personal impression is that this has something to do with it, because, when Skookum Joe and John George were brought before the Courts some two weeks ago, the Indians demanded that they be handed over to them to be punished, as the white man's court had no right to do so. Having previously warned the Judge of this idea of the Indians, I got His Hon: to give them a good straight talk on the matter and give them to understand that once and for all, the Indians came under the laws just the same as their white brothers, and that this would never be changed.

The 6 boys in question come before His Hon Judge Thompson, in Cranbrook on Monday the 31st inst, and I will report at that time, as to the decision of the Court in the matter.

Most respectfully submitted,

Your obedient servant,

The Secretary,
Department of Indian Affairs.

EX/1168

On receipt of the above telegram, I left
with saddle horse Reg. No. 1563 at 1-30 p.m. on patrol to
the Indian Village, and on arrival I examined the village
and made enquiries for the above mentioned boys, and
was ascertained that they had not been seen or heard
by any of the Indians, and there was no indication
being at the Indian Village.

Constable Brown of the B. C. Provincial
Police, Valdo, arrived at the Village at the same time
myself, and informed me that he was looking for these
question, and he supplied me with the names of the
boys. Constable Brown had no trace of the boys and
returned to Valdo to make further enquiries in the
I then proceeded on patrol to the Elko River village,
and made enquiries, and was informed by a Mr. Nolan
close to this trail, that no Indian boys with horses
otherwise had passed along the trail in question.
promised to notify me should he see anything of them.
I proceeded on to Rosaville and notified the Constable
at that point, and he promised to keep a lookout
and hold the boys should they appear in that area.
I proceeded along the Boundary to Newgate, arriving
late p.m. without having seen any signs of these boys.

Constable Brown having promised
his attention to the West side of the River, I
attention to the East, and at 7-30 a.m. I
left on patrol over the Indian Reserve, Elko
and to Rosaville, returning along the Boundary
without having seen or heard of these boys.

At the time of submitting
is no sign of these Indian boys being in
and further patrols and enquiries will be made
to-morrow with a view to locating them.
will be submitted in due course.

POOR COPY

DUPLICATE

CRANBROOK. B.C.

April 3rd, 1924

MB This is a copy of the letter I wrote to the reflective parents of the convicted boys.

~~xxx~~ Dear Friend,

A few lines to tell you what happened in Court yesterday, regarding the six boys who were charged with house breaking etc..

The five boys came up before His Hon Judge Thompson, Joseph Dominic did not come up because he is still in Hospital.

The five pleaded guilty and elected to be tried by Speedy Trial before His Hon:.. After the Crown Counsel had addressed the Judge, I spoke on behalf of the boys, stating that in the case of Skookum Joe I was not going to ask for any favour as this was Joe's fourth offence and he deserved all he got. Regarding the four boys, Jimmy Isaac, Louie Paul, John George and Joe Mission, I asked His Hon: to give these four boys another chance as they were not bad boys and I felt that another chance might be given them to show that they were not bad boys. I asked for suspended sentence in these cases.

His Hon: in reply to me said that he was sick and tired of these kind of cases and that the boys must be taught, as well as the older Indians, that such things must not be allowed to go on. He thought that suspended sentence was no good at all and that apparently the boys took notice of it. He said he had let Skookum Joe and John George out on 5 years suspended sentence only a few weeks ago at Wilmer and he had hoped that that would be a warning to all the boys, but apparently they took no notice of it, but went right ahead and did the same thing a few days afterwards.

As John George had not committed any offence since he had warned him at Wilmer, and as Joe Mission's offence was committed before the warning to the two boys at Wilmer he was going to let these two boys go on 5 years suspended sentence. Regarding Skookum Joe he sentenced him to 5 years in the reformatory. Louie Paul had gone with Skookum Joe only a few days after Joe had been warned, so that there

(2)

that there)
was absolutely no excuse for him at all that he could see and he sent him to the reformatory for 4 years. Jimmy Isaac, he said was old enough to know better and in his opinion, should have tried to persuade the younger boys not to commit these offences, on the other hand he believed that Jimmy Isaac was to blame for persuading the boys to commit the offences and also took part in the crimes, so he sent him to Oakalla Farm for 2 years. Joseph Dominic has not been before His Hon: yet.

It has made my heart very sad to think of all these boys having done this, especially after the other boys were punished only a few months ago, and I could not get the Judge to allow them out on suspended sentence at all, and he further said that if any more boys do the same kind of things again he is going to send them away too.

Your friend,

H. F. Helmsing.
Indian Agent.

Sir,—

Replying to your question regarding the names of the 6 boys who recently ran away from the Kootenay Industrial School and got into trouble, I beg to respectfully submit that full report was made in my letter No:- 2414-4 under date March 25th, 1924, covering the main facts of the cases.

I now beg to submit to you the numbers of the boys on the school roll as requested,

✓ Joe Mission	I54
✓ Skookum Joe	I53
✓ John George	I50
Louie Paul	I42
Joe Dominic	I40
Jimmy Isaac	I29.

With the exception of Joseph Dominic, who is still in Hospital suffering from the burns he sustained, as reported, the other five boys came before His Hon Judge Thompson in Cranbrook, yesterday, and pleaded to guilty to all the charges against them, which included stealing goods to the total value of some \$350.00, or there abouts.

The following sentences were imposed by His Hon;

Skookum Joe	5 years in the Reformatory
Louie Paul	4 " " " "
Jimmy Isaac	2 " in Oakalla Farm
Joe Mission	
&	
John George	Suspended sentence for 5 years.

Please authorise the discharge of the three first mentioned boys.

The Secretary,
Department of Indian Affairs.
Ottawa, Ontario.

Your obedient servant,

Ottawa, April 9th, 1924.

Sir:

I have to acknowledge the receipt of your letters of the 25th ultimo and the 3rd instant, with reference to the six boys who recently ran away from the Kootenay Residential School, and I wish to express my appreciation for the very complete report you have furnished regarding these regrettable incidents.

It is noted from your letter that Joe Mission, No. 154, and John George, No. 150, were allowed out on suspended sentence and it is presumed that they are still in the school.

It is also noted that Skookum Joe, No. 153, Louie Paul, No. 142, and Jimmy Isaac, No. 129, have been given terms in the Reformatory. The discharge of these boys is granted. In connection with official letter of the 27th ultimo, I would refer you to paragraph 4 and point out that no grant should be requested for these boys from the date on which they ran away from the school.

The situation among the boys at this school has given the Department considerable worry, and overtures leading to permanent remedial measures have been made to the Superior General of the Order entrusted with the management of this school.

Sir,—

Further to my letter above referred to I beg to submit to you that Joseph Dominic was arraigned before His Hon Judge Thompson at Cranbrook on the 14th inst, on the same charge of burglary that the other boys were charged with, and following my plea for leniency, His Hon: in view of the fact that the boys charged with Joseph had all been sentenced, but taking into consideration the boys previous good character, he sent him to the reformatory for two years.

Please authorise the discharge of this pupil and I trust that this case will see the end of the wave of crime that appears to have taken hold of the boys the past year.

Ottawa, May 6, 1924.

Dear Archbishop Casey:

I have to inform Your Grace that the Department wishes to arrange for the appointment of a Rev. Father to the principalship of the Kootenay Indian Residential School, at Cranbrook, B. C. This government-owned institution has been conducted by the Sisters of Providence for some years, but the time has come when a male principal can be added to the staff with advantage. I have discussed the situation with the Very Rev. Sister Amarine, Mother General, 1271 St. Catherine St., Montreal, Que., and she has informed me that the appointment of a Rev. Father will be satisfactory to the Sisters who have been responsible for the management of the school.

If Your Grace can secure a suitable incumbent I should be very grateful. The principal will have the spiritual and general supervision of the activity of the institution. He should be a good business man, experienced in the handling of boys and capable of supervising the care given the mechanical plant in the building.

A decision should be reached as soon as convenient to Your Grace and I should be pleased if you would intimate by telegram if you can nominate a suitable principal.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Honorable Sir: -

A few days ago, I returned from Cranbrook, where I had been to visit our Sisters of the Kootenay Residential School. I also saw the damage caused by the fire which had just occurred.

The troubles experienced in connection with the School, especially those of the past few months, are certainly deplorable. But, fortunately for those in charge, the interest and support of the Department of Ottawa has never failed to uphold its welfare.

Allow me, Hon. Sir, to profit by this occasion to express to you my deep gratitude for the kindness constantly shown by you in behalf of our Indian Schools and which our Sisters have so often and so rightly praised.

I also wish to express my regret for the Departure of Mr Helmsing from the Agency of Kootenay. At the time when he is about to leave this position, it is with pleasure that I render this testimony of him. He was also so devoted to

ack on 5 file
Sir,

With reference to the fire recently at the Kootenay Industrial School, I beg to submit for your consideration, although I must add, I have not been approached by either of the three men in question, that the Rev Father Tedrow, Fire Chief Adams and Mr Hirt, the hired man at the School, all had their clothes more or less destroyed by fire and chemical while fire fighting.

If I were to approach either one of the three, I feel sure that they would not hear of it at all, but I submit that the Department would not be exceeding what could only be right, by tendering these three men a small remuneration to help cover this cost, and it might be so tendered as to be remuneration for services rendered the Department, for without the efforts of these three men, although I must give the Indians their due, as they were absolutely splendid, the fire would no doubt have destroyed the entire building and all it contained.

Might I suggest without presuming too much, that a cheque for \$50.00 or \$40.00 be tendered each

Most respectfully submitted,

Your obedient servant,

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

*For the Minister
Held for Deputy Minister
Mr. McLean*
Memorandum

no action
May 21, 1924.

Mr. McLean.

On May 4th the roof of the Kootenay Indian Residential School, Cranbrook, B. C., caught fire during a high wind from chimney sparks. Several reports from independent sources have led me to believe that the building and its contents, representing a capital expense of over \$160,000 in the last fourteen years, might have been entirely destroyed, had it not been for the efforts of Fire Chief P. Adams, of Cranbrook, the Rev. Father F. W. Tedrow, Mr. Indian Agent H. F. Helmsing and Mr. Hirt, a member of the school staff. These gentlemen had their clothing destroyed by the chemicals which were being used to stay the conflagration.

I wish to recommend that cheques for \$50 be directed to each of these four gentlemen, to recompense them for the loss they personally sustained. These payments are of such a nature that the authority of His Excellency in Council is necessary.

Dear Sir -

I must thank
you for approving of my appointment as
Principal of St. Eugene's Industrial School.
Tho I have not had the pleasure of meeting you
on either of the occasions when you visited us
in Sister Justina's time of office, still knowing
of your generosity towards this School may I
be permitted to ask a favor, one which I have
consulted my Superiors about before writing to you.
It is this: I am working in the interests of the de-
partment for which I ask the department to
give me a salary independent of the grant for
school as the Sisters find it expensive to meet this
new position. - If my request is favourably con-
sidered will it be too much to ask for the same
salary I had when a labourer here some years ago.
one hundred dollars a month (\$100.)

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

There is another matter I wish to treat of viz.
those pupils who are serving a jail term down
at New Westminister. It seems to me that if the
department would obtain their release and
have them sent back here the boys would con-
duct themselves to the satisfaction of all concerned.
True, I may be placing too much confidence in
them, but from past experience with the boys
of this school I am prepared to give them a trial.

Thanking you again for approving of
my appointment

I am

Sincerely
J. M. Smith

Ottawa, August 5, 1924.

Reverend Sir:

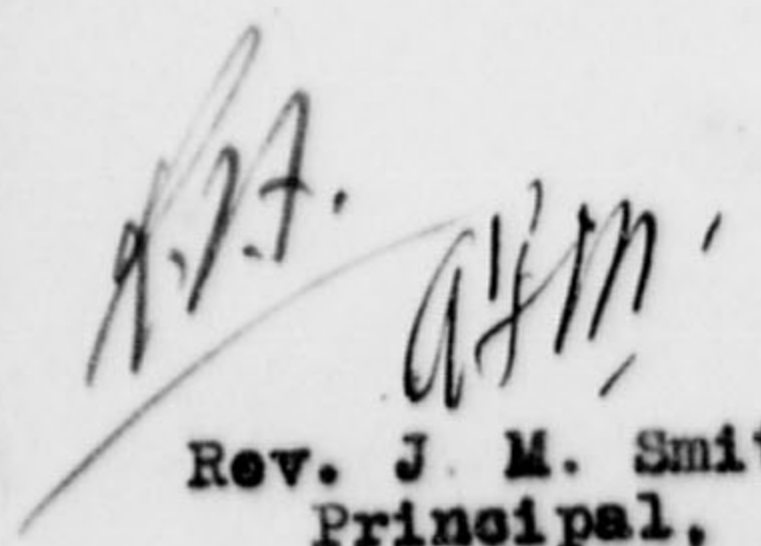

I wish to refer further to your letter of the 13th ultimo, in which you request the Department to supplement the per capita grant by paying the salary of the principal at the Kootenay Indian Residential School. I regret to inform you that, after careful consideration, the Department has decided that there can be no change in the policy in this connection. It is our practice to allow a per capita grant for the current expenses at Indian residential schools and it is expected that the salary of the principal and all other regular members of the staff will be met from this source.

The question of applying for the release of the five pupils of the Kootenay Indian Residential School, who were committed to reformatory, is being referred to Mr. Indian Agent Small for his recommendation. He will communicate with the former agent in this connection and you will be further advised.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Rev. J. M. Smith,
Principal,
Kootenay Indian Residential School,
Box 709, Cranbrook, B. C.

Ottawa, August 5, 1924.

Sir:

I have to inform you that the Rev. Principal of the Kootenay Indian Residential School has requested the Department to give favourable consideration to an application for the release of the five pupils of the institution who are now serving reformatory terms at New Westminster. May I quote from the Rev. Father Smith's letter: - "It seems to me that if the Department would obtain their release and have them sent back here, the boys would conduct themselves to the satisfaction of all concerned. True, I may be placing too much confidence in them, but, from past experience with the boys of this school, I am prepared to give them a trial."

Please give this your consideration; correspond with Mr. Helmsing, now Indian Agent at Kamloops; secure his recommendation and inform me in due course. It might be well if you would also discuss this proposed action with the Rev. Principal.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

R

Sir,—

Reverend Father Smith, Principal of the Indian School at St. Mary's Mission called on me today asking me to do all I could to have the former pupils of that School released from terms of imprisonment as per list attached.

While I am not familiar with the different cases I feel sure that if the boys are released, and placed in the school under Father Smith's supervision it will have a good and lasting effect on the boys as well as the Indians.

I shall be very pleased Sir, if you can assist Father Smith in any way towards bringing about their release. I feel that the change in the supervision of the school is for the better, and do not anticipate any further trouble with the boys.

There is no doubt in my mind but that ~~with~~ Father Smith's influence will make much better men of them than to prolong their term of imprisonment.

I respectfully submit this for your kind consideration.

Your obedient servant,

E.H. Small,
Indian Agent.

Sir,—

Reverend Father Smith, Principal
of the Indian School at St. Mary's Mission called
on me today asking me to do all I could to have the
former pupils of that School released from terms
of imprisonment as per list attached .

While I am not familiar with the
different cases I feel sure that if the boys are
released, and placed in the school under Father
Smith's supervision it will have a good and lasting
effect on the boys as well as the Indians.

I shall be very pleased, Sir if
you can assist Father Smith in any way towards
bringing about their release. I feel that the
change in the supervision of the School is for the
better and do not anticipate any further trouble
with the boys.

There is no doubt in my mind
but that with Father Smith's influence will make
much better men of them than to prolong their term
of imprisonment.

I respectfully submit this for
your kind consideration.

Your obedient servant,

...*E.H. Small*...

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

E.H. Small,

Sir:

I have to acknowledge receipt of your letters of the 29th ultimo and 1st instant regarding the request of the Principal of the Kootenay Indian Residential School for the release from the terms of imprisonment and return to the school of a number of Indian boys, former pupils of the school, who are now serving time at Okhalla Prison Farm and Provincial Reformatory.

In reply I beg to say that before giving consideration to the request of the Reverend Principal, the Department will await the receipt of the report which you were requested in official letter of the 5th instant to obtain from Mr. Helmsing, now Indian Agent at Kamloops.

Your obedient servant,

A. F. MacKenzie

Kamloops, B.C.

August 16 1924.

Sir:-

In reply to your letter of the 12th inst., regarding the application made by Rev. Father Smith, Principal of the Kootenay Residential School, for the release of several boys at present serving various terms of imprisonment at Okhalla Prison Farm and at the Provincial Reformatory.

With respect to these boys, I beg to make the following recommendations or suggestions, and knowing the circumstances of all these cases, you will perhaps permit me to assume that I am in a good position to recommend, or otherwise.

Last spring, there was an organized gang of male pupils at the school above mentioned, who, according to their own statements, and in spite of repeated warnings from Rev. Sister M. du Cencacle, who at that time, was Principal, from myself as Indian Agent for the Kootenays at that time, and in some cases, from the parents, also in spite of floggings given the boys by the Indian Chief in the presence of the remaining pupils at that time attending school, were bound to commit some crime or crimes in order that they might be sent to the Reformatory, as, in their opinion, they thought that they would have a much better time there than in school, and would, perhaps, only be kept there for a short while and then paroled. Their idea was that, when this happened, the Department would not consent to their re-admittance to the School after having served gaol terms, and they would consequently be free to go as they pleased.

These statements were made in open Court to His Honour Judge Thompson, who tried and sentenced these boys. The boys made no secret of their plans and intentions when they were caught, and one or two of them made the boast that they were going to do these things, although neither the school authorities nor myself ever considered that they would carry their threats into operation.

Two or three of the boys had appeared before Mr. John Leask, Stipendiary Magistrate for the City of Cranbrook, and also His Honour Judge Thompson, and were warned and allowed out on suspended sentence, but these warnings had no effect at all. When they were taken back to school they launched out again in a day or so in the same kind of mischief.

There was at that time, considerable unrest in the school among the boys, due, I am positive, to the agitation of the older members of this gang, Basil Andrew, Casimer Joseph, Jim Isaac, Pierre Andrew, and Damian Isaac, together with two younger and incorrigible boys, Alban Mike and Skookum Joe.

That this combination was responsible for these depredations there is no doubt, and this is corroborated by the fact that since they have been removed from the School, there has been perfect harmony and peace among the male pupils attending the school.

F.H.Small, Esq.,

POOR COPY

I am in no way wishing to penalize any of these boys, or their parents without justification, but, to my mind, it would be regrettable and unwise to permit these boys to be released from their respective punishments at the present time, as that would be belittling the law in the eyes of the Indians, and it would be defeating the ends of justice to return these boys to the School or the Reserve, as it would have a tendency to create unrest among the boy pupils at present in the School, who, as I said above, have quieted down, and appear to be perfectly happy and satisfied at the present time.

There are, perhaps, two cases which might be given some consideration. I refer to Joseph Dominic and Louis Paul. These two boys have always been good boys and they have never caused any trouble prior to this time, and I am convinced that they were led astray by the other boys implicated. Joseph has suffered considerably from injuries sustained while truant from the school, and I am sure has learned his lesson, which after all, is all that is required. I would suggest or recommend that these two cases be given consideration, but I will never agree in the cases of the other boys.

The Rev. Sister Superior, Sister Mary du Cénacle, might also be able to enlighten the Department in these cases referred to, as the circumstances are well known to her, and I am convinced that if she were still Principal, she would never agree to take the leaders of the gang back into the School again.

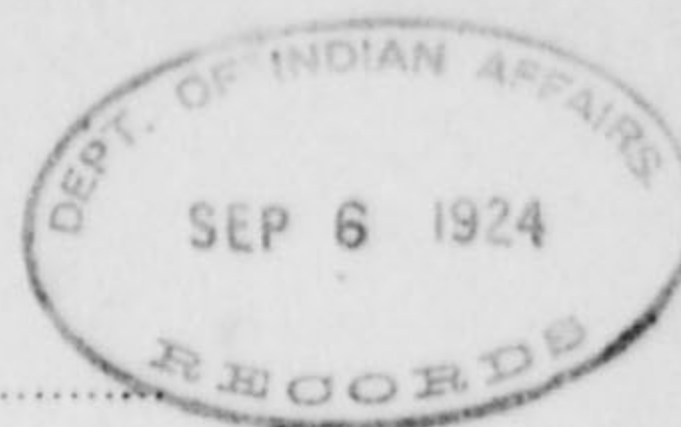

The boys are being instructed where they are, and are being well cared for, and Mr. Bramkin, the Superintendent of the Reformatory is an excellent ~~man~~ man to train and control boys of this calibre, so that the boys are in no way suffering as far as education is concerned, and they undoubtedly require correction before they get too old, otherwise they may become confirmed criminals.

Yours obediently,
(sgd) H.F. Helmsing,
Indian Agent.

Sir,—

R

I have the honour to enclose herewith Mr. H.F. Helmsing's, the late Agent's report on the Indian boys now serving terms in Okhalla Prison Farm and Reformatory at New Westminster.

In the last two weeks I have visited the different reservations and at each Council I held with the Indians their one complaint was "these boys", unnecessarily, or as they put it unjustly detained.

The Bands being small, they are nearly all related in one way or another, and this being the case it creates a general feeling of sympathy among them, and I also find that it is having a very bad effect on getting the other boys back to school, the parents, fearing that if their boys go back, we are liable to send them away to prison, and in this state of mind it is no easy task for Mr. F.S. Ryckman and myself to persuade them that under the Reverend Father Smith, they will be well cared for.

Under separate cover I am mailing you today two bills from the Vancouver General Hospital. Both boys seem to be effected with Tuberculosis, and would be much better at home.

While we are anxious that the ends of Justice be met, we must take into consideration the undeveloped and uneducated mind of the older Indians, remembering that they are human, but still in a state of semi-civilization.

Now, my one object with them is to bring about harmony in this disturbed Agency. If you cannot see your way clear to bring them back and place them in Father Smith's care I sincerely hope

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

00R-COFF

you may be able to consider Jim Isaac and Damian Isaac, the two boys in the Hospital, for I truly fear the result, should either of these boys die while there.

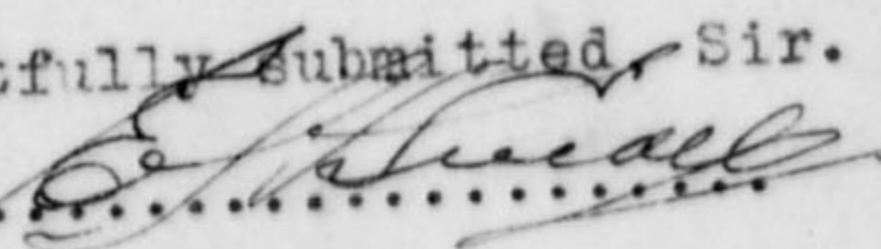

Joe Dominic and Louis Paul have not been bad boys, and I also trust you will consider their release.

I had a conversation ~~this morning~~ with His Honour Judge Thompson this morning, re Basil Andrew, eighteen years of age, now serving in Okhalla. The Judge seemed to think that the boy had not been sufficiently punished at the present time, but that he would be willing a little later on to consider his release. I spoke to him of the younger boys in the Reformatory, and he told me that he would be very pleased to see them taken out and put under the Reverend Father Smith's care.

I sincerely hope, Sir, that you will consider this letter in the spirit that it is meant. While its meaning and intent differs from that of the late Agent, the Reverend Father Smith is in accordance and feels sure that he could bring about a better result in the School.

I might say that I am paying special attention to the School, and will endeavor to make the older boys more contented, and do not anticipate any trouble with them this term.

This is respectfully submitted, Sir.

Ottawa, Sept. 9. 1924.

Dear Mr. Small:

Your letter of the first instant, with reference to the boys of the Kootenay Indian Residential School who are now serving terms at New Westminister, has been brought to my attention. The records of Basil Andrew, Pierre Jacob, Casimir Joseph, Alvin Mike and Skookum Joe are such that I consider they should be kept in the reform school. Further, Damian Isaac and Jimmie Isaac, who are now in the Vancouver Hospital, are no doubt receiving the best possible care. The cases of Louis Paul and Joe Dominic are somewhat different. They are young boys and are not altogether incorrigible. I will await your further report, however, before taking steps leading towards their parole.

If you and the Rev. Principal concur in this action, please let me know without delay. I should like to have also a report on the health of the two boys in hospital.

Yours very truly,

Duncan C. Scott

application of Jim Isaac.
Remission File No. 12959

There does not appear to be any report in this applicant's case except from the Warden which does not indicate whether he would be in favour of his application being granted or not. It is true the Jail Surgeon states that it is most desirable that he be returned home which he has done in all of these cases but which does not help in any way to determine the question of clemency as it does not give the information asked for. I should think that this applicant should serve at least half his sentence.

Sir,--

R

The Reverend Father Smith, the Departmental Principal, as I understand it, of the St. Eugene Mission Industrial School called on me this morning, complaining that he has not got the power that is invested in other Principals in schools at Kamloops and different places in the Province.

He complains that he is not in a position to post the rules and teaching hours of the school that I have asked the teachers to carry out. Heretofore teaching hours in the school excepting junior classes have only been in the morning, no afternoon classes. The Indians complain that there is too much work and not enough study in the school, and the children are not being taught as they should be.

I have tried to reason this matter out with the different teachers, but find that there is an undercurrent working in the school, and there is no harmony between teachers and Principal. This is working a hardship on all concerned. I find it a very hard task to get the children back to the school after the holidays. We have at present only about fifty-six, in the school where we should have at least one hundred.

Constable Ryckman has been working almost continuously since the first of September to try and get the children in, but the Indians block him on pretty nearly every occasion. It seems that they have been in the habit of keeping the children out of the School until they were from nine to ten years of age, and no person has objected, but I have instructed Constable Ryckman that he is to have all children physically fit between the ages of seven and fifteen years brought into the school.

I visited Creston, and the Lower Kootenay

Secretary.

Reservation last week and found that some eight or nine children had been taken with their parents across the line to Bonners Ferry, and I was unable of course to get them for School.

I would be glad if you would send me rules and regulations governing this school, as to teaching hours, recreation hours and hours for industrial work.

It only seems reasonable to me that these children should be taught in the afternoons, instead of having all afternoon for recreation, work and play.

I am sorry to trouble you with this, but there seems no way that I can amicably settle the matter unless Father Smith is given full charge of the school, and the rules laid down by him must be followed up.

*of course

Ottawa, Sept. 24, 1924.

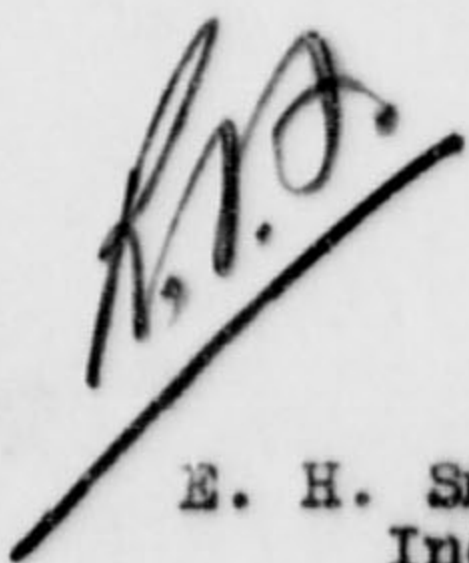

Sir:

I have your letter of the 16th instant, with reference to general conditions at the Kootenay Indian Residential School. Please assure the Rev. Father Smith, the Principal, that he is responsible for every phase of the activity at this institution. The duties of the Sisters and other members of the staff are under his supervision. His Grace the Archbishop of Vancouver appointed Rev. Father Smith, at our request, and the Mother General of the Providence Mother House, Montreal, concurred in the action. It was understood that the Principal would have the general supervision of the activity of the school. I should be pleased to have a report at a later date, if the staff fail to cooperate with the Principal.

Please instruct the Rev. Principal and Sisters that the Department expects the pupils to have an academic and vocational training. The general scheme is one half day in the classroom and one half day in one of the departments with, of course, recreational periods. In practice, it is found advisable to have the junior pupils in the classroom both morning and afternoon. Half of the older pupils should be in the classroom in the morning and the other half in one of the departments. In the afternoon the exercises for the older pupils should be reversed. Saturday morning the pupils should have vocational training - the afternoon to be devoted to supervised recreation. This programme has been followed with success at other Indian residential schools.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Sir,—

I beg to acknowledge yours of September 9th. The Reverend Principal Smith and myself held a meeting with the Indians Sunday at St. Eugene School.

The enclosed Petition was signed by all the Indians present, some thirty-four. All seem to be in very good spirits, and wish us success in obtaining the release of all the boys if possible.

Both Father Smith and myself feel that there should be no delay in the release of Louis Paul and Joseph Dominac, as they are young boys and would certainly be better under the care of the present Principal. In the cases of Damien Isaac and Jim Isaac, who are at present in the Vancouver General Hospital, I am unable to give you the Doctor's report, as to their condition at the present time, although their last account was that they were not progressing very favorably, and both remaining in Hospital.

As I pointed out to you in my letter of recent date that I fear very much the effect that it would have upon the Indians if either of these two boys should die while there, and would strongly advise that they be released and brought back. In their present condition they cannot be bad boys, and Father Smith will see that their parole is carefully protected.

I may say that at the meeting held in the School yesterday the Indians agreed, to a man, to help us in every way possible to see that these boys obey ~~the~~ rules of the school, and Father Smith as Principal. This will no doubt assist greatly if you will take up the parole of all the boys.

Sept. 21st 1924. 19

R

Sir,

The Indians here have complained of too much work being imposed on the children and also not enough of class work. To meet their requests Mr. Small and I made out a programme, (a copy of which is enclosed), which was read to the Indians at a meeting held yesterday at the Mission. The Indians were more than pleased when they realized that Mr. Small and myself intend doing our best for the advancement of their children.

Now, Mr. Scott, under present arrangements I am unable to carry out my intentions. For example, our programme mentions that no punishment is to be given without the approval of the Principal, this was told to the Indians yesterday, but this morning this rule was entirely ignored. Now I am sorry to be obliged to say that one of the staff told me that my place was in my office.

I don't seek for my own personal satisfaction the control of the grant and the entire supervision of the school, but I maintain that the above supervision must reside in the lawful authority if we are to have harmony.

To me, it seems that I am not recognized as Principal in full charge. As long as this condition exists it will be impossible to conduct this school according to our policy enclosed.

Now, Mr. Scott, if you think well to have me replaced by another, or if you wish to give the Principalship back to the Sisters, I shall be only too willing to resign, but if you insist on me retaining the position, then I shall ask you to arrange to have the school conducted on the same lines as the one in Kamloops, i.e., the Principal to have full charge.

If the above is adhered to, then the Principal will be in a position to dismiss any whom he thinks not suitable.

I may add that if I had my choice English teachers would be engaged in conducting this school.

In conclusion, if you think it better for the sake of peace, and for all concerned for me to hand in my resignation I shall willingly do so.

Respectfully,

Duncan Scott, Esq.,
Deputy Superintendent General
of Indian Affairs,
OTTAWA, Ontario.

Ottawa, Sept. 29, 1924.

Reverend and dear Sir:

I have received your letter of the 21st instant and I note, with regret, that there is difficulty in the management of the Kootenay Indian Residential School. A few days ago, Mr. Indian Agent Small informed the Department that there existed certain friction and he was assured that the responsibility for every phase of the activity of the school rested in you, as principal. The duties of the Sisters and other members of the staff are under your supervision. His Grace the Archbishop of Vancouver appointed you, at our request, and the Mother General of the Providence Mother House, Montreal, concurred in the action.

The Department suggested to Mr. Small that the half-day system be followed; but I have examined the daily time table that you enclosed and it will prove equally as satisfactory.

The per capita grant is being paid to you and the funds may be administered as you consider in the best interests of the institution. You may engage or dismiss members of the staff and you are quite within your rights if you wish to supervise all punishment of pupils.

If you are not satisfied with the language qualifications of the Sisters in the classrooms, please communicate with His Grace the Archbishop of Vancouver and secure his active assistance in the matter of making a change. I advise cooperation with His Grace if the incumbency of any member of a religious community is in question.

The Department will assist you in any action which will make the Kootenay Indian Residential School a more useful factor in the lives of the Indian children of the community.

A copy of this letter is being directed to Mr. Indian Agent Small.

Yours very truly,

gcl

Ottawa, October 2, 1924.

Dear Sir:

I wish to refer to the case of two 13 year old Indian boys, formerly pupils of the Kootenay Indian Residential School, who were in April last sentenced to the British Columbia Provincial Reformatory. Louis Paul received a sentence of 4 years and Joe Dominac was committed for 2 years. These lads were not the ring-leaders of the group that caused trouble at the Indian school in question at that time and should, I believe, be paroled to the care of the Rev. Principal. They are of tender years and can, no doubt, be managed without further difficulty. The Indian Agent at Cranbrook, the Rev. Principal of the Kootenay Indian Residential School and Indians of the locality have petitioned that Louis Paul and Joe Dominac be released from the Provincial Reformatory and returned to school. The Indian parents have agreed to assist our representative and the school management with the preservation of discipline at the institution. I should be grateful if you would take the necessary steps to have the two boys returned to the Indian school at Cranbrook.

Yours very truly,

R.S.
DCL
Duncan J. Scott

Dear Mr. Small:

I have the letter of the 22nd ultimo, which was signed by the Rev. Principal of the Kootenay Indian Residential School and yourself and which referred to the parole of certain former pupils of the school who are now serving sentences. I have noted your recommendation and the petition signed by certain Indians of the agency and I have to inform you that I am taking steps leading towards the parole to their homes of Damien and Jim Isaac, who were sentenced to the Gakalla Prison Farm, but who are now in Vancouver General Hospital. Because of the age of these two lads, I believe they should not be returned to the Kootenay Indian Residential School. I am also endeavouring to arrange for the parole of Louis Paul and Joe. Dominac, who were sentenced to reformatory. These boys should be returned to the school and to the care of the Rev. Principal.

Yours very truly,

Duncan G. Scott

Deputy Superintendent General.

Dear Archbishop Casey:

I have received Your Grace's night letter of the 10th instant, with reference to the Kootenay Indian Residential School, and I note that Rev. Father Coccola has been placed in charge of the school until you can find a suitable principal. As Your Grace is aware, the management of an institution of this kind demands a reverend gentleman of considerable ability, and I shall be very grateful if you can secure a suitable incumbent without delay.

It is essential that there is cooperation between the Rev. Sisters and the Principal and, if the incumbent you appoint is unable to secure loyal service, I should be glad to have Your Grace's opinion as to the difficulty in the situation.

Yours very truly,

Duncan C. Scott

Vancouver, B.C.
October, 4th 1924.

Dear Sir:-

In reply to your letter of the 9th ultimo regarding the health and continued imprisonment of Damien and Jim Isaac, Indian boys of Kootenay Agency, committed to Okhalla Prison Farm, now at Vancouver General Hospital.

Damien Isaac, aged 18 years, has two years less one day at Okhalla as from October 31st, 1923. He was sent to the Vancouver General Hospital on the 30th of June for treatment for diseased glands of the neck known as cervical adenitis of tubercular origin. He is not progressing satisfactorily.

Jim Isaac, aged 16 years, was sentenced to Okhalla for two years less one day as from April 13th, 1923. He was sent to the Vancouver General Hospital June 16th, 1924, for treatment for diseased glands of the neck, secondary to pulmonary tuberculosis. He is not doing well.

The low altitude, dampness, confinement and discipline with the prison food make their tubercular condition much worse. The longer they are kept there the worse their condition will become. I would therefore recommend their return to their homes as soon as it can be arranged.

The Indian boys, nominally prisoners, are really free. When the weather is fine they go out on the hospital grounds alone. There is no police surveillance at all. They are quiet and well behaved here and I feel confident they they would conduct themselves properly if allowed to go home.

Your obedient servant,

(sgd) T.A. Wilson, M.D.
M.O. Vancouver, Agency.

Extract from Inspector's Report on the Kootenay Residential School, October 10th and 11, 1924.

Class-room Work.-

All the teachers on the staff have English. Those in the classrooms speak good English. The standard of education is low. The pronunciation of words is not clear and distinct by the pupils. The teacher of the senior pupils is not familiar with the text books. There is a lack of thoroughness. I held a conference with the acting principal and the school teachers. There should be at least one Normal trained teacher on the staff. The standard cannot be raised in any other way.

*See [unclear]
no action at present*

x x x x

General Remarks.-

For two years there has been more or less discord among the staff. However following the appointment of the Rev. Father J. M. Smith the bickering increased. There was an entire lack of harmony. Mr Agent Small did what he could to bring about a reconciliation, but had little success. Father Smith was recalled by the Bishop.

At the time of my visit the Sisters seemed to be working together and the pupils were contented. Conditions will not be normal till a strong efficient man is found who can bring about harmony.

I beg to report that Jim Isaac and Damien Isaac have both arrived home from Okhalla Prison Farm.

Jim Isaac is in very poor health, but I have Dr. Coy's report today saying that he is improving. On arrival, I immediately sent him to the Shuswap Reservation where his Mother will take care of him, but I fear his chances for recovery are very small.

Damien Isaac is in much better health, and he called today at the Office, and I can see a decided change in him.

I had a conversation a couple days ago with His Honour Judge Thompson with regard to Louie Paul and Dominac, the two younger boys in the Reformatory. The Judge told me he would make a favorable report for the return to the School here of these boys. It seems their term was forced upon His Honor by him threatening the Indians that he would not allow any more boys out on suspended sentence, unfortunately these two boys were the first to come before him, and the Judge after making the declaration had no other alternative except to carry out his threat. He, however will be pleased to see these two boys put into the school again.

I have the honour to be Sir.

Dear Sir:

I have to refer to my letters of the 2nd and 7th ultimo, relative to Louis Paul and Joe. Dominac, two 13-year-old Indian boys, formerly pupils of the Kootenay Indian Residential School, who are confined in the New Westminster Reformatory. I have now to inform you that Mr. Indian Agent Small, of Cranbrook, had a chat with Judge Thompson, who sentenced the boys and who promised to recommend their return to the Indian school. It appears that the Judge, previous to the conviction, had informed Indian parents he would not allow suspended sentence in future; and when Louis Paul and Joe. Dominac came before him, he had no alternative but to send them to reformatory. I shall be grateful if you can arrange to have them returned to the Kootenay Indian Residential School, at Cranbrook, B. C.

Sir, -

Continuation of Report, Kootenay Agency,
of September 13, 1923.

[Handwritten signature]

x

x

There seems to have been considerable trouble at the School, owing to the action of the Bishop in placing a Principal unsuited to the position over the sisters. It seems he was the hired man there before ordination, and it does not seem to have been a very diplomatic move. However, he has been removed and I hope the new appointment will be more suitable.

*Awaits Church
Immigration*

I am glad to say that there is less complaint than there used to be over the question of food, but Mr. Small, the Agent, tells me that there is still considerable difficulty in getting children back from their holidays.

In connection with this matter, I have to draw your attention to the fact that the shortness of the summer holidays is a very general complaint amongst all the Indians in my Inspectorate. I, myself, in company with some of the Principals think that they should be lengthened to six weeks, but I will write you further in this matter.

I am very pleased to report that the manual training classes for the boys are being very successful at this school, and I can only further urge their adoption at other schools. I myself think that these should be insisted upon by the Department.

Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

I have just returned from Cranbrook
and after consulting Mr. Small, the Indian Agent,
now respectfully request you to appoint Rev.
Floyd Tedrow, O.M.I., Principal of St. Eugene
Industrial School.

He is Canadian born, 28 years of age,
and has spent two years with the Kootenay Indians.
Already he has a fair knowledge of their language
and has gained considerable knowledge of the School.

I have every confidence that he will
be a success.

I have the honour to be,

Yours very respectfully,

L. Welch, O.M.I.

155-0-1.

Ottawa, November 19, 1924.

Dear Father Welch:

I have your letter of the 13th instant and I note, with satisfaction, that you have nominated the Rev. F. Tedrow, O.M.I., for the principalship of the Kootenay Indian Residential School. I take it for granted that your action has been taken at the request of His Grace Archbishop Casey, with whom I have been in correspondence concerning the appointment. I am writing to Mr. Inspector Cairns and Mr. Indian Agent Small, informing them of the Department's approval and asking them to give every possible assistance to the new incumbent.

It is the Department's wish that the Rev. Principal assume full responsibility for every phase of the activity at the school. The situation requires a tactful and firm principal and I hope that the Rev. Father Tedrow will have a career of much success.

Yours very truly,

Duncan C. Scott
Deputy Superintendent General.

PROVINCIAL INDUSTRIAL SCHOOL FOR BOYS.

P.O. Box E,
Port Coquitlam, B.C.
November 26th, 1924.

W.E. Ditchburn, Esq.,
Commissioner, Indian Affairs,
1220 Government St.,
Victoria, B.C.

Dear Sir:

On April 2nd, 1924, an Indian boy named Louis Paul, age 14, was committed by Judge G.H. Thompson, Cranbrook, to the Industrial School for a term of 4 years on a charge of theft. At the same time another Indian boy named Joe Dominic, age 14, was committed here on a similar charge for two years. Both these boys belonged at that time to St. Eugene Mission near Cranbrook, and it appears that certain influences have been working on their behalf with the result that yesterday I received from the Under-secretary of State instructions to release these boys on condition that they return to the Kootenay Indian Residential School and should they show insubordination again, to return to finish their sentence.

You will readily understand that such things happening is not good for the discipline of a school of this kind as it looks as if an Indian boy has greater privileges than the white boy and it appears to me as if those that laid the complaint in the first place either did it with a view to scaring the boys or in order that they get free of a responsibility for the time being.

We have at present the following boys from the same school:

— Joe Skookum, Age 12, committed Apr. 2, 1924
— Joseph Casimir " 15, " Oct. 29, 1923,
— Pierre Jacob " 15, " " "
— Alban Mike " 12, " " "

These boys are naturally resentful that the first named should be granted parole and they compelled to remain here.

I would respectfully suggest that the attention of the authorities be drawn to such a condition and ask them to be good enough to treat all alike and in future for no Indian boy to be sent here if they are of the opinion that all they require is about 6 months' attention, as the usual procedure in committing boys to this Institution is for a term of not less than two years.

I would also respectfully draw your attention to the fact that in every case we expect the parent or guardian to provide clothing and transportation back for their boys upon their discharge and would be glad if you would notify the St. Eugene authorities to arrange for clothing for Louis Paul and Joe Dominic and give instructions regarding how these boys are to be returned. Upon receipt of this information I shall carry out the instructions of the Under-secretary of State.

Yours very truly,

(SGD) David B. Brankin,

Supt. Boys' Industrial School.

COMMISSIONER'S OFFICE,
P.O. BOX 666

VICTORIA, B.C., November 27, 1924.

[Handwritten signature]
Dear Sir:-

Attached hereto please find copy of a letter I have received from David B. Brankin, Superintendent of the Provincial Industrial School for Boys, at Port Coquitlam, B.C. referring to six Indian boys of the Kootenay Agency who were committed to that Institution, two of whom are now to be released through an order of the Under Secretary of State, after serving only about seven months of their sentence.

While I have no knowledge as to what representations were made to the Department which warranted it recommending their parole to the Under Secretary of State, I am very much inclined to agree with the views expressed by Superintendent Brankin in his letter.

As regards the two boys, Louie Paul and Joe Dominic, being supplied with clothing and means of transportation back to Cranbrook, I have taken this point up with Mr. Indian Agent Small, requesting him to make the necessary arrangements for the same and to communicate direct with Superintendent Brankin.

Your obedient servant,

Ottawa, December 6, 1924.

Sir:

I have your No. 40/4088 of the 27th ultimo, enclosing a copy of a letter which you have received from the Superintendent of the Port Coquitlam Provincial Industrial School, relative to six Indian boys of the Kootenay agency. In reply I wish to state, for your information, that Louis Paul and Joe. Dominac are of tender years and were not ringleaders at the time of the recent trouble at the Kootenay Indian Residential School. The Indian agent, the principal of the school and the Indians of the locality petitioned for their parole - the parents agreeing to assist our workers with the preservation of discipline at the institution.

No steps are being taken leading towards the parole of the four other boys mentioned in the Superintendent's letter.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. Box 752
KAMLOOPS, B.C.

December 18, 1925.

Dear Sir:-

Re Kootenay Residential School.

Yesterday I had a long interview with the Rev. Father Welch, O.M.I., with reference to the unsatisfactory state of affairs there, etc., already reported in full by me to you. He informs me that he has been down there and gone fully into the matter, with the result that he is fully in agreement with me, and has undertaken and started the necessary reforms.

He tells me that the present principal, the Rev. Father Tedrow, is being shifted, and that he is appointing an experienced principal with many years' experience of Indian schools, in his place. He is to have complete control. He is also appointing a father as Missionary amongst the Indians, who will do the outside work and cooperate with the Principal in spreading propaganda amongst the parents and procuring the children for the school. They are also going to get a good man to run the farm, which Father Welch distinctly tells me is to be run for the benefit of the school, first and foremost.

Having in view the neglect of the said farm, he informs me that he will tell the Sisters that they will probably have to lose money until they have got the farm on a productive basis, and understand thoroughly that the children must be properly fed, even though there is a loss for some months. I think, therefore, that every endeavour will be made to put things right, and that it is understood that the Department of Indian Affairs expects cooperation on the part of the schools by their being beyond suspicion in matters of feeding, clothing, etc.

Father Welch informed me that they are trying to carry out the wishes of the doctors and ourselves in supplying plenty of milk, but that it had been found that the school cows were very poor scrub stock, and not worth their feed. I know that and have already pointed it out. He informs me that he has appealed to you for assistance in replacing this stock with good cows and begged me to solicit the sympathy and aid of the Department.

I am, therefore, writing in accordance with his request, and think that, as apparently, an endeavour is being made to straighten things out that the request is worthy of consideration. The present cows could be sold in part payment, and possibly, a lien held on increase of stock in the future.

Yours truly,

Geo. S. Pragnell
(Geo. S. Pragnell)

He is to have complete control. He is also appointing a father as Missionary amongst the Indians, who will do the outside work and cooperate with the Principal in spreading propaganda amongst the parents and procuring the children for the school. They are also going to get a good man to run the farm, which Father Welch distinctly tells me is to be run for the benefit of the school, first and foremost.

Having in view the neglect of the said farm, he informs me that he will tell the Sisters that they will probably have to lose money until they have got the farm on a productive basis, and understand thoroughly that the children must be properly fed, even though there is a loss for some months. I think, therefore, that every endeavour will be made to put things right, and that it is understood that the Department of Indian Affairs expects cooperation on the part of the schools by their being beyond suspicion in matters of feeding, clothing, etc.

Father Welch informed me that they are trying to carry out the wishes of the doctors and ourselves in supplying plenty of milk, but that it had been found that the school cows were very poor scrub stock, and not worth their feed. I know that and have already pointed it out. He informs me that he has appealed to you for assistance in replacing this stock with good cows and begged me to solicit the sympathy and aid of the Department.

I am, therefore, writing in accordance with his request, and think that, as apparently, an endeavour is being made to straighten things out that the request is worthy of consideration. The present cows could be sold in part payment, and possibly, a lien held on increase of stock in the future.

Yours truly,

(Geo. S. Pragnell)
Inspector of Indian Agencies.

COPY.

CONFIDENTIAL.

October 21, 1926. I

Dear Mr. Ditchburn:-

The accompanying copy of a letter to the Rev. Father Welsn is more or less self-explanatory.

Privately I might say that things are even worse than they appear in the letter, and undoubtedly the children are not properly fed. I am also of the opinion that Father Tedrow has no authority over the Indians, who frankly stated to me that he is no man. The only way I could see out of the difficulty was to lay the matter openly before the head of the Fathers, and ask him to solve it, making a few suggestions. The Department has, through Mr. Small, Helmsing and myself, done everything to persuade the Indians that all was well at the school, even going so far in the past as to use force. However, it seems to have been useless, and the Indians have apparently reached the "flat refusal and take the consequences" stage, and as they seem to have some grounds for complaint, I am of the opinion that it is up to the Missionaries to get out for themselves, and eradicate the idea, we of course, helping all we can.

I hope my actions in this matter meet with your approval, and shall be much obliged if you could give me instructions and advice for future guidance. I beg to enclose a copy of Mr. Small's last letter to me, and in connection with same, beg to say that, in my opinion, he had done all he could, to assist and is now greatly in want of advice, as I am, as to what move to make over these runaway boys.

You will note I have already pointed out to the Department in 1923, the poor food and unsatisfactory state of the school.

Yours truly,

GSP/S.

CONFIDENTIAL.

October 21, 1925. II

Dear Father Welsh:-

After having had a long talk with Father Tedrow, of St. Eugene Mission School, and receiving his assurance that you would not consider that I am interfering in private matters by writing you, I felt that it was only fair and right to let you have all the information available to me upon matters in connection with the School. I know that perhaps, some of my suggestions and remarks may not be exactly the business of the Department, except insofar as I interpret the duties of the Department officials to assist the Missionaries in their endeavours to educate the young Indian children. Strictly speaking, perhaps, you might consider that I ought to simply report when things are unsatisfactory, and leave it at that, but this course of procedure does not seem very helpful to either side.

I was making my usual inspection visit of that Agency, coming in via Golden, and when attending a meeting of the Indians at the Columbia-Kootenay Reserve, I found that there were six runaway boys there. I enquired of the Agent, Mr. Small, and he informed me that this made twelve boys who had run away since the holidays, and that he was receiving endless complaints from the Indian parents, and was having endless difficulty in getting the children to school. In other words, there seemed to be a strong antipathy against the school throughout the Agency.

As you doubtless know, this is no new matter, nor is the fact of the runaways, and in 1923. I had to report the state of affairs to the Department, and go fully and frankly into the matter with the Mother Superior, informing her of exactly what the Indians had complained to me about. The complaints then, in general, were as follows: 1. The smaller boys too heavily worked; 2. Insufficient winter clothing; 3. Insufficient variable food; 4. The fact of much sickness in the school; 5; Abuse of their position by the hired help. Some of these things were rectified, and some, apparently were unfounded, and I believe, from what I hear that for a time there was not so much trouble.

However, on my visit this time, the complaints seem to have all returned even much more strongly expressed than before, accompanied with flat refusals to send the children, and statements that they, the Indians, would sooner go to prison than send their children to that school. This, as you can see, puts the Indian Department in a difficult position, as if force is used, and there is any ground for the complaints, it would, as you see, be readily taken up by those nor well disposed towards the Missionaries. The only thing that I could see to do was to have the boys up in front of all the Indians and question them one by one as to their reasons for running away. This proposal met with the wishes of the Indians as well. In company with Mr. Small and an Indian interpreter, I therefore proceeded to do this. Their complaints when sifted down, were as follows:

1. Father Tedrow whipped them too much, various boys stated, from once during the term to once a day.
2. That he carried a revolver about in his pocket when whipping them, this was unanimously stated. One boy said it had been pointed at him.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

October 21, 1925.

3. That they did not get sufficient food. In answer to my question they stated that they got very little milk, only in their tea or coffee, never alone; no eggs except at Easter; little meat and that sometimes bad; no oatmeal porridge; no jam; little fruit with the exception of crabapples; little butter; few fresh vegetables, and far too many potatoes. This was unanimous by all the boys.
4. That the hired men, particularly one, threatened them.
5. That they had to get up at 5:00 A.M. winter and summer.
6. The parents stated that they were insufficiently clothed and got sick at the school.
7. That the children learned nothing practical in the farming line.

The above was the gist of their complaints without mentioning names, etc., which I reported fully to Father Tedrow.

I then questioned one of the girls whom Mr. Small said was a good girl. She had no complaints at all and was happy, with the exception of not sufficient food.

As soon as I reached Cranbrook, I went straight to the School and telegraphed for Father Tedrow who was away.

In company with Mr. Small, I informed the Mother Superior of the complaints that pertained to the food, etc., but, of course, did not tell her what the boys had said of Father Tedrow, because I did not believe it, and it was his own private business. I questioned her and the sister who was cook. I found that the children were right when they stated that they had insufficient milk, also regarding the non-feeding of eggs. I found that they had only had green corn ten times throughout the season, and few green vegetables. I found that they were going to have for supper principally potatoes and a little stew for gravy left over from midday, with crabapples stewed. I also found that the meat both on the kitchen range and in the larder was most distinctly bad and smelt horribly, and I should judge not fit for human consumption, though the Sisters informed me that they ate it. I also found the winter supply of bottled fruits very small, not enough I should estimate, for a months consumption. The Sister Superior informed me that they had in all 15 cows, this is to my mind, not enough, and I suggested that they get more, and more chickens.

Later, I had two long talks with Father Tedrow and with regards to the accusation of whipping and revolver work. He satisfied me that these accusations were false, as I already believed them to be from the start. I was perfectly open with him. We then went into other matters, and Father Tedrow himself said that the hired help was not satisfactory, and that he had already written you stating that the children should have, at least, a pint of milk per diem each. He, however pointed out, that he was in somewhat of an ambiguous position at the school, which fact I had already, from observation, gathered. He informed me that the school was \$800.00 behind last year.

After talking matters over with him, I could only come to one conclusion, and that was that the feeding of the children was the crux of the whole matter, and that, if that was rectified, the boys would be more contented, and there would be less sickness.

POOR COPY

Oct. 21, 1925.

I then suggested to Father Tedrow that Mr. Small take him up the Columbia-Kootenay Reserve as soon as possible, and he could thresh matters out at a meeting which Mr. Small need not attend unless he was asked in by Father Tedrow. I wanted him to have it out with the children in the presence of the parents, without any outside influence or interference. This, the Father agreed, was the most sensible course, and he said he would go. We then talked over how we were to get round the food question without the school getting into debt. My opinions to him, which he mostly agreed with, were as follows.

1. The dual running of the school was with the best intentions between parties, not all satisfactory or workable.
2. That the school would never be a success until the farm was part and parcel of it, either from the financial, feeding or training point of view. It was absolutely necessary that a farm of about 100 acres be run entirely for the benefit of the said school, and not be a separate affair, as in that case food had to be bought at too great a cost, or dangerous cutting down of quantity and quality would result.
3. That a Missionary help outside was required as the Principal would require all his time to be devoted to the school.
4. That each boy be given a small plot of land to cultivate, and that I would recommend to the Department that a small annual prize be given, and a children's fair held in which the exhibits could be judged.
5. That the outside help could be better supervised if the farm and school were one, both under the control of the Principal.

I had in the meanwhile suggested to the Mother Superior, that in order to combat the Indian prejudice about the food, that she supply Mr. Small occasionally with a list of the meals they had given during certain weeks, and that he should often inspect the kitchen. To this she was quite agreeable.

I also pointed out to both herself and Father Tedrow that we had somehow to overcome the prejudice of the Indians in the matter, even though they might be unfounded in most cases, as there is no getting away from the fact that this antipathy is there very strongly, and that something must be wrong, as I did not meet with the same trouble elsewhere.

Since my return here, I have heard from Mr. Small that Father Tedrow had a very lengthy meeting with the Indians on the Reserve. Mr. Small understands that the boys admitted they lied about the revolver and whippings. He informs me, however, that neither he nor Father Tedrow were successful in getting the parents to allow the return of their children, though two promised to do so, by the 1st November. If we force them, they will only run away again, and spread the prejudice and tales.

I should like your advice on the matter. We can, of course, force them, if you think it necessary, but I myself, am inclined to think that we should move carefully, and that persuasion and a betterment of conditions should take place first.

I daresay, by this time, you have heard from Father Tedrow. I can only assure you as before that this letter is meant, not as a criticism, but as a guide, and that if you should wish to consult me or have more particulars, I am at your service.

I have the honour to be, Sir,

Your obedient servant,

Dear Sir:-

I am grateful for your communication of the
21st October, re the Columbia-Kootenay Reserve and
St. Eugene School.

Needless to say I am fully aware of the con-
ditions which prevail there, and am taking steps to remedy
them. That I shall succeed I have every confidence. It
may take a few weeks, and in the meantime I must ask the
Department to be patient with us.

As you have truly remarked the food questions
and the dual control are at the root of the present unrest.

I have the honour to be,

Yours respectfully,

INDIAN OFFICE

At Cranbrook, B.C.

14th October, 1925.

Dear Sir:-

Acting under instructions from you I accompanied the Reverend Father Tedrow to the Columbia Kootenay Reservation, re the boys who ran away from School.

Father Tedrow spent the night with the Indians on the Reserve, and although I did not attend I understand he held a very lengthy meeting with them.

When I called for him the next morning, the Father or myself was unable to get any of the boys to return with us to the school. Dominac and Eneas Fisher, however promised me that their two boys would return on the 1st November.

I am sorry to say that they all seem to have a dislike for the Reverend Father Tedrow. Little Jim and his wife told me that they would not allow their boy to go back to the school while Father Tedrow was the Principal. This demand is unreasonable, as the boys acknowledged I understand, to Father Tedrow that they had lied both about the whipping and the revolver.

The food in the school is undoubtedly poor, and as you instructed I will in future check it up very closely. I do not know what move to make in connection with getting these boys back. I am afraid under the present conditions that if we force them to come, they will only run away again, as you understand it would be impossible for the teachers to keep them if they make up their minds to run away. I will appreciate very much your advice in the matter, and assure you that I will carry out any instructions you give me re their return.

I would advise consulting the Reverend Father Welsh in the matter, and see if he can make any suggestions, whereby we can satisfy the Indians.

I am sorry to tell you that we have a great deal of sickness in the Agency. I find this morning some ten Indians in the St. Eugene Hospital, all apparently suffering from a form of Flu or Pneumonia.

I will write you further in connection with this matter in a few days.

Your obedient servant,

(E.H. Small)
Indian Agent.

December 18, 1925.

Dear Mr. Ditchburn:-

The enclosed re the Kootenay Residential School, is for your information.

I wrote direct in this case to the Deputy Superintendent General, as I had already dealing with the matter, and was requested to do so by Father Welch.

It really seems as though they are trying to straighten things out at last, and having in view the fact that it will cost them a considerable amount getting these cows, from the Department, is really quite reasonable.

If you agree with me, I wish you would back this letter up.

Yours truly,

(Geo. S. Pragnell)

January 20, 1926.

Sir:-

I am in receipt of your 155-0-1 of the 14th inst., with reference to the Kootenay Indian Industrial School. The report referred to by me in my communication upon the matter, of the 18th ulto., was a full report on affairs as found by me on my last visit to the Kootenay, and reported by me in full to Mr. Commissioner Ditchburn, in accordance with your expressed wishes, that all reports and recommendations should go through Mr. Commissioner Ditchburn. I concluded, therefore, that if Mr. Ditchburn saw fit, my report, or an epitomy of the same would, in the natural course of events, be forwarded to you. Mr. Ditchburn did not write to me upon receipt of my report, but later on, I met him at Victoria, and he approved of my actions. I naturally, therefore, never thought of asking him whether the matter had been reported to you or not.

At the moment, I do not know whether Mr. Ditchburn is at his office or not, as we heard up here, a rumor that he had been very ill. I wrote to him five or six days ago, asking after his health, and have received no answer yet.

I therefor thought that it would clear matters up if I send you a full copy of my letters to Mr. Commissioner Ditchburn and reports upon the subject, which I beg to enclose herewith. I hope from these letters and reports that you will be able to gather what has taken place, and as you will see in mine of December 18th, already referred to, it looks as though an attempt is being made to straighten matters out.

Yours truly,

Geo. S. Pragnell

Kootenay Residential School,
Cranbrook, B.C.
March 8th, 1926.

E.H. Small.
Indian Agent.

Dear Sir.

Joseph Dominic and Louis Paul, pupils of the Kootenay Residential School after having been sent back to school from Coquitlam Reformatory, on parole, have not done very well.

Joseph Dominic ran away twice, he and Louis P Paul have shown insubordination right along and been cause of trouble among the boys.

Several times I have called you to lecture them.

Brought before Judge Thompson, they were warned and given one month to change their ways and I have to report on them by the first of April, they will have to behave or go back to Coquitlam.

Louis Paul has just been sent home on sick leave having been found physically unfit for school at the present.

Joseph Dominic seems to have better disposition, if he gets unruly again, I will suggest his transfer to the Kamlopps R.C. School; I heard that Rev. Fr. McGuire has a farm for the older boys; I will prefer see the boy going there for a few months than to go back to the Reformatory.

I am willing to keep him as long as he behaves, he has such a bad influence on the younger boys.

I, remain, Dear Sir,
Yours truly,

(Sgd) Rev. M. Lepine,
Principal.

C O P Y .

Kootenay Residential School,

March 4 1926.

E. H. Small,
Indian Agent,

Dear Sir:

I want you to come to the School with the Police to arrest Joseph Dominic and Louis Paul and send them back to Coquitlan.

Louis Paul has been getting worse and worse and has a bad influence on the other boys but Joseph Dominic ~~Has~~ also a bad influence, though he is showing a good front. I know, as leader he is doing much harm, and he is the instigator of this running away.

I had heard that Joseph was telling everybody that he was to leave the school on the 4th April, and I had told the girls only that everyone, even of age will have to stay until the 1st July, so I called Joseph to my room, and told him kindly and quietly what I had heard him saying, and to make up his mind stay till the 1st July, and to not do anything rash because he knew the consequence. This was Monday afternoon, and the sneak he is, the worst I have ever met yet did not run away himself, but push the smaller boys.

I have suffered since I am here from these two boys, and they have done lots of harm to the others, and on the sly, but I have been watching them and I have enough now.

If you do not bring the police, I do not want you to see them or talk to them, it will do more harm, they are past that stage of talking to them. We have done that times and times again.

As I was saying to the Sister Superior, it is either them or myself who will leave the school, I have been more than patient. As long as these two boys are in school there will be trouble.

So please kindly have this done today. They think they are safe keeping in the limits, but they cannot hide everything and all the time, I know them now. They must go for the good of the others, we have been too good to them, they must not have any communication whatever with the other boys after they are arrested.

The last news last night about the runaways, were they were heading for Windermere, they are the same leaders who were arrested at Canal Flat last Fall, and let go. I do want any fooling this time, and I want them to be caught before they disband. Here are their names. Benjamin Frances, and

INDIAN AGENT'S OFFICE

CRANBROOK, B.C.

IN YOUR REPLY REFER TO
No.
ALSO
TO DATE OF THIS LETTER

9th Mch. 1926. 19

Attention of Hon. Duncan Scott.

Re-- Joseph Dominic & Louis Paul,
my telegram to Col. Pragnell
Mch 4th, your telegram to me
Mch. 5th.

Several times since the Rev. Father Lepine has taken charge of the school, he has phoned me that the above boys were making trouble in the School. On each occasion I have gone to the School, and talked to them, each time they have promised me that they would behave.

On March the 3rd, the Rev. Principal reported that six small boys had ran away. I had Constable Ryckman and several of the Indians go in search of them. They were located and returned to the School on March 4th.

That evening the Principal sent a messenger to me with the enclosed copy letter of that date, hence my wire to Col. Pragnell.

On morning of March 5th the Reverend Principal brought the boys before His Honor Judge Thompson. The Judge gave them a very impressive talking to, and allowed them until April 1st at the School. If that time the Principal reports insubordination on their part, he will have them again committed to the Reformatory.

On Sunday, March the 7th Chief Adrian of the St. Mary's Band called a meeting at the School. I met him, with the principal, the Sister Superior, and about fifty Indians of the Band. The Indians did not have any complaint, except that the Rev. Father would not allow the boys brought into the meeting. This, may or may not have been good policy.

Complaint was made to me that Louis Paul was sick, I had him brought into the room, and decided to have him examined by Dr. Green. This I did on Monday morning the 8th instant. The Dr. told me that he found him Tubercular, and unfit to attend school. I accordingly sent him to his home on the Columbia Kootenay Reserve, with instructions to report to Dr. Coy on the 1st of each month.

My dear Mr. Scott,-

I have just received your kind letter and appreciate the fact that you have taken into consideration the statement I presented to you.

I realize that you are handicapped, and that to adjust matters you would have to consult with the Principals of the Schools or with Rev. Father Welch.

My experience with Father Welch is that he is a very, good, kind man but he always follows the lines of least resistance. He would not help out in any way to settle our difficulties for he has more problems of his own than he can well handle, besides he leaves for Europe Sept. 4th and will be away for some months.

My suggestion would be to write you a letter along general lines, pointing out our situation without mentioning any particular school and asking for a definite settlement and an agreement which would be signed by the Provincial or Rev. Father Welch and the Provincial of the Marist Fathers, and then by the Provincial—which in this case would be myself,—of the houses in British Columbia.

I will be in office here until 1929 and would like to have something down in a business-like way that would be the standard for them to accept or reject.

I will send you this within a few days and you may approve or revise it as you think fit. This letter which I will write to you will be at your disposal to send copies to any or all of the foregoing men we have mentioned, as there will be nothing compromising or likely to cause ill-feeling.

Thanking you for your kindness and consideration,
I am, dear Mr. Scott,

Yours very cordially,

Sister Mary Gabriel

Dear Mr Scott,

Rev. M. Lepine, O.M.I. wishes to resign his position at St Eugene Residential School, Cranbrook, B.C.
He was overseas during the war and appears to suffer from shell-shock, and requests to be allowed to come to the Coast for the benefit of his health.
To succeed him as Principal, I would respectfully suggest Rev. A. Michels, O.M.I., a Father from France. He is strong and energetic. He knows the Kootenay well, and I consider him qualified to fill the position.
I have the honor to be

Yours most faithfully,

Dear Father Welch:

I have your letter of the 25th ultimo and I note with regret Rev. Father Lepine's health is such that it is necessary to relieve him of his duties at the Kootenay Indian Residential School. With reference to a successor for this post, I should be grateful if you would make a further nomination. I realize it is difficult to secure principals for Indian residential schools, but I am satisfied that you can nominate a reverend gentleman whose services will be acceptable to the Department. I regret that the appointment of Rev. A. Michels, O.M.I., cannot be given favourable consideration.

Yours very truly,

Duncan C. Scott

Mr. Fisher
Duncan C. Scott, Esq.
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr Scott:-

You will be pleased to hear that St Eugene Residential School, is giving in many ways the fullest satisfaction. Father Choinel makes an excellent Principal and is succeeding in a gratifying manner.

Recently, I believe, he has drawn the attention of the Department to the need of better fire protection which, no doubt, will be attended to in due time.

There is one matter, however, to which the Principal has urgently pressed me to bring to your notice, namely the annual Government Grant. He regrets to have to say that it is insufficient to meet the needs of the School. When I saw him last he had not the returns for 1927, but here is a simple financial statement for the two previous years, including the Government Grant and revenue from the Farm:

RECEIPTS		EXPENSES	
1925	1926	1925	1926
\$ 17.238	\$ 14.397	\$ 17.859	\$ 15.128

These figures speak for themselves, and show that in spite of the greatest economy the expenses exceeded the receipts.

I need not say more, but would respectfully request you to give this excellent and most deserving School, the same per capita Grant as you give to Kamloops and Mission.

Trusting you will see your way to confer this favor,

I have the honour to be
Very faithfully yours,

*J. Welch. J.M.S.
Prov.*

Dear Father Welch:

I have your letter of the 16th instant, with reference to the financial condition of the Kootenay Indian Residential School. I regret to learn that there is a small deficit and I hope that, under Father Choinel's guidance, it may be wiped out.

With reference to the per capita grant, I wish to point out that, at the Kootenay School it is \$170, which is the same as for the institutions at Kamloops and Mission.

Yours very truly,

Duncan C. Scott

ST EUGENE'S MISSION

I met Rev. Father Choissnel, the new principal for the first time. He was unfortunately in hospital having broken arm cranking his car. However, luckily, he was able to accompany me down to the school. I thoroughly inspected the building and found things greatly improved. Agriculture has been better attended to and improved. The children seem much happier and I think that under the new Principal and new Mother Superior further improvements will take place.

Dear Mr Scott:

I regret to say that Rev. L. Choinel, O.M.I., asks to be relieved of the principalship of St. Eugene Residential School, Cranbrook, B.C. For the past few months he has been suffering from an accident, and considers that a change of duties is advisable.

To replace him I beg to recommend Rev. Walter Cullinan, O.M.I., thirty years of age, and a Canadian citizen. Father Cullinan has been laboring among the Indians in this district for two years, and has done excellent work. He is strong and energetic, and I am satisfied that he will make a very reliable principal.

I have the honour to be,

Yours respectfully,

Kootenay Residential School
November 20th 1928

Doctor Duncan Scott.

Ottawa.

Dear Sir:-

I beg leave to submit that yesterday I was advised by Very Reverend Father J.W. Welch O.M.I. who presently deals with the Department of Indian Affairs in matters concerning Indian Schools, that I was to give my place as Principal of the Kootenay Residential School to some other man, and that he was to take up the question of a successor with yourself.

What the real reasons of that change may be I do not know, unless it be the evident lack of cooperation with the Principal on the part of those who are imposed on him to do the work of the school.

Now, Sir, I have always felt that the one who is responsible to the Department, ought to have the final say in matters of authority over the school, and that it is up to him to give at least general directions in matters of general welfare of the school; and that it will never work successfully to the advantage of the school to have some one responsible for another one who assumes all the authority.

I have worked my very best to have an understanding on those matters, but my removal would tend to prove that my conduct is not approved of.

I have not given my resignation as Principal, neither do I beg to tender it, and I will remain here until such time as another man comes in, unless you wire me to stay. (I say wire, because a letter might come too late)

Your obedient servant,

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

However a wire from you to Mr. Indian Agent E Small, appointing another as Principal will be sufficient notice to me.

What grieves me in that matter is that I do not know the real reason of the change which is demanded; I have been at the head of the Cariboo school for over two years, I have been also for a couple of years acting as Chaplain at the New- Westminster Penitentiary, and in every instance upon my leaving office I have received letters of regret from those immediately over me, and in the present instance I have not even a word of thanks.

So may I ask you, Sir, as a personal favor to let me know what reason was advanced^(if any) for my removal. I am quite able to bear with it, even if untrue reasons have been given; Knowing the real truth would hurt me less than no reason at all.

I send the above in all confidence, craving for an answer from you, and allowing you to make use of this communication as you see fit.

I am Sir,
Yours respectfully

L. Choinet O.M.I.
Principal.

My address,

Catholic Rectory

SCHOOLS BRANCH
APR 3 1929

Dear Sir,

You may have noticed by our
Quarterly Returns, that since September
last, five new pupils have enlisted on our
School Register — Admission forms have
been forwarded to the Department, but
no payment has been done for them, since
we have the "grant" for only 80 pupils.

Having appealed to your gene-
rosity for help, to-day my petition is
a "grant" for those five pupils, — which
would help greatly in the meeting
of our numerous expenses.

Sometime ago, I had the
opportunity of meeting Sister Justinian

copy

Ottawa, April 5, 1929.

Reverend Sister:

I am directed to acknowledge your letter of the 25th ultimo, which has reference to the pupilage at the Kootenay Indian Residential School. Parliament provides a grant for 80 pupils, and, before an increase can be given, it is necessary that the Department has an opportunity of arranging for the larger appropriation. Our Estimates for the fiscal year that began on the first instant were closed in December, and it will not be possible to secure an added grant for your school until a year from this month. If you find that you are in a position to maintain an average attendance in excess of 80, you might ask the Rev. Principal to write the Department in October or November, urging an increased appropriation for the new fiscal year. In this letter, the exact dimensions of the dormitories used by the pupils of the school should be indicated, as I am unable to find any record of the actual air space in these rooms at your school.

Your obedient servant,

J. D. McLean

Mr. F. J. M. J.
please
Honorable Duncan Scott,
Superintendent of Indian affairs,
Ottawa.

Dear Sir,

You probably heard that we are leaving the Kootenay Industrial School. It is not without regret for our sisters have worked so hard, made so many sacrifices at the beginning of the mission and have continued to devote themselves during thirty nine years.

We will never forget the cordial relations we had with the Indian Department and we will specially remember your kindnesses towards us. So I wish to thank you very sincerely for all you have done to help us in our work. I profit of the occasion to express my deep appreciation for your kind interest in all our Indian Schools where the sisters are so happy to devote themselves.

There will be a few financial questions to be submitted to you. If you allow me, I will be glad to meet you in Ottawa, after my return to Montreal in the first part of December.

With my sentiments of highest consideration, I have the honor to remain,

Your very humble,

Sister Amaine, fcsf.

Kamloops Indian Residential School

KAMLOOPS, B. C.

59, Blackwood St. New Westminster, B.C.
25th Novemeber, 1929

The Deputy Minister for Indian Affairs,

Sir,

It has been found desirable to make a change at St. Eugene's Industrial School, Cranbrook, B.C. and I am writing to respectfully request your approval for the appointment of Rev. Father J.M. Patterson, O.M.I. as Principal of that School. Father Patterson, who has been replacing Rev. Father Rohr at Willaim's Lake, has shown a very great apptitude in this kind of work. He has won the confidence of the Indian Parents and of the children and has a very practical knowledge of farm work. The Department will find that he will put all his energy into his work at St. Eugene's and I feel sure that his appointment will be the beginning of a new era of development there.

Father Patterson is already at Cranbrook, awaiting the approval of his appointment.

I believe that you have already been informed by the Sisters of Providence that they are leaving St. Eugene's.

Father Patterson will therefore be the Principal in fact as well as in name. He will take up at once the question of a new staff to replace the Sisters.

Yours very sincerely

W. Byrne - Paul M.I.
Provincial.

MEMO FOR FILE:

Hereunder is an inventory of all movable effects, etc., at the Kootenay Indian Residential School when the Sisters of Providence left, on or about December first, 1929. The Very Reverend Sister Amarine, Mother General of the Sisters of Providence, left this with the Department and expressed the hope that something could be done to reimburse them for equipment they had purchased. Little encouragement was given.

The Mother General also referred to the sale of some of their land to the Department and there is a special memorandum on the -9 of the file in this connection.

EXTRACTS FROM ASSISTANT COMMISSIONER PERRY'S
REPORT ON CONDITIONS AT KOOTENAY INDIAN
RESIDENTIAL SCHOOL, FORWARDED UNDER COVER
OF COMMISSIONER DITCHBURN'S LETTER,
No. 15/5/17999, dated June 16, 1930.

*Copy m-13 also
which is being
reviewed by
Dr. Stone*

Original on 155-0-5.

The tubercular condition of the children at the School and some who are now in the villages appears admittedly as a serious indictment of past administration at this School. A deplorable condition exists here, in fact, a worse condition than I have seen in my twenty-three years' experience with the Indians. I found the school a veritable tubercular institution. My information from Reverend Principal Patterson, Constable Ryckman and Agent Small is to the effect that up to November, 1929, the school was conducted by about eleven Reverend Sisters of Charity. These all left at that time, since when Reverend Father Patterson, O.M.I., has been in charge with other workers; that during the regime of these Sisters it was their practice to sell most of the milk and eggs and other produce in order to augment maintenance funds, disposing of these products at a rate of about \$250.00 a month; that the children were given skim milk and were poorly fed; that parents were forced to put their children in the School against the protests of parents, some of whom appealed to Dr. Coy, of Invermere, to give certificates of health to support their contention that their healthy children should not be sent to the Kootenay School to be contaminated by tubercular pupils known to be in the School; that children were kept in school in a tubercular condition until they were perforce sent home to die; that 50% of the pupils now in the School are in varying stages of tuberculosis; that with the exception of about two or three children the remainder are in a predisposed condition and easy contacts; that Dr. Green, medical officer, at Cranbrook, has averred and has told Dr. Stone, of the Department, that if the physically unfit were eliminated from the School on medical examination, the School would have to be closed; that the enrolment of pupils was 74, five of whom died in one year, eight were sent back to their reserves on sick leave with tuberculosis in too advanced condition to remain in school; that there are about 25 children in the villages of whom the majority are tubercular; that there are at present 61 children in the School, and that the maximum pupilage for this School is 84.

I interviewed both Dr. Green, of Cranbrook, and Dr. Coy, of Invermere, both of whom stated the conditions to be serious at this School. Perhaps the medical reports of these doctors on file may give some details of conditions. If such reports are not on file, something

must be wrong. For if the children are admitted as pupils in tubercular condition or are allowed to mingle with other healthy pupils in such a condition, contrarily to the regulations of the Department, those responsible should be questioned regarding the matter.

I have no reason to question the veracity of the representations made to me regarding the adverse conditions at this institution, both by the local Church representatives as well as by the Department's officials in the locality of the School and medical officers having to do with the pupils. But I would advise very strongly that if the conditions are as bad as I am led to believe they are, a medical survey should be made independently of the local medical officers without delay, in order that such facts may be given the Department as may not lead to any arguments. As a layman, I do not feel competent to qualify, as a result of a brief visit to the School, statements of men who have been there for years and have watched the problem more closely, but I do feel that a medical survey would be a safe and proper course to take. This recommendation is not based upon hearsay regarding the School, but upon conditions I saw for myself whilst at the institution. On the date of my visit, May 20th, 1930, there were 61 pupils, male and female, present as resident scholars. The Principal was distressed about the condition of the children who, he alleged, had undoubtedly been neglected in the past at the School. (No doubt the reports of the late Inspector R. H. Cairns (Indian schools for B.C.) would show to what extent the farm produce was disposed of here).

The children were being given cod liver oil with their meals. A nurse was in charge of them. One long table set apart from the others accommodated pupils whose tubercular condition had been pronounced more advanced than others; and the dishes of these pupils were gathered up after each meal and washed separately from the others to avoid contagion. The other accommodations at the School were open to the children collectively. The Principal told me that everything is being done that is now possible for these children and all efforts were being concentrated upon the health of the pupils, the institution being regarded as an educational sanatorium rather than strictly a residential School.

It is recommended that action be taken in the matter of a medical survey as soon as possible as it is possible that medical officers might recommend other suitable accommodations which may be found to be essential if this School is to be put into efficient use as an establishment for the proper treatment of tubercular Indian children.

The several matters reported on herein have been fully discussed with the School authorities and with our local officials, all of whom have endorsed verbally the representations made.

The observations of Reverend Provincial Grant, O. M. I., under this head must, regretfully, be read in the light of the preceding paragraphs of this report which qualify the assertions made in regard to the alleged malnutrition of the children of the Reserves.

- - - - -

The children must necessarily suffer to some extent on account of such conditions, added to the proverbial lack of the instinct of self-preservation which marks the progress of some Indian families. But this suffering does not appear to have been ameliorated to any great extent by the admitted lack of sustenance and attention given the pupils within the School, from a health standpoint, and it is therefore thought that the source of malnutrition may not be wholly traced to the Reserves.

EXTRACTS FROM DR. STONE'S REPORT

on
KOOTENAY INDIAN RESIDENTIAL SCHOOL.

PUPILS:

The children look particularly well nourished. Independent observers told me that the change in this respect in the last year is phenomenal. They appear really fond of the principal and staff. The absence of restraint and fear is very gratifying. There is practically no truancy now. They are well dressed, but I have seen cleaner looking clothes. Perhaps better laundry facilities would remedy this apparent defect. The oldest pupil, with one exception, is under 17 years old. I was told that there are no mental deficientes among them and no chronic bed-wetters.

There ought to be 100 children of school age in the agency. There are 69 in the school and not more than 4 or 5 not in.

Tuberculosis:

While present conditions are not as bad as anticipated, they are bad enough. Five pupils died of tuberculosis between Nov. 1929. and June, 1930 - none since - and none died after discharge and not accounted for above. Dr. A. S. Lamb, Provincial Travelling Diagnostician, has just completed a survey of the pupils - 10 - 12 have active tuberculosis and are potential dangers to the well. A further 10 or 12 are suspects but are not considered active at present nor dangerous to others. I should say that this latter group are more likely to improve than otherwise and may be left out of the calculation, unless they show fever or loss of weight.

After looking over conditions from all angles and after exhaustive discussion with Dr. Lamb, the Principal and Matron, the Indian Agent (Ryckman) and the local Dr., (Green), I came to the following conclusions, which are concurred in by Dr. Lamb:-

1. That it would not be advisable to discharge these tuberculous pupils to their homes, from the standpoint of the pupils or the families.
2. That there are facilities at the school and that the staff may be relied upon to provide reasonably effective measures for taking care of them at the school without turning it into a sanatorium or seriously disturbing its present arrangement.
3. That it will require more effective medical oversight than has been furnished in the past. Dr. Lamb makes semi-annual visits to Cranbrook

KOOTENAY RESIDENTIAL SCHOOL

- continued.

PUPILS:

Tuberculosis (continued)

and has undertaken to check up the pupils on each visit, to the extent of going over the ones known to be tuberculous, and any new suspects. I had a serious talk with Dr. Green. He is a man given to understatement, but is known to be very competent. I think he will give the necessary attention, both general and detailed. Dr. Lamb has undertaken to prescribe rules for separation of the tuberculous from the well. I went so far as to say to Dr. Green that the Dept. was very serious about this matter and was willing to pay for the amount of attention required for success but in any event wanted service. I think that the most likely source of defect is the danger of the Principal and Matron, who are pretty self-confident, undertaking measures without adequate direction. This will bear a little watching.

4. That some of the 12 or 12 known cases may be expected to fail and die. I expressed the view that these should not be sent home, particularly if there are younger children in the families. The school ought not to have, nor to try, to care for them after they break down, and I recommended that they be put in the Cranbrook hospital, unless the parents positively demanded their return home.
5. I directed that, until further orders, no child be admitted to the school, unless certified free from serious suspicion of active tuberculosis after the most careful examination available.
6. That, as a minimum measure of special assistance, the Department should pay the salary of a graduate nurse - \$960 - \$1200.- So long as the present nurse-matron remains and proves satisfactory, this will serve to pay her salary. Should a change be made, we should put in our own nurse.

Reverend Sir:

The Director of Medical Services has submitted his report upon his return from the Kootenay Indian Residential School.

With reference to the water supply, the Department has already written the Dominion Water Power & Hydrometric Bureau, asking for their latest report, and, upon receipt of this, immediate action will be taken.

Dr. Stone intends to discuss health conditions at the school with the Deputy Superintendent General and the Superintendent of Indian Education.

With reference to the general management of the institution, I am pleased to state that our officer was favourably impressed with the present management and staff. He also commented on the good relations existing between yourself, your officers and the children. He was particularly pleased with the energetic and intelligent management of yourself as principal and the matron of the school.

Vancouver B. C.

Jan 2nd 1932.

The Secretary,

Dept of Indian Affairs.
Ottawa.

Dear Sir.

In August 1930 I was removed from my position as engineer at the Kootenay Indian School, Cranbrook B.C. by the principal Rev Fr Patterson. At that time the Dept had just supplied new parts to the value of about \$4.00 for the repair of the engine and they also contemplated supplying new batteries to cost about \$3.000.

Fr Patterson produced a letter from the Indian Dept stating that on account of the expense they incurred in overhauling the lighting plant they found it necessary to insist on a qualified engineer being

Indian Affairs (RG 10 Volume 6452, file 884-1, part 2)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

employed. Having read the letter he dealt at length on the necessity of having a responsible person in charge, particularly on account of the new battery. He also stated that the Dept intended to pay a special grant for a qualified engineer. He asked me if I had the required qualifications. I replied that I had sufficient qualifications to satisfy the requirements, but when I attempted to produce evidence of them he prevented me from doing so.

He had employed a Mr Miles as carpenter a short time previously. This man represented himself as a qualified engineer from the University of Saskatchewan and he was given the position from that date.

Later I had an interview with the Secretary Dept of Indian Affairs at Victoria in connection with this matter. He denied that any

such letter was ever issued, neither did they ever raise any question about the engineer's qualifications nor did they make any statement about a grant towards the engineer's salary. The evidence of qualification which I produced was perfectly satisfactory. I also had a letter from the Registrar Univ of Saskatchewan, showing that this Mr Miles was unknown to them and that he had never been a student, or taken work at any time at the University. The secretary at Victoria said there was a possibility that this letter came from Ottawa, or from the Indian agent. I think the Indian agent is out of the question, he would hardly assume responsibility for such statements, and I think also that the matters dealt with in the "letter" would be outside his duties.

I have taken up this matter with Mr Patterson, but he is unable to give any satisfactory

155-0-1
Kootenay Indian Residential School,
Cranbrook, B.C. January 13th, 1932.

Mr R.T.Ferrier,
Supt of Indian Education,
Ottawa, Ont.

Dear Sir;

I have your letter File No.155-0-1 of the 9th instant regarding the discharge of Mr Byrne, and I wish to state that the letter referred to was a communication File No.116656-5, Jan.12th 1923 from J.D.McLean addressed to the Superior of the School at that time. It referred to the necessity of employing a competent man to take care of School mechanical equipment, and was shown to Mr Byrne in order to show him the nature of the position which he was applying for.

Mr Byrne was employed by the school for a few months as farm laborer and not as mechanic and was not summarily dismissed. On the opening of this position in August, 1930, Mr Byrne applied but I did not think him capable of giving us satisfaction, and consequently another man was appointed to fill the position.

In providing a suitable staff for the school during the last two years we have had to try out several employees and to reject some who did not fit; consequently there will be some when employment is scarce, who will try to secure reinstatement on any plausible reason.

I can assure you however that the above-mentioned party is not suitable for Indian School work, in our institution.

Yours faithfully,

J. M. Patterson, O.M.S.
Principal.

Ottawa, January 19, 1932.

Sir:

I have to acknowledge receipt of your letter of the 2nd instant, regarding your discharge from the staff of the Kootenay Indian Residential School.

Upon enquiry being made, the Department understands that you were employed by the school for a few months as farm labourer and that you were not summarily dismissed. The appointment of the staff at this school is in the hands of the Principal, who is responsible to see that the various members are efficient and carry out their duties satisfactorily. The letter mentioned by you was addressed to the Principal and referred to the necessity of employing a competent man to take charge of the school mechanical equipment.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Kootenay Indian Residential School,
Cranbrook, B.C. July 3rd, 1933.

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

On Inspector Pragnell's last visit I discussed with him and yourself the advisability of increasing the attendance quota of pupils for our school.

As we have applications for approximately fifteen children for admission in September and ~~very~~ few of age for discharge we will find ourselves with ninety or more children in attendance this autumn. We have ample dormitory space and classroom accommodation for this number. However I think it only fair that the maintenance expense of the full attendance should be borne by the Department.

The enforcing of attendance at this school has been particularly difficult in the past and it is only by painstaking effort and care ~~###~~ on the part of Departmental officials and myself that our Kootenay Indians have learned to appreciate the value of the education the Department is furnishing them until at present applications for admission are voluntary on the part of the parents. It would therefore have a very bad effect among the Indians if applications cannot be accepted because of lack of maintenance funds.

I would be glad if you would forward this application to the Department asking them to increase the quota so that the per capita grant may be given for an attendance up to ninety children.

Yours faithfully,

J.M. Patterson, O.M.I.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

11/2538.

Sir:

I beg to enclose herewith a letter received from the Reverend J. M. Patterson, Principal of Kootenay Indian Residential School, in which he makes application to have the school quota raised to ninety.

I beg to submit that before the Reverend Patterson took charge of this school there were numerous cases of truancy and of crimes and misdemeanors committed by these truants. Nearly every child had to be forced to attend school, and at the close of vacation and also at other times there was a great deal of expense bringing the pupils from their Reserves to school. In the past three years there has been no truancy whatever and the parents and relatives have brought their children to school at little or no expense to the Department, and in all cases they have been brought of their own free will.

In addition to bringing about a most decided change for the better at the school, the Reverend Principal has been of the greatest assistance in promoting order and decency on the Reserves, and I appreciate this assistance more than I can say. We now have the confidence of the Indians and are, for the first time in many years, in a position to work out plans for the improvement of the Reserves, and while it must of necessity take time to work out our plans, I feel quite confident that if we are permitted to continue as at present there will be a very decided change for the better on all the Reserves in this Agency in a few years.

It is for the above reasons that I beg to strongly recommend to the consideration of the Department the enclosed letter from the Reverend Principal. I sincerely trust that as a real aid in furthering our plans for the betterment of the Reserves his application for an increase in the school quota may be looked upon with favour.

The above is respectfully submitted.

Your obedient servant,

F. S. Ryckman,
Indian Agent.

Sir:

I have your letter of the 9th instant, enclosing a communication which you received from the Principal of the Kootenay Indian Residential School, in which he requests that a per capita grant be provided for an increase of ten pupils.

In reply I regret to inform you that, as our Appropriation for the present fiscal year has been so greatly reduced, it will not be possible to provide for increased pupilage at this school. At the present time, grant is allowed for 80 pupils, and this is the full number for which provision can be made.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

BARRISTER & SOLICITOR.

CRANBROOK,
BRITISH COLUMBIA

Mr. Speer

March 1st, 1934.

Department of Indian Affairs,
Ottawa.

Dear Sirs: Nelson Studio vs. Father Paterson.

This is a claim by the Nelson Studio of Forty-two Dollars against Father Paterson for a camera.

Father Paterson is at the Indian Mission near Cranbrook, and I suppose comes under your jurisdiction. I have written to him three times, and he ignores my letters. I had a similar experience with him before and I understand there are other outstanding accounts.

I would be much obliged if you would call Father Paterson's attention to the necessity of his paying his debts.

Yours faithfully,

George J. Spreull

Kootenay Indian Residential School,
Cranbrook, B.C. March 31st, 1934

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

On July 3rd, last, I wrote a letter through yourself to the Department requesting an increase in the attendance quota of our school. At that time the Department replied that no funds were on hand for that purpose. I wish to make the same request again trusting that the Department may now be in a position to grant my request.

At the present writing we have an attendance of 82 children and there are fifteen children who will be of school age this year on our reserves, and who should be attending school. There will be only three children of age for discharge this year.

We have ample dormitory space and classroom accommodation for a hundred pupils at least. However I think it only just that the Department defray their maintenance expense.

I am therefore asking the Department to increase our quota for which the per capita grant may be given to ninety five children.

Trusting that you will take this matter up with the Department for their favorable consideration, I remain,

Yours faithfully,

Rev. J.M. Patterson, O.M.I.

OFFICE OF
INDIAN AGENT

Kootenay Agency,
Cranbrook, B.C.,
April 7, 1934.

Sir:

I beg to enclose herewith a letter received from the Reverend J. M. Patterson, Principal of Kootenay Indian Residential School, in which he makes application for an increase in the School Grant from eighty to ninety-five.

In recommending this application for the serious consideration of the Department, I beg to call attention to the last paragraph of my annual report of March 29, 1934, file 10/3122, in which mention is made of the necessity of increasing the Grant in order that the Reverend Principal may be permitted to remain in this Agency. I beg to submit that I have been informed that plans are now being made to move the Reverend Patterson to another field and send another with less experience to take over Kootenay Residential School. It has taken more than four years to properly organise the school and Reserves and prepare to make progress, and should the Reverend Patterson be moved it will be almost impossible to work out the plans we now have under way for the advancement of the Indians.

Respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman
F. S. Ryckman,
Indian Agent.

Kootenay Agency, Cranbrook, B.C.,
September 3, 1934.

Sir:

I beg to submit the following report as to
conditions in this agency during the month of August 1934.

x

x

x

The end of the month saw nearly the full quota
of pupils in Kootenay Indian Residential school and we look
forward with confidence to another successful term. That the
attitude of the Indians has undergone a decided change with
regard to the school is clearly shown by the fact that of the
eighty odd pupils now in school every one has come in volun-
tarily and while I have not visited the school recently, the
Reverend Principal reports that all are in excellent
physical condition.

Practically all the hay and grain on the school
farm has been harvested and the yield is heavier than it has
been for many years. There will also be good crops of
potatoes, roots and vegetables, more than enough for the needs
of the school.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Kootenay Agency,
Cranbrook, B.C.,
August 8, 1935.

11/4116.

Sir:

I beg to report that when I visited Kootenay Residential School yesterday evening, on my way to Cherry Creek to attend to the automatic water gauge, I learned that arrangements had all ready been made to transfer the Reverend J. M. Patterson and that another member of the Oblate Order was expected to reach here in a very few days to take his place as Principal of the school. I accordingly sent the following night lettergram to the Department on my return to Cranbrook shortly after midnight:

"Have learned that Reverend Patterson to be transferred
"and new Principal appointed his place immediately Stop
"Believe it of vital importance to Department that no
"change be made at present STOP Will Department please
"take matter up with head of Oblate Order and have action
"postponed until letter reaches Ottawa."

I beg to submit that I am convinced that this proposed change is of the greatest importance to this Agency, and I feel it is only fair to all concerned that I explain to the Department the conditions at the school as fully as possible.

As the Department is aware, I have been in fairly close touch with Kootenay Residential School for nearly twenty-three years. For some eighteen years it was my duty to act as Truant Officer, which necessitated almost constant contact with the pupils, the teachers, and those in charge. I do not wish to speak disparagingly of anyone, but I saw conditions at the school during those years and I am quite sure that of the numerous complaints made the majority were not without foundation. There were a number of Principals, some of them very able ones, who tried to bring about an improvement at the school during that time but none met with success, and complaints from Indians and whites of poor food, too much work, tuberculosis and other sickness among the pupils, etc., continued to be heard on every hand.

When the Reverend J. M. Patterson took over the school late in 1929 conditions generally were so bad that it was doubtful if it could be kept running much longer. Of the fifty odd pupils in the building practically all were tubercular, and when Dr. F. W. Green examined them he stated that there were only a few of the total number who did not show unmistakable signs of the disease, and that he would not say that any were entirely free from it. Both the Doctor, the Nurses and the new Principal stated that the children were all under nourished and in very poor physical condition.

One of the first acts of the Reverend Patterson was to engage a Trained Nurse and turn the school into what was actually a tubercular sanitarium, as he realized that the health of the pupils must be restored, at least in part, and their bodies built up before progress in their various studies would be possible. Since that time all food used in the school has been prescribed by a Trained

The Secretary,

Ottawa.

Indian Affairs (RG 10 Volume 6452, file 884-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

11/4116.

a Trained Nurse, a very close watch has been kept over the pupils and those showing the least sign of illness have received prompt attention. Machines have been installed to do the heavy work formerly done by the boys, such as sawing and splitting wood, etc., and the heavier farm and house work is all done by hired help, either adult Indians or whites. The food regularly placed on the tables is much better than in the average home of white people, and the result is that the pupils are healthier and happier than they have been in the history of the school and are making better progress with their studies. Formerly children had to be forced to attend school and truancy was common among them, but in nearly six years not one child has been forced to attend and there has been but one case of truancy, that of a sub-normal boy.

The effect on the school has been great, but the effect on the Indians of the various Reserves has been even greater. Due to causes too numerous to mention at this time the Indians, with but few exceptions, had almost entirely lost faith in the school, the Church, and practically everything pertaining to law and order, and both the Reverend Principal and myself realized that until that faith was restored little or no progress could be made. That has now been accomplished, and the greater share of the credit is certainly due to the Reverend Father Patterson. I am quite convinced that since the first Principal of the school left this district no Priest has had such control over the Indians as the Reverend Principal now has, and to move him from this Agency before our plans have been properly worked out would mean, without doubt, a return to their former state within a very few years.

I realize that the financial condition of the School has not been at all good during the past few years, and in fairness to the Reverend Principal and the Department I feel that I should now report on this matter exactly as I see it, for it is my belief that finances, or rather lack of finances, is the real cause of the proposed change.

When the Reverend Patterson took charge of the school he also took over debts left by the former Principals amounting to some five thousand dollars. In 1930 the average number of pupils was only 59, in 1931 it was 67, the following year 70, in 1933 the average increased to 73, in 1934 to 80, and the present year to approximately 90 pupils. The school can not pay its way with less than about 85 pupils and maintain the present standard. I understand that prior to 1930 certain sums of money were paid in to the Oblate Order by the Principals each year, but because of the small number of pupils and the fact that so many were ill, it has been impossible to do this and, at the same time, keep out of debt and build up the school. The Department has done everything possible to assist, and the Reverend Principal has certainly done heroic work, but under the circumstances I think it very unfair of the Oblate Order to expect the Reverend Principal to pay debts contracted by his predecessors. As all ready mentioned, I have been in very close touch with the school and I am perfectly certain there has been no mismanagement and no extravagance. The Reverend Principal has not had, during his term of office, any proper assistance from the Oblate Order, but has had to run the school, the farm, the Missions, and the financial end of it alone. I am quite sure that if he had an experienced Priest to keep the books and look after office matters generally, and also make visits to the Reserves when necessary it would be of the greatest assistance.

Indian Affairs (RG 10 Volume 6452, file 884-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

00R-COFF

11/4116.

Until about three years ago the large farm owned by the Oblate Order was leased to Chinese, and as very little feed can be raised on the school farm the Reverend Principal was forced to buy some fifteen hundred dollars worth of feed each year, but since the farm has been taken over by him and properly cared for there has been no shortage of feed or garden truck. The school has been on a paying basis since the first of this year, but it is impossible to discharge the old debts.

The Reverend Principal has carried on the Missionary work on all Reserves in the Agency, and has also controlled the social work, which is, I believe, an entirely new departure in Roman Catholic schools in this Province, for in other Agencies the Missionaries are separate from the Principals. The present arrangement keeps the Indians in closer contact with the school, which is absolutely necessary in this Agency.

For confirmation of the above I would respectfully refer the Department to the Archbishop of the Oblate Order in B.C. at Vancouver.

In closing, Sir, may I respectfully request that this matter be placed before the Deputy Superintendent General for his consideration. It is my belief that it is of vital importance to this Agency and to the Department that the Reverend Father Patterson continue as Principal of Kootenay Residential School for at least a few years more, and I sincerely trust that the Department will use their influence with the head of the Oblate Order to have this brought about. I am quite sure that they are not at all familiar with the true situation here or the move would not even be considered.

The above is respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman

Re Cranbrook School

Dear Sirs,

In response to the request made to Father Doran
I am taking this means to inform you that The Provincial Council
of the Oblate Fathers has appointed Reverend Michael Murphy O.M.I.
to succeed Reverend Father Patterson O.M.I. as Principal of the
Indian School at Cranbrook.

I am sure that Father Murphy will give that same satis-
faction in cooperation that the Department received from Father
Patterson.

With my kindest personal regards,

Sincerely,

J. Scannell O.M.I.
Provincial.

EX'D.

Children are now returning to the Kootenay Indian Residential school which, among other things, will have the effect of slightly reducing relief orders for September. The personnel of this institution has been somewhat changed by several Sisters taking over the duties of different branches of the work, among them are two teachers, a dietician, nurse, laundress and Sister Superior. Thanks to a successful irrigation system Rev. Father Murphy has harvested an excellent crop of alfalfa and when winter comes he will have an abundance of feed.

INDIAN RESIDENTIAL SCHOOL

Invited by the principal and staff of the St Eugene Indian Residential school, it was my privilege and pleasure to attend a Christmas Tree entertainment and concert staged by the Indian pupils. It was quite evident that a great deal of thoughtful effort had been expended both by the teachers and pupils to produce the better type of acting, singing, and reciting that was so much in evidence that night. The children showed readiness to take their parts and were exceedingly pleasant to listen to. A steady improvement is noticeable at this school and the children have registered worthwhile progress during the past 12 months.

Health.

Probably due to wonderful weather there has been very little sickness on the Reserves. Old people are enjoying the warm sunshine and keeping well. Despite this fact, however, several cases of measles have broken out among the children of St. Mary's reserve and, while the form is mild and not considered a serious epidemic, Dr. Green Believes, and I am in full accord with his ruling, that the School must not be opened until October 1st and I may say that Reverend Father Collins and his able teaching staff are quite convinced of the wisdom of keeping the School closed until the epidemic has entirely disappeared.

x

x

Health:

At the beginning of the school year a slight outbreak of measles necessitated the children of St Mary's reserve remaining out of school for a period of 3 weeks in compliance with Provincial Regulations governing Public Health. Owing to this misfortune the school could not be opened until about the 20th. Since then, however, with the exception of Lower Kootenay where there are still several cases of measles, the children from all other reserves have returned to school together with 10 boys and 9 girls from the Okanagan Agency. In all other respects the various Bands are enjoying the best of health.

Inspector talks with Indian Parents.

After the completion of classroom work at 10 A.M. November 10th, a number of Indians, possibly 40 in number, gathered at the school to discuss certain phases of school management with the Inspector. Complaints were made regarding special privileges being accorded to children from the Okanagan Agency. They also wanted to know if it was right for the Sisters to pull the girls around by the hair and for the Oblate Brother to rough handle the boys. Further complaints were made about too much religion being taught and too much vocational training. The charges of either rough or unkindly treatment on the part of any of the Sisters or the Oblate Brother are, in my opinion, only imaginary and were dealt with in common with all other complaints raised in a most careful and convincing manner by the Inspector who tried and, I believe, succeeded in leaving the impression with them that the Kootenay Indian Residential School is a good school in every way and takes no second place to any similar Institution in the Province.

EX'D.

Kootenay Indian Residential School

It was indeed a pleasure to welcome Captain Barry, Inspector of Indian Schools, who, in response to a somewhat urgent request from a number of St Mary's Indians, kindly consented to make his annual inspection a few days earlier than he had otherwise planned. He arrived at Cranbrook on the 9th instant and started almost immediately for the school in company with myself. The following day, November 10th, it was my privilege to hear many favourable comments from the Inspector regarding the system of teaching employed at the school, the efficient and effective manner in which the different subjects were being presented to the classes and the marked progress so much in evidence over the previous year. In addition to classroom achievements other phases of school life were carefully looked into by the Inspector such as food supplies, laundry, clothing, sleeping accommodation for girls and boys, T.B. Children's separate dormitories, sewing room, dining room, weekly diet sheets, general sanitary conditions, heating, fire protection all of which, with the exception of fire protection, proved the system employed to be one of untiring effort on the part of those in charge to furnish the maximum of cleanliness, good care and comfort to each and every boy and girl attending the school.

EXD.

After a careful inspection of agency office files, the Kootenay Indian Residential school was visited and later a visit was made to each reserve, thus affording an excellent opportunity to become more closely acquainted with our problems here and to assist by their kindly and useful suggestions in the solution of certain unusual problems which may from time to time arise. The visits, I need hardly say were highly appreciated and have been productive of good results.

Oct. 15/41.
Hodgway J. R. School,
Crantbrook, B.C.

Dear Mr. Phelan. A few days ago, I wrote to you to thank you for having part of the grant forwarded before the regular time & for having Mr. Manual Trainer's salary increased to \$50.00. However, the quarterly reports & visits with the Agent to Two Reserves made me forget to post the letter - So, I thank you now & add another thank you for the flag which came yesterday.

As you may have seen by the reports, we have quite a number of absentees - be are still a little under our pupilage - Several just stayed at home on one pretext or another & others left to pick hops in the U.S. a few days before we opened. I expect the asked to make a report on the unsanitary & immoral & immoral atmosphere of these yards - The Department or one of its B.C. officials will likely get a copy of the report if it is ever made. It won't make pleasant reading - The remedy, in so far as the B.C. hop yards are concerned, is not difficult & should be applied as the Dept. has been given some adverse criticism on the subject. The question of the U.S. yards will be more difficult to remedy.

With kind personal regards,
C. J. Jones J.M.

CRANBROOK, B. C.

Sept. 4/42

Mr Philip Phelan,
Chief, Training Division,
Ottawa, Ont.

Dear Mr. Phelan:
Recd. Sept. 8th 1942
for 48-406 to
be sent to
Principal
9/7/42
SD.

Would you please send Mr. Indian Agent
Drwin or myself a supply of "Application for Admission"
forms (Form # 1-A 406) as I have only a few on hand &
he has none. I would ask Mess. through him but he
has just left and will be absent a few days on business
at the Columbia Lake & Shuswap Reserves & as I may need
these forms soon.

While I have a circular letter from the Department &
one from Father Plaurde stating that the length of the holidays is
60 days, I would appreciate a short letter from you saying
that the Department has generously allowed 60 days and
and that no Principal has the right to extend this time -
except, of course, when the doctor certifies that a pupil should
be kept out of school.

With kind regards,

Yours truly,

P.S. Thank you for the lumber
for the re-roofing of the furnace room.
P.J.

Ottawa,
September 10, 1942.

Dear Father Forbes:

Inquiries have reached the Department from time to time in respect to the holiday period actually allowed pupils in attendance at Indian residential schools.

Under existing regulations pupils in attendance at these schools are allowed the months of July and August. Principals are expected to re-open the schools on September 1 of each year. No Principal has the right, except in the case of an outbreak of disease and then only with Departmental sanction, to extend this holiday period.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Rev. G. Forbes, O.M.I.,

153/0/11

Mr Philip Phelan,
Chief, Training Division,
Ottawa, Ont.

Oct. 22/42
KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Hear Mr Phelan:

153/0/13
As the local Indian Agent will tell you, the doctor recently examined all the children here. He found many with bad or enlarged tonsils and strongly urged the 12 have their tonsils taken out immediately. I need not say that he is not just making work for himself - not only is he very conscientious but he expects to join the army within two weeks so that he would not benefit by the operations.

Very rarely has anyone but myself made out the Quarterly Returns. Someone else made out the June returns & I signed them after checking the Totals. While making out the Sept. returns, I noticed that pupil 0317, Celina Capilo, had been entered as present during the June Quarter - She was in the Coqualeetza Hospital during that Quarter. Financially, that error made no difference as our quota is 83 & the average attendance was 85.9.

153/0/13
I again request that the dental work be brought up to date. In the last 18 months, the services of a dentist were twice authorized but on neither occasion did the dentist finish his work. I do not wish to suggest that he was not within his rights in sticking to specified hours. In the Cariboo School & at the Christie School, Mrs English & Prince worked longer hours and finished their work.

Indian Affairs (RG 10 Volume 6452, file 884-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

If it is possible, I would suggest that the dentist be paid so much per filling or extraction & not by the day.

I am asking the local Indian Agent to apply for a refund of about \$90.00. I know that we have been very definitely told that we have no right to have work done without authority from the Department and, then, to expect the Department to meet the bill. The case was urgent. About a week before school opened, I was informed that many tools & some paints were completely out of order or working only because of makeshift arrangements. There was no time to get permission & have the work done before school opened & so, I had the work done. From a sanitary point of view, it was very urgent.

Mr Indian Agent Irwin has likely submitted the case of Terena Pierre to you. Technically, this girl is not a Canadian Indian because her Canadian mother married an American Indian. He abandoned his family who have always lived in Canada (Tobacco Plains Reserve). The mother works hard & one or two Indians help her a little to feed & clothe her children but she is poor. Technically, she may have no rights but to all practical purposes she is a Canadian Indian.

And what can be done in this case? Mr Irwin would quite naturally refuse to consider it on account of the very definite rulings of the Department. He has no right to disobey the Department. Has the Department the right to stretch a point? Two sisters were admitted to this school several years ago & they are still here. In the meantime, their Indian parents appear to have left the Tobacco Plains Reserve and have, I believe, thereby forfeited their Indian rights. They have sent me two younger children who are now here & whom they do not wish to have separated from the other two who were admitted some years ago. Those admitted by the Department are Edna & Margaret Auld. The other two,

Indian Affairs (RG 10 Volume 6452, file 884-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

whose names do not appear on the returns are Rose and Lillian Auld. They are Canadian Indians but - Technically, they are not. While I would like to have Teresa Pierre and the two Aulds admitted to the School by the Department, I do not wish to exaggerate. Although they would find it difficult, I think that the Aulds could feel & do for their children. I do not think that Teresa Pierre's mother could look after her daughter as she should. The little girl was thin when she came here and I think that it will be found that she will soon be a TB case unless we look after her. I would very strongly recommend that Teresa be admitted. There are good reasons for keeping the Aulds but the case is not so urgent -

The Department kindly increased the grant for the Manual Trainer from \$40.00 to \$50.00 per month & agreed to pay him for 12 months instead of for ten. He has been the agent & written to the Commissioner & perhaps to you asking for an increase in wages as he is steadily employed for 5 1/2 days per week from about 8.30 until about 5.30. I realize that the grant is only for an instructor in Manual Training & that the Department expects the School to pay him a certain amount if he is employed as carpenter. I do not believe, however, that, especially in a school with so small a populace, the Department would expect me to pay this man the remainder of his salary and to employ an additional carpenter also. On account of the urgent repairs needed, I have to keep a carpenter

and also to have the manual trainer on the job also.
I would ask either that the Department have all
necessary repairs made to the school building the
barn (where there have been 2 large doors & some small ones
missing 10 years in the hay loft, where replanking is
necessary, reshingling, repainting, etc.) and other buildings
or to pay the manual trainer a living wage & let
him and the other Carpenter do as much as they can -
I feel that you hold me responsible for the maintenance
of these buildings - I can't maintain them - I would
suggest that you have the Indian Agent or anyone
else go over the buildings & submit a report. Part of the
trouble seems to be that whoever built this school or
made the alterations skimped on material - Thus, Indians,
who were here as pupils when the school opened, tell me that
wooden floors had to be laid over the cement floors in the
basement because the hay made holes in the cement floor
with cows, with their nails, etc. - A man, who had to remove
part of a wall, told me that he found two nails in about
8 boards (V-joint) - I can show you boards in the floor which
never had a nail in them -

The Oblates have done and are doing their share.
About 10 years ago, we paid off an \$11000⁰⁰ debt &, just after
my arrival, the Oblates loaned me \$4850⁰⁰ to pay off
outstanding bills - Except for \$450⁰⁰ (which are put into an
auto needed here, - we are 6 miles from the Doctor, baker,
freight shed, etc.), we have put our salaries back into
the school as a "loan" - as there is no accommodation for
male help, the Oblates have given them two houses with
gardens - we charge nothing for the hay, grain, vegetables, etc.
grown on our farm & nothing for the O.M.I. beef eaten
here - one animal every two weeks -

Kindly return the enclosures which will indicate
that the children are well treated. These letters were written
voluntarily & without supervision -
Have you noticed on the returns the number of Ojibwa
absentees? With kind personal regards, C. J. Jones

Ottawa, October 30, 1942.

Dear Father Forbes:

With reference to your letter of the 22nd instant, your remarks regarding tonsil operations and additional dental service are being brought to the attention of the Medical Division.

I will review the files with reference to Teresa Pierre and the Auld children.

In connection with the repairs required at the school, there is an amount of \$550.00 included in this year's appropriation. We have expended \$242.14 in repairing the boiler room roof, which leaves approximately \$300.00 still available. Consequently, we can handle an account for \$90.00 and would appreciate hearing further from you in regard to the manner in which you desire to expend the remainder. You understand, of course, that if there is any material required, definite information should be supplied in order that the purchase may be made through our Purchasing Branch.

I regret that it is not possible for us to make any further increase for vocational training instruction.

I enclose the letters which you forwarded.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Dear Emanuel,

I have a great deal of pleasure in advising you that your entry in the recent Poster Contest sponsored by the British Columbia Tuberculosis Society has won for you the award of a Trophy Cup and Five Dollars in War Savings Stamps.

For your efforts You can feel that you have not only won a prize, but you have at the same time made a worthy contribution to the anti-tuberculosis cause, and joined in the ranks of the Army of Crusaders in the fight against Tuberculosis.

I am very happy indeed, to enclose herewith Five Dollars in War Savings Stamps. Your Trophy Cup will go forward to you within a very short time.

With sincere good wishes,

Faithfully

Fred T. Arnett

Ottawa, April 28, 1943.

Dear Father Forbes:

It was to me a source of great satisfaction to receive your letter of the 20th instant and also copy of a letter received by Emanuel Teneesse from the Honorary Secretary-Treasurer of the British Columbia Tuberculosis Society.

I am anxious that you should convey to this pupil the congratulations of the officials of this Division. The fact that he has won this prize reflects great credit, not only on the pupil himself, but on the teachers responsible for his instruction.

It has occurred to me that this pupil might be encouraged to take up high school studies and perhaps be given a year or two instruction in drawing or commercial art at the Calgary Institute of Technology. Any comments you may care to make or any recommendations you may care to send forward in this connection will be very sympathetically reviewed by this Department. It is noted, of course, that this boy is only 12 years old, so that it will not be necessary to reach a decision in respect to this matter for a year or two at least.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Indian Residential School Reopens With Enrolment of 90

(From Our Own Correspondent)

CRANBROOK, Sept. 11. —The Indian residential school, which provides for the education of Indian children of the interior of the province, opened its term last week with an enrolment of about 90 children from seven to 16 years from the Shuswap, Kootenay and Okanagan tribes.

These children receive the same basic education given in public schools throughout the province with amendments to meet special needs. For health reasons the pupils have only a half school-day in classes, while the other half is devoted to practical outdoor education. Special health attention is given, including treatment for trachoma and sound training in tuberculosis prevention. The school has a small preventorium.

Practical education includes farming, manual training, carpentry, animal husbandry, cooking, sewing, dairy work and beadwork. A music

course is also popular.

The children help in the maintenance of their stone residential building, and the Department of Indian Affairs pays a daily grant on the basis of each child.

Practically self-sustaining, the school and the adjacent farm run by the Oblate Fathers raise their own vegetables, beef, supply their own milk, cream and butter.

Father G. Forbes, O.M.I., is principal, with Rev. F. Stafford disciplinarian for boys, with three male instructors for the boys' practical courses, while seven Sisters of Charity of Halifax are also on the staff as teachers, nurses and housekeepers. A first aid course given by the nurse was started this year.

Principal aim of the school is to prepare the youngsters for becoming self-sustaining citizens in the case of the boys, and the care of homes for the girls, with maintenance of sound health a dominant factor.

School:

The Kootenay Indian Residential School has again settled down to its regular routine. On the occasion of my recent visit the Dormitories, Preventorium, Class rooms, dining room, kitchen, pantry etc. were all spotlessly clean and the excellent spreads on the Dining room tables was proof conclusive that the children are not being stinted for food, on the contrary they are being well supplied with the necessary varieties of healful, nourishing and appetizing things to eat.

The three run-away girls mentioned in my last report have since returned to school. They were picked up at McLeod, Alta. by a R.C.M. Police, and escorted back to Cranbrook by a priest.

The three young boys who were mentioned in my last report as having run away from school tried it again this month. The weather, however, was uncomfortably cold so much so that one little lad returned to the school of his own accord before completing his first night out. The other two were located and brought back the following day.

Main Roof repair work undertaken at the School by the Firm of Patmore Bros., in which only Tremco products were used has been in as far as one can tell at the present time satisfactorily completed. The job appears to have been well done, and it is not thought possible that further trouble in this connection will be experienced for many years to come.

School;

It just happened that the Residential School was visited three times during the month at the noon hour. On each occasion a visit was paid to the dining room, once with Mr. Inspector Coleman, who presented prizes to two of the senior girls who had excelled in culinary achievements. And twice unexpected visits, on each occasion the tables were well stocked with nicely prepared nutritive and appetizing foods to which the pupils and two members of the Staff, sitting at a side table and eating the same food, appeared to be doing full justice.

School;

The usual activity prevails at the Kootenay Indian Residential School, perhaps a little more so now when seeding operations are in full swing. On the occasion of my last visit, the children under the direction of the Rev. Principal Forbes were busy planting a large number of raspberry and a few currant bushes, about 700 in all. These operations will be followed shortly by the planting of a school garden which will consist of illustration plots of vegetables and grasses. The seeding and developing of this garden is made possible by the action of the Department in supplying the necessary seeds, fertilizers etc. The seeding and developing of the plots will be carried on by the children under the supervision of the Agricultural Representative Mr. James Allan. The Rev. Principal Forbes and the Indian Agent.

The interior of this school is always kept very clean. The meals served are well prepared, composed of wholesome appetizing food. The children too in keeping with the general environment appear to be happy and certainly very clean.

The laundry rooms, never as bright as they ought to have been for lack of proper lighting, have been kalsomined a clean and cheery white which has the effect, despite poor lighting, of making them appear ~~xxxx~~ very bright.

Residential School

The Rev. Principal Forbes and his staff are fairly well organized to begin what it is hoped may finish the best of all school years. Pupils are now on their way from the different Reserves. In a day or two the classes will be resumed and the old routine will be once more under way.

INSPECTION REPORT
KOOTENAY INDIAN AGENCY
January 26th to February 23rd, 1944.

X X X
KOOTENAY I.R. NO.1 (St. Mary's) 1725 acres. Population 161.

No routine inspection was made of this Reserve as it was in the middle of winter and time did not permit more than a cursory examination of it. The following are notes of those details observed and discussed with the Agent.

XX XX
HEALTH:

The incidence of T.B. appears to have been high and accounted for most of the high death rate in the past and probably a large contributing factor to the altogether unnecessarily high infant mortality. I suspect that the maternal affection of this group is below that of Indians elsewhere in the Province.

At one time good work was done by the Rev. Sisters - Nurse at the Residential School, but the small monthly grant of \$20.00 for her services as dispenser was discontinued in March or April 1941. Sister Marion Clair, a graduate of Massachusetts General appears to be a very intelligent and devoted woman, and I am of the opinion that we are overlooking a good opportunity in not employing her on a part time basis at a salary of \$25.00 per month, plus a limited car mileage, to visit Indian homes on this Reserve and carry out an active anti-tuberculosis programme in addition to the work usually devolving upon a field matron, particularly on such subjects as pre-natal and postnatal care and child welfare. She has, of course, visited cases of urgency when called or became aware of the need, but what is required is regular visitation with encouragement of providing better homes and cultivation of gardens from a health point of view. The Rev. Principal understands that the nurse was included in the school staff at the request of Doctor Stone who agreed to pay the cost of her salary and that the Department's files will show this. However, the suggestion here is not in respect to her services in the school with the children, although undoubtedly they result in a considerable saving of hospitalization to the Department, but to her part time employment among the Indians of St. Mary's Reserve.

Mr. F. Phelan,
Superintendent of Welfare and Training,
Booth Building,
165 Sparks Street,
O T T A W A.

Dear Mr. Phelan,

I am now in a position to advise you that Reverend Father Forbes is leaving Cranbrook Indian School. For some time past his health has not been at all strong. During the many years he has been associated with Indian work he has certainly devoted himself whole heartedly to those under his care.

Acting on the suggestion of the Inspector of the School I have looked around in order to find a Principal who would have a thorough practical knowledge of farming. I am, therefore, submitting to the Department the name of Reverend Father Gerald Kelly to succeed Father Forbes as Principal. Father Kelly has had many years of agricultural experience, and amongst other positions has held the office of Bursar in our Establishment on the Montreal Road. I do not anticipate any difficulty on his part in adapting himself to his new surroundings. When speaking to Mr. Hoey some time ago, I mentioned the possibility of this change, and he did not see any objection to Father Kelly's appointment.

With my kind regards.

Yours sincerely,

J. Scannell O.M.I.
J. SCANNELL O.M.I.

Your File 155-0-1

I have your letter of August 20th advising that Reverend Father Forbes is giving up his duties as Principal of the Kootenay Indian Residential School and will shortly be succeeded by Reverend Gerald Kelly, O.M.I.

Reverend Father Forbes is held in the highest esteem by the officials of the Department here, and it is with genuine regret that we learn that he contemplates giving up the work at Cranbrook.

I may say that I have known Father Forbes for many years, having first come in contact with him when he was Principal of the Cariboo Indian Residential School. His kindly and sympathetic interest in the Indian people has won for him a lasting place in their affections. No one could have worked harder or more devotedly on their behalf and I am sure that many of them will learn with real sadness of his withdrawal from the work in which he was so active on their behalf. As is unavoidable in an administration such as ours, differences of opinion regarding certain matters arose from time to time, but these have not lessened in any way the great regard in which he has been held by the Commissioner and other officials of this staff.

I wish to assure you that this office will extend to the new Principal every possible assistance in the task to which he has been called.

D.M. MacKay,
Indian Commissioner for B. C.

QUARTERLY REPORT ENDING SEPTEMBER 30th, 1945, ON KOOTENAY AGENCY

XX

XX

XX

School:

Rev. Father Gerald Kelly arrived on Sept. 21st to replace Rev. Father Forbes as Principal of the School. Father Kelly will appreciate the work done by his predecessor and will find a willing and intelligent staff to work with. The primary teacher took Summer School classes in Victoria and wishes to put into practice what she learnt. This training is particularly well suited for Indian children so that it should prove to be a success. School articles were recently requisitioned to enable this teacher to carry out this project. Supplementary readers and more library books are urgently needed. Father Kelly appears to accept the challenge which this school presents and I am sure will make a success of it. No effort will be spared to give him co-operation, and I trust that repairs and supplies required to carry out this programme will be supplied at an early date.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

Re: St. Eugene Indian Residential School, Cranbrook

Among the matters brought to my attention by Reverend Principal Kelly when I visited the above-noted school last month was the difficulty the institution continued to experience in meeting the costs of operation. I am inclined to think that this situation is partly due to the small grant-earning income of the school.

At the time of my visit there were seven children in the school in excess of the grant-earning pupilage and I was informed that there were twelve others not attending any school who should be admitted. An increase of ten in the number of pupils for whom the grant is authorized would greatly assist this school financially and as accommodation for at least this additional number can be provided, seven of whom are already in the school, it is felt that the Department would be justified in approving this increase.

I may say that I was very favourably impressed with the new Principal, Reverend Gerald Kelly. He is a keen, young, active man and has already shown evidence of having taken a firm hold on the administration of the school. He will, I am sure, measure up well to the heavy responsibilities of the Principalship.

The school is badly run down and consequently much is needed by way of repairs and improvements. I advised Father Kelly that the work required could not all be attended to at once, but that we would do all in our power to assist in having the most urgent items attended to as quickly as the necessary funds could be secured.

AGENT'S REPORT FOR THE QUARTER ENDING DECEMBER 31st, 1945.

XX

XX

XX

I beg to submit that in this report I have endeavoured to show that a certain amount of progress has been made by the Indians of this Agency in the past six months, but it is difficult to explain the marked change in the attitude of the Indians toward the school, the Department and this office, and law and order. The greatest change of all has been in the Kootenay Indian School, and it is really due to the great change brought about in the institution by the rev. Principal. Complaints are just echoes of old grievances and the Indians speak of the school with more respect and pride. In addition to the school the Rev. Principal has been of great assistance in dealing with problems on the Reserve. I appreciate his help and trust that he be allowed to remain in this Agency for at least several years. These Indians have many redeeming characteristics as shown in their record of enlistments, and I feel that with old prejudices breaking down and their confidence returning, they will soon be in shape to make some real progress.

XX

XX

XX

Welfare and Training:

The Kootenay Indian School under the efficient leadership of Reverend Gerald Kelly, O.M.I., has made very steady progress during this quarter. The pupils are making rapid progress in their class room studies, domestic science, and manual training. The tubercular patients have shown very satisfactory improvements. There has been little or no sickness in school during this quarter except for five cases of measles, one reported on December 17th and four on December 29th. Antimeasles serum was used on the contacts and it is hoped that this epidemic will reach no great proportions. The pupils are well nourished and their health is carefully looked after by Sister Marion Clare. The pupils were vaccinated against small pox, and will be vaccinated against typhoid as soon as the measles is over. The school is well supplied with milk, eggs, vegetables and fruit.

This school carries eight pupils in excess of its quota. Three Auld children, who do not belong to the reserves, will be returned home as soon as the quarantine on measles permits, however, this still leaves us short of space for twelve pupils from the Columbia lake and Shuswap Reserves who should be returned to school, not only for their own good but as a matter of discipline. This matter has been referred to the Department and I am awaiting a reply before taking any action.

The fire extinguishers requisitioned for the school were finally received, and fire drills are held as per regulations. One unscheduled rehearsal was held at 5:00 o'clock one morning when the new fireman and night watchman inadvertently pulled the fire alarm. This proved to be a good and successful fire drill. In addition to the night watchman and fireman, Rev. Father Kelly has hired a new farm manager, who has good recommendations.

On my last inspection it was noted that good work had been done in redecorating the girls play room, several chairs having successfully been re-upholstered with bright materials. Kindergarten tables and temporary chairs as well as other objects have been fashioned in the Manual Training department. The domestic science department does excellent work in cooking under the direction of Sister John Anthony and Sister Catherine Mary's sewing class produced very good work. The pantry and hallway near the father's dining room has also been redecorated.

The situation with reference to the plumbing at the school is still bad, even though some of the toilets were temporarily repaired, flush actions, etc. are so far unobtainable. One urinal near the boys dormitory was put in working order and all taps were replaced.

....

Kootenay Agency,

Welfare & Training (cont'd)

period of years since the power line first crossed the reserve. I would earnestly ask the Department's consideration of this project in the near future on the grounds both of good economy and efficiency.

Unsuspected talent was discovered in the pupils of both sexes by the Principal when he initiated their training for concerts to be given on special occasions. In the first, at Christmas, the performers were somewhat self-conscious, but this was completely absent when on St. Patrick's Day an excellent program was enjoyed by a large crowd.

There are further improvements to be seen on every visit to the school not only in the building and furnishings, but, in and out of school. The Principal, Father G. F. Kelly, has worked untiringly toward a more attractive life for his charges. Under his direction the Kootenay Indian School promises to rank beside any in British Columbia.

Welfare & Training:

At the Kootenay Indian school continued progress is being made both in and out of the class room. The children are well cared for and have an excellent record of health. A number of replacements have been procured for worn out beds in both the boys' and girls' dormitories. A program of cleaning and painting in the lavatories and several changes in plumbing have made for better hygiene, but a continued project for redecoration of the basement passage ways is urgently needed. Because it was found impossible to procure replacement parts, the toilets on both sides of the school are still awaiting repairs to seats and flush actions.

The school is carrying several pupils above its dormitory quota, but more pupils could be accommodated comfortably if some small low-cost changes were effected. This would make possible acceptance of a number of school age children from Columbia Lake and Shuswap Reserves upon whose parents pressure is being applied to have them send their children to school.

Much trouble has been experienced in recent weeks with lighting and pumping equipment at the school. A series of breakdowns has necessitated repairs to all three power units, overhaul of the emergency 4 k. w. ~~three~~ generator, replacement of water pump and batteries, at considerable cost to the Department and to the discomfort and inconvenience to the residents of the school. The Principal and many of the staff laboured for days with some outside help to restore services to normal. From time to time representations have been made to the Department to have an installation made, connecting the school to the East Kootenay Power Line some two miles distant. Though the initial cost is large, so too has been the cost of upkeep of the school's present, inadequate power, electrical and water equipment over the

Kootenay Agency,
Cranbrook, B.C. July 8th, 1946

Indian Affairs Branch,
Dept of Mines and Resources,
Ottawa, Canada.

The following is a report on conditions in
the Kootenay Agency, during the quarter ended June 30th, 1946.

WELFARE AND TRAINING:-

At the end of the school year one or two
teaching Sisters at the Kootenay Residential School are to
be replaced. It is hoped that their replacements will have
higher academic qualifications and more recent instruction
in teaching methods. The school would benefit too from a
thorough inspection by a qualified educationist. But above
all else the services of a social worker are needed to follow
former school pupils into their homes to advise and assist
them toward clean, sanitary housekeeping habits.

Lighting and pumping equipment at the School
gave good service after several replacements in the last
quarter, but a pressure tank in the water system caused a
breakdown of water supply and demands replacement.

Authority has been received for alterations
in the school building to make two balconies tenantable for
preventorium purposes.

A large piece of land, formerly a garden, has
been made available to the children for a play ground.

J.V. Boys,
Indian Agent.

EX'D.

Extract from report of J. S. Dunn, Indian Agent,
Kootenay Indian Agency, Cranbrook, B. C., dated January 2, 1947.

Original on 75-155

Welfare and Training:

The Reverend Gerald Kelly, O.M.I., and his staff have done excellent work during this past quarter at our Kootenay Indian Residential School, but much remains to be done before this school can be brought to a high standard of efficiency.

Utilities in general continue to be the greatest problem. A new hydro pressure tank has been procured to replace the worn out domestic water supply tank, but due to extreme weather conditions prevailing at this time, it is impractical to have this tank installed until spring. The extreme hardness of the present water supply has proven costly in water softeners, replacing heating coils, and generally impairs the efficiency of all heating equipment. It is hoped that replacement of the worn out soft water supply line from St. Joseph's Creek can be started in the near future. Although this water is unfit for domestic purposes, it would give a good supply of soft water for general purposes as well as a much needed additional supply for fire protection.

A Mr. McKinnon has been engaged to instruct the classes in manual training. This man has had considerable experience in this type of teaching and it is hoped that progress will be made after the commencement of school January 6th. This vocational training department has made little or no progress since the opening of school last fall due to the inability of procuring a suitable instructor.

Installation of drinking fountains in the dairy barn have been completed and will undoubtedly prove their worth in higher milk production.

Light and power facilities are performing well, but are inadequate and a considerable course of work and worry for the attendants and it is to be hoped that arrangements will one day be made for the acquisition of Hydro power facilities, this in itself would form the groundwork for an efficient

Indian Affairs (RG 10 Volume 6452, file 884-1, part 3)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

poor copy

system of utilities.

Considerable difficulty was occasioned in persuading the parents of tardy pupils in sending their children to the school. This aversion seems to have disappeared and Indians who at the beginning of the term were completely immune to any kind of persuasion have voluntarily brought their children in.

With 99 (ninety-nine) pupils on the roll, the school is comfortably filled. The children all appear much happier than when they first arrived for the fall term; their work in the classrooms has improved, particularly in drawing and painting, writing and arithmetic. The new system instigated this fall whereby the two junior grades receive full time instruction has shown marked improvement over the work done in these two grades in previous years. Another plan for improvement also shows results, This plan is fulfilled in a study period every evening for all classes. Four of the more advanced pupils are now taking grade nine work from grade nine curriculum and their teacher reports fine progress, especially in English and Mathematics.

Another fine improvement appeared at the school over the Christmas holidays in the form of a new 16 m.m. sound and moving picture projector. Two good films and a short were procured for the holiday season and school children and parents alike turned out in full force at every showing. The school has obtained access to the local National Film Board Library here in Cranbrook and have applied to the Visual Instruction Service at University of B. C. for educational films.

At the time of my last visit to the school, the children were happily engaged in winter sports, the skating rinks and toboggan slides were in full swing. The school itself was decorated in festive apparel from attic to basement. These decorations were truly artistic and were a credit to the supervisors and proof of the artistic temperament of the Indian children.

Altogether the morale of the school shows a decided improvement from the time of my last quarterly report and Father Kelly has shown great perseverance with considerable success in overcoming parental distrust and aversion to the school, and, despite a woeful lack of funds, continues to lay plans for future improvement.

Mr. B. F. Neary,
Supt., Welfare & Training,
Indian Affairs Branch,
Ottawa

Dear Mr. Neary:

I am enclosing a few pictures of the interior of our school which I thought you would be interested in seeing. While we have a long way to go yet I feel we are making some progress.

I hope to be in Ottawa at the end of the month at which time I hope to be able to see you. Although we are getting along fairly well this year we still have a few 'headaches', not the least of which is the lack of power. If the report made by Mr. Ruddick, Consulting Engineer, for the Dept. of Mines & Resources, has reached the Indian Affairs Branch we should soon be seeing some definite action. He was amazed that we were operating with such inadequate facilities. I hope his report was as strong as his words while here.

Sincerely yours,

G. D. Kelly, O.M.I.,
Principal.

Dear Father Kelly:

I have for answer your letter of October 14 and we were very pleased to receive the pictures which you forwarded. I have taken the liberty of sending them over to Major MacKay who, I am sure, will appreciate seeing them.

I was in southern Alberta about a fortnight ago but that was as far west as I was able to get. I should be in Ottawa at the end of October and will look forward to seeing you at that time.

Sincerely yours,

B
Bernard F. Neary,
Superintendent of Education.

EXTRACT FROM REPORT OF THE KOOTENAY INDIAN AGENCY
FOR QUARTER ENDED DECEMBER 31, 1948

"Residential School

The Kootenay Indian Residential School under the capable leadership of the Reverend G.F. Kelly O.M.I. continues to provide satisfactory services to the welfare and education of the Indian children in their care. The spirit of the staff and the attitude of pupils and parents alike is commendable. Several of the parents made a special trip to the office to remark on their satisfaction of the fine progress of their children during the past term.

The additional classroom provided this past term has relieved the overcrowding and has been used to fine advantage by the staff in their program of increased hours of tuition to the pupils.

Of seven pupils that have been recommended to High School since September 1947 only four are at present continuing their education. Two are taking grade ten and two are in grade nine at the Cranbrook High School. Their progress is not outstanding but has been reported as entirely satisfactory.

A full quota of supplies for the Manual Training and Domestic Science classes has been supplied by the Dept., as well as a fine array of sporting equipment. A good fall of snow plus extreme cold weather finds the two outdoor skating rinks and toboggan slide in fine condition and swarming with the pupils and staff alike at every opportunity.

The main pipeline to replace the old line that supplied the school with soft water from St. Joseph's creek was laid this past quarter; due to extreme weather conditions prevailing it was impossible to complete all connections and completion of this project had to be deferred until next spring.

The main school building has received two coats of paint on all exterior trim, all cracks in the cement and stonework have been sealed with caulking compound. The completion of this big project gives great satisfaction to the Reverend Principal and myself and needless to say it will prolong the life as well as it has greatly improved the appearance of this fine structure.

Our inability to procure the services of a qualified Instructor for the Manual Training class is regreted. The vital importance of this branch of education is fully realized but at present the only instruction the boys are receiving is obtained through assisting with general maintenance of the school property."

EX-101
ORIGINAL ON
75-155

I respectfully submit the following report on the general administration of this Kootenay Indian Agency for the quarter ended March 31st, 1949, having endeavoured to cover all points of interest vital to the Kootenay Indians and to the Indian Affairs Branch.

X

X

Education.

By popular request the St. Patrick's Day School Concert was repeated before an overflow audience at the St. Mary's Hall, here in Cranbrook. With a cast of fifty-two girls and boys a one hour and a half programme of Irish songs, skits and a one act play surprised and pleased an appreciative audience. The Rev. Principal and his staff are to be commended on the costumes and continuity of this fine performance which provides the local public schools with a goal they will find difficult to equal. Their first appearance in a role of this magnitude the Indian children behaved like veterans and enjoyed every moment on the stage.

, June 8, 1949.

Mr. J.S. Dunn,
Supt. of Indian Agency,
Cranbrook, B.C.,

On checking the March Quarter Return for the Kootenay Indian Residential School, it showed an enrolment of 110 pupils with an average for that quarter of 109.09. The authorized pupilage at this school is 100.

Please let us know the three dimensions of the dormitories in this school. As you know, the Department expects that there should be 500 cubic feet of air space per pupil in each dormitory. Funds at our disposal will not permit us paying per capita allowances for more than the authorized pupilage, unless official approval is obtained for an increase in the authorized pupilage.

Philip Phelan,
Chief, Education Division.

Re: Pupilage, Residential School
Your File 884-1 (E6)

With reference to your letter of June 8th, 1949, in connection with an enrollment of 110 pupils at our Kootenay Indian Residential School when the authorized pupilage, under the rule of 500 cubic feet of dormitory air space per pupil would apparently limit an authorized pupilage of 100.

Our Voucher No. 51, of February 14th, 1949, in favour of L. Lundy, Cranbrook, B.C. forwarded through Commissioner Arneil's office covered alterations at the school providing additional dormitory space and one additional classroom.

The additional dormitory space provided at that time 40X24X10 - 9600 cubic feet increased the dormitory space at this school from 51,440 cu. ft. to 61,040 cu. ft. being sufficient under the 500 cu. ft. per pupil requirements to accommodate 122 pupils.

Further to the above, it is my personal opinion that qualified inspection would agree that air space, lavatory, fire protection and general conditions provided are more than adequate to warrant an authorized pupilage of 120.

J. S. Dunn,
Superintendent.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

On checking the March Quarterly Return of the Kootenay Indian Residential School it showed an enrolment of 110 pupils with an average for that quarter of 109.09. The authorized pupilage at this school is 100.

We wrote to Superintendent Dunn to obtain the number of cubic feet of air space in the formitories. For your information, I attach a copy of his reply.

Before submitting a request to the Minister for his approval of an increase in the pupilage of this school, we would appreciate having your comments.

Bernard F. Neary,
Supt. of Indian Education.

Re: Pupilage - Kootenay Residential School
Your File 884-1 (E.1)

I refer to Mr. Phelan's letter of June 28th.
An increase in the pupilage at the above-mentioned
School from 100 to 120 was authorized in Mr. Neary's
letter of August 11th, 1948, file 155-0-1 (E.1).
It is assumed, therefore, that it will be unnecessary
to again approach the Minister regarding an increase
in pupilage at this School.

Residential School

The Rev. G.F. Kelly, O.M.I., Principal, ably assisted by Sister Paul, Superior, and a fine staff continue to provide excellent service in the welfare and education of one hundred and five Indian pupils enrolled. Morale among the staff, pupils and parents alike is greatly improved over conditions that prevailed two or more years ago.

Parents from Columbia Lake, Shuswap, Lower Kootenay and Tobacco Plains Reserves journeyed up to one hundred miles to attend the Christmas concert by school pupils on the evening prior to the Christmas school holiday. The singing, dancing and acting by these Indian pupils was excellent and drew very favourable comment from parents and guests.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay Indian Residential School for the Quarter ended March 31 1941

Principal

Dated March 31 1941

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay Indian Res. School for the Quarter ended June 30 1911

Principal G. J. Jones Esq.

Dated July 4th 1911

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kookerway Ind. Res. School for the Quarter ended Sept 30 1941

Dated Oct 4 1941
Principal G. J. Jones

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Beaulieu

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C. School for the Quarter
ended December 31 1941

Principal C. J. Jones

Dated Jan. 3 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance
and tuition at the KOOTENAY INDIAN RESIDENTIAL SCHOOL School for the Quarter
ended March 31 19 42 PRINCIPAL C. J. McKee

Dated April 7th 19 42
Principal C. J. McKee

I have carefully examined the within Return and hereby certify that it is correctly made
out in accordance with the instructions of the Department.

Dated at Cranbrook

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the KOOTENAY INDIAN SCHOOL School for the Quarter ended June 30 1942.

Principal S. J. McNeil

Dated July 2 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay Indian Res. School for the Quarter ended Sept. 30 1942 BC.

Principal E. J. Mus Oney
Dated Oct. 3 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Hootenay Indian School for the Quarter

ended Dec. 31 1942

Principal E. J. McCall

Dated Dec 30 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Cranbrook B.C.

this 5th January 1943

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....Kootenay Indian Residential.....School for the Quarter ended.....March 31.....1943.....

Principal.....

G. J. Jones

Dated.....April 7th.....1943.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at.....Brandon.....

this.....10th April.....1943.....

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Koolenay Indian Res. School for the Quarter

ended Sept. 30 19 43

Principal P. J. Mees

Dated Oct. 3rd 19 43

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kookeray 2d School for the Quarter

ended Dec. 31 19 43

Principal G. J. Mees

Dated Dec 31 19 43

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended March 31 19 44

Principal C. Jones

Dated April 3 19 44

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the KOOTENAY INDIAN SCHOOL School for the Quarter

ended June 30 19 44
Principal G. J. Jones

Dated July 2nd 19 44

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the KOOTENAY INDIAN SCHOOL School for the Quarter

ended Sept. 30 1944

Principal F. J. Jones

Dated Oct 4 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....
KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C. School for the Quarter
ended Dec. 31 19.44

Principal.....

Dated Jan. 1 19.45

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the KOOTENAY INDIAN SCHOOL
CRANBROOK, B.C. School for the Quarter

ended June 30 1945

Principal C. Jones

Dated June 30 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

W. B. Caldwell
Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay 2nd Residential School School for the Quarter ended Sept 30 1945
Principal L. E. Kelly
Dated Oct 3 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kistenuy and Bevil School for the Quarter ended Sept 30 1945

Principal J. E. Kelly

Dated Oct 3 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay Indian Residential School School for the Quarter ended Sept. 30 19 45

Principal J. P. Kelly

Dated Oct. 3 19 45

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C. School for the Quarter
ended Dec. 31 1945

Principal J. H. Kelly

Dated Jan. 25 1946

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter ended.....193.....

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter ended.....193.....

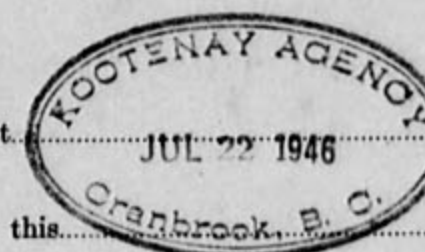

Principal.....

Dated.....193.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTE—Additions to be correctly made and entered at the foot of column.

TOTAL number of days in Quarter.....91

AGGREGATE number of days pupils in residence during Quarter.....8781

AVERAGE attendance of pupils during Quarter.....96.49

90 + 6.49 = 96.49 (if possible)

AMOUNT of per capita grant due for Quarter.....\$

96.49 x 42.50 = 4,100.82

96.49 x 3.75 = 361.84

4,100.82 + 361.84 = 4,462.66

4,462.66

95 x 42.50 = 4,037.50

95 x 3.75 = 356.25

4,037.50 + 356.25 = 4,393.75

4,393.75

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the KOOTENAY INDIAN SCHOOL School for the Quarter ended September 30 1946.

Principal Serald F. Kelly

Dated October 1 1946.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

FILE WTI

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay School for the Quarter ended March 31 19347

Principal S. F. Kelly

Dated April 15 19347

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay School for the Quarter ended June 30 19347

Principal L. F. Kelly
Dated June 30 19347

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

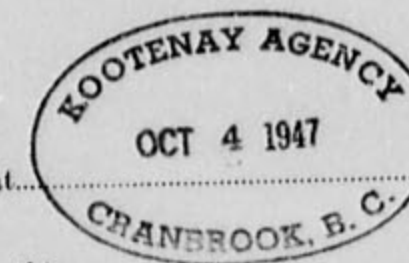

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay Residential School for the Quarter ended Sept. 30 19347

Principal J. F. Kelly

Dated Oct. 1 19347

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.

7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter ended.....19.....

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance
and tuition at the School for the Quarter
ended 19.....

Principal

Dated 19.....

I have carefully examined the within Return and hereby certify that it is correctly made
out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay School for the Quarter ended Sept. 30 1951

Dated Oct. 3 1951 Principal S. B. Kelly

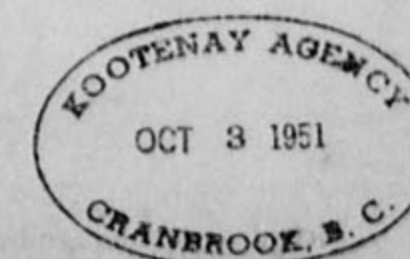

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Cranbrook, B.C.
this October 6th, 1951

NOTE

Principals will please be guided by the instructions printed on the last page.

INDIAN AFFAIRS

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kootenay School for the Quarter ended Dec. 31 19 51

Principal J. J. Kelly

Dated Jan. 20 19 52

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the Kootenay School for the Quarter

ended March 31 1952.

Principal G. F. Kelly

Dated April 7 1952.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

J. H. [Signature]
Indian Agent

Dated at Crainbrook, B.C.

this April 10 1952

NOTE

Principals will please be guided by the instructions printed on the last page.

Cranbrook, B.C.

Dear Sir:

I would be very glad if you would ask the Department to make an advance payment of the quarterly grant for September of \$1500.00, to meet current expenses as these are always heavy at school opening.

Thanking you in advance for this favor, I remain,

Yours faithfully,

J. M. Patterson O.M.I.
Principal.

Kootenay Indian Residential School,
Cranbrook, B.C. February 1st, 1932.

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir;

I wish you to apply to the Department for an advance on the March quarterly grant of \$1200.00, if the appropriation has not been exhausted. The last quarterly grant was smaller than usual owing to the number discharged last autumn, and was hardly sufficient to cover current expenses. However the attendance is increasing, being over seventy again.

I would be glad if the Department can make this advance at this time.

Yours faithfully,

J. M. Patterson, O.M.S.

Principal.

As I previously mentioned, we are operating practically on a cash basis
which means that we are pressed for ready funds. I would be pleased to
have this about Feb. 1st, and I would like you to forward this request
to the Department as soon as possible.

Thanking you in advance for this favor, I remain,

Yours faithfully,

J. M. Patterson O.M.I.
Principal

Sir,-

I beg to acknowledge the receipt of your letter of the 16th instant, enclosing a request from the Principal of the Kootenay Indian Residential School for an advance of \$1,200 on the March quarter per capita allowance.

In reply I beg to say that, owing to lack of funds, it is regretted that it will not be possible to make any advances on the March quarter earnings of this school.

Your obedient servant,

L. D. Sutherland.

Ottawa, April 22nd, 1933.

Sir,-

With reference to your letter of the 15th instant, requesting an advance on the June quarter per capita allowance of the Kootenay Indian Residential School, I beg to say that, up to the present, Parliament has only provided one-twelfth of our appropriation for the fiscal year 1933-34. Under these circumstances, the advance requested cannot be made at the present time but, as soon as funds are available, the matter will receive further consideration.

Your obedient servant,

J. D. Sutherland.
For Supt. of Indian Education.

CANADA

11/2415.

Sir:

I beg to acknowledge receipt of your letter of April 22nd, 1933, file No. 155-0-3, with reference to a request made by the Reverend J. M. Patterson, Principal of Kootenay Indian Residential School, for an advance of \$1200.00 on the June quarterly grant.

I beg to submit that the Reverend Principal informed me today that he had not yet received the balance of about \$1300.00 due on the March quarter, and requested me to ask if the cheque had been forwarded, for if so it has no doubt gone astray. As the Reverend Principal has some payments to make within a very few days and is badly in need of funds, if the cheque has not been forwarded will the Department please wire the amount to him in care of the Canadian Bank of Commerce at Cranbrook.

I also beg to suggest that if an advance can be made on the June quarter when funds are available it will be of great assistance to the Reverend Principal. For the information of the Department I beg to state that when the Reverend Patterson took over the management of the school he found it rather heavily in debt, and this has made it very difficult for him to meet his obligations.

Respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman

Cranbrook, B.C.

Dear Sir:

In reply to your communication from the Department regarding favorable consideration of our request for an advance on the March quarterly grant at the end of the current month for our school, I wish to make a request for a further advance of \$1500.00 making the total amount \$2400.00. Our bank has asked us to reduce considerably our overdraft next month, hence the reason for our request at this time. We appreciate fully the consideration the Department has given to our requests in the past and we hope they will favor us again at this time.

Yours faithfully,

J. M. Patterson, O.M.I.

Kootenay Indian Residential School,
Cranbrook, B.C. November 8th, 1934.

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

Please forward my request to the Indian Department for a further advance on the December quarterly grant for \$1200.00. This will make a total advance of the quarterly school funds of \$2400.00 altogether.

I would like to have this advance as soon as possible after December 1st. For the past few years we have been carrying a considerable debt on the school, and it has been difficult to maintain a good standard for the school and at the same time reduce it. However with increased attendance it is slowly being reduced, the most rigid economy being practised. At this time of the year though, expenses are unusually heavy, and we have some overdue accounts to meet.

Therefore it would lighten our burden considerably if we could have this sum advanced to us.

Thanking you in advance, I remain,

Yours faithfully,

J. M. Patterson, O.M.I.

Sir,-

With reference to your letter of the 13th ultimo, I beg to say that arrangements are being made to forward to the Principal of the Kootenay Indian Residential School a cheque for \$1,000., being an advance on the June quarter per capita earnings.

I regret that it was not found possible to make this advance sooner.

Your obedient servant,

J. D. Sutherland.

Ottawa, July 10, 1935.

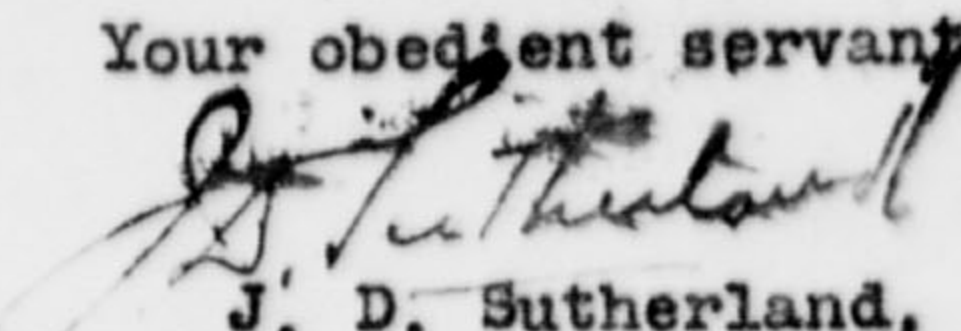

Sir:

I have your letter of the 4th instant, enclosing a communication from the Principal of the Kootenay Indian Residential School requesting an advance of \$1,000 on the September quarter grant.

In this connection I have to say that it will not be possible to forward this advance until early in August, next. Regulations of the Treasury Board do not permit making advances before the grant is earned. I may add, however, that a cheque will go forward in the near future for the balance of the grant due for the quarter ended June 30th, last.

The Department has had considerable correspondence regarding outstanding accounts owed by the Principal. This matter has been referred to the Provincial of the Oblate Order. The Principal was written several times in connection with the payment of these accounts, but no reply was received from him. I would request that you take the matter up with him and see that, when the balance for the June quarter grant is received, he makes payment of his outstanding indebtedness.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

Sir:

I beg to acknowledge receipt of Departmental letter of the 10th instant, file No. 155-0-3, with reference to an application made by the Reverend J. M. Patterson, Principal of Kootenay Indian Residential School, for an advance on the September Quarterly Grant of one thousand dollars.

I beg to submit that I have today taken up with the Reverend Principal the matter of the outstanding accounts referred to and he has assured me that they will be looked after when the balance of the June quarter is received.

As the Department is no doubt aware, the School was rather heavily in debt when the Reverend J. M. Patterson took it over a few years ago, and he has experienced a good deal of difficulty in paying the old debts in addition to the current accounts. I am quite sure that if these old debts were paid he would have no further trouble financing the school.

Respectfully submitted.

I have the honour to be,
Sir,

August 29, 1938.

Dear Father Doran:

I enclose the letter which you left me this morning addressed to you by Rev. Father Collins.

I have discussed the matter with our Medical Superintendent and he sees no reason why the children from outlying Reserves should not be allowed to enter the Kootenay School. He is writing the Indian Agent today and I hope that as a result of this action will be taken to permit most of the children to return to the school in the near future. I will keep the matter in mind and before the end of September will ascertain exactly where it stands and if necessary I will then endeavour to make some arrangements that will assist Father Collins in his financing.

Yours truly,

Philip Phelan,
Chief, Training Division.

1st April 1939

Mr. Andrew Irwin,
Indian Agent,
Cranbrook, B.C.

Dear Mr. Irwin:

Due to the financial loss of last September, I am having serious difficulty in meeting some outstanding accounts. Would the Department consider an advance of \$1,500.00 on the June Quarter.

Yours very truly,

P. J. Collins, P.M.S.
Principal.

Ottawa,
April 20, 1939.

Dear Sir:

I am in receipt of your letter of the 5th instant enclosing request from the Principal of the Kootenay Indian residential school for an advance on the June quarter per capita earnings.

The amount of \$1500.00 requested in the Principal's letter represents slightly less than one half of the quarterly earnings. Present regulations do not permit our advancing this amount until one half of the quarter is completed. A note will be made of the Principal's request and an advance of \$1500.00 will be forwarded to him about the middle of May.

In the meantime arrangements have been made to forward the cheque for the March quarter grant.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

KOOTENAY RESIDENTIAL SCHOOL
CRANBROOK, B.C.

June 23/41

Dear Mr Phelan:

If it is in accordance for you to do so, I would appreciate your having \$1500.00 of the grant for the present quarters sent to me as early in July as possible. I would like to pay off all out-standing bills & \$1500.00 plus the \$3500.00 loaned by the Oblates will enable me to do so.

I wish to take this opportunity to thank the Department for the \$4800.00 of flooring, the papers & the nails, which have already come, and also for the tools & material for a Carpenter Shop which are to come.

Mr Commissioner MacKay was here recently. From what I have heard, the local Indians are pleased with his visit. Most of them are making good use of the irrigation system and I suspect that they will continue to do so. Farming without irrigation was unprofitable & disheartening.

With kind personal regards,
Yours sincerely,
G. J. Jones Esq.

P.S. The holidays start on the 29th. All pupils are well. G.J.

Per Capita Grant

If it is possible, would you please
send me an advance of \$15.00, on the March
per capita grant?

May I take this opportunity to thank
you for authorizing the four children as well
as the dental treatment needed? Although the
pupils were kept in the hospital for only a very
short time (some leaving on the day of the operation),
there were no ill effects -

Yours Truly,
G. F. Jones Esq.

March 7/45
KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

153/0/3

Mr Philip Ghelan,
Chief Training Division,
Ottawa, Ont.

Dear Mr Ghelan: Would you please have
about \$1500⁰⁰ of the March per capita grant sent to
me as I have less than \$900⁰⁰ in the Bank &
this won't pay the Indians for the wood I am buying
from them let alone cover February bills.

I did not believe it necessary to reply to the
letter in which you said that you hoped that we were
again competing in the T B Contest - He started on
it right after the material came - I fear, however,
that "Compete" is hardly the word - Still, the idea is
being implanted: one of our younger girls told her
Aunt, a few days ago, why she should ~~not~~ stop her baby
from crawling on the floor, etc.
You may recall that, after you had told me
that Mr Inspector Frederickson had reported to
you that he had been informed that we had re-

CANADA

POOR COPY

ceived only six books per annum, I told you that
I knew nothing of the matter. Since then, I have learned
who made the report to him. According to this person,
only six books were sent in the year referred to.

Mr Fredericksen has just spent 3 days here.
He appears rather pleased with certain improve-
ments in the teaching methods but notes room
for further improvement.

Yours Sincerely,
C. J. McKee

Ottawa, August 20, 1945.

Major D. M. MacKay, Indian Commissioner for B.C.
Box 70, Vancouver, B. C.

Very Reverend J. Scannell, O.M.I.,
Provincial of the English Oblates, advises me that
Reverend Father Forbes is giving up duties as Principal
of the Kootenay Indian Residential School.

To succeed him, Father Scannell nominates
Reverend Gerald Kelly, O.M.I. Father Kelly has had
many years of agricultural experience and amongst
other positions has held the office of Bursar in the
Oblate establishment near Ottawa. Please give him
every possible assistance.

A copy of this letter is being forwarded
to the Acting Indian Agent, Mr. J. M. Barre.

Ottawa, 15th January, 1946.

Dear Father Kelly:

I have your letter of the 9th instant with reference to an advance on the March Quarter per capita allowance for the Kootenay Indian School. We are not allowed by present regulations to make advances until the end of the first month of the quarter. Consequently we will be unable to advance the \$1,000.00 to you until the end of January. This amount will be sent to you at that time.

In the meantime I will endeavour to have the December Quarter allowance forwarded to you at the earliest possible date.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Mr. P. Phalen, Chief, Training Div.,
Indian Affairs Branch,
Ottawa,

Dear Mr. Phalen:

If convenient I would be pleased to have
an advance of \$1500.00 on our April-June quarterly
allowance. In order to advance our farming
operations I have had some particularly heavy
expenditures to meet this month and an advance
would be of great assistance.

Apart from the difficulty with our water
supply of which you will no doubt hear through
our agent, everything has been going fairly well
with the school. Our beautiful spring weather
has been most welcome by all.

Assuring you of our whole-hearted
cooperation, I remain,

Sincerely yours,

E. H. Kelly, S.S.

Mr. Philip Phalen , Training Division ,
Indian Affairs Branch ,
Ottawa .

Dear Mr. Phalen :

Handwritten: G.F. Kelly

A few weeks ago I wrote to Mr. Neary requesting an advance of two thousand on the June Sept. Quarter. Perhaps my letter was lost on route or mislaid but to date I have had no reply . Although I have already prepared the Quarterly Returns and sent them in to Mr. Dunn , the Indian Agent, I would like some advance immediately if that can be arranged . Heavy expenditure for clothing and the fact that I have had to buy some transportation for the school leaves us rather short of money at the present time . I would be very pleased if you could arrange this advance .

Sincerely yours ,

G.F. Kelly

Mr. P. Phalen, Director of Indian Education,
Indian Affairs Branch,
Ottawa.

Dear Mr. Phalen :

A short time ago I sent a letter to your division of the Dept. asking for an advance on the June -Sept. Grant. As I was not sure if you had returned from the West I did not adress it to you.

Would you be kind enough to check on my letter to see if it was received and if the requested advance of two thousand has been sent. To date I have not received any reply.

Mr. Arneil told me early in August that you were expected at the coast. I am sorry you did not have time to visit us here but no doubt your time was limited.

Our school year is again under way with an enrollement of a hundred and three. All the children of this Agency who are of school age are enrôlled so we are off to a good start.

Trusting you can arrange the requested advance and with sincere thanks,

I remain,

Sincerely Yours,

G.F. Kelly O.M.I.
Principal.

Reverend G. Kelly, O.M.I.,
Principal,
Kootenay Indian Residential School,
Cranbrook, B. C.

Dear Father Kelly:

With reference to your letter of the 18th instant, I am advised by the Treasury that the advance of \$2,000 on your September per capita grant has gone forward and no doubt has reached you by this time.

I was sorry that I could not visit your school. As a matter of fact, I was on my holidays and not on official Government business and I was only able to spend three days in British Columbia. I am glad to know that you have a full enrolment and hope that you will have another successful year.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Rev. G. Kelly, O.M.I.,
Principal,
Kootenay Indian Residential School,
Cranbrook, B.C.

Dear Father Kelly:

With reference to your telegram of the
19th instant regarding an advance on your June Quarter
for the Kootenay Residential School, we received your
letter which is not dated on June 12th.

We immediately applied to the Treasury
to have the money sent to you, and when your telegram
was received we were informed that the cheque was going
forward by airmail today.

Yours sincerely,

2500

Dear Mr. Phalen :

If possible I would like to arrange an advance of twenty-five hundred on the October- December Quarter. This will enable me to meet some outstanding accounts before the end of the calendar year .

OK

I do not like putting your Dept. to the inconvenience of advance payments but I am finding it increasingly difficult to keep out of the "red" with the continued rise in the prices of food , clothing , and labor . This has been particularly evident since the opening of the Fall Term . I hope there is the possibility of an increase in grant or the salary payment schedule being put into effect in the near future . If not I'm afraid we are going to end this year with a considerable deficit . The demand for better food , clothing, and living conditions for the children just can't be met on the present grant .

Sincerely Yours ,

G.F. Kelly
G.F. Kelly O.M.I. Principal.

5th Mch. 1925. 19

Sir,—

Encl.

Enclosed herewith please find two pay-rolls certified by the Reverend Father Smith, and the Reverend Sister Superior.

These two pay lists happened at the time that the school was unsettled as to the Principal. The reason I paid this money to Messrs. Gibbs and Dalziel and Geo. R. Leask was that they are to all intents and purposes contractors, and I did not consult ~~the~~ me in the payment of their men. My predecessor Mr. H.F. Helmsing started the work in this manner and I followed along his line.

I will forward you full statement as to money received and paid out forthwith.

I have the honour to be, Sir.

Yours obedient servant,

E.H. Small

E.H. Small,

Indian Agent.

CRANBROOK, B.C., March 5 1925

Dept of Indian Affairs

Gentlemen

On Dec. the 30 I presented my bill for work done at the Industrial School here to Mr. Small the Indian Agent. There where two bills, one for \$200.00 and one for \$25.00. Up to now I have not received payment for this work. On a previous occasion I have always received payment within the month. I am thinking that perhaps the bills or even the checks if same have been made out may have miscarried and I beg you to investigate this matter and oblige.

Yours respectfully,
Alfred Lebeau

Dear Sir,-

In reply to your letter of the 5th instant, I beg to say that your account of \$200.00 therein referred to was paid by cheque No. 5908 on the 23rd February, upon which date the cheque went forward to you at Cranbrook. It was drawn in favour of the Economy Plumbing & Heating Company.

I may add that seemingly your account of \$25.00 has not reached the Department. It is advisable for you to communicate in the matter with the Indian Agent, Mr. Small, of Cranbrook.

Yours truly,

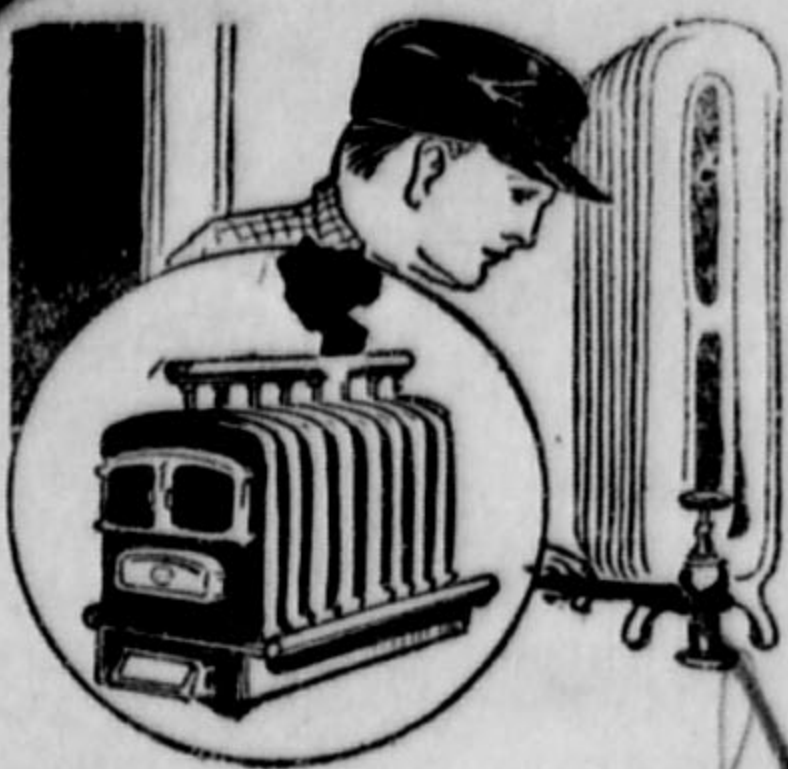

(F.H. Paget)
Chief Accountant and Purchasing Agent.

Ottawa, April 2, 1925.

Sir,-

I beg to acknowledge receipt of voucher No. 839 rendered at \$11.65 which you submitted in favour of the Cranbrook Drug & Book Company, Limited, of Cranbrook, and in reply I may say that the said voucher has been paid at \$5.50, which payment covers supplies furnished the Indian School. The charges in the voucher for office supplies and for drugs should be made out on separate accounts as expenditure for schools should not at any time be included in a voucher in which other charges are made.

With regard to the drugs supplied, I may say you should explain why the Indian who received the same did not pay for them. All accounts for drugs supplied on a prescription should be certified to by the doctor who wrote the prescription, but in this connection I have to remind you that all doctors employed by the Department are not allowed to charge for drugs. Some of them who are on salary should furnish medicines without charge, and you should be particular, therefore, with regard to all accounts for medicines which you transmit to the Department.

When you deal with the foregoing matter you should submit the vouchers under cover of a letter of explanation.

Your obedient servant,

J. D. McLEAN

Dear Sir;-

Re. 155-0-5.

ack Your favour of February 19th. to hand and I immediately went into the matter with Mr. E.H. Small. He asked for new accounts which he promised to forward at once. These I let him have immediately but have heard nothing further to date.

As this work was done last August and September I am naturally desirous of receiving settlement.

Thanking you in anticipation of your kind attention,

Yours truly,

C O P Y .

Cranbrook, B.C. March 31 1925.

Dear Sir:-

I acknowledge with gratitude the purposeful and helpful interest which you have shown in our school in the past. With this in mind, I have no fear in being disappointed when I find myself obliged to solicit your interest again in a matter of some importance.

I think you will agree that I have now occupied my position long enough to be able to say with tolerable exactness what are the most keenly felt needs of our School. While some of these regard the main building and the outbuildings, I consider that the most pressing are those which concern the health, the moral and physical upbringing of the children. I wish to call your attention to the lack of all adequate playground facilities.

It is generally admitted that wholesome recreation is an integral part of all school-life, a fundamental feature in any sound system of education. Besides greatly increasing the prestige of an educational institution, it is as a factor itself in education that the chief usefulness of sport and athletics lies.

Their physical value is unquestionable. They inculcate care of the body, the development of healthy habits, and induce habits of energizing vitality. Nor is their moral value to be underrated. Well-directed exercise breeds characteristics of vigor, mental keenness and stimulates to greater effort in the class-room. These are qualities which you will recognize are much to be desired in our Indians.

Our Children have been at a disadvantage in this respect. And it may be easily seen that we cannot deprive childhood of its heritage of play without paying the price in stultified youth and unenergetic maturity. The distressing cases of delinquency which have occurred here in the past, I believe I may attribute at least in great part, to a lack of recreational activity. Where wholesome diversion is not provided for the child, he will seek it himself, wholesome or otherwise. And the forming of cliques, the brooding habit, the discontent which this inactivity engenders, is detrimental to the highest influence of the School.

Indian Affairs (RG 10 Volume 6453, file 884-5, part 2)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

OR-COPY

We are doing our best to face this difficulty. We have enlarged and improved their playgrounds. But we find that the expense of equipping them with durable apparatus, to provide the boys with athletic goods, is beyond our means. We, therefore, appeal to the Department to defray the cost of the following:-

- Est cost materials labor*
1. A play shed for the girls to be built by the boys under the supervision of Mr. Morris, their Instructor of Manual training.
 - no.* 2. The apparatus called the "Ocean Wave" and also the one called the "Giant Strides".
 3. An outdoor gymnastic outfit for the boys.
 - Indicate what is in mind* 4. Two basket ball outfits *order* for the boys and one for the girls.
 5. A baseball outfit and a Football outfit. *order*
 - no.* One vaulting pole.

Trusting that this demand will not be deemed excessive, I am Sir.

Yours respectfully,

(sgd) F.W. Tedrow O.M.I.

Principal.

Sir -

I beg to enclose herewith copy of a letter dated March 31st, which I received from the Reverend Father Tedrow, O.M.I., Principal of the Kootenay Residential School.

You will notice he has asked me to apply to the Department for assistance in providing equipment for play grounds for the Indian children.

Enc.

I am not in a position at the present time to quote you cost of this equipment, but will endeavor to ascertain the cost if you entertain the proposition in any way.

I might say that I thoroughly agree with the Reverend Father, that "well-directed exercise breeds characteristics of vigor", and I should very much like to see the School well equipped, and I think it would have a tendency to make the children more content.

I will await your decision in the matter.

Your obedient servant,

.....*E. H. Small*.....

Dear Sir,

I have to report on two samples of water received November 20th from H.B. Hicks.

Sample A was water as it leaves the sewage works. Sample B was water from Joseph Creek. Both samples showed more than 200 colonies per cubic centimeter. Both gave a positive presumptive test, but no Colon Bacilli were found.

Not knowing anything further regarding the nature of the samples, it is impossible to give any definite opinion upon them.

Yours truly,

Sgd.... R. H. Mullen,
Director of Laboratories.

Sir,

Your File 2543-W.

Re: Pollution Joseph Creek - St. Eugene Industrial School, Cranbrook, B.C.

In reply to your letter of the 26th instant, on reviewing the files I find that your letter of October 3rd to Mr. Swan has apparently not been replied to. However, the matter was at that time investigated and two samples of water were taken.

- (a) Water taken from flume as it leaves sewage works, 17th November, 1923.
- (b) Water taken from Johnson's creek at Mission, 17th November, 1923.

These two samples were forwarded to the late Dr. R.H. Mullen, Director of Laboratories, Vancouver General Hospital, for a report.

I am enclosing copy of Dr. Mullen's report, dated 27th November, 1923, from which you will note that although bacteria is in evidence no Colon Bacilli were found.

To further corroborate Dr. Mullen's report I am having some further samples taken of the water in Joseph Creek at the St. Eugene Industrial School property, and when report has been received I will advise you further in the matter.

Your obedient servant,

Encl.

Vancouver, B.C.,

March 31, 1925.

Mr. C.A. Webb,
Acting District Chief Engineer,
119 Pender Street, West,
City.

Dear Sir,

In reply to your request of the 25th instant, the first samples up to February 11th, are all of questionable value, owing to an error in procuring the specimens, namely, the bottles were not sterilized before taking the specimens. However, some of these being negative are of value in this way. The three sets of specimens procured since the sterilization of bottles has commenced have only shown one specimen containing B. Communior.

In conclusion of this work, I would like to say that a final definite report could not be made without a local sanitary survey, but the laboratory data to date would show that there may be only occasional contamination from the Sewage Disposal Works. However the number of negative examinations would seem to show that this is an extremely unusual occurrence, if it has occurred, and it would seem that the water is safe for consumption in this regard.

Yours sincerely,

Sgd... R. E. Colemand,
Acting Director,
V.G.H. Laboratories.

OTTAWA, ONT. April 15, 1925.

Sir,

Re: Pollution of Joseph Creek, through
St. Eugene Industrial School Property, B.C.

On October 1, 1923 you asked for a report regarding the pollution of Joseph Creek where it runs through the property of the St. Eugene industrial school, B.C. This matter had apparently been overlooked at the time by our District Chief Engineer at Vancouver, but recently several examinations have been made of the water in Joseph Creek by the Acting Director of the Vancouver General Hospital Laboratories, the result of which appears to show that the danger of contamination ~~as~~ the sewage disposal works appears to be slight; copies of the reports containing the results of the biological tests are attached hereto.

Encl.

If you desire to have further periodic tests made I shall be glad to have your instructions in the matter.

Ottawa, April 17, 1925.

Sir:

I have your letter of the 7th instant, enclosing copy of communication from the Rev. Principal of the Kootenay Indian Residential School relative to playground equipment for the pupils. The Department agrees that each residential school should have equipment of this type; and, although it is our practice to ask the school management to bear the cost from their per capita grant, I am pleased to inform you that the Department will give some assistance. Basketballs and goals will be ordered and shipped to the school in the immediate future. The boys, under the direction of the manual training instructor, should erect back boards on both the boys' and girls' sides. Two footballs complete with extra bladders will also be sent to the school.

You might secure an estimate of the cost of the materials and labour for the girls' play pavilion which, I note, could be erected under the supervision of the manual training instructor. You might also indicate what is in mind for an outdoor gymnastic outfit for the boys. I cannot promise favourable consideration in connection with these two propositions, as our funds are extremely limited.

I regret that the Department cannot give favourable consideration to a baseball outfit, as this type of equipment is so easily mislaid and misappropriated. Further, I regret that the Department cannot consider the apparatus known as "Ocean Wave" and "Giant Strides." A vaulting pole is not considered suitable for young Indian children.

Your obedient servant,

J. D. McLEAN

Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:

At a great sacrifice, but I take it much to your satisfaction, I allowed Rev. F. Tedrow, O.M.I. to go as principal to St. Eugene School.

As far as I can gather he has succeeded very well and certainly he is much interested in the welfare of the children. Occasionally, of course, he must visit the Indians at Creston and Windemere, however, I have arranged for a neighboring Priest to attend to the School whenever he is absent.

But, Mr. Scott, Father Tedrow's salary is very small, in fact, merely enough to provide himself with clothing and books. He does not complain, and yet I know he would be pleased to have a car, so necessary for him in his present position.

Under the circumstances, would not the Government be willing to make him an allowance of \$1600.00. With this amount he might purchase a plain strong car like the Dodge, which would render him and the Indians generally valuable service. A cheaper car, like the Ford, could be had but it would be valueless in a rough hilly country like the Kootenay.

Sincerely trusting you will be able to confer on Father Tedrow and his Indians this favor.

I have the honour to be

Yours respectfully,

J. Breck. O.M.I.

File

Ottawa, April 21, 1925.

Dear Father Welch:

I have your letter of the 3rd instant, with reference to the Rev. Father F. Tedrow, Principal of the Kootenay Indian Residential School. I am very pleased that you are satisfied with the way he has handled this difficult situation and I am free to state that the Department also has received hopeful reports.

I regret that it will not be possible to give favourable consideration to the purchase of a car for the Rev. Principal. It is not the practice of the Department to supply Indian residential schools with this type of equipment. It is true that several principals have automobiles, but the funds were found by the management in each case. At the present time, the Appropriation for Indian Education is completely assigned and I am forced to give consideration to regular expenditure only.

H.W.

W.C.

Yours very truly,

Duncan C. Scott
Deputy Superintendent General.

Ottawa April 24th 1925.

Dear Sir,-

W.F.M.
I beg to draw attention to voucher No 837 rendered at \$4.16 in favour of the Cranbrook Sash and Door Company Ltd., and also to voucher No 839, which was made out for \$11.65, but reduced to \$5.50, in favour of the Cranbrook Drug and Book Company, Limited. On the 2nd of April cheque No 6552 for \$9.66 went forward to the Cranbrook Sash and Door Co. It covered payment of their voucher (No 837) amounting to \$4.16, and through inadvertence it was made to cover also voucher No 839 in connection with which a separate cheque should have issued. I have to request therefore that you will lose no time in obtaining refund from the Cranbrook Sash and Door Co of the over-payment which they received, viz:- \$5.50, and that you will pay the said amount to the Cranbrook Drug and Book Company in settlement of their account. You should obtain a receipt from them for the \$5.50 and forward it to the Department in order that it may be attached to voucher No 839 before being sent to the Auditor General.

On the 2nd of April the Department wrote you with respect to voucher No 839. It was stated therein that the payment of \$5.50 covers supplies furnished the Indian School. You were told also that a separate voucher might be presented for office supplies and also for drugs. I have to point out that you have not replied to that letter in which a report was requested.

Yours truly.

Chief Accountant.

R

Sir:-

Acknowledging receipt of yours of the 24th inst., I beg to enclose herewith receipt from the Cranbrook Drug and Book Company for \$5.50 the amount collected by me from the Cranbrook Sash and Door Co., and being an error in payment of Voucher No. 839.

Encls.

I am also enclosing receipt for \$4.00 for medicine supplied to Indian, and included in Voucher No. 839.

I looked this matter up, and found the Indian working, and collected the \$4.00 from him. I was not able to collect this amount until yesterday, my reason for not answering yours of April 2nd.

Voucher No. 24 is going forward today in favor of the Cranbrook Drug and Book Company for \$2.40, amount of goods supplied for Office.

Trusting this explanation will be satisfactory.

I have the honour to be Sir.

Your obedient servant,

E. H. Small

At.....CRANBROOK, B.C.....

.....26th May 1925.....19.....

Sir:-

Referring to your letter of the 20th instant, I beg to advise that the plumbing done in the Kootenay Residential School was called for by competitive prices by me. On voucher number 789 the Economy Plumbing and Heating Company, of which Mr. A. Labeau is the Proprietor agreed to do the work for \$200.00. Later on Mr. Labeau gave me an account for \$225.00, the extra \$25.00 being unauthorized by myself or the Department, and I did not consider that we were under any obligation to pay the amount. I told Mr. Labeau this at the time, and asked him to give me invoice for the amount of his tender, which I considered was fair, and that we are under no obligation to pay for extra work that he claimed had been done. I did not inform Mr. Labeau that I sent in a voucher for the \$25.00, but I did inform him that I would not pay the extra \$25.00 for unauthorized work.

I, will, however go over the work with the Sister Superior in charge of the school and if I consider that Mr. Labeau is entitled to that amount I will submit a voucher for the same, but at the present time I am inclined to think that Mr. Labeau has taken upon himself and is not entitled to be paid.

I have the honour to be, Sir,

Your obedient servant,

E.H. Small

C O P Y.

Kootenay Residential School

Cranbrook. B.C.

August 19th 1925

Sir.-

I hereby take the liberty of bringing to your notice certain repairs urgently needed at the school.

The first of theses is the painting of the barn . This building was erected in the course of 1915 and since then has not received a second painting. I think you will agree with me that to re-paint it at once will be a matter of economy rather than extravagance.

*Set prices
& submit
and day labor
& sub materials
do*

I have spoken to you also about the painting of the Manual training shop which was built during the summer of last year and as yet has not been painted.

Yesterday Mr. LeBeau, the plumber of Cranbrook, drew my attention to the water system. Mr. LeBeau was called to make repairs in the upper storeys, but was unable to do so because the valves that control the upstairs water supply were either broken or worn out. There are ten or twelve of these and he estimated the cost of replacing at approximately \$75.00 .

OK.

A last item which I beg of you to consider is the roof of the engine room. This roof was repaired two years ago but the result has not been satisfying. When it rains heavily or there comes a thaw, water leaks through onto the engine. I fear that the damage caused would be great if this were neglected.

OK.

I will be thankful if you will give these repairs your judicious attention.

Your obedient servant

Signed F.W. Tedrow, O.M.I.

Ottawa, August 27, 1925.

Sir:

I have your letter of the 22nd instant, enclosing copy of a letter from the Rev. Principal of the Kootenay Indian Residential School. With reference to the painting of the barn and manual training shop, I should be pleased if you would intimate whether this work could be done by day labour - the materials to be purchased by yourself. If it were done in this manner, the school staff and older boys could assist in the labour. Please let me have a further recommendation and a statement as to how much paint is required, its probable cost and an intimation concerning the ability of the school management to look after the work with the assistance of say one painter.

You are authorized to expend a sum of not more than \$75.00 in the purchase and installation of new valves for the upstairs water supply. You are also authorized to repair the roof of the engine room. No unnecessary expense should be incurred. Competitive prices should be secured before making purchases of material in this connection. Please have this repair undertaken with as little expense as possible.

At Cranbrook, B.C.

27th Aug. 1925

Sir:-

The Reverend Father Tedrow, and the Sister Superior of the Kootenay Residential School, have asked me to recommend that a door be put in the outside Kitchen of the School.

While the plans show a door leading to the outside kitchen it has never been put in, and the wood and other supplies for the kitchen must be taken in through the hallway at the West end.

This is an inconvenience and also dangerous in case of fire.

Mr. G. R. Leask, Contractor, looked it over for me, and estimated that it would cost about \$135.00.

Will you kindly advise me.

Your obedient servant

E. H. Small,
Indian Agent.

[Handwritten signature/initials]

Sir:-

Re-- Kootenay Residential School.

I have had Mr. Labeau, of the Economy Heating & Plumbing Company examine the roof of the Boiler House. He measures it to be 96 sheets of iron, which he will lay in place, including the labor for \$225.00.

This is the only bid I got on this work, as they are the only people here that I could depend upon to do the work.

They are going ahead with the work of installing the new valves for the up stairs water supply at \$75.00, but as the amount for repairing the roof seemed a little steep I thought it better to first submit it to you for your approval.

I have the honour to be,

Sir,

Your obedient servant,

17th Sept. 1925. 19.

Re-- 155-0-5

SIR:-

Replying to yours of August 27th, re painting of barn and Manual Training School, at the Kootenayne Residential School.

I have the following estimate from Frank Parkes and Co., Cranbrook.

100 gallons of shingle stain
55 " " dark green paint
15 " " white paint
30 " " coal oil
100# putty
100 lights glass 10 X 10.

Messrs. Parks & Co., will supply the above for \$575.00, while Messrs. Delany & Sinclair have given me a bid of \$610.00.

The work, under the supervision of an experienced painter can be done by the older boys of the school, the experienced painter to be paid \$1.25 per hour.

Roughly estimating, it will take about two weeks to do the work, this would mean \$140.00 for labor, making in all an approximate amount of \$715.00.

Awaiting your instructions in the matter.

Your obedient servant

E. H. Small

Sir:-

I beg to draw attention to letter of the 24th February in which you were informed that if you received accounts from Mr. Leask, General Merchant, of Cranbrook, you should present them to the Department in proper form for payment together with explanation in the matter. The accounts have not been received, and it would appear from a letter of the 22nd of April which Mr. Leask has written that you received the said accounts. I have to request that you will deal with this matter without delay, and it seems advisable to inform you that the Honourable James H. King, Minister of Public Works, has made inquiry with regard thereto.

I may add that it is hoped that it will not be necessary to again draw your attention to negligence with regard to official matters.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. Box 752
KAMLOOPS, B.C.
May 11, 1926.

Sir:-

For the Special Information of Mr. Russell Ferrier.

On the 5th inst., in company with Mr. E.H. Small, Indian Agent, Cranbrook, B.C., I made a special inspection of Kootenay Residential School, having in view the idea of checking it over on account of the condition in which I found it last Fall, and which has been duly reported on by me.

Good farmer
usual low
Set A

I am pleased to report that a great improvement has taken place. The Rev. Lepine, the new Principal in charge, is apparently a good farmer, and has made a vast improvement in the farm and gardens, and if given time, I am sure that he will pull things together. He has got a good help outside and seems well able to supervise same. I found that the children are now being well fed and, apparently happy and contented, and I have strong hopes that these reforms which have taken place will help us to get more boys to the school. I find that there are 47 girls and 23 boys. This means that we want about 17 more boys to fill up. I found the manual training proceeding most successfully, and I only wish I could say the same of the other schools. In connection with this, it would be an excellent arrangement if, alongside the building used for carpentering, etc., a small building with a forge installed could be built, as it would be a most useful addition to the farm and most instructive. I think if the Principal of the School were supplied with sufficient cement and a small forge they could erect these buildings themselves. Although I am no judge, I should think somewhere between \$200.00 and \$300.00 would be required. However, I could get you a prepared estimate.

Play
Gardening

I found also that the children are much better organized in the way of games, and I think this will help as well. Again, I find that the children, that is, the boys, are all having small plots of ground allotted to them for growing vegetables, etc., and I really think it is up to the Department to give a small prize for which they can compete. This would really be a greater benefit to the Indians than the present farm prizes, and could be given under that heading.

Must have fire drill

Referring to my old reports regarding fire escapes, etc., in this building, I still have fault to find with the method of exit. My belief is that some form of steps should be built up from the floor to the window in order to allow an exit for the smaller children, and in addition, something with which the window could be broken in case of jamming, should be handy. Acting under my advice as given last year, the school authorities have put in fire pails all over the building. They are also erecting escape signs, colored red to show through the smoke, along the passages, as otherwise the children are very liable to mistake which door to take which leads to the fire escapes. I also suggested that a fire

Secretary.

-2-

May 11, 1926.

drill should take place, but this has never been done. The Principal agreed with me in this.

The engine of the pumping and lighting plant should be overhauled. I understand that this has not been done for many years, and some of the parts are beginning to wear, allowing too much vibration in consequence. ✓

The Principal informs me that the cold storage place for the meat in the ice house is not at all satisfactory. I went in and had a look at it and find that there is only one side which touches the ice chamber, and I think there must be some error in construction. However, I asked Mr. Small to have this looked into by an expert, and find out what is wrong. You will remember I reported last year that the meat was bad for meals when I last inspected it.

Beyond these criticisms which I have just offered, and which are not the fault of the School Authorities, the only criticism I have to offer is that I found the cows, including those lately bought for the School by the Department, in very poor condition. They badly want feeding up, and I examined the only stock of hay they have left on the premises, which is utterly useless for feeding purposes. I asked the Mother Superior to get some more hay in at once. I know, of course, that they are handicapped by the fact that the farm has been allowed to run down to the extent that they have practically no good hay to feed the stock from last year. I do not anticipate that this will occur again, and I sincerely hope it will not, but at the same time I drew their attention to the fact that it is necessary to keep the cows in good condition in the meanwhile.

Whilst going over the school, my attention was drawn to a very serious leakage in the water running through the wall in the coal hole. The side walls are all cracking and bulging, and I was seriously alarmed lest they should give way at any time. I therefore instructed Mr. Small to wire you for instructions in the matter, which I believe he did.

Respectfully submitted.

Yours truly,

G. S. Pragnell

(Geo. S. Pragnell)
Inspector of Indian Agencies.

Ottawa, May 26, 1926.

Sir:

I have your letter of the 11th instant, with general reference to conditions at the Kootenay Indian Residential School. The Department is pleased to note the marked improvement at this institution and that the Rev. Principal is qualified to manage the farm and garden. I note that the enrolment is low and I should be grateful if you would instruct Mr. Indian Agent Small to make a special effort this year to fill the school.

Please insist that fire drill be instituted and repeated at least once every two weeks. Special emphasis should be laid on this matter immediately after the summer vacation.

Your action in connection with the side walls is approved. Telegraphic instructions were directed to the Indian Agent some days ago. The Department will await Mr. Small's report on the ice-house. You may authorize him to have a competent man inspect the engine of the pumping and lighting plant, with a view to making a report, showing what replacement is necessary and indicating the cost.

I regret the Department has no funds for the purpose of building and equipping a small blacksmith shop.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

R

Sir,—

Re-- Voucher No. 330.

The reason that this pay roll has been held up so long was on account of Mr. Leask's book-keeper, did not or would not have it certified by the Sister Superior, and consequently I would not consider the payment of it.

However, he has within the last few days had it certified, and I am forwarding it to you for your consideration.

Your obedient servant,

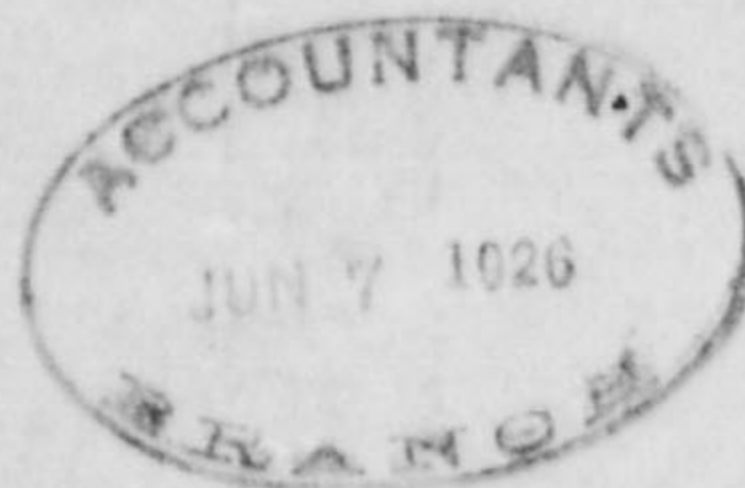

[Handwritten signature: E. H. Small]

Ottawa, June 9th, 1926.

Sir:-

I am in receipt of your letter of the 31st May with which you submitted a voucher amounting to \$141.75 in favour of Mr. G. R. Leask, of Cranbrook, for work done on the Kootenay Industrial School, and in reply I may say that the said voucher is being paid.

In this connection the Department desires to draw your attention to official letter of the 29th April in which you were instructed to submit in proper form for payment certain accounts therein referred to from Mr. Leask. Kindly give attention to this matter without further delay. I may remind you you were written to in regard to the accounts not only on the 29th April, but on the 24th of February and it is not understood why they have not been presented by you if you received them from Mr. Leask.

Your obedient servant,

J. D. McLean.

Sir,—

Your letter Feby.4 1926.
155/0-5.

As the Season is fairly well advanced, the Principal of the Kootenay Residential School is very anxious that we get the buildings painted.

As your letter refers to a possibility of funds being available after the present Session of Parliament, will you kindly advise me if there is any chance of going ahead with the work.

Yours obedient servant,

[Handwritten signature: E.H. Small]

Mr. Shore

Ottawa, June 14, 1926.

Sir:

I have your letter of the 31st ultimo, with reference to painting the barn and manual training building at the Kootenay Indian Residential School. I have examined your letter of September 17th, last, and I wish to suggest that you check the quantities of stain, paint, etc., required. The quantities seem large for the amount of work to be done. When this matter has been attended to, you should again call for prices on the exact amount of shingle stain, dark green paint and white paint required. The Department cannot allow glass and putty, as replacements of this kind are made by these institutions from the per capita or other earnings.

You may purchase the materials from the firm quoting the lowest and engage one experienced painter to assist and supervise the older boys of the school. Time sheets, in duplicate, showing the receipts of the man engaged, should be forwarded for payment. When you are submitting a certified account in duplicate, in favour of the firm that supplies the materials, attach thereto a memorandum showing those asked to quote and the prices quoted.

Our funds are extremely limited this year and I have to request that you will keep the expense in this connection as low as possible.

Your obedient servant,

J. D. McLean

J. D. McLean,
Asst. Deputy & Secretary.

[Signature]
Sir—

R
Re Painting out buildings at
Kootenay Residential School.
Your letter June 14th.

I have estimate from Messrs. Parks and Co.
considerably reduced from last years estimate, and
amounting to \$485.00.

The work, Mr. George Higginson estimates
at \$325.00, making a total of \$810.00.

I might say in this connection that the
Reverend Principal considers that the work would
be too dangerous for the Indian boys, as at the
best they are clumsy when on the ground. There
is no white help available at the School, as the
Sisters only employ two men, and at this Season of
the year they are very busy in the garden.

Awaiting your approval.

I am. Sir.

Your obedient servant

22nd Sept. 1926. 19.....

Ans
Sir:-

With reference to your letter of August 30th, I beg to enclose you herewith complete statement of pay-rolls and vouchers made by Mr. Helmsing and myself in connection with the repairs on the Kootenay Residential School and the Agency Buildings.

You will notice that in the School account, where I received \$3032.40, whereas I paid out \$3074.90, leaving a balance in my favor of \$42.50.

This was due to a mistake in addition in my first statement.

Will you kindly advise me if I should submit a voucher for the \$42.50, or will you issue a cheque for the amount. Mr. Helmsing's account I think you will find as previously submitted. The repairs on the Agency buildings amounted to \$425.50, for which I received a cheque on December 15th 1924.

The list of vouchers attached I think you will find correct and in order.

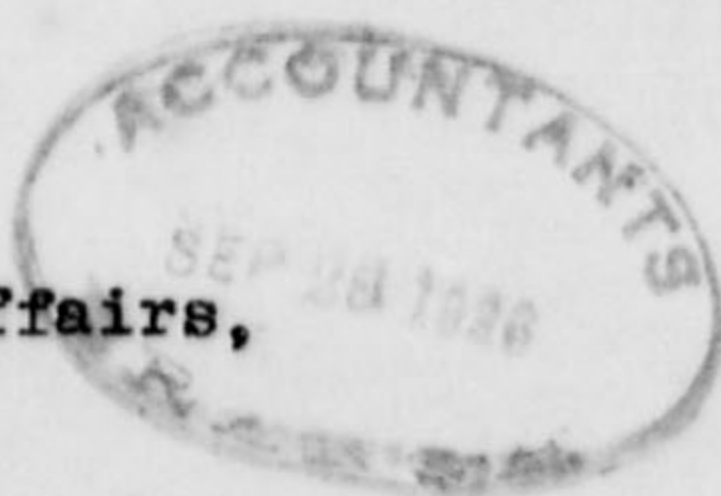

Trusting this is all you require.

Your obedient servant,

E. H. Small

Ottawa, September 30, 1926.

Sir,-

I beg to acknowledge receipt of your letter of the 22nd September with which you submitted statement of paylists, etc., in connection with advances made to you and Mr. Helmsing to cover the cost of repairs to the Kootenay Residential School and Agency buildings, and in reply I may say that the statements, etc., have been examined. If it is found that you omitted to include with the papers forwarded a payroll dated the 23rd August for \$127.50 which amount was paid by you to Mr. Leask by cheque dated the 15th December, 1924. Kindly refer in this connection to your letter of the 5th February, 1925, in which you mentioned the payroll for \$127.50.

The expenditure incurred, including refund, amounted to \$3202.40, and the advances amounted to \$3032.40; the balance due you, therefore is \$170.00.

Kindly forward to the Department a voucher showing advances made and expenditure incurred, and the balance due. The voucher should be certified in the usual way. When it is received it will be given attention.

Your obedient servant,

J.D. McLean
Asst. Deputy and Secretary.

Ottawa, November 9, 1926.

MEMORANDUM

Dr. Scott, -

On February 20th, 1926, the Department received a letter from Mr. Geo. R. Leask submitting a claim amounting to \$325.43 for work performed. Two of the charges were for labour performed at the Kootenay Industrial School, and amounted to \$141.75 and \$127.50. The Department wrote to Agent Small on the 24th February informing him of the claim made by Mr. Leask, and asking him to forward the accounts without delay. As no reply was received, the Agent was again written to on the 29th April, 1926, and requested that he should deal with the accounts without any further delay. On the 31st May the Agent forwarded a voucher for the pay roll amounting to \$141.75 and it was paid, and the Agent was again written to in regard to the other unpaid accounts, but up to date no further accounts have been received from him.

The Agent, Mr. Small, was again written to on August 30th last but no further accounts have been received from him.

J. P. Ryer
Chief Accountant.

MEMORANDUM

Dr. / Scott:-

With reference to Messrs. F. Parks and Company's telegram respecting their account for \$494.50 for paint supplied the Kootenay Industrial School in July last, I beg to point out that payment of this account was withheld pending the receipt from the Agent of the tenders which he received. He was written to for these tenders on the 20th September, but so far has not paid any attention to our request.

This Agent's salary was increased on the first of last month, and he has been paid at the increased rate for October. It would seem desirable to discontinue paying this increase for the present at least.

A cheque in payment of this account will go forward today.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. Box 752
KAMLOOPS, B.C.

November 29, 1926.

Dear Sir:-

On this date, Mr. Small, Agent for Kootenay Agency, forwarded me your 155-0-5 of the 16th of November, referring to the cleaning and repairing of the Refrigerator Plant at the Kootenay Industrial School. I do not quite see why Mr. Small did not answer you direct instead of forwarding me the correspondence.

I enclose copy of his letter to me in which he asks me to explain the matter. It is hard for me to make any definite statement upon the matter, as my visit was away back last Spring. Possibly in going over the building it was pointed out to me that the refrigerator plant was out of order, and I probably instructed Mr. Small to look into the matter. I, of course, would not authorize any expenditure without first referring to you, but it looks as though Messrs. Sainsbury and Ryan took his instructions to look over the plant as meaning to put it in order. I think therefore that this account should be paid. However, as I said before, I cannot see why Mr. Small should not give you this information himself without having to write to a third party.

Yours truly,

G. S. Pragnell

Ottawa, April 4, 1927.

Sir,-

Referring to your letter of the 7th February, I may say that Mr. Small, Indian Agent, Cranbrook, has written the Department stating the delay in dealing with the payroll from the Kootenay Residential School is due to the absence of the Sister Superior of the School. Mr. Small has been requested to attend to the matter upon her return.

The Agent was requested by the Department to report with regard to two accounts of \$30.00 and \$20.68, respectively, referred to in previous correspondence. He did not make report, and the Department is writing him again in the matter. He has been told that if the said accounts are correct he should certify them and forward them to the Department.

Your obedient servant,

J. D. McLEAN

Ottawa, May 20, 1927.

Sir:

I wish to refer to your letter of June 25th, last, concerning the repairs required to the engine and pump at the Kootenay Indian Residential School. You forwarded an estimate from the Hanson Garage, showing that the material would cost \$446 and that the labour would be approximately \$168. You should consult the Rev. Principal at your earliest convenience, with a view to determining whether these engines are worth repairing at this cost. You might also enquire as to the price on new equipment. An early reply is requested.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Re your letter No 155-0-5. Dated May 20th 1927

Enclosure
I beg to report that I have taken Mr Doris and Mr Draper of the Hanson Garage to the Kootenay Res, School, and they agree that the repairs required to the Engine and Pump. should be done and that they are worth the cost, which will be about \$614.00.

I have also had the C P Ry Boiler Inspector examine the Boilers. He claims that new tubes must replace all old ones. before we use the Boilers again. I was unable to get a Provincial Government Inspector as there is none nearer than Victoria.

I enclose estimates of cost of Boilers from different firms.

Your Obedient Servant.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

R

July 5, 1927.

Memorandum:

Afternoon
DR. SCOTT
DR. SCOTT.

Mr. Indian Agent Small has forwarded prices for the replacing of the tubes in the heating plant boilers of the Kootenay Indian Residential School. The boiler Inspector claims that new tubes must replace all the old ones before the boilers are used again. Rev. Father Guy has also written urging that the heating plant be put in order as the Principal is greatly worried over the finding of the Inspector. The lowest price received was \$1100.

A year ago I learned that the water supply engine and the pump at this school would have to be repaired. I accordingly arranged for a vote of \$800. The lowest price received for this is \$614.

In view of the urgency in these connections, I wish to recommend that the work be authorized. The balance of the funds required can be found in the Appropriation for Indian Education.

Ottawa, July 6, 1927.

Sir:

I have your letter of the 27th ultimo, with enclosures, with reference to the repairs required to the engine and pump at the Kootenay Indian Residential School. You may have the work undertaken, at a cost of \$446 for the material and \$168 for the labour. A properly certified voucher, in duplicate, should be forwarded when the work is satisfactorily completed.

I note that the C. P. R. Boiler Inspector has examined the boilers and that new tubes must replace the old ones. You may accept the offer of F. Parks & Company to supply the 120 tubes at a price of \$900 and you may have William Reeves do the labour at a cost of \$200. When you are forwarding certified accounts in duplicate in this connection, you should have them certified to by the C. P. R. Boiler Inspector. His certificate should read that he has inspected the work, that the prices are fair and just and the labour satisfactorily completed. I note that William Reeves guarantees the installation.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Manual Training Department,

The Cranbrook Public Schools

Cranbrook, B.C.,

June 16th., 1927

F.G. Morris, Instructor.
Cranbrook, B.C.

R.H. Cairns Esq.,

Inspector Indian Schools of B.C.,

Vancouver, B.C.

Dear Sir,

Herewith, I present to you a report of
the Manual Training Work carried on during the School Year 1926-7,
at the Kootenay Residential School.

Attendance.

A class was held every Saturday morning during the past year from 9:30 to noon. (No recess period)
Two new boys (beginners) were enrolled in September, the total number of students being sixteen. This formed a much smaller class than in the two previous years, the older boys having left.

We now have nine boys in attendance, some of the boys having left through sickness and other causes.

We expect a larger enrolment in September as there are several students who will be ten years of age in September.

Building.

Our work shop is a separate building and of good size. It is specially suited for its purpose. The boys have done a great deal towards fitting it up; having put in the Floor, Tool cupboards and ceiling, also the drawing equipment and work benches.

The building is heated with a stove, one of the boys has to put on a fire early in the morning during our severe winter.

Equipment.

Our equipment is not elaborate, we have the essential tools for a class of twenty boys. The tools are of good quality, being those as regularly used by mechanics.

Supplies.

This year we have reduced our supplies to an absolute minimum, and we have purchased them from with the prize money won by the boys at the Cranbrook Fall Fair, the amount being Twenty five Dollars.

Next year I want to use more Hardwood and hardware and would ask you to sanction and recommend, that One Hundred Dollars be granted for this purpose, if possible.

Kootenay Residential Manual T. Report.

Continued.

WOOD WORK.

The two beginners have completed the following models in
woodwork involving the tool exercises as noted.

	<u>Model</u>	<u>New Tool exercises.</u>
1.	Rectangular Block.	Planing, Squaring, Gauging, Sawing (Cross-cut).
2.	Plant Label	Paring with chisel. (Horizontal)
3.	Key Rack	" " " (Vertical), boring.
4.	String Winder	Sawing (Rip),
5.	Tool Rack	Notching, rounding with chisel.
6.	Clothes Stick	Planing from square to round.
7.	Flat Ruler	Bevelling with plane.
8.	Cake Mixer	Whittling with knife.
9.	Match Holder	End Grain Boring.
10.	Pan Stand	Cross-lap Joint.
11.	Foot Stool	Nailed Butt Joint.
12.	Small Shelves	Housed Joint.

N.B. All the above exercises are repeated in following models.
The above boys made exceptional progress in the woodwork but ~~were~~ were
very slow in drawing.

The woodwork accomplished by the main class was as follows:-

1.	Inlaid Table Mat	Inlaying, Chamfering.
2.	Palm Table	Tapering, Glued Butt Joint, Mitre Joint, Fastening with screws, Nosing, Haunched-Stopped, Mortice and Tenon Joint, Bow-Sawing.
3.	Medicine Cabinet	Rebating, Through Mortice and Tenon, Making Stop Bead, Stopped Housing, Shaping to own design.

The above models were "Painted", materials used being:-

Raw Linseed Oil, White and Orange Shellac, Varnish, Varnish Stain,
Turpentine and Colours, and White Lead Paint.

The "Painting" is treated in an educational way, the use and source
of each ingredient is discussed.

Drawing.

All of the woodwork models made by the main class were properly
draughted by the boys. The views are properly placed and named
together with all the necessary lettering and detail. The views projected
being plans, elevations (to scale), and full size section views.
The boys are fond on this work and assimilate the instruction as easily
as the average white boy.

Theory.

This consists of a study of the following:-

Trees, Timber, Plane figures, Tools.

Progress.

The progress made by the boys in this work is equal to that made by
my Cranbrook boys. Our Public School course is completed in three
years. This course has been completed by the senior members of the
class in the same period of time.

Instructor.

My relation with the Indian boys has been most happy and cordial.
I feel that through this work their outlook is made wider and more

(3)

Kootenay Residential S.M.T. Report. (Contd.)

Instructor

interesting, because their natural creative instinct has been developed.

With regard to my remuneration for this work, the present arrangement has been in operation for three years which is as follows.

Manual Instruction per weekly session	\$5.00
Transportation	<u>1.50</u>
Total per session	<u>6.50</u>

I have to bill the department with this, monthly, which delays the payment somewhat. I would like to have it arranged that my work be included in the salary list.

I trust that this report is not too lengthy and hope that you will assist me in this work with your advice and ~~criticism~~ criticism.

All of which is respectfully submitted,

I remain,

Yours faithfully,

A. L. L. L.

CRANBROOK, B. C., October 13 1927

Dear Sir:

I beg to say in answer to your letter of the 6th, instant regarding fire protection, that our fire escapes are perfectly useless. The children will have to pass through four doors and one window before they reach the fire escape.

For the landing from the fire escape the children will have to go over the railing and jump 12 feet to the ground, or go back into the building through windows on the first floor.

There are 12 buckets of water and 9 Dominion extinguishers in the building.

I am glad that you spoke about the matter. Mr. Pragnell Indian Inspector realized the uselessness of the fire escapes, but nothing was done.

There is no tank of water in the house, no fire hose. We cannot accept to be responsible in a case of fire.

I beg you to be kind enough to send an expert who understands those things, no more inspectors or agent, they do not know what to do and never do anything.

It is to be regretted that your visit in the West has been cut short, there are many other things in the School which need fixing.

I remain,

Dear Sir,

Your devoted servant,

Honorable Duncan Scott,
Deputy Superintendent General,

Mr. Small

Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sirs:-

In reference to the account which has been dragging for some time we wish to state that there is something queer about the thing.

9

The pay roll for Aug 30th 1924 had been signed twice by the Sister Surperior at the School. Once when the payroll was paid to the men by us and once more after Mr. Small gave us a cheque for the amount and then immediately asked us to give him a cheque in return for the same amount so as he could use the money for some reason or other for which we have never been in a position to understand, this looks queer to us and we do not feel that we should put our self out of this much money just to propect him in some deal which looks to us very queer.

Another account for \$ 30.00 for signs made for the Indian reservation at Creston has never been settled, and another one for \$ 206.68 for work done at Mr Smalls house. He always says that he looses our accounts or that he never received them.

We notice that we do not get any more work from you and we do not see why it should be this way when we still have money coming.

We would be glad if you would look into the matter so we could get the thing cleared up.

Yours very truly

George R. Leask

Sir,-

The Department desires to draw attention to letters to you of the 15th February and 16th March, and your reply of the 26th March. Kindly refer also to official letter of the 4th April. All this correspondence relates to Mr. George R. Leask's accounts, etc. in connection with work at the Kootenay Residential School. Mr. Leask is pressing the Department for settlement of his account. The following is an excerpt from a letter which he wrote on the 8th instant.-

"The pay roll for Aug. 30th, 1924, had been signed twice by the Sister Superior at the School. Once when the payroll was paid to the men by us and once more after Mr. Small gave us a cheque for the amount and then immediately asked us to give him a cheque in return for the same amount so as he could use the money for some reason or other for which we have never been in a position to understand, this looks queer to us and we do not feel that we should put our self out of this much money just to protect him in some deal which looks to us very queer.

"Another account for \$30.00 for signs made for the Indian reservation at Creston has never been settled, and another one for \$20.68 for work done at Mr. Small's house. He always says that he loses our accounts or that he never received them."

It is hoped that you will, without delay, furnish the particulars for which request has been made. Your failure to do so will be regarded seriously.

Your obedient servant,

J. D. McLean

Rev. Sir:

I have your letter of the 13th of October, last, relative to fire protection at the Kootenay Indian Residential School. This letter was inadvertently mislaid, and I regret the delay in replying thereto.

The Department is communicating with Mr. Inspector Pragnell and requesting him to have the fire chief of the town of Cranbrook or some other expert visit the school and make a report as to what improvements should be effected.

Your obedient servant,

Ottawa, December 3, 1927.

Sir:

The department received a communication from the Principal of the Kootenay Indian Residential School with reference to the inadequate fire protection. He states that the present fire escapes would be practically useless in case of fire, and that there is no water tank and no fire hose on hand.

I have to request that you will arrange to have the fire chief for the town of Cranbrook or some other expert visit the school and report as to what improvements should be effected in order to place the fire equipment in an efficient state. The expert whose services you obtain should state fully the alterations he recommends be carried out, and whether any new fire escapes should be installed, the type of same, and also give full particulars regarding the cost. The quantity of any new fire hose, extinguishers, fire buckets, etc., required, should also be stated. Particulars should be given as to the water supply and what would be necessary in order that same could be adequately utilized in case of fire. I shall be pleased if you will attend to this matter at your earliest convenience and forward the report asked for, together, if possible, with an estimate of the cost.

Your obedient servant,

J. D. McLEAN

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. Box 752
KAMLOOPS, B.C.

December 10th, 1927.

Dear Sir:-

I am in receipt of your 155-0-5 of the 3rd inst., with reference to fire protection at Kootenay Residential School.

Before employing or paying an expert on the matter, I thought I had better communicate with you, in case you have overlooked the fact that a report on the proposed fire system for fire protection was made by Mr. E.H. Tredcroft, of the Dominion Water Power Branch, on May 15th, 1922. I presume that you have this report on file, but in case you have not, I can get one forwarded.

The complaint of the Principal of the School is that there is no water tank and no fire hose on hand. As you will see by Mr. Tredcroft's report, the present system of water supply at the school can only be used for domestic purposes, and it would cost far too much to get the supply for fire purposes from St. Mary's River. He makes the suggestion that the supply for fire protection be taken from St. Joseph's Creek, from which place sufficient pressure could be obtained. Details of this can be seen in the report. He also gives the cost of installing same, and the cost of hydrants and fire hose.

It would, therefore, be useless to instal fire hose or tanks in the school unless the pressure can be got by some such system as suggested, which apparently is the only possible one.

I myself, in a report, dated September 13th, 1923, on the Kootenay Agency, under the heading of "School," stated that the fire escapes were difficult of access, and should be heightened in order to give passage to the roof in case of fire, and in my report of October 29th, 1924, I again drew attention to the unsatisfactory position of the fire escapes, and asked the Mother Superior to make certain improvements enumerated in my report.

Upon hearing from you as to whether you have this report of Mr. Tredcroft's, and as to whether it is sufficient for your purposes, and an answer to your enquiries, I can then write to the Fire Chief at Cranbrook, and ask him to look over the fire escapes of the building, and possibly my report upon the fire escapes may be sufficient.

Yours truly,

(Geo. S. Pragnell)

Inspector of Indian Agencies.

Ottawa, December 23, 1927.

Sir:

I have your letter of the 10th instant, with reference to fire protection at the Kootenay Indian Residential School. The report of the Dominion Water Power Branch received in May, 1922, has reference to a supply of water for fire protection, hydrants, hose, etc., and involves a large expenditure. There are no funds at the present time for this improvement, but the Department wishes to take immediate steps to minimize the danger of loss of life in the event of fire.

I should be grateful if you would make immediate arrangements for the visit of the fire chief at Cranbrook; request him to look over the fire escapes with a view to determining if they are properly located and if they are easy of access. The Rev. Principal believes that ladders should be placed from the fire escapes leading to the ground, as there is a drop of approximately twelve feet.

A copy of this letter is being directed to the Rev. Principal with the request that he see that fire drill is practiced regularly.

Your obedient servant,

A. F. MacKenzie

We had anticipated the pleasure of a visit from you during the past year, but having been denied this honor, I am hoping the present request will be considered.

Our kitchen and children's dining room are badly in need of repair. The walls need a few coats of paint and the kitchen floor of necessity must be renewed. - Although measurements for same have been taken a number of times, nothing has as yet been done.

The upkeep of the rooms is a draggery because of their condition.

I have no doubt that if you could only see the state of affairs, you would at once see that it were remedied.

Dear Sir:-

The Department of Indian Affairs has requested me to ask you whether you would kindly oblige us by making a visit to the Indian School on St. Mary's Reserve, in order to make a report upon certain matters in connection with fire protection and safety appliances.

Possibly you know that there is no water supply for fire protection there, and the Department is anxious that every precaution as far as can be foreseen should be taken. The Rev. Principal has complained that the fire escapes are not as accessible as they should be, and that they are not located sufficiently near to the ground.

I shall be much obliged if you will look them over with a view to determining whether they are properly located and easy of access; and any other precautions that you may think necessary such as position and numbers, chemical fire appliances, axes, etc., should be included in your report.

When you submit your report, I shall be much obliged if you will also submit your charges and expenses in connection with the same, in triplicate, so that I can forward same to the Department.

I am also writing Mr. Small, asking him to afford you every facility in the matter and to get in touch with you.

Yours truly,

REPORT ON FIRE PROTECTION AT
ST. MARY'S INDIAN RESERVE SCHOOL,
CRANBROOK, B.C.

BUILDING: of Fire proof construction.

EXITS: Plenty of exits on first floor, but doors are all kept locked.

ESCAPES: Ample fire escapes, but under present installation they are useless. In case of fire the children would have to pass out of their dormitories, and either go upstairs to the top landing of the fire escape, or go through several doors and turn several corners into the private quarters of the Priest in charge, and then climb through a small window on to the escape. This window like all the others are fitted with a fly screen in addition of the storm sash, and this forms a very effective barrier at a fire.

The dormitories which before every other room in this building should be protected and without fire escapes of any kind. This would cause a panic, and the writer has personally fought a fire at this school and saw a panic amongst the children.

WATER: There is sufficient water on the first and second floor for domestic purposes, but absolutely inadequate for fire protection. The two last outbreaks of fire started on the top floor and on the first occasion had not chemical engines been taken from Cranbrook, nothing could have saved the building, but had there been water the loss should have been nil.

An overhead tank or cistern should be installed that would give a fair pressure of water for fire fighting purposes all over the building. The lives and property warrant this outlay.

FIRE ESCAPE
DOORS.

There should be a door at each fire escape landing, not just the small window as at present. The fire escapes should be lengthened so that the children would be able to descend without harm. At present they are too far from the ground.

FIRE DRILL:

Cannot be held to advantage under present conditions. If alterations are made, I would be pleased to visit the school and put on fire drills.

INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. Box 752
KAMLOOPS, B.C.

Kamloops, B.C.,
January 11, 1928.

Dear Sir:-

With reference to your 155-0-5 of the 3rd. ulto., I am now in receipt of a report from Mr. P. Adams, Fire Chief of Cranbrook, copy of which I enclose herewith. I am not in possession of any plans of this building, and from memory, it is impossible for me to back up the statements made by the Fire Chief in his report. However, I take it that it will be understandable, and will be taken in conjunction with the plans. As far as I can see, his reports amounts to this:

(1) There is no adequate water supply in case of fire. This we already know, and has already been mentioned by me in my last letter and report with cost upon the only installation possible, in order to gain water protection.

(2) He mentions that the exits to the fire escapes are through windows which are blocked to some extent by storm windows and fly screens, and that doors should be placed there instead of windows. This, also, I have already drawn to your attention several years ago.

(3) He states that the means of getting to these exits are blocked by closed and locked doors. This can only be rectified by an order to the Principal that means of access to the fire escapes must be kept open at all times.

(4) Whilst the Fire Chief points out that fire drills cannot be held under present conditions, he means, I take it, that it cannot be done so long as these doors are kept closed. In connection with the possibility of fire drill, I should suggest that a fire alarm system, perhaps after the style of that installed in the Kamloops Residential School last year, should be placed in the building, with the necessary fire axes in glass fronted cases at all points of exits as was done here also.

5. The matter of lengthening of fire escapes to the ground or near the ground is an easy matter.

I notice that he does not say anything about fire hose, extinguishers, etc., but I take it that as regards fire hose, as there is no pressure from the water supply, they are useless, and possibly there are sufficient extinguishers. I also notice that he does not propose new fire escapes, only that the old ones be fixed so that they can be go at easily and made a reasonable size for exit. Of course I have not seen the letters from the Principal upon the subject, therefore I do not know what his proposals were.

OFFICE OF
INDIAN AGENT

CRANBROOK, B.C.
Jany. 9th 1928.

Sir:-

Re-- Your letter No. 155-0-5
Dated December 29th 1927.

ENCLOSURE

I beg to report to you that I have taken Mr. Parkes of Parkes and Co., and James Norgrove to the Kootenay Residential School to examine the proposed work, and herewith enclose their respective estimates on same.

The old tile floor in the kitchen is so broken and worn that it is impossible to repair it, and it is very hard on the feet of the Sisters that have to work in the kitchen. Mr. Parkes estimate for new floor seems high, but he tells me that the cost of the labor in getting the floor in shape for rubber flooring will amount to considerable.

The Principal, Reverend Father Choinel thinks it would be useless to try doing the work by the elder boys and Mr. Morris, as there are only a very few big boys and at this time of the year they have plenty of work to do in keeping the School in fuel.

You will notice from Mr. Norgrove's estimate that the Principal has asked for considerably more work to be done, but I can assure you that it is all badly needed.

I may add that Mr. Norgrove is a very reliable man, and has just completed the painting inside and out of the new R.C. Church, and the Nurses Home here, and is highly recommended by the Fathers.

Your obedient servant,

E.H. Small

The Secretary,
Department of Indian Affairs,

OR-COPY

Ottawa, January 18, 1928.

Sir:

The Department has had some correspondence with the Rev. Principal of the Kootenay Indian Residential School, concerning the fire escapes. Mr. Inspector Pragnell, too, has made a recommendation and he has forwarded a report of Fire Chief Adams, of the town of Cranbrook.

I should be grateful if you would immediately engage the services of a responsible carpenter to place doors where there are at present windows leading to the fire escapes. These doors should open outward. You should also ascertain the cost of lengthening the fire escapes, as they are at present too far from the ground. An immediate report is requested in this last connection. The Rev. Principal is being given a copy of this letter. He is being instructed to cooperate with you in the matter and to see that the doors leading to the fire escapes are not locked at any time. You may arrange to have fire axes placed in glass-fronted cases at strategic exit points. No unnecessary expense should be incurred in this connection. You may also get a price on a fire alarm system. If you are in doubt concerning the type on which to make enquiry, you should write to Mr. Inspector Pragnell, who arranged for the installation of a suitable system at the Kamloops School.

Your obedient servant,

A. F. MacKenzie

Reverend Sir:

With further reference to the question of fire escapes at the Kootenay Indian Residential School, I am enclosing, for your information, a copy of my letter of today's date to Mr. Indian Agent Small. When the necessary alterations have been made and the equipment supplied, you should arrange for regular fire drills with various members posted at important points in the building. During the winter months, care should be taken to see that the fire escapes are kept free from ice. All doors leading to fire escapes from the dormitories should be kept unlocked, so that there will be no danger of panic in the event of fire.

Your obedient servant,

A. F. Mackenzie

POOR COPY

Ottawa, January 18, 1928.

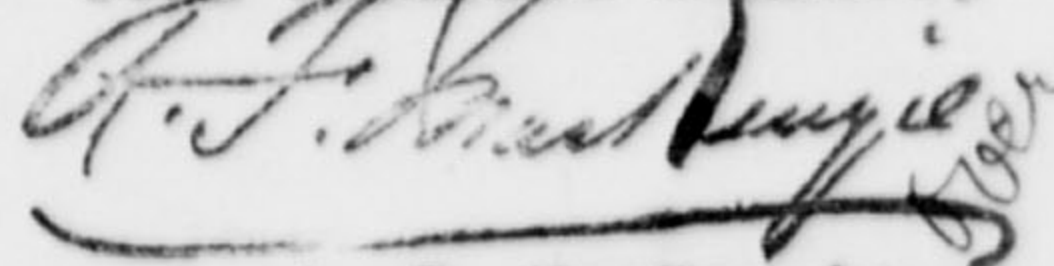

Sir:

I have your letter of the 9th instant, with enclosures, with reference to the proposed improvements at the Kootenay Indian Residential School. The prices you have secured appear high. I believe it advisable for you to prepare a specification of the decorating which should be done and offer it to three responsible firms in Cranbrook. You may use the specification for the labour as prepared by Mr. Norgrove, with one exception - that pipes and radiators should be cleaned and painted. The firms submitting prices should not only quote on the labour but should supply all the materials necessary. You should get a brief specification from Mr. Parks, showing the type of paint to be used. The Department agrees that three coats are necessary.

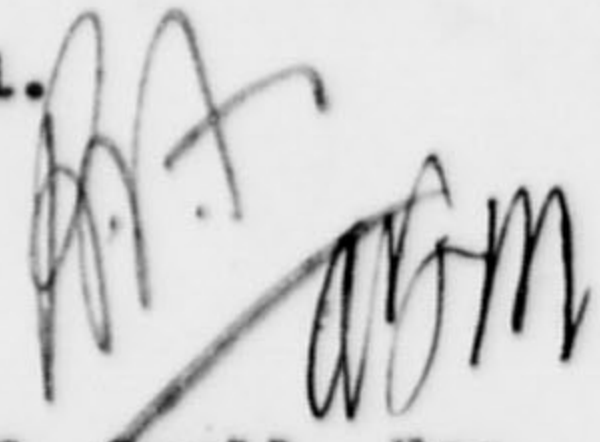

With reference to renewing the flooring in the kitchen, the price of \$800 is so considerable that the Department wishes you to secure alternative proposals, such as regular flooring or cork linoleum. These prices should be submitted to the Department, also.

I am returning the first proposals for your guidance.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Mr. E. H. Small

Indian Agency
Cranbrook, B.C.

Re fire Escape and fire protection
at the Kootenay Residential School Cranbrook, B.C.

Sir:-

Allow me to submit a few remarks on the above subject matter and in that of a Report of Mr. Adams fire Chief at Cranbrook, to yourself, report which is the result of an investigation he was asked to make at the School.

My predecessor, Rev. Father Lépine, in a letter dated October the 13th 1927 to the Honorable Duncan Scott, advised the Department of Indian Affairs of the uselessness of the present fire Escape, and the lack of fire protection at the Kootenay Residential School.

I am aware of the fact that steps were taken by your Agency to investigate that assertion in view of remedying the existing condition of affairs.

Mr. Adams, fire Chief at Cranbrook, was asked to investigate and to report; he did so and was at the School on January the 5th. 1928. I have a copy of his report.

I must say that I fully concur in the general lines of that report, viz. Uselessness of the present fire Escape and entire lack of water for fire protection.

Two points, however in the Chief's report might call for an explanation:-

First:- It is mentioned that the doors of the exits on the first floor are kept locked.- Now the reason for locking the doors is quite evident to the Department.- Children will run away for the mere sake of doing it; they belong to a tribe of Indians for whom freedom is supreme, and who do not seem to value the advantage of keeping their children at school. However at all times there is with the children a guardian who has ready keys to those exits. So there is no immediate risk from that source.

Secondly:- Concerning that panic referred to in the Chief's report, my information differs a little from what the report would seem to convey. There was indeed a fire at the school on May the 4th 1924; the children were at dinner in their common dining room, on the basement floor, and fled out without any panic or commotion. The fire had started on the roof of the building. It seems that Indians from the village came to the rescue, that excitement got the best of their judgment, that they climbed up to the dormitories and started throwing furniture through the windows and doing other unnecessary damage, instead of helping to put out the flames. The Cranbrook Fire Department, called in haste, had soon done to put the fire under control before it did any too serious damage. But there was no panic among the pupils.

Now coming more fully into the subject which interests us I must say.

I arrived at the Kootenay Residential School on December 27th. 1927 at 7.30 P.M. to take the function and responsibility of Principal of the School. As such I am deeply concerned in the welfare and safety of the children and of the staff of the school. Having noticed that condition of affairs, I have from the start endeavoured to find a remedy to it. It seems that on that account I may be allowed to express my views in the matter.

Indian Affairs (RG 10 Volume 6453, file 884-5, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

copy

It must be remarked that the words " Fire Escape " and " Fire Protection " have two different meanings. A fire escape is more immediately for the safe exit of the inmates, -- A fire protection is for the building and contents. So I will deal with them separately.

--- FIRE ESCAPES. ---

There are two so called fire escapes at the rear of the building; but as it was asserted by my predecessor, which assertion is now confirmed by the Fire Chief at Cranbrook, such escapes are absolutely inadequate.

Under the head; " FIRE ESCAPES DOORS" ,the report of the fire Chief's has the following: " There should be a door at each fire escapes landing..... The fire escapes should be lengthened..... At present we are too far from the ground."

I fully concur in those remarks and I would suggest:

That it is advisable to keep such fire escapes as we have in their present location making to such a few alterations:viz.....

- 1) Opening of an easier access to them where needed.
- 2) Making an extension to the lower part of the fire escapes to the ground.

Under the head: " ESCAPES from dormitories....." The fire Chief's reports that the children would have to pass out of their dormitories and either go upstairs to the top landing of the fire escapes, or go through several doors and turn several corners.." and then climb through a small window on to the escapes. Those remarks are exact, therefore I would call your attention to two facts, and offer a suggestion:

1 (The two dormitories for boys are located on the top floor at the extreme north wing of the building, between them and adjoining them is the night guardian's room; the two dormitories for girls are built on the same plan at the extreme south wing.

2) Fire Escapes for such ought to be provided at each end of the building, and if built would have a natural and very easy access from the dormitories through the guardian's room, and also from the stairway inside platform. This would provide the easiest fire escapes from the dormitories.

---FIRE PROTECTION---

Attention is called to the lack of water for fire protection. Chief Adams' report says: " There is an absolutely inadequate provision for fire protection. , , An overhead tank or cistern should be installed that would give a fair pressure of water for fire fighting purposes all over the building. THE LIVES AND PROPERTY WARENT THIS OULAY. "

I think there is no possibility of an adverse opinion on that matter I would therefore strongly recommend, what has been recommended by former Principals of this School.

1 (That an overhead water tank be erected at the rear of the school, at a safe distance; that necessary hydrants be installed outside the premises, and fire hoses on every floor.

2) That the present system of water supply be extended further upstream , of sufficient gravitation to replenish the water tank and keep full at all times, and overflow should be provided for that tank. .

3 (It might be usefully remarked that water from that tank could be used for other purposes through a system of turbines for the running of various saws , motors etc.

Sir, I will not venture an opinion on the cost of such alterations. Estimates for the above had better be submitted by a competent engineer and a contractor.

ARCHIVES PUBLIQUES
CANADA

PR-COPY

Remarking only that , as the report of Fire Chief Adams has it
" THE LIVES AND PROPERTY WARRENT THIS OUTLAY. " I would suggest
that you forward this letter to the Department of Indian Affairs.
Views that I have expressed might prove to be of some use to
them .

I am Sir

Yours very sincerely

L. Choinel.

Principal of Kootenay Res[^]School.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. BOX 752
KAMLOOPS, B.C.

January 17th, 1928.

Dear Sir:-

With further reference to the subject of fire protection and fire escapes at Kootenay Residential School, I beg to enclose report that I have just received upon the matter from the new Principal, who, apparently, has just been appointed, to Mr. Small.

On looking it over, it approximately amounts to the same as the recommendations already forwarded, that is as regards fire escapes, proper doors for each floor instead of windows, as at present, and secondly, that the fire escapes should be long enough to reach within four or five feet from the ground.

With regard to the Principal's remarks upon the doors being locked, and the reasons for same, he states that a guardian always holds the keys to these exits, so that there is no immediate risk from this source. Personally, I do not agree with him. Something might happen to the guardian if a panic broke out, or he might misplace the key. If, therefore, it is necessary to keep these doors locked, I consider that the key to same should hang in a glass-fronted box, painted red, outside the door, with a small hammer chained to it, with which to break the glass if the key is required.

With regard to his remarks about the escapes from the dormitories, without the plans on hand, (which I think should be in the office for convenience in these matters), I cannot quite understand the argument. However, if it is necessary for children to pass upstairs to reach the fire escapes, this is certainly wrong. Direct access should be made to the fire escapes on each floor, one in either wing.

With regard to fire protection as I think I have already stated, you have particulars with regard to the necessary outlay and possibilities of water supply.

Yours truly,

(Geo. S. Pragnell)

Inspector of Indian Agencies.

GSP/S.

00R-COPY

Ottawa, January 27, 1928.

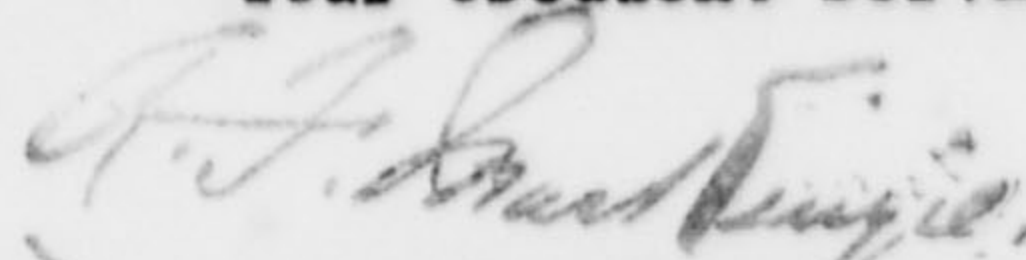

Sir:

With further reference to the matter of fire protection and fire escapes at the Kootenay Indian Residential School, I have to state the Department realizes that the protection of the building is inadequate; but, to supply water for this purpose, with the necessary hydrants and hose, involves a large expenditure and there are no funds at the present time for this improvement.

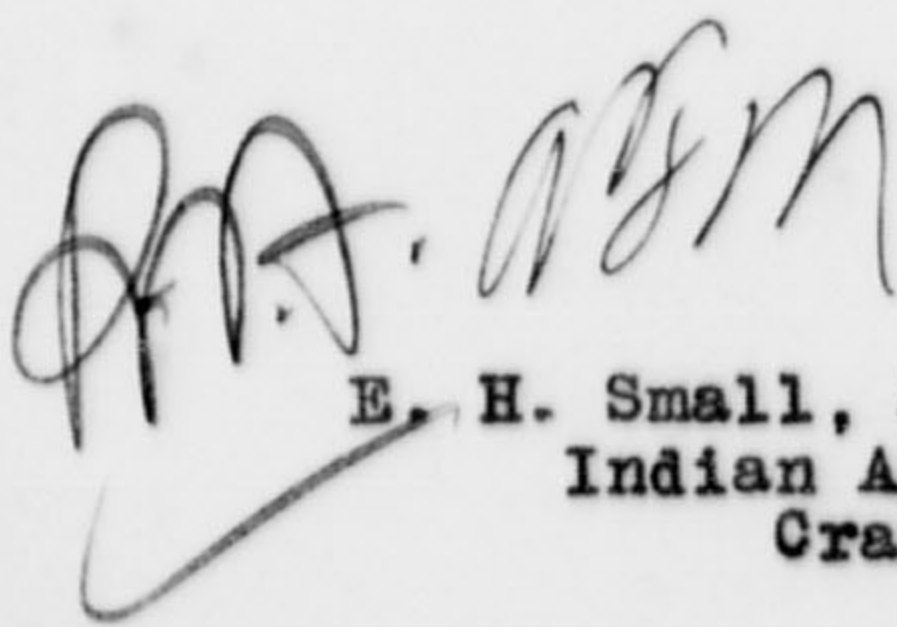

However, the Department wishes to undertake immediately any reasonable steps that will minimize the danger of loss of life in the event of fire. The Rev. Father Choinel's letter of the 11th instant, addressed to you, has been forwarded to the Department by Mr. Inspector Pragnell. In addition to the authority which was directed to you under cover of the 18th instant, I wish you to take immediate steps to secure prices from two firms on the installation of two fire escapes, one at each end of the building, leading from the night supervisor's room, which is between the dormitories at each end. The fire escapes required are steel steps similar to those already on the back of the building. Please give this your early attention.

As it is necessary to keep the exit doors on the first floor locked, the Department wishes to have a key for each available in the event of fire. The keys should hang in glass-fronted boxes, painted red, immediately inside each door, with a small hammer chained to each. Anyone would be thus able to break the glass and extract the key if the emergency arose. The glass box should be no higher than 4 ft. on the wall.

Your obedient servant,

A.F. MacKenzie,
Acting Asst. Deputy & Secretary.

Ottawa, February 4, 1928.

Sir,-

I beg to inclose for your information copy of a letter of the 17th November (No.155-0-5) written by the Department to Mr.Indian Agent Small regarding Mr.George R.Leask's accounts in connection with work at the Kootenay Residential School. You will observe therefrom that he failed to forward accounts for payment.

On the 24th November Mr.Small replied to the Department in the following terms,- "Mr.Leask has been out of the City all week and as I have to be present at a meeting of the International Joint Commission at Nelson next week I will attend to this as soon as I return".

Nothing further has been heard from Mr.Small in this matter, which is most unsatisfactory. I have to request,therefore, that you will make investigation and report at an early date.

I may say that the Department is withholding payment of Mr.Small's salary, as you will see from copy of letter of to-day's date, No.99-1550, that has been written him in connection with other accounts which he failed to present for payment.

You will find inclosed also copy of a letter which the Department has written to-day to Mr.Small regarding accounts from the Cranbrook Sash & Door Co.Limited.

Your obedient servant,

A.F.MacKenzie

Sir:- Re-- Repairs to Kootenay Residential
School. Your letter No. 1555-0-5
Dated January 18th 1928.

I beg to enclose estimates of cost of
labour from James Norgrove and George Higginson.

There is very little difference in the
two tenders, and I think Higginson quite as reliable
as Norgrove, and would recommend that he be allowed to
do the work.

I also enclose estimate on material
from Messrs. Collier and Sinclair \$276.30, and that of
F. Parks and Co. \$236.60.

Messrs. Collier and Sinclair may have
figured on a little better material, and it may be
better to allow them to supply it.

Your obedient servant,

[Handwritten signature: E.H. Small]

Ottawa, February 10, 1928.

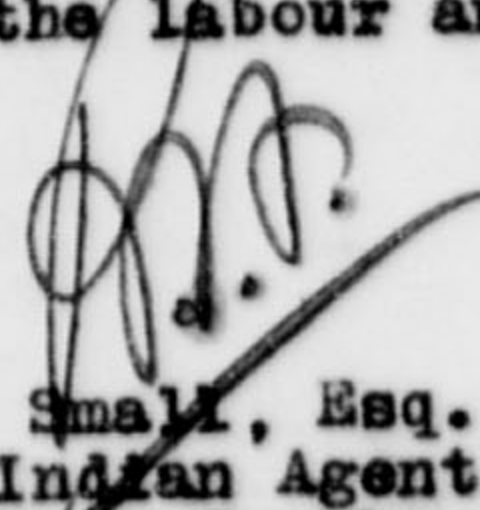

Sir:

I have your letter of the 4th instant, with enclosures, relative to new flooring in the kitchen at the Kootenay Indian Residential School. You may accept the offer of F. Parks & Co. to lay mapleleaf grey flooring of rubber character, 3/16" thick, for the sum of \$375.00 - the price to include raising the old tile floor and relaying the new flooring. I am returning their offer, which you should attach to a properly certified account, in duplicate, when the work is satisfactorily completed.

I have also your letter of the 3rd instant and have to approve of your arrangements with Mr. G. R. Leask to install four doors on the fire escapes at the rear of the building, at a cost of \$90.00.

I have also your letter of the 4th instant, with reference to decorating required in the dining room, pantry, etc. You should purchase the materials from Collier & Sinclair, Limited, as shown on the enclosed list, at a cost of \$240.30. I might point out that Parks' offer was higher, amounting to \$244.60 for the same materials. Collier & Sinclair's offer is returned herewith, to be attached to the properly certified voucher, in duplicate. You may accept the offer of George Higginson to perform the labour and supply the necessary equipment at a cost

Dear Sir,

I hereby submit estimate for the changing of
Fireescapes at the rear of the St. Eugene Mission School.

Since those fire escapes and the main building
was built the furnace and electric room has been added on which
was not on the plans therefore in case of fire in the boiler
room the fire escapes could not be used because they end on the
roof of same besides there is a jump of twelve feet to the
ground

I will replace those and extend them to the ground
For the sum of \$ 200.00. TWO HUNDRED DOLLARS,

Hoping you will award me the contract,

Yours very truly,

George R. Leask

Ottawa, February 11, 1928.

Sir:

I have your letter of the 3rd instant, enclosing Mr. Leask's tender on a fire alarm system for the Kootenay Indian Residential School. This proposal involves too much money and I should be glad if you would write to Mr. Inspector Pragnell to ascertain the type of installation made at the Kamloops School at a much lower cost. When this is to hand, see if Mr. Leask will quote on it and forward his second offer for the Department's attention.

I have also your letter of the 4th instant, enclosing tenders on fire escapes for this school. The prices are so high, that I am of the opinion very elaborate fire escapes are intended by those quoting. Please let me have a rough sketch, showing the end of the building with the type of escape on which Mr. Leask is quoting.

Your obedient servant,

A. F. MacKenzie

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. Box 752
KAMLOOPS, B.C.

February 14th, 1928.

Dear Sir:-

I am in receipt of your 155-0-5 of the 4th inst. I must admit that I cannot understand Mr. Small's attitude in the matter. I have, as you know, repeatedly warned him about his neglect, and if I recollect rightly, this is the second time that you have had to stop his salary.

I have immediately written Mr. Small, requesting that he answer me by return of post, informing me that he is taking immediate action and has forwarded the accounts. In order that there should be a check on him, I have asked him to enclose me copies of his letters of explanation to you.

Although most inconvenient just at the close of the fiscal year when statistics have to be got ready for the Kamloops Agency, and also having to be prepared to hand over same to Mr. McLeod, besides all my own work, if I do not hear from Mr. Small satisfactorily, I will proceed down to Cranbrook, to try to find out what is the matter.

I had intended anyhow to visit Mr. Small's Agency as early as possible this year, and make enquiries, as there certainly must be some reason for his laxity. If, however, he deals with these accounts immediately, I will defer my visit to Cranbrook Agency until I have wound up things for the Kamloops Agency, and clear up some of my own work which is waiting.

Hoping that this is satisfactory,

Yours truly,

(Geo. S. Pragnell)
Inspector of Indian Agencies.

Kootenay Residential School
March 7th.1928.

Mr. E.H. Small
Indian Agent
Cranbrook. B.C.

Dear Sir:

I received a " Blue Print " showing plans for a proposed FIRE ESCAPE to be erected at both ends of the building known as the Kootenay Residential School.

The same is the Blue Print referred to in a letter from Mr. A.F. MacKenzie to yourself (March 1928, File 155-0-5) in which you are given instructions to ask for tenders for the erection of a Fire Escape according to those plans specified thereon.

It is evidently the desire of the Indian Department to provide in the best possible way to the safety of the children of this school, in the event of a fire; and so this communication is meant only for the purpose of seconding the views of the Department as best I can. And I think that before any further steps are taken in that matter that it is my duty as Principal of this school, and as such more directly responsible for what may happen to the children, to point out some of the reasons for which the particular specifications as indicated in that Blue Print should not be carried out, but should be revised.

In fact I firmly believe it would be a mistake and an immediate cause of troubles for the school to have them carried out.

I submit the following reasons:
TOP EXIT.--

The access to the top of the fire escape is shown as from the windows in the two dormitories. Such access must be quite free to the children. Now past experience in different schools must have convinced the Department that Indian Children have an inborn tendency to try to run away; and an escape from a room where there is no guardian will afford them the best opportunity of doing so. Then by leaving that door unlocked, the children will be left unprotected during the night against visitors from the outside.

Balusters.-- Such as designed, the balusters might be all right for grown up people; but they afford little protection to a crowd of small children that would be in a rush from a fire. It is greatly to be feared that the smaller children might be pushed through those balusters to a sure death,

LANDING-- The above remark applies to the lower landing which is specified as an OPEN END Landing, what chance would the children have in a rush? By actual measurements that lower landing is ten feet six inches above the ground. Such a jump to safety cannot be managed without the greatest risk to life or limbs, especially in a rush, they would jump one on top of the other.

Moreover, Sir, the enclosed blue print does not seem to be in accordance with instructions issued by Mr. A.F. Mackenzie; for in connection with a certain letter of mine dated Jan.11th. re that very same matter, Mr A.F. Mackenzie wrote to you Jan.27th 1928

" The Rev. Father Choinel's letter of the 11th. inst, addressed "to you, has been forwarded to the Department by Mr. Inspector Pragnell. In addition to the authority which was directed to you "under cover of the 18th.inst. I wish you to take immediate steps " to secure prices from two firms on the installation of two fire "escapes, one at each end of the building, leading from THE NIGHT "SUPERVISOR'S ROOM, which is between the dormitories at each end. "The Fire escapes required are steel steps similar to those already "on the back of the building. "

Indian Affairs (RG 10 Volume 6453, file 884-5, part 2)

CANADA

POOR-COPY

According to the above it is easy to see that the specifications contained in the Blue Print sent to you do not agree with the directions given by Mr. A.F. MacKenzie.

Therefore may I suggest through you to the Department that it is advisable to revise that plan for those two end fire escapes, and that such be drawn according to directions first given by Mr A.F. MacKenzie: viz:

1.- The Exit to be through the Supervisor's room, which is between the dormitories at each end. That is the room which shows on the plan with the larger window in the center of the building.

2.- The BALUSTERS should be of vertical steel runners not any more than four inches apart at the centre.

3.- The fire escape should be continued to the ground either in a continued and uniform kind of steps, or reach it by means of a bascule bridge,

I am, Sir,

Yours very sincerely

L. Choinel

The Cranbrook Public Schools

~~PRINCIPAL'S OFFICE~~
Manual Training Department,
F.G. Morris, Instructor,
March 7th., 1928
Cranbrook, B. C.

E.A. Small Esq.,
Indian Agent,
Cranbrook, B.C.

Dear Sir,

Herewith I present a short report of the
Manual Training Work carried on at the Kootenay Residential School,
since March of last year.

The following models have been made by the senior
boys:-

Individual Models

Special Exercises involved in
construction.

Medicine Cabinet Door.
The "Carcase" having been
previously made by each boy.

Through, haunched Mortice & Tenon Joints.
Making wood stop Bead, and fitting panel.
Hinging door with Butt hinges.
Fitting cup turn.
Painting model, four coats. Colours mixed
by pupils.

Circular Taboret.

Cross lap Joints. Stub tenons.
Glued up top. Shaping with spokeshave.
Staining and Varnishing.

Bob Sleigh or Hand Sleigh.

Joints, repetition of previous work.
Metalwork used in conjunction with
wood for runners and braces.
Boring in metal. Bending. Reaming.
Use of Carriage bolts.

Trinket or Cigarette Box.

Use of valuable woods-Mahogany.
Dove tail joints, corners. Lid rebated.

The Medicine Cabinet and Taboret were made from properly draughted
plans. This was done by the boys.
The other models were made from freehand sketches, properly dimensioned.

Eight beginners commenced in September, one has now dropped out through
physical disability.

These boys have completed the first four models of the course in woodwork
and the first seven in draughting. They are keen and their work is quite
up to the standard set by previous pupils.

Present enrolment 5 senior, 2 intermediate and 6 junior boys.
The intermediate boys have made the first seventeen models, seven drawings.
All of which is respectfully submitted,

F. G. Morris

Sir,-

Replying to your letter of the 12th instant, with reference to the fire escapes required for the Kootenay Indian Residential School, I note that sometime ago the Fire Chief of Cranbrook reported that the fire escapes at this school were ample, but that under their present arrangement they were almost useless owing the difficulty in reaching them from the dormitories.

I would ask you to please consult the Fire Chief and ask him to make a recommendation as to what he considers necessary in order to provide proper fire escapes for this building.

A. F. MacKenzie
Your obedient servant.

A. F. MacKenzie.

BRITISH COLUMBIA

P.O. BOX 752

KAMLOOPS, B.C.

February 20th, 1928.

Dear Mr. Small:-

I am in receipt of yours of the 16th inst., with reference to the fire alarm system for Kootenay Residential School.

The system installed here was not one of the regular fire alarm systems, but a system installed at the cost of \$54.00, by one of the local electricians. It was merely a system of push buttons, fixed in certain places, with wires leading to bells on each floor, for the dormitories and class rooms. The bells were about six inches across this being the largest size that can be worked by a system of push buttons of this sort. The buttons were placed in selected places such as, just outside the Principal's office, the kitchen and certain sleeping rooms of the staff. They were lettered over the top in red paint, with the words "Fire Alarm", and placed sufficiently high in order that very small children could not reach and ring them.

The price for a regular fire alarm system such as is installed in certain public buildings can be obtained from any of the local electrical men, but, in my opinion, the other system is quite sufficient.

Yours truly,

G. S. Pragnell

(Geo. S. Pragnell)

Inspector of Indian Agencies.

Re Fire alarm System.
Kootenay Res School.

Sir.

I beg to enclose a letter I received from Mr Inspector Pragnell which explains the system installed in the Kamloops School.

I can have a similar system put in the Kootenay Res School at about the same price but of course would not be concealed wiring as figured on by the Modern Electric,

I talked with the Modern Electric Co this morning and they said without measuring it up they thought they could do this job at about the same price.

Your Obedient Servant

Ottawa, March 29th, 1928.

Sir:

I have your letter of the 23rd instant, enclosing a communication which you received from Mr. Inspector Pragnell regarding the installation of a fire alarm system in the Kootenay Indian Residential School. It is noted that the system which Inspector Pragnell states was installed in the Kamloops Residential School cost approximately \$54. This system consists of push buttons, fixed at certain points, with wires leading to bells on each floor, for the dormitories and classrooms.

It is noted that the Modern Electric Company, of Cranbrook, whom you consulted, state that they would be prepared to install a similar system in the Kootenay School for approximately the same cost as that referred to by Inspector Pragnell, and you may arrange with this firm to carry out the work of installing a fire alarm system. You will be good enough to see that the work is carried out to the satisfaction of the staff of the school and yourself, and, when completed, you may forward an account, in duplicate, properly certified, covering the expense, which should not exceed approximately the amount stated. The installation of this fire alarm system should receive prompt attention.

Your obedient servant,

A. F. MacKenzie

Dear Sir:

We thank you for your inquiry in regard to rubber
flooring and lenoleum flooring for the kitchen of the St.
Eugenr Industrial School, St. Eugene Mission.

The price of covering for this floor in battle-
ship lenoleum would be \$187.50, or in mapleleaf grey
flooring 3/16" thick \$375.00, both the above prices include
raising of the old tile floor and the re-laying of the new
flooring.

We trust one of the above may meet with your re-
quirements and we assure you, your business will be greatly
appreciated.

Yours truly,

F. PARKS & CO.,

Cranbrook Fire Dept.

April 10th 1928.

E.H.Small Esq.

Indian Agent.

City.

Dear Sir:

With further reference to the proposed new Fire Escapes at the Kootenay Indian Residential School might state I have again visited same and after looking over the building carefully am perfectly satisfied that the only logical place for the fire escapes is at either end of the building, and not at the rear as at present. It would then take care of the children on each side of the corridor at both ends of the building, also the staff and any person who might be in the sick wards.

Besides these in charge having better control it would be the quickest possible means of exit in case of an outbreak of fire.

Great care however should be taken to see that escapes proper are so constructed that there could be no chance of the very small children being pushed against and through the bannisters, for if this occurred it would mean loss of life.

Yours truly,

S. Adams.
Fire Chief.

Re Fire escapes Kootenay Residential School.

Sir, -

(Enclosure)

I beg to enclose a Letter I have just received from Fire Chief P. Adams, although dated April 10th. I am not sure that his report is what you require, but he tells me that he agrees with the Rev Principal that the escapes should be from the Center rooms between the dormitories

And that it would be impossible to control the children if they were erected as per blue print furnished by the Department and leading from the dormitories. You have the Rev Principals letter of January 11th which explains the matter thoroughly,

Your Obedient Servant.

E.H. Small.
Indian Agent.

Ottawa, May 28, 1928.

Sir:

I have your letter of the 30th ultimo, with enclosure, concerning fire escapes for the Kootenay Indian Residential School. The proposal involves considerable expenditure and I should like to know if the present escapes, supplemented by iron link ladders, would be adequate. These ladders have proven satisfactory at other schools. They are fastened on the inside of windows leading from dormitories, by eye bolts, and, when not needed, are rolled up on the inside. They can be thrown out when required. Please see the Rev. Principal and Fire Chief Adams regarding this last scheme and let me know if they could give their approval. If they do, you should inform me of the number of ladders required and the lengths necessary. Your early attention is requested.

Your obedient servant,

Sir,-

You will find inclosed copy of a letter of the 28th May which the Department received from Beattie-Noble, Ltd., of Cranbrook. They refer in this letter to an outstanding account of \$45.00, and it would appear that they have brought the matter to your attention but that you have not taken action thereon. Seemingly this is the first time report in the matter has been made to the Department. If there is an account due this firm by the Department, you should submit it without delay in proper form for payment.

Your full report in the matter is desired immediately.

June 15th. 1928

Sir:-

Re your letter May 28th. 1928
155 - 0 - 5

I have talked with the Rev. Principal, Fire Chief Adams and Mr. Inspector Pragnell re supplementing the fire escapes at the Kootenay Residential School by iron link ladders and none of them would agree that they would be adequate.

I understand that Mr. Inspector Pragnell is writing you re the advisability of moving the present escapes at the back of the building to the ends, as from their present location they would be of very little use in case of fire.

When you have Mr. Inspector Pragnell's report and if you consider his proposition I will try and obtain estimates as to the probable cost.

Your Obedient Servant.

Kamloops, June 21st, 1928.

Sir:

Inspection Report, Kootenay Agency.
x x x

Upon enquiry I found the matter of accounts owing or said to be owing by the Department, somewhat involved with considerable dissatisfaction and misunderstanding. I made it my business to enquire of the various tradesmen who had already complained, and of any whom I thought might have accounts. Some, I found, had apparently authorized accounts against the Department, others again were genuinely under the idea that they had. All complained of want of explanation on the Agent's part, so in order to clear up the matter of responsibility for payment, in each case I went as thoroughly as possible into the matter with them, and fixed the said responsibility as well as I could. I informed Mr. Small that it was really his duty to attend to this, and even if some of the accounts were not chargeable to the Department, it was not right to practically ignore the people, but to endeavor to make matters clear, and not let tradesmen and others labour under the misapprehension that the Department was to blame as it reflected seriously upon our good name. I have already reported upon the account with the Cranbrook Cartage and Transfer Company. See my letter K-G-30 of the 13th inst. The other accounts that I endeavoured to clear up, I am reporting upon separately and individually.

K-G-39.

Dear Sir:-

Referring to my Inspection report, and remarks re unpaid accounts for the two Drug Stores in Cranbrook, I have to say that I have been able to clear up the responsibility for payment for several of these accounts, but there are others in which it seems difficult to fix the responsibility other than upon Mr. Agent Small, who authorized these accounts, but whether or not with authority to do so I cannot find out. The first set of accounts with the Cranbrook Drug Company (Scott) I was able to clear up with the exception of one account for a foot ball and inner tube which had been supplied to the Indian Residential School. I handed this account to the Mother Superior, and informed her that she would have to pay it unless they could find authority given them by the Department for the purchase of same. If they do find such authority, I have instructed them forward the accounts to you through Mr. Indian Agent Small. I have a strong suspicion that such authority was given by the Department somewhere about the time Mr. Small took over the office.

With reference to the accounts with Messrs. Beattie Noble Ltd., the other druggist in Cranbrook, I have managed to clear up the responsibility for about \$35.00 worth of goods, but there are a few items that were undoubtedly ordered by Mr. Small. I am enclosing account slips dealing with these matters, and have marked a cross in pencil against the items. The first one, as you will see, is an item for \$1.00 for sheets of drawing paper supplied to the Mission School. The second one amounting to \$3.85 is for pencils and tacks ordered by Mr. Small, but the druggist is not sure whether they were delivered to Mr. Small or to the School. The third one amounting to \$10.80 is for two dozen slates ordered by Mr. Small and delivered to the School. Upon questioning Mr. Small upon the matter, it suddenly struck him, anyhow regarding the last item, that he had authority from Mr. Ferrier to purchase these. I asked him, for goodness' sake why he did not submit these account to you for payment, and he did not seem to know why. I ordered him to submit same at once, quoting authority. I also ordered him to look into the other accounts, and to try to find out whether he had authority for such orders, and if he had not, he must submit the accounts to you anyway, giving his reasons why he had made the purchase on emergency.

-2-

June 22nd., 1928.

I pointed out to him that these kind of accounts hanging around with apparently nobody willing to pay , was a hardship on the people who had supplied the goods in good faith, and that it was leading people to believe that the Department of Indian Affairs was very lax in paying its just debts.

Yours truly,

(Geo. S. Pragnell)
Inspector of Indian Agencies.

Kamloops, B.C., June 21st, 1928.

Sir:

Inspection Report, Kootenay Agency.

St Eugene's Mission.

The matter of drinking water supply was again referred to. It seems that the present supply piped into the school from St Mary's River is seriously contaminated by the dumping operations of numerous mines higher up the river. At the present moment all drinking water has to be hauled from a spring some distance from the school. This is very inconvenient and in addition adds to the difficulty of preventing the children in the hot, dry weather, from drinking out of the sewerage contaminated St Joseph's Creek, which I have already referred to in both my previous reports. A possible solution would be placing a pump for drinking water in the building.

I then took up the matter of fire escapes with the School authorities, Mr. Small, and in the evening consulted Fire Chief Adams of Cranbrook. Separately I beg to submit my suggestion, which meets with the approval of the Reverend Principal, the Mother Superior and Fire Chief Adams. The latter^{was} have to thank for his keen interest in the school, and its safeguard against fire. He has offered me his services in the training of the children in fire drill, and I am writing the Principal in order to take advantage of his offer.

Fire Chief Adams also explained to me that the fire extinguishers in the school should be refilled. This should be done once a year. He offered, on behalf of the Cranbrook Fire Department to have them refilled at fifty cents per extinguisher, this being the cost price of filling all the city extinguishers in charge of the Fire Department, and they are not allowed to make any profit on refills. He states, and from past experience I do not doubt him, that probably no one at the school has much idea as to how these extinguishers are to be used, and would probably be trying to read the instructions amid the smoke and excitement of a fire. If his offer to re-fill these is agreeable to the Department, he will empty the present ones in the form of instructional drill, and see that certain chosen ones are told off to use them.

This school is still without a refrigerator. The bakehouse chimney gives a lot of trouble by smoking in certain winds, and this despite constant cleaning and attention. I think a wind cowl would eliminate this, and should suggest its installation.

K-G-36.

Dear Sir:-

Referring to my remarks regarding the fire escapes at St. Eugene's School, and my report on the Kootenay Agency, I have to elaborate as follows:

The Principal let me have the loan of a blue-print which he had received from you, which I am marking in red pencil with my suggestions. You will see the suggestion is that the present escapes, being useless both in the opinion of the Fire Chief, the Reverend Principal and myself, should be removed to the two end elevations of the School. In this way money would be saved, and as they are bolted together and fastened by bolts to the wall I should think it would be an easy matter to re-adjust them as suggested. Without a doubt, the danger is at night when the children are in the dormitories, and not in the day time when they are in the class-rooms. The suggestion, therefore, is that the fire escapes lead from the centre window of the two elevations. These windows are full length ones, and one is in the bedroom where the Sister who overlooks the girls dormitory sleeps, and the other in the wing of the building where the Brother sleeps who overlooks the boys' two dormitories. In this way, in case of fire, the children would file out from the two dormitories into the centre passage and up five or six stairs and through the window to the fire escape. In this way the whole movement would be in full control of somebody in authority. It would also save any possible chance of children escaping via the fire escapes, if they led directly from the dormitories as suggested, and which is feared by the Principal and the Sisters of the School. For double security the steps could be made to pass in front of the landing window, which, if required, would give a double means of escape, even at night, and if required, offer a means of escape from the class rooms in the daytime. With a flight of stairs so handy to the classrooms, it would hardly be necessary for day use anyway.

By passing the escape from the supervisor's room, the difficulty about having to keep it locked would be obviated. I don't like locking escapes myself, as it only leads to confusion when smoke and flames are around. I have to draw your attention to the fact that this fire escape could come nearly to the ground, and could have attached to it a further flight of steps, hinged so that it could be kept up when not in use, and merely wants pushing down to reach the end of the escape. This would prevent

unlawful use from children climbing around during the daytime.

The last suggestion is one by the Fire Chief who has seen it in use in many places. Both the Principal, Fire Chief Adams and myself discussed the matter from all angles, and the suggestions which I have just detailed meets entirely with their approval and covers the objections that both of them had to other suggestions.

I believe, and so do those concerned, that these changes can be made by a local dealer at a reasonable cost. It is just possible that he might have to get a further length of steps, but I do not know unless measurements are taken. I should suggest that Mr. Agent Small be instructed to get a builder to lay an estimate before you along the lines suggested.

Yours truly,

DEPARTMENT OF INDIAN AFFAIRS CIVIL RE-ESTABLISHMENT

Memo. of matters discussed by Father Choinell,
of the Kootenay Residential Indian School,
Cranbrook, B. C., with Hon. Dr. King.

Fire escape - additional facilities. It is a valuable building with inadequate fire protection. There has been considerable correspondence with the Department, but no instructions have ever been issued to have a report made and submitted to the Department.

Roof of the engine-room is leaky, and badly needs repairs.

A Frigidair refrigerator is desired, as they are unable to keep ice owing to the fact that the first warm sun melts it very quickly, and it is difficult to keep meats, butter, and other perishable products.

Original in the hands of Commissioner Ditchburn who is to interview Inspector Pragnell on the subject mentioned and deal with the question from the Commissioner's Office.

I told Mr. Ditchburn that an item for the Frigidair would have to be included in the estimates for the next fiscal year.

Dear Mr. Ditchburn:

I wish to refer to the conversation which Reverend Father Choinel had with Honourable Dr. King, concerning improvements at the Kootenay Indian Residential School. I believe that the original of a memorandum in this connection was left with you. I now find that Mr. Inspector Pragnell's report of June 21st on fire escapes at this institution has been inadvertently overlooked. Our Inspector recommends that the present fire escapes should be removed to the two end elevations at the school, where they could be properly fixed. He recommends that they lead from the centre window of the two elevations. This appears to be the best suggestion that has yet reached the Department in this connection, and I have to ask you to inform Mr. Pragnell that his scheme has been approved. Please authorize him to get a competent builder to make the necessary change in these fire escapes. I am returning the plan which Mr. Pragnell forwarded with his report. You might ask him to return this to the Department when the work has been satisfactorily completed.

ENCL.

Yours very truly,

Dear Sir:-

Re-Fire Escapes-Kootenay
Indian School--Kootenay Agency.

I beg to acknowledge receipt of your letter of the 12th ultimo with reference to changes in the fire escapes at the Kootenay Indian School as recommended by Mr. Inspector Pragnell on the 21st of June.

I note in your letter you state that you are returning the plan which Mr. Pragnell forwarded with his report. In this connection I may say only the blue print was attached to your letter. However, I observe in Inspector Pragnell's report dated 21st June he makes mention of the necessity for changing the fire escapes, but stated he was submitting separately his suggestions which meet with the approval of the Rev. Principal. I take it that the blue print is to be considered as the report.

As requested, I have taken the matter up with Mr. Inspector Pragnell informing him that his suggestions have been approved and he is authorized to get a competent builder to make the necessary changes in the fire escapes. In the event of his having sent in a special report on this matter he will, no doubt, have a copy of the same for his guidance.

Muchap
Sir:- Re-Water system Kootenay Residential School.

The Reverend Principal, Father Choinell of the Kootenay Residential School has drawn a rough sketch, which I herewith enclose, and has asked me to apply to the Department to have the water system in the School thoroughly gone into by an Engineer with a view to improving the same.

At the present time the water pumped from the St. Mary's River is condemned on account of the Consolidated Mining and Smelting Co. at Kimberley operating a Concentrator on the Stream above the School property. This necessitates water for domestic purposes being carried from a Spring 400 yards away. St. Joseph's Creek that is giving gravity is also condemned, and can only be used for cleaning and fire protection.

This, you will understand is purely an engineering proposition, and should be gone into by a man qualified to make a report.

Will you kindly authorize the proper parties to have this report made as soon as it is possible, as the health of the pupils depends a great deal of good pure water.

Memorandum:

Dr. Scott.

The Department is advised by Indian Agent Small of Cranbrook that the source of water supply at the Kootenay Indian Residential School has become polluted through the existence of a smelter at Kimberley, above the intake of the water work system on the St. Mary's River.

As there is no other source in the vicinity available, which might be used to supply water to the above mentioned institution, I would recommend that the Dominion Water Power Branch be requested to investigate the present situation, in order that the Department might be advised as to the best way of remedying the existing condition.

DEPARTMENTAL ENGINEER.

Oct. 24, 1928.

Sir,-

The Department is advised by Indian Agent Small of Cranbrook, B. C. that the water now supplied from the St. Mary's River to the Indian Residential at Kootenay has become polluted through the existence of a smelter lately erected at Kimberley, which is located above the intake of the water supply system.

As it is reported that there is no other source in the vicinity of the building which could safely be used for supplying water to this Institution, I should appreciate it if you would direct one of your Engineers to investigate the present situation, and furnish me with a report and estimate of the cost of providing a reliable source of supply, which would not be exposed in future to contamination.

Your obedient servant,

J. D. McLEAN

J. D. McLean.
Assistant Deputy and Secretary.

Oct. 21, 1928.

Sir,-

I wish to acknowledge receipt of your letter of the 9th instant, advising me of the present polluted condition of the water from the St. Mary's River which is used at the Indian Residential School at Kootenay.

J.P.
In reply I beg to say that the Dominion Water Power Branch is being today requested to investigate the condition of this water supply, in order that the Department can be furnished with a report as to the best means of providing a safe source of supply for the water work system for the above mentioned school as early as possible.

Your obedient servant,

J. D. McLean

Sir,

Your file number: 155-0-5b.

I have received your letter of the 24th instant regarding an investigation and report on the water supply from the St. Mary's river to the Indian residential school at Kootenay, with an estimate of the cost of providing a reliable source of supply free from the danger of contamination.

I have accordingly asked our District Chief Engineer at Vancouver to arrange for the investigation and report in accordance with your instructions.

Your obedient servant,

J. T. Johnston,
Director.

Kootenay Residential School
November 27th 1928

Mr. E. Small
Indian Agent.
Cranbrook. B.C.

Dear Sir:-

I beg to enclose for your kind consideration and if it meets with your approval for forwarding to the Secretary of Indian affairs three plans of desks arrangements in the class rooms at the Kootenay Residential School, together with a requisition for school material with reference to the same.

You are aware that at the beginning of the school-year, last September, in order to obtain a greater efficiency we have added another teacher to the staff. This last teacher has had so far no real accomodation for her twenty pupils, other than common benches which do not afford any comfort or help to the pupils during the class hours; the teacher has no desk wherein to put anything in safety from the children.

We have nearly enough desks in the other two classrooms to accommodate all the pupils, by a judicious rearrangement and division of such between the three classrooms. In order to meet the requirements of all, we will need the desks described in the Requisition Form.

It will be seen that we ask mostly for FRONTS and REARS, as those are not in hand at all at the present time and thereby the front of the desk at the head of the class is practically useless, also the rear of the last one in the row.

Trusting this will meet with your approval, and that you will be able to secure a favorable answer from the Department.

I remain Yours very sincerely

L. Chaine
Principal. K. R. Sch

DEC 5 1928

Cranbrook, B. C., Nov. 30th, 1928.

Sir:

I enclose herewith requisition and description of desks for an additional class-room for the Kootenay Residential School, made out by the Reverend Principal. In this move in the School, they are using the Sewing Room for the Third Teachers' Room, and combining the Music and Sewing room in one.

This I consider a very good move, as the two rooms are insufficient to accomodate the eighty-seven pupils.

Your kind consideration will be appreciated.

Your obedient servant,

[Handwritten signature: E. H. Small]

E. H. Small,
Indian Agent.

Ottawa, December 5, 1928.

Sir:

I have your letter of the 30th ultimo, enclosing a requisition from the Principal of the Kootenay Indian Residential School, together with a full description of the extra desks required in altering the seating arrangements and fitting up a third classroom.

In this connection I beg to say that you may arrange for the purchase and delivery of the following front and rear seats and a teacher's sanitary desk and chair:

6 No. 1 Single Fronts,	3 No. 4 Double Fronts,
6 No. 1 " Rears,	3 No. 4 " Rears,
2 No. 3 " Fronts,	2 No. 4 Entire Desks,
2 No. 3 " Rears,	1 Teacher's Sanitary Desk,
3 No. 1 Double Fronts,	1 " Arm Chair, plain,
3 No. 1 " Rears,	substantial, to match desk.

You should obtain prices from the following firms and place the order with the one quoting the lowest price F.O.B. Cranbrook, B.C., Government sales tax included:

Clark & Stuart Co. Ltd.,	Seymour St.,	Vancouver,
E. G. Parnell, Esq.,	829 Powell St.,	"
F. E. Osborne, Esq.,	-	Calgary, Alta.

You should obtain an account, in duplicate, covering the cost of the above equipment, and when same has been delivered, if satisfactory, you should certify the account and forward it to the Department for payment.

Please give the matter of the purchase of the above equipment your early attention. It might be well to consult the Rev. Principal before placing the order so that desks of the exact size can be purchased.

Your obedient servant,

J. D. McLean

Dear Sir:-

Re Fire Escapes
Kootenay Residential School.

With reference to the alterations to the fire escapes at the above school, I have been in correspondence with Mr. Commissioner Ditchburn regarding the matter.

He received the three tenders put in for this work in due course, and doubtless corresponded with you in the matter.

[Handwritten: Sub Pay]
Mr. George R. Leask, one of the unsuccessful tenderers, not being the lowest in price, had put in a lot of work in connection with plans, specifications, measurements, etc., in conjunction with the Indian Agent, Fire Chief of Cranbrook and the Principal of the School. I pointed out to Mr. Ditchburn that this gentleman deserved some consideration for all the work he had done in connection with this matter. He had been out to the School quite a number of times making the necessary measurements, etc., required. I received a communication from Mr. Commissioner Ditchburn in answer to mine in which he stated "that with regard to any assistance which Mr. Leask may have given in the matter, I think it would be quite in order for yourself to recommend payment of a small amount to Mr. Leask for his services. Therefore you should get Mr. Leask to submit an account in triplicate and forward the same to the Department with the necessary explanation, and I feel the Department will pay the same."

I therefore wrote Mr. Small, Indian Agent at Cranbrook, asking him to approach Mr. Leask on the matter, and I have this date received account in triplicate, which, in accordance with Mr. Ditchburn's suggestion, I beg to forward you two copies with my recommendation for its payment.

You will notice that Mr. Leask made no less than nine trips to the school, same being about seven miles distant from Cranbrook.

Yours truly,

[Handwritten signature: Geo. S. Pragnell]

CRANBROOK, B. C.

March 25th. 1929

Mr. E. Small,
Indian Agent,
Cranbrook, B. C.

Dear Mr. Small,

You are, no doubt, aware of the fact that my predecessors, the former principals of this school, have sent in petitions to the effect that a pavilion be built on our girls' play ground. This matter was taken up some three years ago but so far nothing has come of it.

Now the need of such a pavilion is pressing. it is, in fact, necessary for the general well-being and health of our girls. Under present conditions these children when outdoors are at the mercy of the elements i.e. hail, rain and snow or scorching sun, winds and dust as there is neither shade nor shelter on the grounds. Very often too owing to unfavourable weather conditions these girls are obliged to spend the recreation time indoors.

I am most anxious to have these conditions remedied and in the near future.

For the recreation grounds I also want

I) two "Ocean-waves" i.e. one for the boys and one for the girls.

II) Two footballs and

III) two basket balls.

Yours respectfully

W. J. Sullivan. P.M.S.
Principal.

Ottawa, April 4th, 1929.

Rev. Sir:

I have your letter of the 25th ultimo, requesting that a pavilion be erected on the girls' playground at the Kootenay Indian Residential School.

In this connection I have to inform you that it is regretted there are no funds available for this purpose in our appropriation for the current fiscal year, and we are, therefore, unable to arrange to have this work carried out.

The Department will place an order here and will forward 2 footballs and 2 basket balls.

I might add that the department does not supply 'ocean waves' as playground equipment.

Your obedient servant,

J. D. McLEAN

Dear Sir:-

I beg to enclose herewith voucher No. 548, forwarded to me by Mr. E.H. Small, Indian Agent, of Kootenay Agency, in the sum of \$397.00, payable to Messrs. Sainsbury & Ryan, covering cost of alterations to the fire escapes at Kootenay Indian Residential School.

This expenditure was authorized under instructions from Mr. Commissioner W.E. Ditchburn, and your letter No. 155-0-12 of the 12th of September, 1928 in regard to this matter.

The original estimate of \$340.00, being the lowest tender for the contract, had to be slightly exceeded, as it was found necessary to add two extra landings, and a dozen iron bars across four of the dormitory windows.

Mr. Small reports that the work has been carried out satisfactorily, and on my next visit to Cranbrook, I will mention it in my inspection report.

I enclose blueprint herewith.

Yours truly,

Geo. S. Pragnell

ALSO TO DATE OF THIS LETTER

Dear Sir:-

I am attaching hereto copy of a letter from Rev. W.J. Cullinan, O.M.I., Principal of the Cranbrook Indian Residential School, Kootenay Agency, addressed to Mr. Indian Agent Small, requesting that a pavilion be erected on the school grounds in order that the children may obtain fresh air during inclement weather. The Principal also asks to have two "ocean waves" installed at a cost of \$160.00 each. Two footballs and two basketballs are also requested.

This communication reached this office through Mr. Inspector Pragnell. It is noted in the second paragraph of Indian Agent Small's annual report, dated the 29th ultimo, he makes reference to this subject. It will be observed in the Rev. Principal's letter he states his predecessors had petitioned the Department to have a pavilion erected on the girl's playground some time ago, and it may be possible, therefore, you have some particulars with regard to the structure required.

Sir:

I have your letter of the 13th instant, enclosing copy of a communication from the Principal of the Kootenay Indian Residential School addressed to Mr. Agent Small, requesting that a pavilion be erected on the school grounds and that playground equipment be supplied.

In this connection I have to inform you that a similar communication was received by the Department from the Principal dated the 25th ultimo. He was informed that there were no funds available in our appropriation for the current fiscal year for the purpose of erecting a pavilion. He was also informed that the Department does not supply 'ocean waves' as playground equipment. We have furnished the school with two footballs and 2 basketballs.

EXTRACT FROM INSPECTOR PRAGNELL'S REPORT on
KOOTENAY AGENCY, dated June 12, 1929.

Original on 77-155.

ST. EUGENE RESIDENTIAL:

This school needs painting very badly and kalsomining inside. The plaster is coming down in various places. I found, too, that the tables in the dining room were by no means clean, in fact the drawers to the tables in which the children keep their plates, etc., were very dirty with bits of stale bread, etc., in them. I pointed out that this was a poor way of keeping the plates and difficult to keep clean. All the other schools do not use drawers at all, the dishes, cups, etc., are washed and the tables cleaned and laid for the next meal, and if necessary, cheese cloth spread over the tables to keep the flies off. Having in view the present tables, I should recommend that new ones be built, without drawers, and plain wood top, and that Mr. Small, Indian Agent, be instructed to get tenders.

This school is still badly in need of a refrigerator. I found, too, that the seats in the boys' lavatories are not at all clean.

The windows, too, on the re-arranged fire escapes have not been altered as they should have been. Possibly the Departmental Architect can let me know whether this was part of the contract for alteration, though from memory, I do not think it was.

The janitor and Principal complain that the capacity of the storage batteries is too small. The engine has to be run for five hours per diem during the winter. He pointed out to me that the said batteries now only have twelve plates in them instead of the fifteen plates as before.

The shower bath accommodation is too small, as there are only three for use in the boys' wing. The room where these showers are in is largely wasted room as it is so big. It would be better if the dividing wall between it and the lavatories was removed and a number of showers run round the walls of room as reconstructed.

I saw the boys at manual training, and they are doing very good work and showing great interest in it.

[Handwritten signature]
Sir:-

I beg to enclose herewith letter from the Reverend Principal of the Kootenay Residential School and an estimate of the cost of shaker grates for the Boilers from Frank Parks and Co. of this City.

These, as you will notice will cost \$250.00 for the two sets. The Reverend Principal tells me that it is absolutely necessary that these should be installed.

Will you kindly advise me as to this.

Your obedient servant,

DEPT. OF INDIAN AFFAIRS
JUL 24 1929
RECORDS

St. Edmund's Rectory,
Mahon Avenue,
North Vancouver, B.C.

July 19th, 1929

Mr. F. J. Scott

Duncan C. Scott, Esq.,
Deputy Supt. General of
Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:

A few years ago, as you may call to mind, the Department offered to build at St. Eugene, Cranbrook, a cottage for the principal and an assistant, and if I remember right a sketch was drawn by Mr. Orr.

SCHOOLS BRANCH
JUL 25 1929

The Department's offer, however, was not accepted, because the assistant who, in addition to the Indians on the various reserves, had several white settlements to attend to, felt that it would be much more convenient for him to make Cranbrook his headquarters. Cranbrook is just five miles from St. Eugene Mission.

For some time past I have been anxious to give the Kootenay Indians better service, and I am now prepared to put another missionary in the district exclusively for the Indians on the five different reserves, yet at the same time to work in conjunction with the principal of the school.

But here the old difficulty arises. There is not accommodation in the school for both, and for this reason I beg to suggest that the Department carry out its former intention and build for the principal and his assistant a cottage in proximity to the school. In this way they would be company for each other and at the same time get a firmer grip on the whole tribe.

Colonel Pragnell, who knows conditions well, concurs with me, and Mr. Ditchburn, whom I have just interviewed in Victoria, has promised to submit to you my proposal.

I have the honour to be, dear Mr. Scott,

Yours most faithfully and respectfully,

J. Welch. D.M.

Ottawa, August 1, 1929.

Gentlemen:

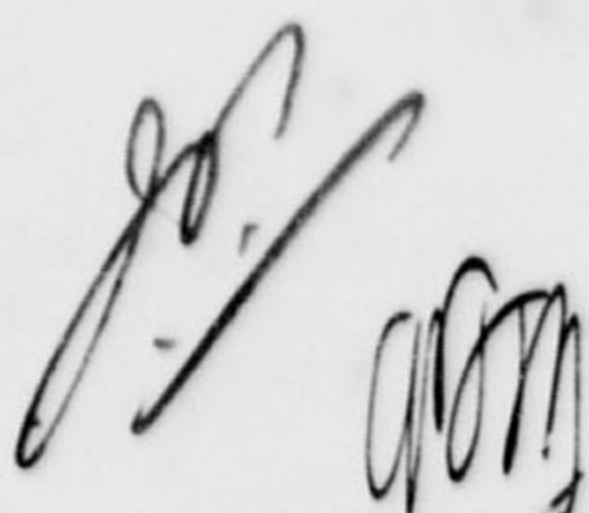

I have to refer to the account which you submitted, covering the cost of supplies furnished for the use of the Kootenay Indian Residential School, to the amount of \$15.65. This covered payment for 20 sheets special size drawing paper, amounting to \$1.00; pencils, \$3.60; tacks, 25¢; and 2 dozen slates, \$10.80. This account was paid by cheque No. 1419, forwarded to you on June 20, 1928. A duplicate payment of the above amount was made you by cheque No. 3062, forwarded September 15, 1928.

The Auditor General has drawn attention to the duplicate payment, and I have to request that you will forward your cheque to this Department, drawn in favour of the Receiver General, for the amount \$15.65 - being the amount of the overpayment. Your early attention to this matter will be appreciated.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir:

Some years ago, there was correspondence concerning the advisability and the cost of securing electric power from the nearest power line at the Kootenay Indian Residential School. I should be grateful if you would give the Department an immediate report concerning the present situation. You should indicate the distance to the nearest power line, the owners and have a rough estimate made of the cost of connecting up with the school. The Department understands that the electric light plant is not now as efficient as desirable, and further, in the event that a frigidaire is installed, adequate power would have to be available. Your early attention is requested.

EAST KOOTENAY POWER COMPANY, LIMITED

FERNIE,
BRITISH COLUMBIA.

October 5-1929.

Mr. E. H. Small,
Indian Agent,
CRANBROOK, B.C.

Subject:- Light & Power St. Eugene Mission.

Dear Mr. Small:-

In regard to our conversation of to-day's date, on the above subject, we were in correspondence with Mr. C. E. Webb, District Chief Engineer, in regard to lighting and power for St. Eugene Mission, in February of this year.

At that time Mr. Webb stated that the requirements for this Mission would be about 40 horse-power in motors; 10 horse-power in motor appliances; and 6 kilowatts in lighting.

For this load we quote the following rate, for 2200 volt service, metered at St. Eugene Mission, on an annual contract:-

Service Charge -- \$6.66 per month.
Usage Charge ---- 4¢ per K.W.H.

Discount for payment within 10 days of rendering account - 25%.

The customer to pay all costs of connecting of the service and of disconnecting at the expiration of the contract, unless renewed.

In regard to the cost of connection, I would like to point out that we have no service in the voltage required, available closer than Cranbrook. Therefore, the cost of connection would be the cost of approximately eight miles of line at 2200 volts, plus lightning arresters and switching, which would, I believe, amount to about \$10,000.00 in all.

Sir:-

I55-0-5, Sept. 27th 1929.
Re-Light and Power for Kootenay
Residential School.

I made a trip to Fernie to see Mr. Sanborn, the Manager of the East Kootenay Power and Light Company, Limited. Mr. Sanborn informs me that, with the cost of \$10,000 to connect up the School that he considers they should have at least \$350.00 per month revenue. This would be out of the question as far as the School is concerned.

There is the possibility of having more batteries installed with the present system, and that would give us sufficient power to run a refrigeration plant. This, I consider should be gone into by a competent Engineer, as I am not in a position to figure exactly what adequate power is required.

For your information, I am enclosing Mr. Sanborn's letter to me which explains itself.

I am, Sir.

Your obedient servant,

E.H. Small,

Ottawa, February 28, 1930.

Sir:

I have to acknowledge receipt of your two letters of the 22nd instant, enclosing communications from the Principal of the Kootenay Indian Residential School, relative to the alterations required in the heating and plumbing systems, also requesting to be supplied with 100' of maple flooring, and to provide for the cost of kalsomining the interior of the school.

In reply I have to say that the Department has no funds available for carrying out alterations in the heating and plumbing systems. You may arrange for the purchase of 100' of maple flooring to be used in the construction of a blackboard platform for the junior classroom. It is noted that the cost of this flooring will be approximately \$18. The school carpenter is to perform the labour in erecting the platform. Relative to the kalsomining of the interior of the school, I have to say that you may incur a small expenditure in supplying the kalsomine required, but the labour in carrying out the work is to be performed by the school authorities without expense to the Department.

After you have purchased the flooring and kalsomine, you should forward accounts, in duplicate, properly certified, covering the cost.

Dear Sir:-

When I took charge of the School here, the former principal informed me that our electric lighting system was defective. On investigating the matter, I found that the batteries do not hold their charge and consequently the engine is kept running about five hours a day. Our engineer informs me that the work done on the engine two years ago was faulty and that many parts of the engine are worn out. He submitted to me a list of the repairs necessary for which I enclose an estimate. Since getting this estimate I find that the governor of the engine is also badly worn, I have not yet secured an estimate of the cost of batteries. If these repairs were approved by the Department they could be installed by our engineer.

I would like to have the opinion of the Department regarding the installation of a turbine system. St. Joseph's Creek runs close to the school and might be used for developing power.

I shall be pleased to hear from you at an early date.

Yours faithfully,

"J.M. Patterson, C.M.I."
Principal.

OFFICE OF INDIAN COMMISSIONER

VICTORIA B. C.

15/5/16698.

February 8, 1930.

Reverend Sir:-

I beg to acknowledge receipt of your letter dated January 15th ultimo in reference to the lighting system of your School which has become defective.

In reply I would be much obliged if you will kindly advise me as to when and by whom the present system was installed, also what is the type and nature of the same; also, let me know who did the repairs two years ago which you speak of, as there is no information on file here relating to that installation.

As soon as I am in receipt of this information I shall be in a better position to consider the remedial proposals which you have suggested in your letter.

Yours very truly,

"W. E. Ditchburn"

Indian Commissioner for B. C.

WED/HM.

COPY.

Kootenay Indian Residential School,
Cranbrook, B.C., Feb. 20th, 1930.

Mr. W.E. Ditchburn,
Indian Commissioner for B. C.,
Victoria, B. C.

Dear Sir:-

In reply to your letter of Feb. 8th, File No. 15/5/16698, I wish to state that our Electric Lighting system is an Otto Engine, 15 h.p. 260 r.p.m. with a Canadian Westinghouse Generator, Direct Current, 10 K.W.--125 volts--80 Amp.--260 R.P.M. There is also a storage battery, 13 plates.

The System was installed when the building was built, but I do not know by whom. It was first installed in the present laundry and was run for about five years without a battery at all. Then Gould batteries were installed and in the spring of 1928 a new set of Delco batteries was installed which are at present in use but are not giving satisfaction as they do not hold the charge very long.

About two years ago the cylinders of the engine were re-bored and a new piston furnished. The piston was manufactured by the Cranbrook Foundry and the work on the engine done by Hanson's Garage, a local concern. The engine was never inspected after the work was finished.

As there are a number of problems needing attention at the school at the present time I would appreciate the favor if you would appoint a special representative to call and make a report on the condition and needs of the school. It would help greatly in my estimation in laying a solid foundation on which to continue the improvement of the Kootenay reserves.

Yours faithfully,

"J.M. Patterson, O.M.I."
Principal.

ALSO TO DATE OF THIS LETTER

Re - Kootenay Residential School.

Dear Sir:-

I am enclosing herewith correspondence I have had with the Reverend J.M.Patterson, O.M.I., Principal of the Kootenay Indian Residential School, at Cranbrook, having reference to the condition of the electric lighting plant at that institution which is claimed to be in an unsatisfactory condition. The cost of the parts needed will amount to \$271.50 f.o.b. Philadelphia, plus the repairs to the governor. Apparently the engine is an American one, but possibly the new parts might be secured in Eastern Canada by the Department and shipped out to the School and installed by the engineer. This would keep the engine going for some time at least, as it would be impossible to have a report on the advisability of installing a turbine system to take the place of the present engine as the engineers of the Dominion Water Power and Reclamation Service are all engaged at present, and even in the event of a satisfactory report being received, the change could not be made for some considerable time.

In regard to the sending of a special representative to Cranbrook to make a report on the condition and needs of the School, I can send Inspector Pragnell to do this if you think it advisable.

Kindly let me hear from you in this matter at as early a date as possible.

Your obedient servant,

Ottawa, Ont.

Re. Kootenay Indian School.

My dear Mr. Scott,

I have recently returned from a visit to the Kootenay and I had an opportunity of discussing the school situation with Rev. Father Patterson, the Principal of the School. He has asked me to draw your attention to the following points.:

1. There is a small creek (Joseph's Creek) carrying open sewerage from the city of Cranbrook right through the school grounds about two hundred yards from the house. At certain times the smell from this creek is quite offensive and at all times it is objectionable.

2. The sewerage from the school itself empties into a flat a few yards from the house and flows through the property to the river.

3. The drinking water is now carried by pail from a spring which is close to the place where the sewerage from the School empties onto the flat. The water from St. Mary's is not safe and the Indians of this district make this an excuse for not sending their children to the school. They have no prejudice against the school itself but always talk about the impure water and the bad sewerage conditions.

4. Owing to the tubercular condition of the children from this district, a plentiful supply of milk is absolutely necessary. Father Patterson suggests that if the Department could enable him to buy

DEPARTMENT OF INDIAN AFFAIRS
CANADA

April 5, 1930.

Memorandum:

DR. SCOTT.

With reference to the first comment in Father Grant's letter of the 29th ultimo, concerning the water supply of the Kootenay Indian Residential School, I wish to report that St. Joseph's creek, which is a few hundred yards from the main building, carries the sewage from the city of Cranbrook, which is five miles distant. However, no water for cooking or drinking is taken from this creek, and the only dangers are: (1) children drinking from the creek, contrary to orders, and (2) the odour.

It would be a very expensive proposition to divert the creek so that it would flow to the west of the school buildings or to pipe it through school property. In 1923, the Dominion Water Power were asked to investigate concerning the St. Joseph creek pollution. Their report was not received until April 15, 1925, at which time Mr. Johnston stated in part: "Recently, several examinations have been made of the water in St. Joseph's creek, by the Acting Director of the Vancouver General Hospital Laboratories, the result of which appears to show that the danger of contamination from the sewage disposal works appears to be slight." Mr. Johnston offered to have further periodic tests made. In 1924, Inspector Pragnell believed it advisable to consider piping the St. Joseph creek water so that it would not be available for irresponsible children and in order that the odour would be lost; but, in view of the report received a few months later, it was decided it was not necessary to take any action, particularly when improvement was so costly.

Concerning Father Grant's second comment, it is true that the septic tank is near the school, but the drainage is away from all school buildings. The disposal, generally speaking, is the usual arrangement, and if the management is taking drinking water from a spring near the septic tank, it may be dangerous. As far as I can learn, they have had no instructions to discontinue the use of the regular supply.

Father Grant refers to the necessity of carrying drinking water, by pail, from this spring because the water of the St. Mary's river is not safe. In this connection I wish to report that water has been taken from the St. Mary's river right from the

Indian Affairs (RG 10 Volume 6453, file 884-5 part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

00R-COPY

first installation. The intake is above the confluence with St. Joseph's creek. In 1922, there was trouble with the intake (which is at "G" on the blue print hereunder); but this was remedied in 1923 by the Dominion Water Power Branch, at our request.

In 1928, Mr. Inspector Pragnell questioned the suitability of the water from the St. Mary's river because of "dumping operations of numerous mines higher up the river". Mr. Pragnell adds: "This is very inconvenient and, in addition, adds to the difficulty of preventing the children in hot weather from drinking out of St. Joseph's creek. . . . A possible solution would be placing a pump for drinking water in the building." Mr. Indian Agent Small also wrote in 1928 that a mining and smelting company at Kimberley (approximately 15 miles away) was operating a concentrator.

The Dominion Water Power Branch was written on October 24, 1928, to have one of their engineers investigate the situation and furnish a report and estimate of the cost of providing a reliable source of water supply, which would not be exposed, in future, to contamination. Mr. Johnston replied on the 26th idem that he had asked the District Engineer at Vancouver to arrange for the investigation and report. No report has yet been received from the Dominion Water Power Branch and, as over a year has elapsed, I propose asking them for early attention. Recently, evidence has been placed on the file that the Dominion Water Power officers are making an investigation. We have lately paid an account, in favour of the Vancouver General Hospital, for 124 analyses of samples of water from the Kootenay Indian Residential School.

Supt. of Indian Education.

155-0-5.

April 7, 1930.

Dear Father Grant:

I have your letter of the 29th ultimo, with reference to conditions at the Kootenay Indian Residential School. It is true that St. Joseph's creek is somewhat offensive; but, as late as 1925, several examinations were made of the water. The result appears to show that danger from the up-stream contamination is slight. It would be a very expensive undertaking to pipe the water across our property. Perhaps the odour can be endured and the orders to the children relative to drinking therefrom can be strictly enforced.

The school sewage disposal system is the usual one and the natural drainage is from the septic tank away from the school buildings. I am sorry to learn that drinking water is being carried from a spring which is not far from the septic tank.

The Department has no evidence that the school's water supply, which is from the St. Mary's river, is really unsafe. Some months ago, when I received reports that the water was unpalatable, I arranged to have the Dominion Water Power Branch investigate the matter. Recently, 124 samples of water from the river have been analyzed, and I expect the report from the engineers at an early

Dear Mr. Scott:- Re Kootenay Industrial School.
Water Supply & Sewers Disposal.

I beg to acknowledge your letter of the 7th inst.
dealing with the above matters.

Father Patterson, the principal of the school,
has been there only a few months and seems to have taken
a rather alarming view of the situation there, but since
your Department is evidently aware of the existing
conditions and feels that there is no danger to the
children's health, I shall tell him not to worry about
the situation.

Yours very sincerely,

Wm. Byrne-Grant

Sir,

Your file number: 155-0-5.

In further reference to your letter of the 7th instant regarding the investigation of the water supply at the Kootenay Indian school near Cranbrook, B.C., I am advised by our District Chief Engineer at Vancouver that this investigation has been continuing for the past year, during which time samples of the water of the St. Mary's river, which is considered to be the most logical source of supply, have been periodically examined for organic impurities by the Director of the Vancouver General Hospital Laboratories.

It was considered desirable to have these analyses made for a complete year before submitting a report on the matter, and it is expected that the report will be available next month.

Your obedient servant,

J. T. Johnston,
Director.

Kootenay Indian Residential School,
Cranbrook, B.C. June 10th, 1930

The Indian Agent,
Cranbrook, B.C.

Dear Sir;

Some time ago I received permission to purchase calsomine for renovating part of the interior of the school. As there is also considerable painting and varnishing to be done both in the interior and on the exterior of the school and outbuildings, I would like to know if the Department would furnish paint and varnish for this purpose.

This request was given to Mr Perry, when he visited the school, but I would like to go ahead with this work soon as there is considerable help available at present, and it would be easier to do now than later.

Thanking you for an early reply, I remain,

Yours faithfully,

J. M. Patterson, O.M.I.

Principal.

[Handwritten signature]
Sir,

I beg to enclose herewith a letter from the Reverend J.M. Patterson, O.M.I., Principal of the Kootenay Residential School, in which application is made for paint and varnish for the interior and exterior of the school and outbuildings.

If this request be granted it is the intention of the Reverend Principal to paint the dormitories, recreation halls, class rooms and infirmaries, instead of using kalsomine, in order that the walls and ceilings may be thoroughly washed at regular intervals. In view of the high percentage of tubercular pupils in the school, I beg to respectfully suggest that this should enable the staff to keep the rooms in a more sanitary condition and assist greatly in controlling the disease.

150 for paint material
[Handwritten signature]
As the Reverend Principal will undertake to do the work if the paint and varnish is supplied, I would respectfully recommend that the Department give the matter their earnest consideration.

I have the honour to be,
Sir,

Your obedient servant,

Sir,

I beg to report that a request has been received from the Reverend Principal of the Kootenay Residential School for a hay carrier to replace the one now in the school barn, which I examined recently, at the request of the Principal, and found completely worn out and unfit for use.

[Handwritten 'OK']
[Handwritten signature]

A Myers hay carrier complete, one that has proved highly satisfactory in this district, may be obtained for \$ 91.00 from Messrs F. Parks and Company of Cranbrook, and I would respectfully suggest that if the Department consider favourably this request, that a Myers carrier be purchased at an early date as the first crop of alfalfa will be ready to cut before the end of this month.

The above is respectfully submitted.

Ottawa, June 18, 1930.

Sir:

I have your letter of the 10th instant, enclosing a communication from the Rev. Principal of the Kootenay Indian Residential School, in which he makes application to be supplied with a quantity of paint, varnish and kalsomine for the purpose of redecorating the interior and exterior of the school and outbuildings. In this connection I have to say that the Department will approve of you incurring an expenditure not exceeding the sum of \$150 in the purchase of the paint, varnish and other materials required. It is understood that the school authorities will perform the labour, without cost to the Department. After the materials have been supplied, you should forward itemized accounts, in duplicate, properly certified, covering the cost.

I have also your letter of the 10th instant, relative to supplying a hay carrier, to replace the one now in the school barn, which is found to be completely worn out and unfit for further use, and stating the cost of the new carrier required. The Department will approve of you arranging for the purchase of a Myers hay carrier complete, at a cost not to exceed the sum of \$91. After this equipment has been obtained, you should forward an account, in duplicate, properly certified, covering the cost.

Your obedient servant

A. F. MacKenzie,

X

On May 25th Constable Ryckman drove me to St Marys Reserve and to see the discharge of chemically and sewerage polluted water into the creek that enters the river near Kimberly. Cyanide of potassium and other flotation chemicals from the Sullivan Mine are blackening the base of the stream and this condition of pollution of a stream which serves the domestic requirements of Kootenay Indian Residential school has been the cause of much complaint for some time past. Careful enquiries elicited the information that although this Creek serves the school the actual drinking water is taken both for the school and by the Indians from a spring which is on an elevation slightly above the area contaminated and is therefore in no way affected by the sewerage or chemical discharges.

Apart from this, however, a very objectionable condition exists which is about to be partially remedied by the City of Cranbrook at St Joseph's Creek which runs into St Mary's River.

Insofar as the school sanitation is concerned, however, I consider that there is greater menace to the health of the school children in the nearness of the discharge of sewerage from the school itself. This empties into a poorly constructed ditch close to the manual training building on the school grounds and is a certainly bad feature to have right under the noses of the children who are at present unable to use the manual training building on account of the stench from the discharge scarcely twenty feet from this building. Recently Father Patterson has had a trench dug to take care of this and this will probably improve the condition complained of. Moreover, an engineer of the Dominion Water Power and Reclamation Service was expected any day to look into the feasibility of the carrying of the water to the school from the unaffected spring referred to. If this can be done, there should be little further difficulty in obtaining a sufficient supply of potable water for the school, even though the partially clarified water from St Mary's River will have to serve in the future for laundry and other domestic services.

R-COPY

Ottawa, July 8, 1930.

Reverend Sir:

I am enclosing, for your information, a copy of my letter of today's date to Mr. Commissioner Ditchburn. I may say that the Department is arranging for a tuberculosis survey at your school, concerning which you will be written in due course.

Will you please arrange to close up the open space between the wall and the iron fire escapes. Mr. Perry believes that a strip of iron should cover this opening down the whole length of the escapes. Please have this done with as little expense as possible. Mr. Perry also writes as follows: "Entering the main building from the fire escape, one sees on the right hand and on the left a window with a drop of several feet into the school dormitories. In case of fire, this would present a serious obstacle to the exit of the children. These windows should be taken out and doorways placed there instead, with convenient steps down to the dormitory floors. These steps would lead into the night teacher's quarters, which are between the dormitories and the fire escapes. The windows now there serve as watch windows for the teacher into the dormitories. Doors with glass could be put in so as not to interfere with the view of the dormitories by the teacher." Will you please arrange to have these changes made. You should see that no unnecessary expense is incurred. You may certify to the accounts yourself and forward them direct to the Department.

ENCL.

You may secure new bricks for the cooking oven in the school kitchen and approximately 50 panes

IN YOUR REPLY REFER TO
No. 15/5/17958.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P. O. BOX 666
VICTORIA, B.C., June 12, 1930.

Sir,-

I have the honour to submit my report of an inspection made of conditions at the Kootenay Indian Residential School, which, with matters affecting the Kootenay Agency, was the subject of a letter sent to you from the Deputy Superintendent General dated April 7th last in which this inspection was especially ordered. As you will be aware, a report on the Agency as apart from the School has been made separately, likewise a report also on the methods of administration of Mr. Indian Agent E.H.Small.

In making this report I have before me a copy of letter dated 29th March, 1930, received by Dr.Scott from Reverend W.Byrne Grant, O.M.I., Provincial of the Missionary Oblates of Mary Immaculate, New Westminster, B.C., which was sent for your perusal and enquiry.

I visited this School on May 20th, where I was graciously received by the Reverend Principal Father Patterson, O.M.I. and Very Reverend Father John Welch, O.M.I. We discussed fully and frankly all that appeared relevant to a critical investigation of school conditions and affairs. The class-rooms were visited and the pupils examined and addressed. The whole building and grounds were carefully inspected. Sanitary conveniences and water and sewerage disposal means were closely examined; and suggestions offered by the Reverend Principal and very Reverend Father Welch were duly noted.

My observations, therefore, will begin with a review of the contents of the letter of Reverend W.Byrne Grant, O.M.I., above mentioned.

- St. Joseph's Creek.*
- (1) Before leaving for this School, I had been informed by you that you had brought to the attention of the Provincial Health authority the fact that the insanitary condition of St.Joseph's Creek resulting from sewerage from the City of Cranbrook should be investigated and, if possible, corrected. The St.Joseph's Creek is quite a sizeable flow of water into St. Mary's River and is carried along by the larger river which discharges later into the Kootenay River near Fort Steele. In view of observations I will make hereunder under heading No.2 it is believed that the objectionable smells referred to by Reverend Father Grant emanate from the School sewerage rather from St. Joseph's Creek.
- (2) The school sewerage discharges so near to the School buildings as to be deemed most objectionable as well as being a menace to the health of the inmates. The manual training classes have been held in a building

W.E.Ditchburn, Esq.,
Indian Commissioner for B.C.,
Victoria, B.C.

which.....

Sewage

which was formerly erected for the housing of pigs and which has been improvised for manual accommodation. So near is the School sewerage discharge to this building it has been impossible, at times, to carry on the manual classes because of the unbearable nature of the atmosphere in this vicinity. In an effort to improve the conditions, Rev. Principal Patterson has recently had a trench dug to carry off the School sewerage discharge to the St. Joseph's Creek below the School, and thus do away with the stagnant sewage for the disposal of which no suitable drainage appears to have been provided in the past, the school grounds having been under the direction of the Reverend Sisters who may not have known just what to do. It is rather remarkable, however, that advice was not given them to do what Reverend Father Patterson is now having done instead of allowing the sewage to discharge on the flats. The Principal purposes having the drain covered in, when completed, and this action should now remedy in large measure the objectionable features of this sewerage discharge. It will also remove the insanitary condition about the manual training class-room.

The Spring

(3) Reverend Provincial Grant, O.M.I. appears to have understood from his conversation had with Reverend Principal Patterson, O.M.I., that the spring water is liable to contamination from the sewage from the School which empties on to the flat. The Reverend Principal informs me, however, that he did not intend to convey this impression in his conversation, as the water is not contaminated. The spring of water which serves the School and the village Indians as a potable supply is at an elevation above the contaminated ground, and although there may be a remote possibility of this spring becoming contaminated in time, unless the draining mentioned under heading No. 2 were done, it is thought that the diversion of the sewage away from the spring area will remove such a possibility of contamination. An engineer of the Dominion Water Power Branch is now on the ground and may suggest a way by which the spring water used for drinking purposes may be conveyed to the School building instead of having to be carried in pails as is at present the practice.

Tubercular condition.

(4) The tubercular condition of the children at the School and some who are now in the villages appears admittedly as a serious indictment of past administration at this School. A deplorable condition exists here, in fact, a worse condition than I have seen in my twenty-three years' experience with the Indians. I found the school a veritable tubercular institution. My information from Reverend Principal Patterson, Constable Ryckman and Agent Small is to the effect that up to November, 1929, the school was conducted by about eleven Reverend Sisters of Charity. These all left at that time, since when Reverend Father Patterson, O.M.I. has been in charge with other workers; that during the regime of these Sisters it was their practice to sell most of the milk and eggs and other produce in order to augment maintenance funds, disposing of these products at a rate of about \$250.00 a month; that the children were given skim milk and were poorly fed;

that.....

that parents were forced to put their children in the School against the protests of parents, some of whom appealed to Dr. Coy, of Invermere, to give certificates of health to support their contention that their healthy children should not be sent to the Kootenay School to be contaminated by tubercular pupils known to be in the School; that children were kept in school in a tubercular condition until they were perforce sent home to die; that 50% of the pupils now in the School are in varying stages of tuberculosis; that with the exception of about two or three children the remainder are in a predisposed condition and easy contacts; that Dr. Green, medical officer, at Cranbrook has averred and has told Dr. Stone, of the Department, that if the physically unfit were eliminated from the School on medical examination, the School would have to be closed; that the enrolment of pupils was 74, five of whom died in one year, eight were sent back to their reserves on sick leave with tuberculosis in too advanced condition to remain in school; that there are about 25 children in the villages of whom the majority are tubercular; that there are at present 61 children in the School, and that the maximum pupilage for this School is 84.

I interviewed both Dr. Green, of Cranbrook, and Dr. Coy, of Invermere, both of whom stated the conditions to be serious at this School. Perhaps the medical reports of these doctors on file may give some details of conditions. If such reports are not on file, something must be wrong. For if the children are admitted as pupils in tubercular condition or are allowed to mingle with other healthy pupils in such a condition contrary to the regulations of the Department, those responsible should be questioned regarding the matter.

I have no reason to question the veracity of the representations made to me regarding the adverse conditions at this institution both by the local Church representatives as well as by the Department's officials in the locality of the School and medical officers having to do with the pupils. But I would advise very strongly that if the conditions are as bad as I am led to believe they are, a medical survey should be made independently of the local medical officers without delay, in order that such facts may be given the Department as may not lead to any arguments. As a layman, I do not feel competent to qualify, as a result of a brief visit to the School, statements of men who have been there for years and have watched the problem more closely, but I do feel that a medical survey would be a safe and proper course to take. This recommendation is not based upon hearsay regarding the School, but upon conditions, I saw for myself whilst at the institution. On the date of my visit, May 20th, 1930, there were 61 pupils, male and female, present as resident scholars. The Principal was distressed about the condition of the children who, he alleged, had undoubtedly been neglected in the past at the School. (No doubt the reports of the late Inspector R.H. Cairns (Indian schools for B.C.) would show to what extent the farm produce was disposed of here).

The children.....

The children were being given cod liver oil with their meals. A nurse was in charge of them. One long table set apart from the others accommodated pupils whose tubercular condition had been pronounced more advanced than others; and the dishes of these pupils were gathered up after each meal and washed separately from the others to avoid contagion. The other accommodations at the School were open to the children collectively. The Principal told me that everything is being done that is now possible for these children and all efforts were being concentrated upon the health of the pupils, the institution being regarded as an educational sanatorium rather than strictly a residential School.

The Principal stated that when the Sisters vacated the School in November last, he took over a deficit of \$4,000.00 which he was now endeavouring to cover. I asked him for a financial statement, which he has promised to send to you at an early date.

Extract - 14
Cattle
 In order that a continuous supply of milk and eggs for the use of the children may be assured, the Principal has asked that the Department provide the School with ten cows of Shorthorn variety of milking strain, also one bull to take the place of the present scrub animal; also about 150 head of good laying and ~~later~~ strain of poultry. At present there are 17 cows and one bull at the School. Eleven cows are at present being milked yielding 12 pails which aggregate about from 28 to 30 gallons of milk per day. In order to meet freshening and other conditions, the Principal thinks that if the animals asked for can be provided, there will be fifteen cows being milked throughout the year. There would also be beef food available, which the School has not now on hand. The 80 poultry produce about 50 eggs per day. There is accommodation for from 200 to 300 birds. Barred Rocks or Rhode Island Reds are asked for.

This year considerable farm land has been sown to crops calculated to sustain from 60 to 70 heads of cattle as well as to provide grain for the poultry.

see also report
 A grant of \$75.00 a month is asked for also for the salary of an assistant nurse whose services would be used in the several missions in the Kootenay Reserves, as well as at the School itself. It has been pointed out in my general report of a visit made to the Kootenay Agency that the services of a travelling nurse in the villages might have a beneficial effect.

Staff: The present staff serving the various school undertakings are as follows:-

Nurse. Mrs. H. Norman. 12 years' general nursing course in England. Trains four children each month for home nursing.

Asst. Matron. Miss F. Bowker. No qualifications.

Teacher. Miss E. Halbrow - Intermediate Certificate and 2nd class B.C. Certificate.

Teacher.....

Teacher. Miss J. Niedzwiecki - 1st Class Certificate
Alberta Normal, Juniors.

Teacher and Manual Instructor. Mr. S. Killen - Matric.
Ontario, also manual training experience.

Farm Instructor. Mr. P. Binns.

Caretaker. Mr. A. Duke.

Cook. Miss M. Tronson.

*This has been done
P.R.T.*
*Commence
get a
fire
provided system
allows lowering
these rods.*
Buildings: The interior of the building is in need of
varnishing and painting as well as kalsomining. Material
only is wanted.

Owing to the cold of winter and the difficulties
of keeping the play-rooms reasonably warm, the radiators
(48) which are now attached to the ceilings should be,
it is stated by the Principal, put on the ground by the
walls in order to overcome this trouble which is said
to have been the cause of considerable sickness.

The lavatory accommodation should be re-arranged
by separation of two rows of 4 toilets each which are
now inconvenient and do not tend towards good discipline
or sanitation. Nine additional shower spouts would
result in better conditions of sanitary accommodation.

*Authorize
Agent.
Principal*
Auth of [unclear]
*Extract
- p. 6*
The re-arrangement of the School fire escapes,
authorized by Departmental letter No. 155-0-5, January
18th, 1928, is not quite satisfactory, in that an open
space exists between the wall and the iron escape
sufficiently large for a child's foot and leg to go
down which might cause a terrible accident should a
child fall whilst numbers of following children were
making an excited exit. A strip of iron should cover
this opening down the whole length of the escape. This
strip was omitted and apparently knowingly so, for
there is a strip at the top of the escape where the
exit floor connects with it, showing it was considered
necessary in order to avoid accident where the escape
floor joins the building. Entering the main building
from the fire escape one sees on the right hand and on
the left a window with a drop of several feet into the
school dormitories. In case of fire this would present
a serious obstacle to the exit of the children. These
windows should be taken out and doorways placed there
instead with convenient steps down to the dormitory
floors. These steps would lead into the night teacher's
quarters which are between the dormitories and the fire
escapes. The windows now there serve as watch windows
for the teacher into the dormitories. Doors with glass
could be put in so as not to interfere with the view of
the dormitories by the teacher.

Several new bricks are needed in the cooking oven
of the school kitchen.

The school fencing is in a state of disrepair
and sufficient material such as wire and staples will
be required and also some lumber of which the Principal
is to give the Agent a proper estimate.

A new.....

already done
A new truck for the hay carrier at the barn is required to replace the one at present in use which is not functioning and is worn.

Paint is also required for the outside of the buildings, an estimate of which is to be furnished the Indian Agent.

School to do this.
Two hundred (200) panes of glass are cracked in the main building. Fifty new panes will be required to replace those broken beyond use.

Generally School to replace but in this case special grant.
Forty (40) new mattresses are required. Half of those now in use are between 15 and 20 years old and should be replaced by the forty mentioned.

Two large enamelled washtubs in the kitchen are worn and in need of being reconditioned.

It is thought that an estimate for all the material might be obtained in due course; the labour other than that of a technical nature should be taken care of by the men at the School.

Extract induplicate - 14-13 files
It is recommended that action be taken in the matter of a medical survey as soon as possible as it is possible that medical officers might recommend other suitable accommodations which may be found to be essential if this School is to be put into efficient use as an establishment for the proper treatment of tubercular Indian children.

The several matters reported on herein have been fully discussed with the School authorities and with our local officials, all of whom have endorsed verbally the representations made.

It is further recommended that in future a more than cursory inspection of this School be made by the Inspector of Schools at approved intervals.

Extract in duplicate - 14-13 files
The observations of Reverend Provincial Grant, C.M.I. under this head must, regretfully, be read in the light of the preceding paragraphs of this report which qualify the assertions made in regard to the alleged malnutrition of the children of the Reserves.

Extract
I am assured by Constable Ryckman and Agent Small that for many years the Indians of the Agency have been generously treated in the matter of relief. The fact that this Agency contains only 499 Indians of all ages and only six reserves should be borne in mind, when stating that the estimate for relief given to 111 members amounts annually to \$6,600.00, apart from all medical services, aids to agriculture and other forms of relief. One is struck with the clemency and perhaps weakness of an agent who, as Mr. Small has done, will grant relief supplies of gasoline to young Indians who have the boldness to call at the Cranbrook office with their motor cars to obtain it. During my stay at Cranbrook two Indian cars drove up to the office demanding gasoline, one of them was taking his girl to Idaho for a trip. I instructed the Agent's Constable to refuse it and they went away quite peeved.

Nor.....

Nor should the Agency Constable's crime report for the calendar year 1929 be overlooked. This report shows Indians in this Agency having been convicted as follows:-

Intoxicated.....16,
 Breaking and entering..... 6,
 Theft..... 9,
 Liquor in possession 3,
 Escape from custody..... 3.

Involved in these cases were fines aggregating only \$110.00, while jail sentences, during which the earning power of the reserves was greatly reduced, totalled an aggregate of 179 months--approximately 15 years. It is not to be wondered at, under these circumstances, that families have been disorganized and expenses incurred and travelling done by interested relatives, in addition to the losses already mentioned, all having a tendency to undo all the good that the Church and Department have been trying to do for them. The children must necessarily suffer to some extent on account of such conditions, added to the proverbial lack of the instinct of self-preservation which marks the progress of some Indian families. But this suffering does not appear to have been ameliorated to any great extent by the admitted lack of sustenance and attention given the pupils within the School, from a health standpoint, and it is therefore thought that the source of malnutrition may not be wholly traced to the Reserves.

There appears no good reason why all the Indians of the Kootenay reserves should not be able to produce a plentiful supply of milk and egg food in their abundant holdings of land. It is admitted that immigrant labour has reduced the opportunities for outside employment. It should also be stated that the Indians who occupy the reserves close to the American border--Tobacco Plains and Creston--gamble away their horses and cattle in their indulgence in gambling with their American Indian neighbours who have become smart in their ability to turn opportunities to advantage through the impulse of their contact with larger monetary and public means.

The only remedial measures that I can suggest are that the missionaries and our Agency officials should concentrate more in their efforts to induce these Indians to live a better mode of life and to encourage a policy of making the Indians contribute themselves something towards the means of their own advancement.

Your obedient servant,

Chas. C. Perry

Ottawa, July 8, 1930.

Sir:

I have your 15/5/17999 of the 16th ultimo, enclosing Assistant Commissioner Perry's report on the Kootenay Indian Residential School. This report has been and is receiving the attention that it deserves. I note that the Rev. Principal has recently taken remedial measures concerning the sewage disposal and that the spring of water, which is used as a source for drinking purposes, does not appear to be contaminated.

I note that there is a deficit at the school and that the Rev. Principal is preparing a financial statement, which will be forwarded in due course.

A separate communication will be written, concerning the supply of milk and eggs for the use of the children.

steam fitter
9 saw in on
Ad.
AA.

The Department has already arranged for the calcimining and decorating in the interior of the building. Will you please arrange to have some local responsible ~~plumber~~ report on the position of the radiators in the basement and to give a price on placing them lower, if the system will allow such action. The Department is not prepared to change the lavatory accommodation or to add shower bath facilities, until a decision regarding the future of this school has been made. I am writing direct to Father Patterson, authorizing him to arrange for a strip of iron to cover the opening between the fire escapes and the wall and to put in doors leading to the fire escapes. Father Patterson is also being instructed to secure a few bricks for the cooking oven in the school kitchen. He has been written also regarding the fencing. A new hay carrier in the barn has been authorized, as well as replacing some window panes.

Generally, the Department asks school authorities to make replacements to mattresses; but as this school's finances are in poor condition, I have to authorize you to purchase 40 new ones, after ascertaining what sizes are required. Please make purchase from a suitable source.

Your obedient servant,

A. F. MacKenzie

Sir:

Re: St. Eugene School,
Kootenay District,
Water Supply.

As instructed by you, investigations have been carried on in connection with the above for the past fifteen months.

The purpose of the investigation has been to secure a suitable supply of water for domestic use and incidentally for fire protection purposes.

For the purposes of this report the former requirement is given major consideration, as a solution of the latter is readily at hand, should the co-ordination of the two be found impracticable or undesirable.

PRESENT SYSTEM

At present water for domestic use is obtained from St. Mary's river which passes within a few hundred yards of the school site. A pneumatic system is in use with a storage capacity of approximately 2,500 gallons. No provision is made for fire protection in the design of the plant, the capacity of which is probably about 75 gallons per minute. This quantity should be sufficient for ordinary domestic use but is entirely inadequate for fire protection purposes.

QUALITY OF WATER

As mentioned previously, up to the present major consideration has been given to the question

C.E. Webb, Esq.,
District Chief Engineer,
Dominion Water Power & Reclamation Service,
VANCOUVER, B. C.

Indian Affairs (RG 10 Volume 6453, file 884-5 part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

POOR-COPY

of quality. Investigations in the watershed of the St. Mary's river disclosed the possibility of a large amount of untreated sewage finding its way into that stream at points varying from six to ten miles above the intake of the school system. With the object of establishing the degree of pollution and to determine the possible methods of treatment it was considered advisable to have a bacteriological analysis covering a period sufficient for this purpose.

Accordingly, arrangements were made with Dr. Hill, bacteriologist at the Vancouver General Hospital, for analysis of samples to be submitted weekly. Samples were taken in duplicate at the intake and the kitchen tap in the school, in bottles supplied by Dr. Hill, and forwarded by mail to Vancouver requiring three days from the time of collection until they were placed under observation.

The significant feature of Dr. Hill's report, hereto appended, is the apparent absence of fecal bacteria during the periods February 13, 1929 to June 6, 1929, and November 30 to March 13, 1930, and their presence during the intervening period.

The absence of harmful bacteria during the periods noted may be explained by the extreme weather conditions prevalent during such periods when little or no surface drainage reaches the river, while the presence of such bacteria is apparently coincident with the freshet season and at such times as surface drainage from the watershed is general.

Indian Affairs (RG 10 Volume 6453, file 884-5 part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

OR-COPY

From Dr. Hill's report it may be assumed that pollution is general throughout the period June to November, with periods of higher concentration. The positive indications seven times during the twenty-two weeks period is sufficient evidence of the prevalence of contamination. It is quite possible that if samples had been taken more often a higher percentage of positive indications would be found.

The absence of fecal bacilli at the tap coincident with their presence at the intake, as pointed out by Dr. Hill in his report, I do not think has any particular significance. Water is pumped daily and no treatment is provided, therefore one can have little reason to suppose that complete elimination occurs at all times. I am of the opinion that if samples had been taken oftener at the tap the presence of fecal bacilli would have been disclosed.

Nothing may be found in the chemical analysis supplied by the Provincial Analyst to prevent the use of the water for ordinary purposes.

TREATMENT OF ST. MARY'S RIVER WATER

Treatment of the present supply may be effected by chlorination and filtration. With a carefully applied process it is usually assumed that results as high as 99% efficiency may be attained.

Mechanical pressure filters in three units should be employed to give an adequate supply for backwashing and a chlorinator of an automatic type would be the more reliable in operation as

well as providing a greater degree of accuracy in treatment.

The results obtained with such a system would be proportionate to the care with which the treatment is applied.

Chlorination apparently would only be necessary during the months June to November, and should afford practically complete sterilization.

POSSIBLE SOURCES OF SUPPLY

The available sources of supply may be summarized as follows:-

St. Joseph's Creek

St. Mary's River

Water from underground sources

The first mentioned of these, St. Joseph's creek, while suitable for development as a source for fire protection purposes, would not prove desirable for domestic use. Sewage from the city of Cranbrook, situated about six miles upstream from the Mission, finds its way into the stream and as this sewage constitutes possibly fifty per cent of the flow of the creek, it should not be given consideration for the latter purpose.

In respect to St. Mary's river, pollution is more likely to be augmented rather than to diminish for the reason that new developments at the Sullivan Mine will probably enlarge the capacity of the various plants situated in this watershed with a consequent increase in population. No sanitary measures have been taken up to the present in the handling of sewage from the communities in the watershed.

Indian Affairs (RG 10 Volume 6453, file 884-5 part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

R-COPY

It will be apparent that water for domestic requirements will have to depend upon a supply from underground sources or upon a chemically treated supply from either of the above mentioned streams.

In regard to securing a supply from ground sources, no particular investigations have been made in this connection. That there exists possible sources of supply of that nature is almost an assured fact as springs are noticeable in the locality. As to whether these are fit for use or may be tapped can only be determined by tests. It is possible that these springs may be the result of seepage from St. Joseph's creek.

In considering a supply from such a source, the fact must not be overlooked that it is occasionally necessary to provide treatment for underground water to make it suitable for some uses.

However, it may generally be assumed that a good well provides water of superior quality to that from streams which require treatment of a chemical nature.

With these points in mind I am of the opinion that the best interests of the school would be served by attempting to secure a suitable supply from underground sources even if some form of treatment should be required.

RECOMMENDATION

I would recommend that tests be carried out to determine the possibility of securing a

suitable supply of water from underground.

The cost of such tests should not exceed \$500.00 and should prove well worth while. As to the cost of providing for a supply from such a source this can only be determined after the water is found. It is possible that the present equipment could be adapted to such a supply. On the other hand, if the depth of the well exceeded twenty-five feet, new pumping equipment would be necessary.

Surveys are to be carried out during the coming month at St. Mary's Indian Reserve, nearby. Supervision of well tests could be made at the same time if funds could be made available immediately.

FUTURE DEVELOPMENTS

In the event of finding a satisfactory supply of water for domestic use from wells, the most economical development for fire protection purposes would be by gravity system from St. Joseph's creek, as it is very doubtful if a ground flow would be available at a sufficient rate for such a purpose. Such a system as outlined would cost, with complete fire equipment inside and outside the buildings, approximately \$9000.00.

Should attempts at securing a usable supply from below ground prove unsuccessful, development of a supply from St. Mary's river would prove more economical for both domestic use

and fire protection purposes and could be carried out for approximately \$13,500.00.

Hereto are appended copies of report on bacteriological investigations made by Dr. Hill of Vancouver General Hospital Laboratories, and of chemical analysis made by Mr. Whittaker, Provincial Analyst.

Director, V. G. H. Laboratories,
Vancouver, B. C.

To - Mr. C. E. Webb,
District Chief Engineer,
Dominion Water Power and Reclamation Service.

Date - December 6, 1929.

In reply to yours of December 2, 1929,
your fyle no 25720-2, re Domestic Water Supply, St.
Eugene Industrial School, Cranbrook, B. C.

Dear Mr. Webb:

As requested by you I enclose herewith a recapitulation of our tests of 144 water samples submitted approximately weekly by you, Feb. 13, 1929--November 30, 1929. These tests were in each case examinations for Fecal Bacteria in 1/10cc., 1cc., and 10cc., of the water submitted; which water consisted of duplicate samples labelled Intake and Tap.

An inspection of these results indicates no Fecal bacteria found from the beginning of the run, Feb. 13, 1929, to June 6th, 1929--56 samples in all, or 16 weekly sample lots in all. (Sometimes 2 instead of 4 samples were received.)

Following June 6, 1929, 88 samples were submitted covering 22 weeks (one not finished at this date); of these the following showed Fecal Bacteria present.

	Lowest Amount of Water showing positive
June 12 Tap (Dup. Samples) *	10 cc.
June 19 Intake (one dup.+, one -)+	1/10cc+in 1 Dup. = + in 1/5 cc.
Aug. 14 Intake (one dup.+, one +)+	1 cc.
Sept. 6 Intake (one dup.+, one +)+	1 cc.
Sept. 13 Intake (one dup.+, one +)+	10cc.
Oct. 26 Intake (one dup.+, one -)+	1/10cc.+ in 1 dup. = + in 1/5cc.
Nov. 8 Intake (one dup.+, one +)+	1/10cc.
Nov. 18 Intake (one dup.+, one -)+	1/10cc + in 1 dup = + in 1/5cc.

The proportional numbers of fecal bacilli present are indicated roughly by the amount of water required to give a positive test--thus the tap showed fecal bacilli once only and then in 10cc. The Intake however showed fecal bacilli seven times in all; six times in the last four months as against once in the previous five months; on one occasion they were found in 10cc; on 2 occasions they were found in 1cc., on 3 occasions in 1/5cc.; the last three now complete showing twice in 1/5cc, once in 1/10cc.

Indian Affairs (RG 10 Volume 6453, file 884-5 part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

OR-COPY

C. E. Webb-continued.

-2-

It is fair then to assume that fecal bacilli have been increasing in frequency and concentration since June.

The freedom of the tap sample from fecal bacilli (except once, and then only in 10cc) suggests that the water becomes rid of the fecal bacilli in its passage from intake to tap. Knowing nothing of the lay-out of the supply we cannot offer any specific explanation for this change. Lapse of time, opportunity for sedimentation, filtration, chlorination, etc. would of course act to diminish them between these two points.

As to further samples being necessary, I suggest that you decide thus--if our results so far are consistent with increasing contamination of the supply as evident from inspection I should think no more samples were required. But if our results are not consistent with the inspection results and further analytical evidence would help to elucidate the discrepancy, it would be well to run tests to next February, thus furnishing figures for one complete year.

Very sincerely yours,

(H. W. Hill, M.D.)
Director, V. G. H. Laboratory

Director, V. G. H. Laboratories,
Vancouver, B. C.

Date - April 17, 1930.

To - C. E. Webb, District Chief Engineer,
Dominion Water Power and Reclamation Service,
739 Hastings St. Vancouver, B. C.

In reply to your of April 15, 1930, your file
No. 25720-5 Re Water Supply for St. Eugene
Kootenay Indian Residential School.

Dear Mr. Webb:

Our files show the following examinations
re above supply, including and since November 13,
1929.

Water received from E. H. Small, Cranbrook,
B.C.

<u>Date</u>	<u>Sample</u>	<u>Result</u>
Nov. 30/29	Intake	Fecal Bacteria absent
	Intake	" " "
	Tap	" " "
	Tap	" " "
Dec. 13/29	Intake	" " "
	Intake	" " "
	Tap	" " "
	Tap	" " "
Mar. 13/30	Intake	" " "
	Intake	" " "
	Tap	" " "
	Tap	" " "

The interpretation is obvious--during this
period no sewage contamination showed itself.

I should think that further tests were
hardly necessary as you now have a years run.

If you wish I shall be glad to see you
here for further discussion.

Very sincerely yours,

(H. W. Hill, M.D.)
Director, V. G. H. Laboratories.

Acct
Sir,

Your file number: 155-0-5.

In further reference to your letter of April 7th last regarding the domestic water supply for the St. Eugene Indian residential school at Cranbrook, B.C., I enclose herewith a report received from Mr. Webb dealing with this subject.

From this report you will note that neither St. Joseph's creek nor St. Mary's river, the present source of supply, are considered satisfactory without treatment, and it is suggested that an attempt be made to secure water from underground sources. Test wells will have to be driven in order to ascertain the possibilities of an underground supply and it is recommended that authority be given to proceed with these tests, at an estimated cost not exceeding \$500.

Inds can be found 11 for this R.T.
Mr. Warren, who prepared the report, is at the present time working in the Cranbrook area making a survey of the land capable of being irrigated from the St. Mary's river on the neighbouring reserve, and he would readily be able to supervise the test wells at the same time. Future developments will depend on the result of these tests.

A copy of this report has been sent to Mr. Ditchburn and I shall be glad to have your instructions in regard to it.

Your obedient servant,

J. T. Johnston,
Director.

Sir:-

Re: St. Eugene School,
Storage Battery,
Electric Light Plant.

As requested by you I made an inspection of the above mentioned plant and wish to report as follows.

The present battery, a Delco, was installed about three years ago and although it has had to carry a considerable overload, it has stood up well which is probably due to the good care it has received. While it apparently has not yet served its useful term of life, it is undoubtedly inadequate for the service for which it was intended. This battery has a capacity of about 160 ampere hours and should not be expected to provide current at a greater rate than about 10 to 15 amps per hour for continuous service or sufficient for about 50 lights whereas the maximum demand is about double that rate, as a result of which the battery becomes fully discharged early in the evenings, especially during winter time.

This necessitates the operation of the engine driven generator to carry the load for a large part of the evening. As this machine has an output of 80 amps at full load the efficiency is not very high when operating at less than half load or about 4 amps, the normal lighting load.

District Chief Engineer,

ARCHIVES PUBLIQUES
CANADA

POOR-COPY

It will be apparent that a smaller engine plant would be more suitable except for the fact that the laundry machinery is operated by electric motors and requires about 5 K.W. which the large plant will handle nicely and charge the battery at the same time.

The installation of a larger battery would provide a greater operating economy. I would suggest a battery of approximately 300 amp. hours capacity which would take a higher charging rate and would not require the operation of the engine plant every evening as at present.

The installation of a new larger battery would not require the scrapping of the present battery as they may be run in parallel until such time as the old one is completely worn out.

Mr. Ditchburn has suggested a made in Canada battery. I am under the impression that there is not any completely made in this country.

The battery installed at Sechelt cost about \$1360.00. It is an Exide, supplied by the Crawford Battery Company of Vancouver and has given good satisfaction for the past three years. Any other make of equal rating at a price equivalent to that suggested, should give equally good service.

I would suggest that if it is the intention of the Department of Indian Affairs to have a new battery installed, that it should

be undertaken before the 1st of October as at that time the demand on the plant becomes heavy and the replacement would be most useful to the school.

In addition to the outlay for the battery which has been estimated to cost \$1360.00 f.o.b. Cranbrook, some additional expenditure amounting to about \$130.00 would be necessary for fixed resistance switching and wiring to charge the two batteries in parallel so that the cost of the new battery installed would amount to about \$1500.00.

Your obedient servant,

W. C. Warren
Asst. Hydraulic Engineer.

Re: St. Eugene School Electric
Lighting Plant.

On the 13th June last Mr. Ditchburn requested Mr. Webb to investigate the electric lighting plant at the St. Eugene Indian School at Cranbrook, B.C., and I have today received from Mr. Webb a report on the storage battery for the electric lighting plant at that school.

You will note that it is suggested that a larger battery be installed at an estimated cost of \$1,500.

This report has also been sent to Mr. Ditchburn.

Your obedient servant,

J. T. Johnston,
Director.

Sir:

In further reference to your letter of the 12th instant regarding the domestic water supply system for the St. Eugene Indian School at Cranbrook, I am advised by Mr. Webb that a spring has been located which appears to be a suitable source of supply for this school. Tests are to be made as to the quality and purity of the spring and if it should provide a suitable supply it may not be necessary to expend the \$500. authorized in your letter of the 12th instant for the sinking of test wells.

A further report is expected in the course of a few days.

Your obedient servant,

J. T. Johnston,
Director.

PATMORE BROS.

Tinners, plumbers and steam fitters
All Kinds of sheet metal work.

Cranbrook, B.C.,
July 21, 1930.

F.S. Ryckman, Esq.,
Department of Indian Affairs,
Cranbrook, B.C.

Dear Sir:

After having made a careful examination of the heating system in the basement of the Kootenay Indian Residential School, I beg to submit the following for consideration.

Primarily, the mains in the rooms inadequately heated should have the asbestos covering removed. This would make an approximate difference of one foot of radiation for each foot and one half of pipe uncovered, which would make an appreciable difference in the heating of the rooms, as will be readily seen. Care should also be taken, in the event of the radiators remaining in their present positions, to have them properly vented at least once each week, through vents supplied for that purpose and now in place.

As hot water is the system used in heating the School, the radiators will not function if placed below the mains, which are at present some three feet from the ceilings of the rooms. And as it is desirable to have the heat circulating as closely to the floor as possible, I would suggest that this could be accomplished by having one or more electric fans playing on the ceiling in each room. I would also suggest that this be tried out in one room only, and if it is then found that it functions satisfactorily, the remainder of the rooms could be similarly equipped. I would suggest, also, that ~~the~~ storm windows should be supplied for all basement windows.

In the heating of these rooms, two other courses are open. First, the radiators now in use to be removed from the ceilings and placed near the floors. Second, these radiators remain where they now are and additional radiators placed near the floors. In either case it would necessitate new mains being installed, but these would be smaller than those now in use and would be run under the floors.

As either of the above would be rather costly, I would strongly advise that the use of electric fans, as recommended, be given serious consideration. The cost of this will be very little, and if it does not prove entirely satisfactory I shall be pleased to submit estimates of the two other systems as set forth above.

Yours truly,
Patmore Bros.
Per H.S. MacLaughlin.

COMMISSIONER'S OFFICE,
P. O. BOX 666

VICTORIA, B.C. July 25, 1930.

Sir:

With further reference to Departmental letter dated July 8, instant, No. 155-0-5, I have the honour to make reference to the proposal suggested with respect to the readjustment of the heating system at the Kootenay Indian Residential School. The Department's instructions to have a steam-fitter report on the position of the radiators have been duly carried out, and I am in receipt of a report made by Messrs. Patmore Bros of Cranbrook, B.C., copy of which is sent herewith and will be self-explanatory. This report will explain some of the difficulties to be met with in the changing of the present system.

Mr. MacLaughlin of the Patmore Bros. Company states that had the heating been steam instead of hot water it would have been fairly easy to move the radiators for the steam could be forced downward, but that this cannot be done with hot water. Mr. MacLaughlin states also that provided the asbestos covering is removed from the mains there is ample radiation in the rooms as they now are, but that the heat remains near the ceilings and the floors will always be cold unless some method is used to force the heat down. It is for this reason that the use of electric fans has been recommended, and it has been submitted that if this proves to be satisfactory it will be an easy and inexpensive solution of the difficulty. As the number and cost of these fans have not been stated in the correspondence, I have written to ascertain further information and this will be forwarded to the Department in due course.

Sir:

The Department has received a copy of the report of Mr. Webb, of the Dominion Water Power Bureau, which has reference to the lighting plant at the Kootenay Indian Residential School. I understand he made the examination at your request. If you have not already written the Department in the matter, please let me have a recommendation. I understand that you have a copy of the report. The Appropriation for Indian Education is completely assigned and the improvements that can stand until next year will have to wait; but, if a new and larger battery is really required this year, it may be possible to find funds for the purpose.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir:-

Re: St. Eugene School,
Storage Battery,
Electric Light Plant.

As requested by you I made an inspection of the above mentioned plant and wish to report as follows.

The present battery, a Delco, was installed about three years ago and although it has had to carry a considerable overload, it has stood up well which is probably due to the good care it has received. While it apparently has not yet served its useful term of life, it is undoubtedly inadequate for the service for which it was intended. This battery has a capacity of about 160 ampere hours and should not be expected to provide current at a greater rate than about 10 to 15 amps per hour for continuous service or sufficient for about 50 lights whereas the maximum demand is about double that rate, as a result of which the battery becomes fully discharged early in the evenings, especially during winter time.

This necessitates the operation of the engine driven generator to carry the load for a large part of the evening. As this machine has an output of 80 amps at full load the efficiency is not very high when operating at less than half load or about 4 amps, the normal lighting load.

District Chief Engineer,
Dominion Water Power & Hydrometric Bureau,

POOR-COPY

It will be apparent that a smaller engine plant would be more suitable except for the fact that the laundry machinery is operated by electric motors and requires about 5 K.W. which the large plant will handle nicely and charge the battery at the same time.

The installation of a larger battery would provide a greater operating economy. I would suggest a battery of approximately 300 amp. hours capacity which would take a higher charging rate and would not require the operation of the engine plant every evening as at present.

The installation of a new larger battery would not require the scrapping of the present battery as they may be run in parallel until such time as the old one is completely worn out.

Mr. Ditchburn has suggested a made in Canada battery. I am under the impression that there is not any completely made in this country.

The battery installed at Sechart cost about \$1360.00. It is an Exide, supplied by the Crawford Battery Company of Vancouver and has given good satisfaction for the past three years. Any other make of equal rating at a price equivalent to that suggested, should give equally good service.

I would suggest that if it is the intention of the Department of Indian Affairs to have a new battery installed, that it should

- 3 -

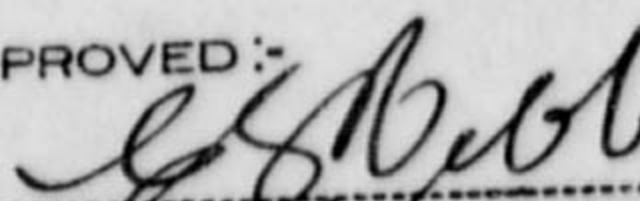

be undertaken before the 1st of October as at that time the demand on the plant becomes heavy and the replacement would be most useful to the school.

In addition to the outlay for the battery which has been estimated to cost \$1360.00 f.o.b. Cranbrook, some additional expenditure amounting to about \$130.00 would be necessary for fixed resistance switching and wiring to charge the two batteries in parallel so that the cost of the new battery installed would amount to about \$1500.00.

Dear Sir:- Re-Lighting Plant St. Eugene Mission,
Cranbrook, B. C.

Attention Mr. Orr.

In connection with the repairs to the lighting plant at the Cranbrook Indian Residential School, it has been found that the batteries are in very bad condition and Mr. Engineer Warren, of the Dominion Water Power Branch, who is at present in the Kootenay Agency has made a report as to what is necessary, recommending that one battery of approximately 300 ampere hour capacity should be purchased and installed. This battery is known as the Exide and supplied by the Crawford Battery Company, Vancouver, B. C., the cost of which is \$1,360.00, which with freight charges will amount to about \$1,500.00.

I am hereto attaching copy of Engineer Warren's report on this matter and beg to recommend that authority be given for the purchase of this battery set.

WED/KD.

Enclosure:-

The Secretary,
Department of Indian Affairs,
Ottawa.

VICTORIA, B.C. August 8, 1930.

Sir:

I have the honor to acknowledge receipt of your letter No. 155-0-5, dated August 1st instant, in regard to the proposed battery set for the electric plant at Kootenay Indian Residential School, Cranbrook, B.C.

In reply thereto I beg to say that certain parts were purchased for the generator during the present year. No definite arrangements were made regarding the purchase of a 23 plate battery set, as suggested by the Principal for service in the operation of a freezing plant as well as the general lighting plant, until a report could be had from an engineer of the Dominion Water Power & Hydrometric Bureau, whose advice was thought advisable before acceding to a request made by Reverend Principal Patterson that he be allowed to purchase a battery set in New York which would have cost approximately \$1800.00 laid down at Cranbrook.

The set now proposed by Mr. Engineer Warren to be purchased in Vancouver, B.C. would cost about \$1500.00 installed at the School, and I would recommend that authority be given for the purchase of the set recommended in Mr. Warren's report, copy of which was forwarded to the Department on July 29th ultimo from this office, addressed to the Secretary and annotated for the attention of Mr. Orr.

It is thought that if funds can be made available now for the purpose this should be done so that the plant might be put into efficient condition before the shorter days come for service during the winter.

Your obedient servant,

H. E. Ditchburn

W. E. Ditchburn.

MODERN ELECTRIC SHOP

Cranbrook, B.C., August 1st 1930.

Departments Of Indian Affairs,

F. S. Ryckman.

Dear Sir.

We take pleasure in quoting you the following prices on fans suitable for use on the electrical system employed at the Mission school.

Two only twelve inch oscillating type 110 Volt direct current fans F.O.B. Cranbrook will cost Thirty One Dollars Each.

Twelve of the same type will cost Twenty Eight Dollars Each.

These fans are made by the Fitzgerald Manufacturing Company and bear the Trade mark Starite. They are fully guaranteed for a period of one year.

Respectfully Submitted.

MODERN ELECTRIC... "John A. Ward..."

Cranbrook, B.C.,
August 1st, 1930.

Sir,

I beg to acknowledge receipt of your letter No. 15/5/18421, dated July 25th, 1930, with regard to the installation of electric fans in the basement rooms of the Kootenay Indian Residential School.

In reply I beg to state that I again took up this matter with Mr. MacLaughlin of Patmore Brothers and he advised the use of Starite fans of the twelve inch oscillating type, these to be placed on small platforms bear the radiators. Mr. MacLaughlin also states that these are the proper fans to use on direct current, the system now in use at the Kootenay Indian Residential School.

Twelve fans in all (one for each radiator) will be needed for the basement rooms, but as Mr. MacLaughlin has advised trying them out in one room only, I have obtained quotations from the Modern Electric of \$31.00 on single fans and \$28.00 if the twelve are purchased. The Modern Electric have agreed to supply the two fans necessary for the trial, and if these prove successful and the remaining ten are purchased from them, all twelve will be supplied for \$28.00 each. I beg to enclose the quotation herewith.

I trust the above will meet with your approval.

I have the honour to be,
Sir,
Your obedient servant,

"F.S. Ryckman,"

15/5/18504.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P. O. BOX 666

VICTORIA, B.C. August 4, 1930.

Sir:

Encl. 15/5/18504

I have the honour to refer to my letter to the Department dated July 25th, ultimo, No. 15/5/18415, in regard to the proposed improvement of heating conditions at the Kootenay Indian Residential School. In this connection I beg to transmit herewith copy of a letter received from Constable F. S. Ryckman, who is in charge of the Agency, dated August 1st, together with quotation received from the Modern Electric Shop, Cranbrook, on fans proposed to be installed as previously reported on.

It will be noted that it is proposed to try these fans out first in one room only, using two fans, the cost of which will be \$31.00 each and if these are found successful it is proposed to instal ten more, making twelve in all, in which event the sum of \$28.00 each would be charged for the twelve fans.

This letter was not dealt with + Principal took it on himself

In view of the report of Mr. Ryckman and of the recommendations of Messrs. Patmore Bros., I would recommend that the Reverend Principal be advised to have the asbestos removed from the leading pipes as suggested in the report of Messrs. Patmore Brothers, steam fitters, dated July 21st, ultimo, which was sent to the Department with my previous letter. It is thought that the removal of the asbestos covering will provide sufficient additional radiation to make a considerable improvement in the temperature of the building. At least, this course could be tried as an experiment and if it is found not to meet the requirements then two fans might be purchased later if circumstances warrant. I would not recommend the purchase of fans, however, unless it is shown that the stripping of the pipes would not be effective.

Your obedient servant,

W. E. Ditchburn

Gentlemen: Att'n Mr. W.E. Ditchburn,
File 15/5/18871

We wish to acknowledge receipt of your letter dated September 16th with regard to a payment made by the Principal of the Indian Residential School at Cranbrook, B.C. in the amount of \$335.30. We received a check on July 10th in the above amount signed by Reverend J.M. Patterson. This check was put in for collection the same day and we received the proceeds of it July 24th, 1930.

We trust that this will be sufficient for your records.

Very truly Yours,

THE OTTO ENGINE WORKS

By
R.J. Shouvlin,
Assistant Secretary and

Dear Sir:

I have the honour to refer to your letter of the 11th instant with which your returned Voucher No. 94-A in favour of the Reverend J. M. Patterson, Kootenay Indian Residential School, for \$454.18, covering repair parts, freight and duty, for the engine of the electric lighting system. This voucher was returned to me as no receipt was enclosed from the Otto Engine Works.

On getting in touch with the Otto Engine Works in Philadelphia they have supplied the attached letter which goes to show that the amount of \$335.30 for these repair parts was paid by the Reverend J. M. Patterson and therefore a cheque should be sent to him as per voucher 94-A.

Your obedient servant,

W. E. Ditchburn

(C O P Y)

Kootenay Indian Residential School.
Cranbrook, B.C. September 29th, 1930.

Mr. W. E. Ditchburn,
Victoria, B.C.

Dear Sir:

In reply to your recent letter regarding lighting repairs, and installation of batteries, I find that we are getting better service from our lighting plant since it was overhauled and a new engineer placed in charge. While the engine was being overhauled, however, it was noticed that the crankshaft of the engine was in bad shape, so that it was dangerous to continue running the engine for any length of time without a new one. I mentioned the matter to Mr. Warren, and he told me to order a new one as soon as possible. Accordingly I wired the Otto Engine Works and had a new crankshaft sent by express. I shall send the receipted vouchers to your office for payment as soon as I have them.

It is costing me about \$150.00 more or less to have the engine parts installed by a competent engineer. I would like to know whether, in view of the many extra expenses we have had to meet this summer, it would be possible for the Department to pay this account? We need this assistance especially at the present time.

I am glad that Mr. Warren has taken up the water supply question again. I hope that his findings regarding the springs have been favorable as a fresh supply is very much needed for the school. We find the children much improved in health this year, and we are doing everything we possibly can to keep them so.

Thanking you in advance for a favorable reply, I remain,

Yours faithfully,

"J. M. Patterson, O.M.I."

Principal.

I have the honour to transmit herewith copy of a letter dated September 29th, ultimo, received by me from Reverend J. M. Patterson, O.M.I., Principal of Kootenay Indian Residential School, Cranbrook, B.C., in regard to repairs which he states he has found necessary to have done to the electric lighting plant of the school. The letter will be self-explanatory. In view of its contents it is deemed advisable under the circumstances to recommend that the Department's favorable consideration be given thereto as to reimbursement of the sum of \$150.00 upon submission of a properly rendered account. If the Department is favorably disposed in this matter and will so advise me, I shall be pleased to submit the account, when received in good order, attached to an official voucher certified for payment.

EXTRACT FROM DR. STONE'S REPORT

on

KOOTENAY RESIDENTIAL SCHOOL.

The Principal has made some unauthorized urgent expenditures, especially to provide for ventilation of the dormitories. He will present the account and I think should be reimbursed, at least for the ventilation work, which was quite necessary and well done.

That the water supply should be put in shape at the earliest possible moment. There are scarcely any big pupils and the drinking water will have to be carried or drawn about 500 yards. This is not suitable winter work for the pupils, who will have to do some of it, at least.

POOR-COPY

155-0-5'

EXTRACTS FROM DR. STONE'S REPORT

ON
KOOTENAY RESIDENTIAL SCHOOL.

PROPERTY:

action on 9/1
The property is badly run down. The outside
woodwork needs painting, the laundry is in a bad condition
and some minor repairs to plumbing are needed. The sewage
system has been overhauled and is now much improved.
Fences and grounds are untidy and the ground about the barn
very unclean. I am satisfied that these defects will be
remedied in time under present management, but I have some
doubt that the appearance of the barns and fences will ever
correspond with the efficiency of the farm and dairy. The
standard of the outside people is that of the western
farmer and results will be valued rather than appearance.

WATER SUPPLY:

The facts are, I believe, on record. Both the
streams available are grossly polluted. Washing water
comes from the St. Mary's River, but drinking water has to
be carried from a spring which is not well protected from
contamination. It will be almost a calamity if this
cannot be remedied this fall. There is a spring 1/2 mile
west of the school which, I am told, will give an ample
supply for all purposes, and which can be connected with
the present intake by about 1/4 mile of pipe line. This
is the most urgent matter in connection with the property,
that I observed.

Gentlemen:

We understand that some alterations and additions are being made in connection with the barn at the Indian School Farm near Cranbrook, B. C. We believe that general tenders have been called for and we have been in touch with at least one contractor who has put in his tender, namely, a Mr. Jones at Cranbrook.

It has not been our privilege to have a copy of the specifications in connection with the steel equipment such as stalls and stanchions as may be required for this particular job and if detailed specifications have been prepared we would very much appreciate receiving a copy.

You, no doubt are familiar with our goods as they have been purchased from time to time for the various barns built in connection with Indian Residential Schools. As you know, our goods are manufactured in Fergus, Ontario and we maintain a branch here where we carry a full supply ready for immediate shipment.

Anything you can do to either specify our goods or recommend their use for this particular job in case the work is given to a general contractor would be very much appreciated indeed.

Yours truly,

BEATTY BROS. LIMITED,

Sir,

I beg to report that a Christmas Tree entertainment is being arranged and will be held at the Kootenay Indian Residential School during the Christmas week.

P.C. Grant
During the past year the children have made such exceptional progress with their studies, and their conduct in and out of the school has improved so greatly that I beg to suggest that if the Department would consider donating a small sum, say from \$30. to \$50., for the purchase of prizes or gifts for the children, I am certain that it not only would be greatly appreciated by the pupils, but would tend to stimulate interest in the school work. This I beg to submit for the consideration of the Department.

Extended
I also beg to suggest that as Mary Justin Edward of Columbia Lake Reserve will have completed her term at the School on January 1st next, and as this girl's conduct while in school has been particularly good, and her work, especially dress making, etc., has been outstanding, that if the Department would consider supplying her with a sewing machine, it would be greatly appreciated. I beg to state that Mr. P.W. Willis, local Agent for the Singer Sewing Machine Company, has offered to place a singer machine, style 127-3-6, that regularly sells at \$105.00, for the sum of \$50.

The above is respectfully submitted.

Sir,-

I have your letter of the 3rd instant relative to the providing of a grant to purchase prizes or gifts for the pupils of the Kootenay Indian Residential School, to be given them at Christmas. In this connection I have to say that it is not the policy of the Department to provide grants for this purpose at Residential Schools. It is expected that the school authorities will provide the cost of any supplies for a treat to the pupils at Christmas from their per capita earnings or other receipts. Our funds for the present fiscal year are entirely assigned and it is therefore regretted we will be unable to consider the providing of a grant to purchase gifts for the pupils of the Kootenay School.

You will be written in a separate communication regarding a request to supply a sewing machine for the use of Mary Justin Edward who will be discharged from the school on January 1st next.

MEMORANDUM:

Mr. Scott.

With reference to the attached memorandum referring to the domestic water supply system for the St. Eugene Mission at Cranbrook, I beg to say that on July 24th the Dominion Water Power Branch, who had been asked to investigate and report on a satisfactory water supply system, stated that a spring had been located which appeared to be a suitable source of supply for the school. Tests were being made as to the quality and purity of the spring and a further report would be submitted.

On November 7th a letter was written to the Director of the Dominion Water Power Branch, advising that the Department had not yet received a further report and asking that same be forwarded as early as possible. To date no further advice has been received from the Dominion Water Power Branch, and therefore no work has been authorized.

DR. SCOTT -

With reference to the installation of the water supply system for the St. Eugene Mission at Cranbrook, B.C.,-

Please be advised that the firm of Sainsbury and Ryhan, Contractors, of Cranbrook, are to be given an opportunity to tender. This work, I am informed by the Water Power Branch, will cost approximately \$13,000. Should it be necessary to publicly advertise this work, will you be good enough to see that Sainsbury and Ryhan are furnished with a copy of the plans and specifications. Please advise the Minister's office, when possible, as to the course that is to be followed in this matter.

Private Secretary.

Indian Agent,
Cranbrook, B.C.

Dear Sir;

I am submitting to you for the consideration of the Department, the enclosed voucher for installation of ventilators in our school dormitories.

On examining the dormitories last summer we found that ventilators were an absolute necessity and as these contractors were working on repairs to the fire escapes at the time I asked them to install the ventilators for us. Since their installation these ventilators have amply justified their use, as we have fresh air all the time in dormitories which previously were filled with very bad odors and very harmful to the children when in use.

They were installed at the lowest cost obtainable, and as they are a new installation and not a repair, and especially as we need all our grant for the maintenance of the school, I wish you to ask the Department if they will pay this account for me.

Thanking you in advance, I remain,

Yours faithfully,

J. M. Patterson, O.M.S.

Principal.

Dear Sir;

I am forwarding to you the vouchers covering all the expenses connected with the installation of a new crankshaft in our Electric lighting plant, as well as the voucher for the total work done on the engine as authorized by letter file No. 15/5/19284 from Mr Ditchburn.

You will remember that on taking the engine apart for the installation of cylinder parts we found that it was necessary to install a new crankshaft also, and on the advice of Mr Warren it was ordered by express.

I am glad to state that before leaving for the Coast Mr Warren visited the school and saw that these repairs were properly installed.

I shall be glad if you will forward these vouchers to the Department for settlement at your earliest convenience;

Yours faithfully,

J. M. Patterson, O.M.I.
Principal.

Dear Sir;

I am enclosing a voucher covering installation of a heater in our laundry drier and also costs of repairs to laundry stove and bake oven. This installation was made last July on the personal authorization of the late Mr Small to Mr Parks. Since that time I understand that the Department did not authorize this item for Mr Small.

However, I think that as Mr Small was representing the Department at the time he made the authorization, the Department should pay this account for the school.

Trusting that you will give this matter early attention, I remain,

Yours faithfully,
